"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

## Casino Night 2024

Karen Parr and the Social Committee

IT WAS A TOTALLY AWESOME EVENING for the 2024 Casino Night in the Clubhouse. The event was totally sold out prior to the event. **!! !!** Dave Peterson, the PIZZA MAN, served any kind of pizza you requested, for an ALL YOU-CAN-EAT meal. JUST DELICIOUS!!

The Casino games included Roulette Wheel, Black Jack, Plinko Board, Poker Darts, and CARL THE CAMEL who provided the camel races. The camel races were such a huge success in last year's Casino night, that Sue Pranger, Event Coordinator, arranged for Carl to show up this year!!

*...continued on page 10*

A huge thank you goes out to Sue Pranger, for making all the arrangements, purchasing supplies, organizing all the volunteers, and workers who donated their time for the events. Special credit goes out to Rex Pranger for his artistic abilities and setup diagrams!!

Certainly an event to get on your calendars for the 2025 schedule of events that Boga Ciega offers.

HATS OFF TO EVERYONE for all the FUN!!!!

## Dance Event 2024

*Karen Parr*

The 2024, dance event was SO MUCH FUN, on Saturday, February 17, 2024. We had 80 people signed up for this very popular Social Cub Event, with about 65 attending. A big thank-you goes out to Patty and Dave Williams and their committee for arranging for the entertainment, bought table snacks, and made arrangements for this great event. The band was called Happy Days with Gabriele Giuffre and his partner at the microphones. The dance floor was full for each song, with a lot of hooting and hollering with a variety of fun dancing!! An evening to be remembered.

## Pancake Breakfast

*Karen Parr*

A wonderful pancake breakfast was served to 101 guests on Saturday, February 24, 2024. The men of Boca Ciega do the shopping, organizing, and preparing food for this very popular monthly meal.

Delicious pancakes, scrambled eggs, breakfast sausages, orange juice, and coffee is served. All this for just \$5.00.

Please mark your calendars for the next Pancake Breakfast in the Clubhouse, on Saturday, March 30, 2024.

# First Friday at Seminole

Many of our Boca Ciega residents have been enjoying the sights and sounds on the first Friday of each month at the Seminole City Center!! All that is required is your comfy lawn chair and then you just sit back and enjoy. Each month a different theme and different bands/groups provide music for your enjoyment. One of the added perks, is a draw each night for some great prizes with the benefits going towards the many charities sponsored by the Rotary club. A few of our very own Boca Ciega residents have won some great prizes. Janice Bender-Troyer won a Callaway Golf bag in January and Meg and Don Fletcher have won 3 times, including a Trek bike at the March concert!

Be sure to try and catch one of these evenings...you're sure to become a "regular"!!

# A Fond Farewell

*Julie and Bill Kent*

Just a short note to say goodbye to all our friends and the community at Boca Ciega. It was a difficult decision to make but after 13 years here it was time to move on.

We will miss all the friend's we have made over the years, my guitar buddies, the ladies shopping group, Wed golf day and the men's Friday bike rides.

Thanks again for your friendships and all the good times. 😊

# Petrucelli Family Trip 2023

*Ilva and Pat Petrucelli*

---

**O**n December 2, 2022, Pat and I celebrated our 50th wedding anniversary.

Our family was eager to host a party, but both Pat and I agreed that we didn't want a party!

What we really wanted was to take our entire family of 14 people (3 children, 3 son in laws, 6 grandchildren) to visit our birth country, Italy. We wanted them to see and experience Italy with all of its traditions, customs and foods that Pat and I had grown up with as young children in Italy, and then tried to continue in Canada.

It took a lot of planning, a lot of moaning and groaning, but we finally had the trip all arranged!

Mind you, there were times when I said to myself, "Ilva, what were you thinking!"

On July 8, 2023, we left Toronto and flew to Venice, Italy. The plane was 2 1/2 hours late leaving but we were all so excited about the trip that we didn't really notice!

Having access to the VIP Lounge helped!

On arrival, the first view of Venice was such a moving experience as we watched our grandchildren's reaction to this beautiful city built on water! They were awed by the beauty as they approached Venice on a water taxi with the sun twinkling and sparkling all around them and St. Marc's Basilica and the Campanile (bell tower) in the distance. Venice is a city built on more than 100 small islands, connected by more than 400 bridges in a lagoon in the Adriatic Sea. Transportation is via boats in a confusing network of canals. It is unlike anything you will ever experience anywhere else! Venice has no roads, just canals lined with Renaissance and Gothic palaces. The central square, Piazza San Marco contains St. Mark's Basilica, and the Campanile bell tower and a million pigeons!

The next day, we took a tour and again they were amazed by the architecture and all the history surrounding them. They were very silent as we toured the Doge's Palace and walked over the Bridge of Sighs and then went into the prisons below. The melancholic name comes from when the men, condemned to death would cross the bridge and see the lagoon for the last time! The gondola ride was another first for them and they oohed and aahed as they checked out the view on either side of the canals. The glass blowing demonstration certainly was something they had never seen before, and, now, they all have a new appreciation for the beauty and expense of Murano Glass.

The daily gelato certainly heightened the experience throughout the entire trip! My eldest granddaughter, Emily, became the gelato scout! She was the one that would go out in search of the gelateria where you got the best and biggest gelato for the least cost!

My son, Michael, became the restaurant scout! He definitely discovered the restaurants with the best food, the best price and the best view! My family is familiar with Italian food but the different foods they tasted on this trip definitely helped them develop a new appreciation for the many varied dishes they enjoyed. Many of our family pictures were taken at new and interesting places where we ate lunch or dinner.

Our time in Florence, a city surrounded by unbelievable works of art, architecture, sculpture and pure beauty was also a very memorable experience. My youngest granddaughter, Kate, giggled when she saw the statue of David... The present glory of Florence is its past. The famed Duomo abounds in works of art from the cultural giants like Leonardo da Vinci, Michelangelo, Dante, Galileo and its most renowned rulers, the Medici Family. Standing on the Ponte Vecchio, above the Arno River and watching the sunset, was a magnificent sight... it was 40°C (over 100°F). It was crowded. It was a lot of walking.

But, we all did it and we all loved it!

Simple pleasures like eating in a local farmhouse became a memorable experience.

We tasted 35-year-old balsamic vinegar in Modena that I cannot afford! But, I bought the 5-year-old!

Balsamic vinegar traditionally is produced from the juice of just harvested white grapes (trebbiano) boiled down to reach a minimum sugar concentration of 30% or more in the must. This is then fermented with a slow ageing process which further concentrates the flavours. To qualify as *tradizionale*, balsamic vinegars must be at least 12 years old and contain no other ingredients other than must. The colour on the bottle label indicates the age: red means 12 years, silver means 18 years old, and gold means 25 years old.

We walked in an old medieval town built on a mountaintop and admired the picture-perfect landscape below. The rolling hills were dotted with villas, manicured farms, vineyards and orchards.

In Siena, a medieval city in central Italy's Tuscany region, we walked where just a week before the horses, all decorated in the colours of their districts had run the Palio (horse race). This horse race is run twice a year and people come from far and wide to join in the excitement. We could still see the sand in the corners of the huge town square.

★ NO PERSONAL CHECKS - BUSINESS ONLY ★

On our way to Rome, we stopped in a small town for lunch. We found a local shop where we all bought panini with prosciutto and parmigiana cheese and we ate them while sitting on the steps of the town church and watched people go by. Then we enjoyed another ice-cold gelato...

On our first night in Rome, we celebrated Pat's 75th birthday at the home of a local Roman lady chef who runs an Airbnb Experience. She proceeded to serve us a 5-course meal in her home in Trestevere. The meal was delicious, with a lot of very traditional Roman dishes and she also served some of the best wines and the best tiramisu that I have ever eaten! It was a perfect way to celebrate Pat's milestone birthday with our family in a private, intimate setting while enjoying our dinner that I didn't have to prepare! The next day, one of the grandkids asked, "Ok, so who's a better cook Nonna or

the lady last night?" Nobody replied! I have very smart grandkids!

What can I say about what we witnessed at the Sistine Chapel and then in St. Peter's Basilica! Even if you've been there a dozen times, it still takes your breath away! St. Peter's Basilica is one of the largest buildings in the world. Actually, it has an area of 23,000 square metres. This Basilica annually receives millions of visitors from all countries of the world who come to admire the best sculptures and appreciate the works of art that took centuries to complete. The Sistine Chapel is famous for its Renaissance frescoes by Michelangelo who painted them from 1508 to 1512. The Last Judgement fresco, also in the Sistine Chapel, was also painted by Michelangelo in the period from 1534 to 1541. These works of art are beyond description! You just have to see them!

The Colosseum, when seen in person, is so much more impressive! We have all seen it in pictures and in movies but what a sight to behold when you are standing in it and reminiscing about the history that it holds within its walls! The Colosseum is an elliptical amphitheatre in the centre of Rome. It is the largest ancient amphitheatre ever built in the world despite its age. It was built in 69-80A.D and it can hold as many as 80,000 people. It was used for gladiatorial contests and public spectacles and even executions....

Although substantially ruined by earthquakes and stone robbers, the Colosseum is still a renowned symbol of Imperial Rome and listed as one of the New 7 Wonders of the World.

*continued on page 26*

With the heat and the humidity in Rome, many tourists flocked to the Trevi Fountain for some relief, but it was so crowded that you couldn't get close to the tepid water. It is the largest Baroque fountain in the city and one of the most famous fountains in the world.

The tour then took us to Pompeii. Pompeii was a thriving and sophisticated Roman city with about 10,000 residents. In the summer of 79 A.D., Mount Vesuvius erupted and spewed smoke and toxic gas into the air which soon spread to the town and almost overnight Pompeii vanished under a blanket of ashes. Now, Pompeii is a vast archaeological site and they have unearthed the ruins of many houses and streets, but a third of Pompeii is still underground. Even though the sun beat down on us in over 40°C weather, and we had no shade, we listened to every word our local guide told us about this unfortunate city buried under 20 feet of volcanic ash!

Next, we made our way to Capri. A ferry ride took us to the Isle of Capri followed by a funicular ride to the top of the island where the view is spectacular. Capri is well known for its gardens, volcanic beaches and crystal-clear blue waters, and the famous Blue Grotto.

Our final stop was in Sorrento, which is a coastal town in southwestern Italy facing the Bay of Naples. The drive along the high cliffs overlooking the azure water below was a view that I will never forget!

The Amalfi Coast is a picturesque stretch of coastline. Its pretty towns and idyllic beaches have long been a favourite holiday destination for many, including me!

Our hotel in Sorrento was a dream come true. It sat on top of a hill overlooking the Bay of Naples and with a view of Mount Vesuvius in the distance. The hotel and pool grounds were surrounded with many varieties of beautiful flowers in bloom. We toasted our

family trip, as we rested by the pool, and reminisced about the times and experiences we had just shared during the trip.

Pat and I are so happy that we were able to spend and share such wonderful experiences with our family and create some memories that we will all cherish. But, now, I can start planning the next trip!
