President's Corner

Don Boccinfuso

Sad to hear our long time Boca Ciega resident Ralph Crudo has passed away. He joined our park in 1978 and for forty years he was an active member. He will be missed.

Happy to report that Dan Spitzley is recuperating nicely after triple bypass surgery.

The trees were trimmed and some residents had some concern that not enough fons were taken off. We as a board had talked to 2 arborist and they said we were cutting to much, which was starving the trees.

Unit #52 sale was finalized.

In closing stay safe.

Summer News

Ingrid Eby

Greetings from the North, it has been really rainy and that isn't good in a camp ground. Those still in the park did go out to Perkins for a Memorial Day celebration. There were about 13 residents and a few guests. Everyone enjoys getting together, having a meal and socializing. It is so hot that the residents usually just see each other on Saturday morning for breakfast at various restaurants and it is so nice whenever they can meet and swap stories.

The next outing will be July 4th and I heard a rumour that they might choose a different restaurant.

As of June 11th, they had not started resurfacing our streets in Boca Ciega. We were hoping this would all be accomplished before everyone returns. There is still plenty of time so you will be updated on the progress as soon as I hear IT.

News and Notes

Our flags at Boca Ciega again were at half mast. 2 long time residents have passed away.

Both these men were permanent residents. We extend our sympathy to Mary Lawrence and Family at the passing of her husband Bill. Other the years Bill was involved in just about everything in the park. Most recently, he held the park together during hurricane Irma. My favorite memory Bill is hearing him singNew York.... New York at parties. Bill will be missed by everyone in the park.

Ralph Crudo was a quiet unassuming man and very low key in recent years, but a fine asset to the park. Up until the last year he attended pot lucks and bingo. He was always pleasant to talk to and knew a lot of history about the park. Our sympathies go out to his family.

All of our people who had parts replaced this spring are doing well. Santo Amenta, Bonny Nemecek, Dennis Eby and Ilva Petruccella will all be moving around well next fall when they return.

Dan Spitzley had by-pass surgery and is doing well, he will be mixing things in the park twice as fast as before.

Bob Bulmer also had a heart procedure and is doing well. He will be breaking the speed limits in the park for sure.

Also Ginny Tracy is home from re-hab and is doing well, its great that she is back.

As always, stay healthy and stay.

Consumers nervous about online data

If you're worried about how well businesses are protecting the data they collect from you, you're far from alone. A survey from IBM found that 77 percent of consumers say that an organization's ability to keep their personal data secure is a factor in their buying decisions—and only 20 percent say they “completely trust” businesses to ensure their privacy.

The survey also found that 75 percent of buyers refuse to purchase from organizations they don't trust, regardless of the quality of their products. Another finding: Almost three-fourths of consumers believe that sellers are more concerned about profits than about privacy and data protection.

Retirement: Golden years or a fading dream?

Americans these days are worried about their retirement—and whether they'll even be able to retire.

A Willis Towers Watson survey of approximately 5,000 U.S. workers found that 37 percent expect to keep working to age 70 or longer, up from 30 percent two years ago. Only 26 percent believe they'll be able to retire before they're 65, a drop from 29 percent in 2015.

Minimum wage: What should it be?

Debates about the minimum wage have been heating up for years. To find out what Americans think it should be, CreditLoan surveyed 2,669 people across the country. The results? People in every state said it should be higher than the current federal level of \$7.25 an hour. On average, Americans support a minimum wage of \$11.56 an hour, allowing employees working 40 hours a week 52 weeks a year to earn \$24,044 for the year.

Most Americans, though, don't even know what the minimum wage is. Just 35.5 percent identified the actual amount correctly. The average estimate was \$8.09 an hour.

ATTENTION

After 2 years of researching into new cart manufacturers, we have chosen to represent JH Global "Star Cars" line of new vehicles. They have a 14 year proven track record in manufacturing & customer service and all of their major electrical components are US made instead of imported.

Over the years we have seen numerous new carts come and go from the market, leaving customers hanging with useless warranties and no parts available.

Reduce arthritis pain without surgery

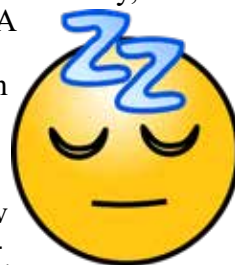

Arthritis is the leading cause of disability among U.S. adults over 55, in many cases requiring surgery to replace troubled joints. You don't have to resort to joint replacement all at once, though. These simple steps from Dr. Victor Romano, an orthopedist and author of *Finding The Source: Maximizing Your Results—With and Without Orthopaedic Surgery*, can help you deal with arthritis before surgery becomes necessary:

- Wear good shoes with arch supports. Over time, the arches in feet tend to fail. Arch supports can help with the alignment of your feet and improve the alignment of your knees, letting your feet better serve as shock absorbers for the knees.
- Exercise daily. Try at least a 20-minute program that includes stretching, aerobic activity, strength training, and balance.
- Wear a hinged knee brace for better support. You don't have to wear it all the time, but it can help during sports or other strenuous activity.
- Watch your weight. Lower weight decreases the stress on your joints and helps with mobility. Eat nutritious foods and cut your intake of sugar, which can cause inflammation of your arteries and joints.
- Take care of your bones. Calcium, vitamin D, and weight-bearing exercises can reduce arthritis pain and build up your bone density. Should you need replacement surgery, greater bone density will help your artificial joint last longer.

Staying up late may damage your health

Benjamin Franklin's advice, "Early to bed and early to rise makes a man healthy, wealthy, and wise," turns out to be true—at least the "healthy" part. A British study of genes and health that analyzed surveys of more than 400,000 people found that night owls have a 10 percent higher risk of death over a 6½-year period than early risers, according to an article on the NBC News website.

The negative impact of burning the midnight oil doesn't depend on how much sleep you actually get—both night owls and early risers reported getting the same amount—but on the fact that it throws the body's natural rhythms off track. Also, the study found that people who stay up late tend to eat fattier foods, drink more alcohol, and use recreational drugs. In addition, staying up late at night has been shown to increase depression and mood disorders, especially among people 50 and older.
