Presidents Report

Don Bocchinfuso

To start, I would like to welcome our newest member of the board Virginia Fuchtman. Virginia is a full time resident which will help out a lot.

Congratulations to Dennis Eby, as he is also returning for a 3 year term.

Also, as you read this, our budget will have been presented and there will be an increase that was unavoidable. Our fees were kept low for a few years and it has caught up to us. If we compare to other parks we are still a bargain.

Our park looks good, except for a few units that need some upkeep. Please make some arrangements to address your units, or we will be forced to do it and bill you or possibly put a lien on it.

In closing, stay safe.

Horse Racing - Fifth Annual Event

February 9th is the date for our gala Horse Racing Event. Since this has been happening for a decade I thought I would tell everyone how it began. Pearl and Bud Davis along with Maud and Bill Davis had friends in Teak Wood Mobile Home Park. They invited Carol and Butch Persons along with Dennis and I. We attended their event and the seed was planted. The gals organized the betting, tickets, food and selecting the jockeys while the guys asked Ken and Bob Nemecek to make the track. Donna Tosh decorated the horses and we were ready to go.

It took a while that first night to get everyone on board and understanding the betting, but it wasn't long before the people got it. At each race you could hear everyone cheering for their horse to win. Then there were the sounds of cheers for the winners and moans for the losers. Everyone agreed it was a fun night and wanted it to continue -- and it has.

For those of you new to this event tickets are \$5.00. All the money taken in - goes out in prizes. We also hold a 50/50 raffle so bring some money for that. Half of the 50/50 goes to the club and half is divided up for more prizes. If you don't have a high score at the end still turn your betting sheet in because we give out prizes just for attending. So join us for a fun night. Check the boards for information.

Social Committee Tidbits

Ingrid Eby - Secretary

The holidays are past. Decorations are taken down and put away for another year. Wishes for a Happy New Year are given so it's time for the Boca Ciega Social Season to begin. Everyone is returning to the park for the winter and the social events can commence. The kick-off is our annual Rummage Sale. By having this sale we take in enough money to fund our activities and keep the costs to a minimum. We also purchase various items to enhance our activities, such as umbrellas for the pool, a grille for our cook outs and a golf net, to name a few. We thank everyone in advance for their contributions and volunteering for the sale. This ensures the sale is a success.

Make sure you check the newsletter calendar, and the bulletin boards for up-coming events and sign-up sheets. Remember, there will be no more mailings of the newsletters. Door to door delivery will continue. Everything will be on line for you to read on the newsletter site as well as on the Boca Ciega website. This is of course to cut costs. The cost of mailing those newsletters has risen tremendously.

The Social Committee has planned for another great year but we need all of you to participate. Get involved--be active and help keep Boca Ciega one of the best parks in the area.

News and Notes

Prayers are still needed for Dave Baldwin and his battle with cancer. We will all keep praying and you keep fighting Dave.

Hope Jongmans had a hip replacement and is doing well. Prayers of thanks for her recovery. They should be down in January sometime.

Our sympathy goes out to Karen Hopkins and family on the passing of her mother. Nona was a long -time resident of Boca Ciega and has been in a nursing home up north for many years. Prayers going out for the entire family.

For those of you who remember Jo and Jerry Lewis who lived in the park several years ago, some sad news. Jo passed away and has joined Jerry in heaven. They were a lovely couple and an inspiration to many.

As always stay healthy and be safe.

One should never trust a woman who tells one her real age. A woman who would tell that would tell anything.

Beverage Marketing – 2019

Crusher Bob

DILLY DILLY was the “buzz” slogan back in 2017. In 2018 Budweiser changed its advertising to MEAD as beverage of choice on TV. (Of course the person selecting MEAD over a BUD LITE was introduced to the “Torture Chamber of Pain.”)

Now, in 2019, advertisers have reverted to some long time names to bring their beverages to the consumer’s attention. Several of these labels have been noticed by the recycling team here in Boca Ciega.

“VANTAGE” by Cott Beverages out of Tampa is a brand of Seltzer water. Several labels recently seen include “TWISTED” and the longtime favorite “ARNOLD PALMER.” These last two are versions of “Hard” Iced Tea/Lemonade mixtures. Another label seen is MOXIE. MOXIE is a carbonated beverage developed in the 1860s, eventually purchased by the Coca Cola Co.

All of this is just of trivial importance, things that came to our attention during recycling of your beverage containers. By the way, beverage can recycling, while an out of sight activity, brings considerable funding to the complex’s social committee treasury each year.

Actual recycling begins with collection of discarded aluminum cans from bins located next to complex trash dumpsters and a container in the swimming pool enclosure. These discards are taken to the laundry room at rear of our clubhouse where they are crushed and placed in plastic bags. After accumulation of sufficient full bags they are taken to a local recycling center

continued on page 18

for disposal and exchanged for cash. Actual container crushing takes place in the laundry room so, while waiting for your laundry to dry, if you see bins of collected cans please feel free to step in and try out our manual crusher. However, in deference to our adjacent unit neighbors the noisy crushing is held in aberrance until after 9 AM weekdays and noon on Weekends.

So remember, when you “tip up a cool one” and drain that can, save it for the recyclers. It adds to the complex funding.

Neighborhood Watch

Doug Ross

Good morning and Happy New Year Neighborhood Watch!

As we move into 2019, we must educate ourselves on ways to prevent Cybercrimes, IE: Scams, Fraud, Identity Theft and Data Breaches. If you think they will decline in 2019, think again.

Fraudsters often repeat their favorite scams, which are often driven by major financial life moments such as tax returns and holiday shopping. Identity thieves and scammers often try new twists on old scams that worked for them in the past. Criminals are always on the prowl looking for ways to connect with their victims through phishing e-mails, fraudulent websites and apps, social media scams, and phony log in pages. Unfortunately, we will probably see a lot of the same scams in 2019.

So what can you do about it? You can be **proactive**, be smart, and be on the lookout.

One of the most proactive measures you can take is to consider freezing your credit, especially since they are free regardless of your age or state in which you reside. You can place a freeze on your credit reports by contacting each of the nationwide credit bureaus:

Equifax (800-685-1111) <https://www.equifax.com/personal/> , **Experian (888-397-3742)** <https://www.experian.com> , **Transunion (888-909-8872)** <https://www.transunion.com> .

Be smart and do not overshare your personal information online, keep your location and accounts on private, don't post pictures of your school or work ID, don't accept friend requests from strangers (sometimes a picture may look like a friend when in fact your “friends” account has been compromised). Do use a firewall, create complex passwords, and boost your network security.

Be on the lookout for phishing or spoofing emails.

Avoid opening attachments or clicking on links in emails or text messages to ensure you do not download a virus or malware that can weaken your computer or phone's security.

Cave drawing of bull is earliest of its kind

Archeologists have discovered the oldest known drawing of an animal on the wall of a cave in Indonesia, according to the U.S. News & World Report website. It's some 40,000 years old, about five feet wide, and it depicts a bull-like creature in a red silhouette.

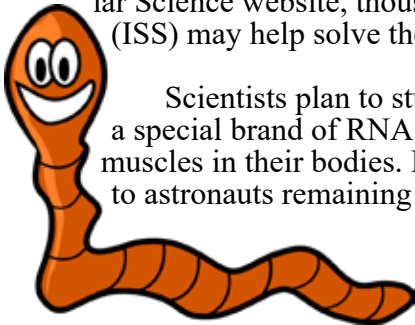

Along with similar drawings on cave walls in Borneo, the drawing sparks renewed debate about the role of art in ancient times. Similar cave paintings have been found in France and Spain, though they're just 33,500 to 37,000 years old.

Cave dwellers began sketching humans engaged in hunting activities and dancing some 14,000 years ago in both Europe and Asia. The findings raise the possibility that humans migrated from Africa to Europe and then Asia, bringing their artistic sensibilities with them.

Invasion of the space worms

Long-term space travel poses many challenges, but one of the most daunting is the loss of muscle mass in a zero-gravity environment. On a voyage to Mars, for example, space travelers could arrive on the red planet too weak to stand. Now, reports the Popular Science website, thousands of worms headed to the International Space Station (ISS) may help solve the problem.

Scientists plan to study muscle atrophy in the worms and then treat them with a special brand of RNA designed to stop the breakdown of protein and preserve the muscles in their bodies. If all goes according to plan, this could alleviate one danger to astronauts remaining in space for long periods of time.

Science is simply common sense at its best, that is, rigidly accurate in observation, and merciless to fallacy in logic.

—Thomas Henry Huxley

Start on the path to better heart health

Taking control of your heart health is one of the best ways to lead a long life. It's not that hard, especially if you follow this basic advice from the Time magazine website:

- Eat more plants. Fruits and vegetables contain fiber, antioxidants, and lots of vitamins and minerals.

- Limit animal fat. Butter and other forms of fat from animals have been linked to higher cholesterol and increased risk of heart disease. Stick to monounsaturated fats found in olive oil, avocados, and many nuts, along with polyunsaturated fats from fish like wild salmon and sardines.

- Watch your sugar intake. Many foods add sugar, which can add calories and weight. The American Heart Association recommends that women have no more than six teaspoons' worth of added sugar a day and men stick to nine—although the average intake for all Americans is roughly 22 teaspoons per day. Check the labels on everything you buy.

- Exercise often. You don't have to run for five miles every day. The American Heart Association advises about 150 minutes of moderate exercise a week, or 30–60 minutes every day.

- Stand up. Sitting for hours at a time has a negative impact on your heart. Even if you work at a desk job, make a point of getting up and moving around regularly for five to 10 minutes every hour.

- Watch your stress. Stress can heighten your heart disease risk at a rate similar to smoking and diabetes. Practice meditation and yoga to keep yourself calm and reduce your heart's workload.

The foundation of success in life is good health. That is the substratum fortune; it is also the basis of happiness. A person cannot accumulate a fortune very well when he is sick.
