# President's Message

By Ginny Marcott

This summer has really been different than any other one we have ever been through before.

With Covid-19 still so scary the park seems empty. People are staying home. We are limited on what we can do in the park due to the mandated assembly numbers.

This is really going to be a challenge and a disappointment to so many groups, clubs and gatherings when the snowbirds return. At present we are limited to no more than 50 people at any time to safely be able to distance and so forth. The number for the pool is only 25. Masks are required to be worn in and out of all facilities here in the park. Masks must be worn into the pool area but it is optional if you wear it while swimming. Then again they need to be worn as you leave. Everyone needs to sign in and out of every facility and sanitize your area before you leave. This is so in case someone becomes ill, we can notify anyone they had come in contact with. Also only residents are allowed to use any of our facilities at this time. We feel bad that family and friends can't participate but residents safety is on the top of our priority list. These rules probably won't change until we have a vaccine and it proves effective.

People who went North and into cities and towns that don't have the high number of cases will be shocked when they realize how shut down we have been since they left. A lot of our residents haven't been away from their homes since April. We get our mail and groceries and go back home. We don't coffee klatch, play cards or visit. The pool is semi deserted after lap swimmers and exercise group are finished. Luckily we see people walking, driving golf carts and strolling their dogs so we can keep an eye on our neighbors.

A lot of us have cleaned out closets, cupboards, etc. The White Elephant Sale should be the biggest and best ever IF we are able to have it. That not only takes a lot of workers but a bigger amount of buyers.

Elections this year will be our real challenge. As long as we have no cases of the virus in the park, we are a mandated Poling Place. The Democratic Primary had a low turnout and the Republican Primary should be the same. But the election should be well attended even though the push is for Mail-in

Ballets. I'm old school, I waited 18 years to be able to vote and I have voted in every election for over 50 years. This Covid 19 isn't going to stop me. I'll have my mask, gloves and hand sanitizer with me and I will watch the lines until it is a shorter wait time.

The Board will be monitoring the attendance, the building will be professionally cleaned and we may shut down the clubhouse depending on the numbers of outsiders who will enter our gates.

As President of the Board, my goal is to keep this park and the residents as safe as possible. So stay safe, healthy and in good spirits. Remember we are all in this together.

## Manager's Message

By Ryan Osburn

- I know that like me, your lives have been turned upside down by the COVID-19 virus. The management team and Board of Directors have had to make difficult decisions about closing and re-opening our facilities and we appreciate the patience and understanding you have shown through this situation. Please know that we all want everything to be open and “business as usual” around here and we are working diligently to resume activities as quickly and safely as possible. We are continuing to monitor the situation and will make adjustments as necessary.
- Over the summer, we have been considering making a change to how we staff the gate house overnight. Specifically, by staffing the gate house with resident employees overnight and moving away from having a security vendor handle that shift. If you are interested in applying to work that shift at the gate, please forward me a copy of your resume for consideration.
- Please remember that golf carts are not permitted on sidewalks. Please keep them on the road.
- Due to the upcoming election season, the Board has approved a 30-day moratorium on the prohibition on signs on home-sites. Beginning on October 3rd, up to two campaign signs/flags will be permitted on each home-site. All campaign signs/flags must be removed within five days of the general election. Any signs or flags posted before October 3rd will still be considered a violation.

I hope this message finds you well and will look forward to seeing you at a future event!

## ACA News

By Ron Miller

Well here it is Sept. and we don't know how much longer this covid-19 will go on. It makes it hard to plan anything. I hope all our Canada friends will be able to come down this year. Only time will tell.

I guess we will just have to wait and see.

We have a lot of new people in the park, can't wait to meet them. If any of the new people are vets, please sign the sheet at the clubhouse under ACA board and I will see your name is on our Vets plaque.

I hope to have a Burger Burn on Sept 15 if I get the OK from the board. It's always a good time, and a great time to meet our new people in the park. We also would like to have Karaoke on the third Sat. but have been stopped by the board, we will just have to wait and see when we can start it again.

Stay safe everyone.

## **Announcements**

*By Ray Rodriguez – Editor*

### Thieves are invading our community at night.....

#### ***The good news is:***

Three of the thieves were seen on camera roaming our streets on 7/22/20 one of the guys was filmed on Meljac's camera attempting to break into their cars, fortunately their cars were locked. Police believed they knew the identity of the one young man and have arrested him, hopefully he will let the police know who the other two are. We should not let our guard down due to the one arrest there are others lurking through our neighborhood.

#### ***The bad news is:***

When the thieves came over the fence they were heard by a resident on Mt. Curve Ave. That resident apparently came out to confront them but thankfully they didn't run into each other.

When the thieves exited they turned a garbage can behind a house on Mt Saxon over and used that so they could jump over the fence to leave.

Sadly, NONE of those people called the police or notified the office. They explained that they didn't think it made any difference.

#### ***That thought IS NOT true.***

If the Meljac's, and others, had not installed cameras and lights and notified the police EVERY time this has occurred, the police would not have caught this young man.

If we all had not notified the office, put information on this FB (Face Book) page, made

sure people were following safety measures - the police would not have caught this thief.

As a community we stay safe because we decide to be pro-active. This means:

1. We take responsibility for our safety and our community.
2. We lock all doors to cars, house, shed, don't leave keys in golf carts and lock your bikes.
3. We don't leave anything of value outside that is not secured.
4. We watch out for our neighbors.
5. We install outdoor lights and cameras if we can afford the cost. If you can't afford the cameras, the lights and sirens can be done for less than 50 dollars.
6. We notify and report ALL instances of attempted theft or trespassing that we see in our park. And, those notifications go to the office and the police.
7. And, this one is so important: We Do NOT attempt to go after these criminals ourselves. If you are a gun owner do not confront them with a loaded gun. The officers who were here were very clear about this one. If you choose to do that - KNOW THAT IT IS ILLEGAL and you RISK PROSECUTION.

## Something to Consider

*By Bart Beal*

---

I've written before about the shortness of life, which we become more and more aware of as we age. It causes us to consider how we approach relationships, especially relationships with people that we truly care about. I met Bob Johnson in 2011 when Bonnie and I bought our first property in The Cove. It was an uninhabitable dump! Bob remodeled it for us - a complete gut and rebuild. We took a chance on Bob. We had just met him, and Bonnie and I lived 1,000 miles away. I found that he was one of the most honest, sincere and trustworthy people that I had ever known. If you knew Bob, you know he could be rough on the outside, but if you really knew him like I did, you know he was soft on the inside. I was deeply saddened when he suddenly died this year at the age of 69. I was reminded once again how fragile and short life is.

After being good friends for several years, Bob and I had a falling out. I had unintentionally deeply hurt his feelings, and his response and rejection hurt mine. Most of us know how upsetting it is to experience something like this that causes us to lose a close friend in such an ugly way. It's painful! Bob needed time to be open to reconciliation, and reconciliation was my goal. Our God tells us to pursue peace and reconciliation because He knows it's right and good for us. He always has our best at heart.

After giving Bob a few months to cool down, I began sending him short messages now and then asking how he was doing, what's going on, etc. - nothing pressing. He didn't respond for quite a while. But I didn't quit. Then one day He did respond. It had been about two years since we had words. We began talking. We had lunches. We advised each other on projects.

*...continued in page 14*

Things were back to normal and we were both appreciative, even though we didn't talk about. It was in the past. It was a relationship worth saving! Bob was a good man and a good friend. And he believed in God. I know I will see him again someday.

Is there someone you need to reconcile with? Someone needs to reach out. Be that person. Be forgiving, admit fault and seek forgiveness, and put the past in the past where it belongs! Life is short and relationships are valuable!

## Boat Club

By Mary Ann Meljac

The Americana Cove Boat Club is looking forward to resuming our regular club meetings on September 12th at 10AM in the Atrium. It has been six months since our Club has met. Please remember to wear your masks and maintain social distancing.

The Labor Day holiday is fast approaching and we hope that there will be boating activities on the Bay in store for some of us. This does not just mark the end of summer but an opportunity to have a holiday from work or school and even kick off the NFL and college football seasons. There are guides of "things to do" in the St. Petersburg area so check your calendars and make plans to enjoy the holiday weekend! We are looking forward to all of our Northern neighbors returning to the Cove this fall. There will be stories to share and club activities to participate in.

Que Sera Sera

Rowing slowly on this river,  
Crossing a few rapids,  
Riding the ebbs and flows,  
I was meandering endlessly.

Pacing yourself in wilderness,  
Pondering and purposeless,  
If I stopped rowing now,  
There would be no tomorrow.

Whatever will be, will be,  
Wherever I can go, I will go,  
Whatever remains of me, I will dream,  
Whichever shape future takes, I will still be present.

Row, row, row your boat.

## Book Club Reading List for 2020 - 2021

- **EDUCATED** by Tara Westover (memoir) – Tara Westover grew up preparing for the End of Days in rural Idaho with radical survivalist Mormon parents. She didn't get a birth certificate until she was nine and had no medical records because her father did-n't believe in doctors; She and her six older siblings worked in her father's junk-yard. As she grew older, her father's beliefs became more extreme and one of her brothers grew violent. At 17, she decided to educate herself as a means of escape. Within 10 years she had earned a PhD in intellectual history and political thought from Cambridge but was estranged from her parents and half of her siblings. Now 31 and still living in Cambridge, she has written a powerful memoir, *Educated*, about the transformative power of education and the price she had to pay for it. Learning along the way that to be educated is to learn much more about the world than what's contained in books.
- **TWISTED TWENTY SIX** by Janet Evanovich (Stephanie Plum series) – Grandma Mazur is a widow... again. This time her marriage lasted a whole 45 minutes. The unlucky groom was one Jimmy Rosolli, local gangster, lothario (senior division), and heart attack waiting to happen... well, the waiting is over. It's a sad day, but if she can't have Jimmy at least Grandma can have all the attention she wants as the dutiful widow. But some kinds of attention are not welcomed, particularly when Jimmy's former "business partners" are convinced that his widow is keeping the keys to their financial success for herself. As someone who has spent an entire career fighting bad guys, a set of missing keys should be no challenge for Stephanie Plum. Problem is, the facts are as twisted as a boardwalk pretzel with mustard.
- **THE FAMILY UPSTAIRS** by Lisa Jewell - Soon after her twenty-fifth birthday, Libby Jones returns home from work to find the letter she's been waiting for her entire life. She rips it open with one driving thought: I am finally going to know who I am. She soon learns not only the identity of her birth parents, but also that she is the sole inheritor of their abandoned mansion on the banks of the Thames in London's fashionable Chelsea neighborhood, worth millions. Everything in Libby's life is about to change. But what she can't possibly know is that others have been waiting for this day as well - as she is on a collision course to meet them. Twenty-five years ago, police were called to 16 Cheyne Walk with reports of a baby crying. When they arrived, they found a healthy ten-month-old happily cooing in her crib in the bed-room. Downstairs in the kitchen lay three dead bodies, all dressed in black, next to a hastily scrawled note. And the four other children reported to live at Cheyne Walk were gone.
- **RADIUM GIRLS** by Kate Moore (non-fiction) - In 1926, radium was a miracle cure, Madame Curie an international celebrity, and luminous watches the latest rage - until the girls who painted them began to fall ill with a mysterious disease. Inspired by a true story, *Radium Girls* traces the efforts of a dial painter as she battles the US Radium Corporation.

Her chief adversary is her former employee who cannot bring himself to believe that the same element that shrinks tumors could have anything to do with the terrifying rash of illnesses among his employees.

- **THE RED ADDRESS BOOK** by Sofia Lindbergh - A 96-year old woman lives alone in her apartment in Stockholm, her only family is a great-niece in San Francisco and her only company are the caregivers who daily drop in to heal her. To pass the time, she reminisces about the names written in her red leather address book, a gift given to her by her father on her tenth birthday, and shares she colorful past as a maid in Sweden, a model in Paris during the 30s, and fleeing to Manhattan at the beginning of the Second World War.
- **THE SWITCH** by Sandra Brown - Gillian and Melina Lloyd, identical twins, enjoy switching identities. Melina, the more impetuous twin, proposes that her circumspect sister take her place as a media escort to NASA astronaut and national hero. Gillian declines as she is preoccupied with whether or not the artificial insemination she underwent that day will be successful. The media-savvy chief turns out to be an easy assignment for Melina. But the following morning police arrive at Melina's door with the worst possible news: her twin has been brutally murdered in her own bed. And on the walls scrawled in blood, as obscenities directed at Gillian, along with insults linking Chief to the crime. Dissatisfied with the investigation, chief and Melina form an alliance and find themselves uncovering more questions than answers.

## Buddhism

*By John Howell*

**T**he 7 Sailors: (A Buddhist parable adapted from the Udakupama Sutra by the venerable Ajahn Brahm)

Seven sailors found themselves in the sea after a shipwreck. The first went straight down and drowned. The second one floated for awhile, and then sank to his demise. The third floated on the surface and remained with his head above water. But the fourth, while remaining with his head above water, looked around and saw the safety of land in the not too far distance. The fifth, also floated and spotted land, and was well on the way swimming to the shoreline. The sixth sailor, having kept above water and seen land as well, had begun swimming almost immediately, and was now standing in the surf wading to shore. The seventh sailor having floated, seen land, swum and waded to shore, was now sitting happily on dry land relaxed and safe.

Explanation:

The first sailor because of the heavy weight of unwholesome “Karma” immediately perished.

The second had been given the grace of Dharma (truth) but did not fulfill it with effort, and thus experienced the fate of the first sailor.

The third, (because of limited spiritual progress) was able to keep their head up despite being shipwrecked, but could sadly do no more than temporarily tread water.

The fourth sailor represents one who has reached a pivotal moment (in Buddhist understanding).

Why? Because having made meritorious effort, this sailor could actually “see” and most importantly “recognize” the safety of the further shore.

The fifth was actually able to utilize new found understandings and the blessings of a “sacred vision” and began at once swimming to the promised well being of dry terrain.

The sixth sailor, by reaching the relative safety of shallow water, was able to stand upright on their own, and bask in the “close proximity of release” from the peril itself.

The seventh, former shipwrecked sailor, having lived a wholesome life, practicing the “Way” of the Path, now wholly reaches, the goal of Liberation: (True Peace)-Nirvana.

This simile illuminates the five spiritual faculties; Faith, Effort, Mindfulness, Samadhi, and Wisdom. It also points to the moment when (from the Buddhist P.O.V.) one enters the stream of awakening (i.e. the supramundane path). This being when the fourth sailor gets a glimpse of Nirvana for the very first time, irrevocably setting in motion the final stages of the path; the inevitable fruition of complete salvation from suffering.

H.H. The 14th Dalai Lama has made it abundantly clear throughout his ministry and as recently as yet another Time magazine article, that this is a momentous moment in human history. He describes our (“shipwrecked”) situation as a clear choice. We can either work together to save ourselves or destroy the situation with petty division. We can be our brothers (and sisters) keeper or ignore their suffering. We can follow the golden rule, or perish in trivial pursuits. So which of the 7 sailors do we embody?

Please continue to stay safe...with metta (Loving Kindness)

# Helping Hands: Home Safety Tips for Seniors, Part One.

By Judy Hall, PhD

**W**ith so many of us living independently, it's more important than ever to be safe. If you are living alone, here's what you need to do to stay safe:

Keep a list of emergency numbers by your phone or in an obvious place for emergency personnel

1. 911
2. Poison control 1-800-222-1222
3. Family member or friend
4. Healthcare provider office

Safety Proof your home:

- Make sure hallways and stairs are free of objects and well lit.
- Use railings when going up and down stairs.
- Tape area rugs to the floor so they won't slip underfoot.

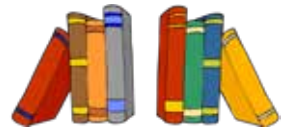

Prevent Falls:

- If you have a problem walking or with balance, ask your healthcare provider about a special falls risk assessment for your home.
  - Ask your healthcare provider if you would benefit from an exercise program to prevent falls.
  - If you have fallen before, consider wearing an alarm that will contact emergency personnel if you fall.
  - Don't rush to answer the phone. Falls can occur when trying to answer the phone. Keep a cordless or cell phone near you or let your answering machine pick up.
  - When walking on smooth floors, wear non-slip footwear.
  - If you have a cane or a walker, use it at all times instead of holding onto furniture or walls.
- Keep safe, Americana Cove! More on safety next month.

## Library

By Jill Moe

**S**ince there is little to nothing going on in the Cove, there is little to nothing going on in the Library. However, thanks to you all the shelves are filled with your generous donations. What better way to keep busy than to keep reading at a safe distance.

## Live Music

By Libby Hopkins

**H**ello Everyone!

Kudos to all for following the Covid-19 virus requirements and restrictions, and staying safe!

We are not sure when our up-coming season for The Live Music Group will begin, but we are hoping to be back on October 13, at 3 PM in the clubhouse. This is contingent, of course, on what decisions will be made regarding use of the Clubhouse for events. But we are hoping you can plan to join us for lots of music and fun next month.

Please note: We'll be changing our schedule to the 2nd and 4th Tuesdays of each month beginning in October 2020 – Watch for our announcements!!!

For those of you who are not familiar with us, we are a music group within the park that usually put on a performance twice a month on Tuesday from 3:00 p.m. to 4:00 p.m. in the Clubhouse from October through April. We work hard to provide an entertaining, fun hour full of music and laughs. Come and see us!!!

We miss you all! Live Music is wishing everyone a happy and healthy September!!

## Shuffleboard Club

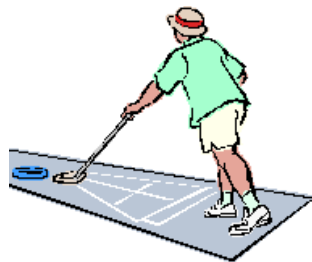

By Greg Moe

**I** am sad to say we will be losing a valued member of our Shuffleboard Club. Diana Shannon has decided to leave Americana Cove and move back to Kentucky to be with family. Her contributions to the Shuffleboard Club have been numerous, including being the captain of the Nova Team. Thanks,

Diana, now I have to start looking for a volunteer Nova Captain.

Please remember that the shuffleboard courts are for shuffleboard only. Please do not use the courts for corn hole. A lot of money went in to resurfacing them and playing corn hole on them affects the way the disks slide. If you come to the court area to play corn hole, by all means feel free play at either end of the courts.

Note Tuesday time change - As a reminder, scheduled summer events are Hoss Collar, Sundays at 1:00 PM, and Social League, Tuesdays at 10:00 AM because of the heat. Of course, you are always invited to crayome play on your own any other time.

# Swim Exercise

By Nancy Olson

Swim exercise is going very well thanks to the leadership of Maureen, Diane and Terry and the great participation of all who attend the classes! Thanks again to the subs and classes who make the class fun, inspiring and a great water workout! The weather has really been on our side!!

As of right now we are still following all COVID/CDC social distancing guidelines. I am assuming that this will last longer seeing that numbers in Florida have spiked. We need to continue to follow these guidelines for our health and safety. I appreciate your due diligence, assuring class can continue.

In mid September I will be posting on our group Facebook page asking all who plan to swim in October,

November or December to respond of your intentions. If you plan on returning from the north I will need to know your best guess for your return date to class. If you are currently in a class I need to know if you plan on continuing for the fall/winter months. As a reminder, when I am leading class the outside temp needs to be 55 or higher by 9am. If a sub is leading class the outside temp needs to be 60 or higher by 9am. Also, new times are: lap swim is from 8-9am, swim exercise is from 9:15-10:15. If all 20 swimmers are in the pool prior to 9:15, class will start, no need to wait until 9:15! This Info may help in making your decisions.

The subs and I will review the responses and determine what our schedules will look like. If interest continues to grow we will need to look at options for scheduling and trying to get all who wish to participate in a class. We are limited to 20 in a class, this will not change as long as social distancing guidelines are in effect. We may need to go down to 2 days a week per swimmer. This is why it is very important to let me know of your intentions. Scheduling has been a challenge for all of us but it is the only way to run the class in the most efficient manner we can and still follow all guidelines. Our group has received several compliments on how we all are embracing this change!

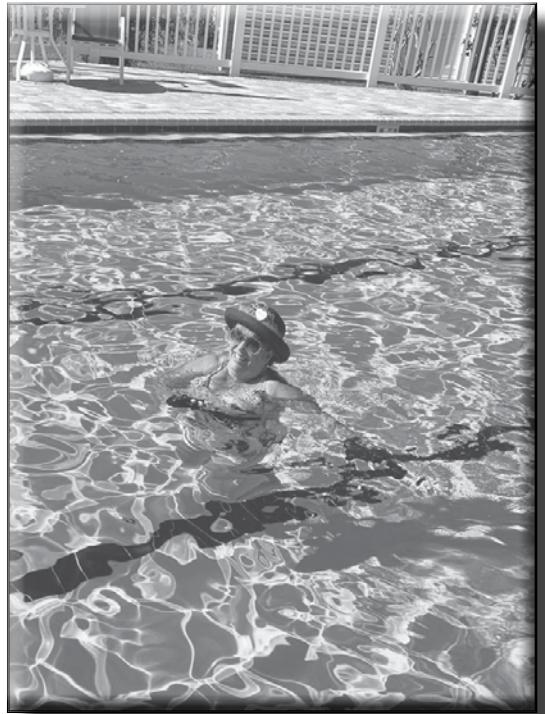

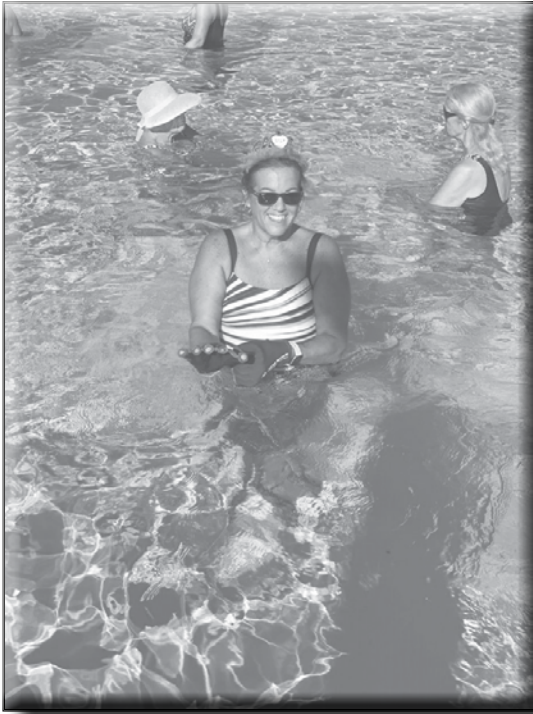

I have included some pics taken in class celebrating Deb Howland, Mary Ann Meljac and Jane Niles birthdays! Please note the lovely blue birthday crown all are wearing, you can't see it in the picture but it flashes!! The birthday girls got to choose their favorite tape. And of course, the class sang happy birthday. In these times, days like this are fun and refreshing!

I will be returning to class on Wednesday, September 30. I am really looking forward to getting back to swimming. The pool I swim at during the summer has not yet reopened to recreational swim so I have not swam all summer!

Have a safe and happy Labor Day. Stay well my friends!

# Low Inventory Raises Values

By Barefoot Realty Group, Brokerage Agent for Americana Cove

**H**ousing inventory is low throughout Florida and also in Americana Cove. The Florida Realtor Association attributes the lack of inventory to the following reasons:

1. Low interest rates are attractive to people who have been renting and are deciding to purchase.
2. The COVID-19 pandemic has caused many sellers to delay putting their homes on the market thus attributing to the lack of inventory.
3. There are still people moving into the state who need housing and want to buy.

According to Realtor.com, the number of buyers and lack of homes for sale has resulted in high home prices even amid a recession and a pandemic.

Currently, Barefoot Realty has only six homes for sale at Americana Cove, one of the lowest inventory amounts since opening an office in the community in 2013. “We see homes sell in one day especially if they are already updated and have new or almost new roofs, central air and flooring,” explains Broker Marty Pozgay.

For sellers, now’s the time to take advantage of the low inventory as it could result in a quicker sale and higher price.
