Usually by October, our friends and neighbors are thinking about returning to Boca Ciega. This year, the “all year rounders” know that things will be different. We all will just have to see how the coronavirus behaves in Canada and the United States.

In our bubble at the park, we are well. We are all doing our best to stay that way. Our breakfast out on Saturday is one of the highlights of our week. Our group is usually nine or less, but at this outing to SpEggtacular on Indian Rocks Road, we were joined by Doris and Richard and their son RW and his wife, Darlene. RW took our picture.

At one of our breakfasts, we talked about birthdays coming up. Terry said that her husband Bill's birthday is in October on the 7th. Bill, a veteran of the Vietnam War and a recipient of two Purple Hearts, is a victim of agent-orange and is now in a nursing home. Terry said that he would enjoy receiving cards. She said that it would be like Christmas for him. Because of the pandemic, Terry is not able to visit Bill, but they do talk to one another by phone often during the day. Bill's address is:

Bill Maegdlin
Carrington Place Room #256
10501 Roosevelt Blvd.
St. Petersburg, FL 33716

Don't worry if your card doesn't reach Bill on October 7th, since everyone doesn't mind having more than one birthday celebration a year. Bill will be 72.

This has been a hot, humid summer with the heat index over 100 for many days. A high front kept Tropical Storm Sally and Hurricane Laura away from the west coast of Florida. We have been fortunate so far this hurricane season. With this kind of weather, grass and invasive vines grow fast. If you hired a gardener to take care of your yard and know that you won't be coming to Florida until sometime in 2021, you should think about telling your gardener whether you want him or her to continue maintaining your yard and settle your account so far. If you did not hire anyone to maintain your yard and know that you won't be returning to Florida until sometime in 2021, you might want to hire a gardener now. Some of your neighbors work with Norine Enot.

An update on the filling in of the ditch behind the homes on Michigan is that it has not happened yet. PH told me that Scott of JSS Construction cannot do the job yet because his supplier of dirt is not open. Scott has to find another supplier of dirt for the job. Why should

we care? The filling in of the ditch was meant to be a way to pay Boca Ciega back for the pipes that we had bought before the project was approved by our county officials and our engineer. This approval was not granted.

All of us at Boca Ciega have just learned that Dan Spitzley has cancer and we are keeping Dan and his wife Kathy and their family in our prayers. Dan and Kathy are hardworking residents of our park. For our new residents that may not know Dan and Kathy, Dan is a member of our Board of Directors and was elected by members of the board to be our treasurer. He works on Boca Ciega's yearly detailed budget along with other members of the committee. You will often see Dan checking our grounds, our water system and our clubhouse for any needed repairs. Some of our all year rounders and others say that the man never rests. He does not want to waste anything and succeeds in saving our park much money every season. He is the one man fixer upper in our park. When our Christmas decorations are being looked over to use for another year, there are usually some lights out on our decorations. Dan will go patiently one by one to find the burned out bulbs so that the sleigh, angel and deer will be beautiful again. He makes sure that our lampposts are working along the front of our park. Keith takes over that job during the summer. Dan and Kathy work our Easter Dinner, even dyeing eggs for all of us at our celebration. There is a yearly special coffee klatch where biscuits and sausage and gravy are homemade by Kathy. This event always gathers a crowd. Kathy is the teacher of our Quilting Club. She has the expertise and the patience to work with members with different abilities, giving them the help and knowledge to succeed in completing their quilt project. Kathy is also present at Bingo, helping to serve refreshments at halftime. Do you understand now why Dan and Kathy are a special couple in our park? We of course do not forget the men that join Dan at times to help in keeping our park well maintained, clean and beautiful. Dan and Kathy hope to come down to Boca Ciega. We will continue to keep Dan and Kathy in our thoughts and prayers.

Social Committee Chairperson's Message

Santo Amenta

As snowbirds headed north and our park cleared out this spring, few of us imagined the type of year that the rest of 2020 would turn out to be.

With the pandemic clearly still affecting all facets of our lives, everyone has had to modify the way we shop, travel, and interact both with people in general and especially our loved ones.

Now, as autumn comes around, our usual thoughts would be of preparing to head down to our southern homes and dear friends that we have come to consider part of our extended family.

Not as significant to our northern U.S. snowbirds who can still head south, the continued closure of our border will have a profound affect on all the Canadians in the park. At this point in time, there is no indication that it will be reopening any time soon. Consequently, Canadians who normally drive down, will not be able to, for the foreseeable future.

With that in mind, the rest of this year may be quite different for Boca Ciega in terms of social activities, special events, and gatherings that normally happen in November and December and maybe a longer term as well. Although our list of events continues to be shown, alterations, modifications and cancellations may have to happen.

I hope to contact the rest of the Social Committee in the near future as things become clearer about what the future holds for our park, socially. Stay tuned to both our Boca Ciega website and our monthly newsletter for news.

I hope that everyone continues to stay safe and healthy and that we may all be able to gather once again in the near future.

Bringing people to the center

Shortly after being forced out of Apple Computer, Steve Jobs bought a small computer manufacturer named Pixar. In 2000, he relocated the company to an abandoned factory. The original plan called for three buildings, with separate offices for computer scientists, animators, and the Pixar executives.

Jobs immediately scrapped it. Instead of three buildings, he wanted a single vast space with an atrium at its center.

As Pixar's Ed Catmull explains, "The philosophy behind this design is that it's good to put the most important function at the heart of the building. Well, what's our most important function? It's the interaction of our employees. That's why Steve put a big empty space there. He wanted to create an open area for people to always be talking to each other."

Jobs saw separated offices as a design problem. He shifted the mailboxes to the atrium, then moved the meeting rooms, cafeteria, coffee bar, and gift shop to the center of the building. "The atrium initially might seem like a waste of space," says director Brad Bird. "But Steve realized that when people run into each other, when they make eye contact, things happen."

Jobs insisted that the best creations occurred when people from disparate fields were connected, especially in an age of intellectual fragmentation.

When you plant a tree every day

What used to be a landscape devastated by erosion is now 1,360 acres of forest, and it's all thanks to one Indian man named Jadav Payeng. Jadav planted a tree every single day for 40 years, and now this man-made forest is bigger than Central Park. This incredible forest is also home to hundreds of elephants, rhinos, boars, reptiles, and birds.

This botanical enthusiast says he is planning to plant trees until his "last breath." "Nature is God. It gives me inspiration. It gives me power ... As long as it survives, I survive."

A recruiter asked a job candidate, “Can you handle a variety of work?”
The applicant replied, “I should be able to. I’ve had ten different jobs in four months.”

A recruiter asked a job candidate, “Why did you leave your last job?”
The job applicant replied, “It was something my boss said.”
“What did he say?”
“You’re fired.”

A recruiter asked a job candidate, “What’s your biggest weakness?”
The job applicant replied, “I don’t know when to quit.”
“You’re hired.”
“I quit.”

Hardest worker

An old ranch owner named John had a small ranch in Montana. The state government claimed he was not paying proper wages to his workers, so it sent an agent out. “I need a list of your employees here, along with how much you pay them,” said the agent.

“Well,” replied old John, “There’s my ranch hand Silas, who’s been with me for three years. I pay him \$600 a week plus free room and board. The cook, Ben, has been here for 18 months, and I pay him \$500 a week plus free room and board. Then there’s the half-wit who works about 18 hours every day and does about 90 percent of all the work around here. He makes about \$10 per week, pays his own room and board, and I buy him a bottle of bourbon every Saturday night.”

“That’s the guy I want to talk to, the half-wit,” said the agent.

“That would be me,” replied John.

I enjoy life when things are happening. I don't care if it's good things or bad things. That means you're alive.
