Knock, knock who is there? Not a health agent.

Michael Crofts
FL Licensed Independent
Health Insurance Agent

Medicare has very strict rules prohibiting the enrollment into most products via door-to-door sales. Still many seniors are experiencing unsolicited calls and visitors. Making a decision about your health coverage is important and should be done every year, but not by someone who shows up on your doorstep or is cold calling you. At Best Plan Choice, we encourage you to find out how good a full-service health agency can be for you. We work directly with individuals, groups and communities to bring our services to you, at your request.

During the annual enrollment season for Medicare health coverage (Oct 15-Dec 7) we host seminars with free coffee and dessert (see our enclosed insert or call 855-BOOMER65). Throughout the year, we are available to present every available plan, assist you with customer service issues or become your agent if you need one.

Are you debating if you need Medicare Part B? We can show you how to save money on your Part B premium each month. Do you need financial assistance? We can help you apply for Medicaid or extra help for the high pharmacy costs you may have. Is your spouse still working to provide health insurance for you? We may have options which will start their retirement sooner. We will provide a complete needs analysis during a personalized appointment so you can make the best plan choice for you. As always, our services are without charge or cost to you. Call us at Best Plan Choice, where Clients become Friends, and Friends become Clients!

Presidents Report

Don Boccinfuso

As I write this letter, I just returned from a week at Boca Ciega. The roads and parking lot look great, with one more handicap parking spot. Many thanks to Gene Turner and PH for supervising the job. Also, many thanks to Bob Robortella for continuing picking up debris from the trees.

The compressor at the pool broke down, I called Ken Nemecek who was able to replace it, many thanks to Ken.

Dennis Eby arrived at the same time as I did, together we were able to obtain a few contracts to trim the trees. The board was able to pick one and they should be done as you read this.

In closing the park is getting populated and we can all look forward to another great season.

Editor's Column

Roz & Brian Bogoslawski

Dear Boca Ciega Residents, Roz and I have decided that the 70th edition of the Newsletter December 2018th will be our last.

We have enjoyed doing the articles and would like to Thank everyone who sent us their notes of adventures, family history and all the write-ups about the special events that have been enjoyed by all of us.

We would also like to Thank all of the people who have assisted us over the past 6 years with the monthly park deliveries of the newsletter and the handling of the summer northern mailout.

Hopefully someone will have a vision to step forward and continue the publication of the newsletter.

If anyone has travelled this year and would like to share their experience with the Park Residents, please send a detailed note and a few pictures.

We are always looking for pictures from the different park activities and events. They can be sent to me as a TIFF. or JPG. file, also include the event or function along with the names of the people in the picture.

Please forward all newsletter material to: editor.bocaciega@gmail.com

All reports and any articles of interest for the newsletter must be emailed or mailed and received by the Following Dates.

Summer News

Ingrid Eby

As of now Boca Ciega is quite empty. This could be due to the extreme heat we've been having or the hurricanes and tropical storms that never seem to end. The hurricanes are picking up intensity because of the warm water in the gulf. Most of you I am sure have seen the news and all the damage that occurred up in the panhandle of Florida. Hurricane Michael wrecked havoc and it will take a long time to clean up the mess that Michael caused in the northern area.

On a brighter note-- the park looks great. The roads are nice and shiny from being resurfaced. The grass is beautiful from all the rain. Our area has had more rain than usual, in fact, eleven inches more than normal for this time of year, everything is very lush. All of the summer residents in the park have done a great job looking after everything and keeping our park in tip top shape. We are very fortunate to have residents that are so caring.

One note worthy item -- Safe Way grocery store in the Largo Mall has closed. Yes, the old Albertsons that was bought and all remodeled closed its doors. The Tamp Bay Times reported that Publix bought the building and will reopen the store in the future. The Publix store next to Home Depot on Ulmerton will now be a Green Wise Store. I am sure they want to compete with that new Earth Fare Store in the old Seminole Mall that is doing so well. No times have been announced for this all to take place.

News and Notes

- Ginny Tracey was in the hospital and had a pace maker inserted. Ginny is doing great and is back home again.
- Dan Spitzley had more surgery and is home once again. Dan still needs prayers for the infection to completely heal.
- Tom Logan is doing better on the oxygen and we are thankful for that. Prayers still needed.
- Flo Turner had some complications after her surgery but things are looking good. Prayers for a complete recovery for her.
- Frannie DiSpirito could use some prayers for healing. She hasn't been in the park in a while and we all miss her.

Fun Times Are Coming

Leslie & Bill Burdick

We are rapidly approaching that time of the year when we will all be gathering into our social and warm homes in Boca Ciega. I am sure we will all gather with stories from our months apart and be anxious to tell our stories and hear those of our friends.

As we once again form our Boca Ciega family all of us enjoy socializing, eating and laughing together. One of our annual opportunities to get all of this at one time is our gathering at Ed Fletcher's Dinner Theatre. An important date to get into your busy social calendar is Thursday, January 31, 2019 (yes, you are seeing right that is 2019). On that date we will join together at the Dinner Theatre to enjoy "What the Bellhop Saw."

Bill and Leslie Burdick will return at the first of the year and will immediately have tickets available for \$40 per person which includes the always delicious and plentiful banquet meal, many laughs throughout the show and on top of that is our time for socializing. We will be looking forward to spreading out the tickets with our Boca Ciega family.

"What the Bellhop Saw"

A fantastic comedy involving an author in hiding, a bumbling assassin, a wife from hell, a conniving bellboy, an incompetent F.B.I. agent, a nubile celebrity-mad maid and a dimwitted secretary. Gag lines are popping as events transpire at a whirlwind velocity. Humor blends with the traditional antics of farce: doors slamming, characters careening and confusion reigning supreme.

Busy as a bee—even when the bees are sick

Honeybees are hard workers—even when they're sick. The (e)Science News website reports that researchers using radar technology have learned that honeybees continue to seek and collect honey for their hives even when they're suffering from infections or viruses.

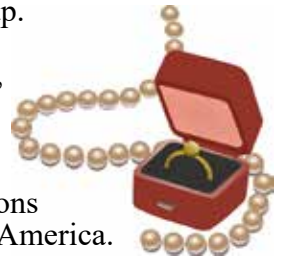

The scientists mounted tiny, lightweight transponders to bees' thoraxes, enabling them to track individual bees using a radar signal. Studying the flight paths of 78 bees, the researchers found that although the sick bees didn't fly as far or as long as their healthy counterparts, they continued their search, suggesting that bees are hardwired to seek and procure honey even when they're ill.

Copper bracelet suggests vast ancient trade network

An ancient copper band unearthed with cremated human remains in Georgia suggests that Native Americans may have traded across greater distances than previously was thought, according to the EurekAlert website. The band, a little wider than a bracelet, came from the Great Lakes region some 1,500 miles away. Scientists were able to determine the band's origin because copper sources have a unique chemical makeup.

The fact that the Native Americans were cremated is also significant, because cremation was unknown in the Southeast United States during the time period the bracelet dates from—some 3,500 years ago—but was commonly practiced in the Great Lakes region and other northern regions. This suggests that our ancient ancestors may have had connections across large distances, allowing for wide trading networks across North America.

The question is one of judgment. For the distinguishing element of science is not intelligence but judgment. Or perhaps it is simply luck.

—John M. Barry

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Take a cold shower—for better health

Showers keep you clean, but a cold shower can be good for your health. An article on the Success website spells out the benefits of taking cold showers:

- **Immunity.** Scientists believe there's a correlation between cold showers and increased production of an amino acid called glutathione, which boosts the immune system, gets rid of toxins, and eases stress.
- **Better skin health.** A hot shower removes important oils from the skin, making it dry and itchy. Cold showers reduce skin inflammation. They also prevent your hair from becoming brittle.
- **Muscle recovery.** There's a reason why athletes soak in ice baths after a tough game. The cold water helps speed their recovery time and relieve soreness quicker.
- **Better moods.** Cold showers may prevent depression, according to researchers at Virginia Commonwealth University. Decreasing the temperature of your water and then spending two or three minutes under cold water sends a lot of electrical impulses from the nerves in your skin up to your brain, which could have an anti-depressive effect.

Climate change strategy a mixed bag

Scientists scrambling for a solution to the problems caused by climate change have come up with an intriguing idea: shooting tiny particles high into the atmosphere to scatter the light of the sun.

The Science magazine website reports that sulfur dioxide gas can cool down temperatures by reacting to water vapor and forming droplets that scatter sunlight. It happens during major volcanic eruptions, such as the eruption of Mount Pinatubo in the Philippines in 1991 and the eruption of El Chichon in Mexico in 1982.

Scientists have used computer modeling to project the effect of injecting light-scattering aerosols into the stratosphere.

Unfortunately, the probable results appear mixed. Although the model predicted that corn harvests would increase 6.3 percent due to reduced heat, other crop yields would fall because of diminished sunlight, and the strategy would likely have no effect on yields for crops like soybeans, rice, and wheat. Scientists continue to study the theory in hopes of finding a viable approach to managing climate change.

Dining out by age groups

How much do you spend dining out every month? Acosta and Technomic’s “The Why? Behind The Dine™” survey looked at trends among different demographics. Here’s what it found:

- **Diners with children 17 and under** spend an average of \$544 on food a month, with 38 percent spent on food prepared outside the home.
- **Generation Z diners ages 18–21** spend \$360, 29 percent on food from outside.
- **Millennials, ages 22–36**, spend \$513, of which 40 percent is prepared outside the home.
- **Gen X diners, ages 37–52**, spend \$469, with 32 percent spent on food from outside.

Why we do—and don’t—go to church

Americans go to church for many reasons—and some avoid church for reasons of their own. The Pew Research Center looked into what draws people to religious services and what keeps them away. Here’s what it found:

Reasons for going to church

To become closer to God	81 percent
To give children a moral foundation	69 percent
To be a better person	68 percent
For comfort in times of grief or sorrow	66 percent
Reasons for rarely or never attending services	
Practice faith in other ways	37 percent
No religious belief	28 percent
No church/religion they like	23 percent
