HOA BOARD MEETING February 7, 2017

Five Board members were present. Ed O'Neal and Don Horrigan were absent. Eleven residents were present. There were no minutes read from the last HOA Board meeting. The Treasurer, David Terry, reported a balance of \$20,758.09. He also reported that liability insurance was paid and that it covered bonding for the board members and the social committee members that were responsible for the monies in their respective accounts. Off-site liability was not included.

HOA President, Wayne Davis, said there is still a need for an FMO Representative. Liz Johnson, Social Chairperson, reminded Board members that they would be called upon to help with the Resident Dinner March 26th.

Wayne read the letter from ownership in response to the annual inquiry as to whether the park is for sale. **IT IS NOT FOR SALE AT THIS TIME!**

Concerns by residents were trash pick-up times and the fact that residents are putting trash on the curb before 6pm the evening before and the back gate being inoperative and open much of the time. Wayne said that the back gate was having the insides replaced and should be back working. He also said that residents should call 911 directly if any suspicious activity is seen with-in the park.

A defibrillator and first aid kit were requested to be installed in the clubhouse. Pets were discussed at length as well as under 55's living in the park. A request for a light over the sink in the kitchen was made

The next HOA Board Meeting will be held Tuesday – March 7, 2017.....7pm

All residents are invited to attend the HOA meetings. There is a question and answer session after the regular meeting of the board. The meeting is held in the Clubhouse Library.

SOCIAL COMMITTEE MEETING February 8, 2017

Chairperson, Liz Johnson, called the meeting to order. All committee members were present. The Treasurer reported a balance of \$3212.12. The Sunshine Chair sent out 9 get-well cards and 2 sympathy cards in January. The Welcome Chair reported that Amber Glades has three new residents. One new resident was present and was introduced to the group.

HOA Board President, Wayne Davis, announced that the back gate had been fixed. Committee Chairs for the up-coming events made announcements.

In the Share the Wealth drawing 5 - \$10 prizes and 1 - \$5 prize was drawn. Lot # 105 was called in the \$134.00 Coach Drawing and that person was not present and so prize monies will be rolled over to next month.

The next Social Committee Meeting will be held Wednesday – March 8, 2017....7pm

This meeting is open to all residents and it goes over the activities that are coming up and includes a raffle and Coach Drawing (you must be a member of Amber Glades HOA and be present to win). Held in the Clubhouse.

Pot Luck / Game Night Friday – February 24th - 5:30 p.m.

Due to several requests, on Friday, February 24th we will be having another Pot Luck Dinner/Game Night. At 5:30 pm. Bring a dish to share along with your own place setting and drinks. We will have Iced Tea.

After dinner we will be playing games. So if you have a favorite game bring it along with you. Last time we had several different card games, dominoes, horses and LRC all going on at different tables. You can join in on your game of choice or learn a new one. Some games require nickels, dimes or quarters and some require nothing but fun.

Mark your calendar and plan on spending a fun evening with your Amber Glades neighbors.

MARDI GRAS Saturday, March 4

On Sat. March 4, 2017 we will gather at the club house parking lot at 2:30 for our parade through the park. Decorate your bikes, golf carts, cars, yourself, etc. There will be a prize for the best decorated. Parade winners will be announced at this time. Parade will start at 3p.m.

Anyone not in the parade can enjoy it from their yard while catching some beads.

At 5p.m. we will gather for a pot-luck supper at the club house. Bring food to share and your own table service.

At 6:00 (till 9:00) the music will begin with big time music, "Big Daddy" D.J. This will include Karaoke. Dress with Mardi Gras in mind and come join the fun.

WE WILL PASS-THE-HAT TO COVER EXPENSES.

SOUP AND SANDWICH LUNCH Friday, March 10th NOON

Join us for a classic SOUP and SANDWICH LUNCH. We will be scooping up the soup at 12 o'clock high. The menu is:

PRIME RIB DINNER ENJOYED BY RECORD NUMBERS

We want to thank all the people who came to our Prime Rib Dinner on January 21, 2017 at 5:30 in our Rec Hall and especially to all who helped in any way to make the meal a success. It takes many people to put on a meal like this.

Thanks again, Don and Faye Rahrig, Chairmen

BRUNCH / FASHION SHOW

On Wednesday, January 25th, about thirty ladies enjoyed a great potluck brunch and fashion show. Fashions were provided by Bon Worth and modeled by our own Amber Glades beauties, Georgia, Laurie, Patty, Pam, Sharon and Janet.

Thanks to Rose Hendershot for all her help with the kitchen, the Johnson's for helping to set-up and of course all who pitched in with clean-up. Without all your help this would not have been such a fun and successful event.

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

GRANDMA'S OLD CHRISTMAS TREE

Contributed by: Lana Snyder

Our tree is very old – as you can see.
The branches are bent and it stands slightly tilted.
The legs are now broken, taped and filled the Northern Quilted.
Our tree doesn't hold shining red ornaments or even a milky white dove.
Every ornament is so special because they are made with love.
When it's time to put up the tree, I dread the thought –
That a new one will need to be bought.
So if Grandma's Old Tree must be replaced –
The memories this one holds can never be erased.
There is an ornament we hold so dear.
We know our angel wouldn't want us to shed a tear.
She would laugh so hard with us all –
And say "I hope this darn tree doesn't take another fall."

Fresh or frozen? The choice is yours

Mom may tell you over and over again to eat fruits and vegetables that are fresh, but nutrition experts say that frozen produce isn't necessarily inferior. According to *The New York Times*, most nutrients are surprisingly hardy: Iron, for example, stands up to freezing quite well, and fiber does its job whether it's frozen or fresh.

Scientists at the University of California-Davis analyzed the vitamin content in several different varieties of fresh and frozen produce, including blueberries, broccoli, carrots, spinach, and strawberries. They found no significant differences between fresh and frozen items, and even discovered that frozen broccoli contains more riboflavin—a B vitamin—than the fresh selection. Similarly, frozen blueberries have more vitamin C than fresh.

Experts recommend looking for produce frozen using the IQF process—individually quick frozen—for the highest quality.

Watch for these sources of illness while traveling

Traveling has enough hassles—check-in lines, lost luggage, bad airline food—without adding germs to the mix. Be safe by watching out for these common sources of germs and bacteria that can make you sick when you travel (from the CNN website):

- Washroom stall locks. In one test, airport stall locks were found to have an average of 70 colony-forming units (CFUs) per square inch. Use soap and water or a good hand sanitizer after touching them.
- Seatbelt buckles. Clean your hands after buckling up. Airplane belt buckles can have up to 230 CFUs per square inch.
- Lavatory flush buttons. These can get pretty nasty, containing 265 CFUs per square inch (although overhead vents and tray tables have more).
- Drinking fountains. Thirsty? Maybe buy a bottle of water instead. The buttons on airport drinking fountains have been found to hold 1,240 CFUs per square inch.

Ancient gold belt dug up in U.K.

Archeologists in the U.K. have dug up a 3,000-year-old gold belt in Cambridgeshire, and it's now on display at the British Museum in London.

The object, known as a torc, is the largest ever unearthed. Torcs were usually worn around the neck, but this one measures 49.6 inches, suggesting it was worn as a belt between 1300 and 1100 B.C., or that it was worn by a sacred animal slated for sacrifice. The torc, made of 20 karat gold, weighs 1.6 pounds.

British scientists examining the artifact have found little sign of use or wear on the links used to fasten the torc together, so its original function remains a mystery.

Astronomers discover the sky's smallest asteroid

The universe is full of objects large and small: Sharp-eyed astronomers have recently discovered a near-Earth asteroid just 6 feet in diameter.

The asteroid, named 2015 TC25, was discovered in October 2015 by scientists working with the Catalina Sky Survey. It's one of the brightest of its kind ever observed, reflecting about 60 percent of the sunlight that hits it, and it's one of the fastest spinning. Astronomers speculate 2015 TC25 was chipped off another asteroid, (44) Nysa, a large bright object in the main asteroid belt that's about 44 miles in diameter.

The small rock is about the size of many meteorites that fall to Earth, but astronomers believe there's little likelihood of 2015 TC25 dropping on our planet very soon.

New light on our oldest ancestor, Lucy

The remains of "Lucy," the name given to the oldest human ancestor yet discovered, were found 42 years ago, and ever since scientists have debated whether she spent most of her time walking on the ground or climbing through the trees. The journal PLOS One reports that new evidence suggests the three-million-year-old woman had muscular arms, indicating that she may have been a tree dweller, at least some of the time.

A CT analysis of Lucy's fossilized skeleton shows that her arms were heavily built and similar to those of chimpanzees. Scientists speculate that Lucy may have slept up in the trees to avoid predators at night, spending as much of one-third of her life above the ground. The fact that Lucy may have died from falling out of a tree adds weight to the theory.
