## BOARD BUSINESS and UP DATES

### From the Desk of

*John Pickering, President*

Welcome to our July Media update. Summer is upon us, snowbirds have headed north, traffic congestion has subsided considerably and restaurant wait times are no longer a problem.

I can be reached via cell phone (603-562-9762) or email anytime you want to say hello. I will do my best to help in any way I can from 1,365 miles away.

### Lawn Maintenance/Trees/Landscaping

*John Pickering*

Mowing schedule to share with you by our next Media edition, but for now just plan to see activity each & every Tuesday morning.

TLC is doing a great job for us and is getting to know our neighborhood clusters and trying to better understand the specifics of each lawn and our personal expectations. Please remain patient with them as they continue to understand the unique characteristics of our 317 homes. This learning curve is challenging and they deserve our understanding if we see things being done differently than our previous lawn care service provider.

Remember that change can be difficult but the end result is usually worth the short term frustrations.

## **Director, Roads, Grounds, Utilities**

*Ray Jablonski*

### **PHASE 1 & 2 OUTDOOR WATER USAGE**

**W**atering of lawns should be done with consideration for the whole community. There is only a single water meter that monitors the water usage in both Briar Creek Phase I & II.

The water bill reflects the water usage in both communities. When lawns and other outdoor plants are watered, to the point that water is running down the street into the storm drain, this is a waste of a precious natural resource as well as a lack of concern for fellow residents who pay through their monthly condo fee for the water used in both communities.

There are water restrictions in place by Pinellas County. Usually this time of the year and other times, when rain is in short supply, residents are required to follow county policy concerning the use of water, to ensure that there is a sufficient supply for everyone in the County.

Residents need to follow the restrictions, and if water is running down the street, it indicates that the ground can no longer absorb it and the water should be turned off. It is better to water several times than try to get it done all at once and waste water.

I have been called out several times with what residents believe is a water leak only to find that someone's lawn or plants are being over watered and I have to request them to stop. I ask all residents to show respect for their fellow residents and our precious natural resources and use water responsibly.

## **Director, Archtural Control/Annual Inspections**

*Jeff Clark*

### **New Inspection Process Update**

We're on our way to the start of 12-month home inspections. We have approximately 105 homeowners that have already chosen their inspection month, so we still have a way to go on that front. Here's what you need to know for the month of July:

Inspections will begin October 1st, and the cut-off date for selecting the month you want your home inspected is September 1st. If I haven't heard from you by then, I will be choosing your inspection date. Let me repeat: **IF YOU HAVE NOT CONTACTED ME BY SEPTEMBER 1ST WITH YOUR PREFERRED INSPECTION MONTH, I WILL SELECT THE MONTH FOR YOU.** I don't imagine you snowbirds want a summer month for the inspection of your home; please let me know NOW so I don't have to choose the date for you.

There are only three inspection dates still available for the month of April, and they're reserved for snowbirds only. If you're a year-round resident and haven't picked a month yet, please choose any month from May through December.

The inspection sheet will be all-new. It will be just one page (instead of the current 2-part carbonless form), which will make it clearer and easier to understand. You'll still need to sign it and return it to the Director's office, but you're encouraged to make a copy of it for your records.

Why these changes? Mainly, it's impossible to inspect all 317 homes and wrap up the necessary paperwork in just one or two months. In fact, I'm continuously working on the inspection process. So I asked myself, "if this is truly a year-round job, why not spread out the responsibilities over all 12 months?" Many residents contact me every year, asking that there inspection be delayed for any number of reasons. Have you found it difficult scheduling one of the power-washing businesses to clean your home? WE ALL HAVE! That's because we're ALL trying to get them at the same time. Making this a 12-month event will reduce the "log jam" of work for these companies, as well as our own frustrations in trying to get the work done.

## **BC MART**

*Dave Doran/Ray Jablonski*

**Y**ES! We will be open on the same schedule. The ever changing inventory includes lots of wicker, lots of chairs, bar stools, nice dressers and end tables. Come on it and poke around for hidden treasures. If you want to leave home for a while – we even have some nice luggage.

The hours remain unchanged: Wednesday and Saturday from 10 – noon. [www.mybriarcreek.com](http://www.mybriarcreek.com)

## **WEDNESDAY MEETINGS**

*Dave Doran*

**W**hile the snow-birds are away, our 8:30 Wednesday morning coffee hour is sparsely attended. We still have great coffee and delicious donuts available. It is still a great place to meet up with residents; have a laugh or two and find out what is going on in the BC community during the short meeting that follows coffee.

## **SOCIAL CLUB**

*Dave Doran & Kathy Wawrzyniak*

**S**ummer in BC is hot and quiet; but those of us here year round appreciate an opportunity to get together and socialize in the clubhouse.

We have a couple of movie nights scheduled and hope to see a big crowd on Tuesday, July 9 to watch “With Honors,” featuring Joe Pesci. In this 1994 film, a homeless man lives in the furnace room of Harvard’s Library. Pesci never fails to entertain. The movie incorporates all of the outrageous story lines into an unforgettable comedy.

Who knows? We may even spontaneously add another flick here and there if there is a good turnout.

Look for BINGO to return in September.

## Bowlers

---

*Gene Arend*

**O**ur Phase I bowling league bowls on Friday at Noon at the Maple Leaf Countryside lanes on the service road North of route 580. We will start mid-October although some of our snowbirds arrive early November. We have at least one or two openings this season and there is always room to add a whole team of four. We bowl more for the fun and social aspects of the game so don't think your average is a concern. There is always someone available to teach you either the right way or wrong way to bowl because none of us are Pros or maybe we have a few Pros in disguise.

## POKER

Gene Arend

Every Thursday from 5:30 to 9 PM a small group of men play 7 card stud in the room behind the library. You could lose a nickel or a dime so bring some.

Usually we tend to just carry our little bags of coins and take turns winning, ending up just circulating the nickels and dimes between players each week. Yes it is just men, we have not yet made the transition, and we tend to socialize more than gamble and usually in humor best suited for men. No offense ladies we are just a bunch of old farts ranging from 55 to 95 taking a night out.

It is open to all resident males over 18 of Briar Creek. And YES we are legal, Under Florida Law 849 our pots are never more than \$10, in fact usually are not more than \$0.50 per player and that's assuming everyone has a good hand, which we all think we have until the last card. All we can save is it's cheaper than the Movies and Pop Corn and sometimes more entertaining. Plus as Ben Ragonese (excuse me "Sebastian") would say "I deal a winner every time".

## From the Nest of Freddy and Fanny Flamingo

Dave Doran

**F**reddy's word on: when shopping to have work done in and around your house remember that while price is important keep other things in mind. Those other things are: make sure that whoever you hire is insured and proper permitting from the city of Safety Harbor must be issued.

The permit is very important especially when you are ready to sell. Upon inspection of the house if there has been work done to the structure and no permit can be located guess what!? Yep, you will have to pay for the un-issued permit out of pocket. Do it right the first time!

Fanny wants to remind you not to give into the temptation to park in your neighbors' drive-way while they are away unless they are aware that your car is there. It is just the right thing to do.

## What's Going On in the Creek?

**I**f you or someone you know needs special assistance to evacuate during Hurricane Warning, the county has a Special Needs Program. Register NOW by visiting [www.pinellascounty.org/alertpinellas](http://www.pinellascounty.org/alertpinellas). Do not wait until a storm approaches to register. If you don't have access to the internet ask a neighbor to help you register.

It is a good idea to routinely pick up a few non-perishable supplies each time you shop during Hurricane season. Once warnings are issued, grocery shelves may quickly empty. If you opt to go to a shelter you may want to bring some food and water for yourself. Have enough pet food on hand, too. Not all shelter allow pets. Most stores have hurricane preparedness information near the entrance/exit – grab one.

Please look out for your neighbors if they need help during a storm.

**REMINDER :** We need donations of small boxes, jewelry, purses, scarves, bags, belts, etc. for the annual Bazaar. Contact Patricia Fontaine for donations.

## Hurricane Preparation

Gene Arend

**H**urricane season has begun. There is no need to prepare for a hurricane until it threatens our area.

### WRONG FALSE YOU WILL BE A STATISTIC

If you wait likely all of the things you need will not available, you will rush to prepare or forget something. **Prepare in advance.** You can buy extra water now, it does not go stale during the hurricane season and you will have it afterwards to use up.

On the mybriarcreek web site under the Disaster Mgt. tab is a link to Pinellas Emergency Management. There is a Hurricane Booklet with printing instructions which includes information friendly to Briar Creek. Where local Pet Hotels and Hotels in our area, some of which for a nominal fee will hold a reservation also area evacuation centers.

Important phone numbers and a Grab-N-Go packet, Evacuation routes, preparations for Pet Safety, Storm Survival Kit, Home Site Precautions and Radio Hurricanes stations.

The web page also has information on Hurricane Essential Kits, Flood Map, and information on what to do for Hurricanes, Lightning, Storm Surge, and the Aftermath. Also a Hurricane Tacking chart. **Don't wait, be ready.**

Your Copy Kit should contain a copy of every bill you pay, such as Electric, Cable, Telephone, Passport and other essential information; place that in the Grab-N-Go Kit. They all contain account numbers and information you will need in the event a Hurricane visist Briar Creek. Please don't become part of our Memoriam Web Page, plan now.

## Some Internet Tips

Gene Arend

**T**hese may prove helpful when surfing the web and especially the mybriarcreek website. Our website may have changes published daily and in some cases updates made to one of the web pages more than once in the same day. This is because the webmaster is a resident volunteer with immediate access to the web server rather than a support service when scheduling changes can take time.

Under "Tools" on most internet browsers there is "Internet Options" that will allow you to indicate you want to "Start with the Home Page" of a website. You can also check the box for "Delete Browsing History" and this will clear any previously stored web information. Internet Browsers, in order to speed display, will store web page files in a temporary folder on your hard drive. When you revisit that web page it can display the old files stored and not the most

*Continued on page 30*

recent file that was changed. If in doubt to ensure you are seeing the correct information when returning to the same website, especially the same day, press the “F5” function key which will refresh your view. Some prefer to retain their browsing history so they can use the drop down display so the “F5” key is the sure way to know you are current.

See something on a web page you want to copy and save. Position your mouse cursor symbol to the immediate left of the area or text, depress and hold the left mouse button, shade in the area you wish to copy and let go of the mouse button. Immediately press the “CTRL” key and the “C” key on your keyboard at the same time. Open a text page such as a new Word blank page. Press the “CTRL” key and the “V” key on the keyboard and you will have the information which was just stored in your “Buffer”. This includes graphics if that was shaded. Depending on web designs or pages this sometimes may vary.

Want to save the web page you are on so you can return later. While on the web page click the menu item “File” and then in the dropdown window look for “Send” click and select “Send to Desktop”. An icon for that page will be created on your desktop. You can then return to that webpage immediately. Be aware when using that Desktop Icon again you may have to employ the “F5” function as something may have changed since you save the icon. To remove the Icon point the cursor to the Icon, press the right mouse button and click deplete. The shortcut is deleted.

Visitor Parking is at the clubhouse on the side of the shuffleboard courts, (grassy area). Please put the VISITORS PASS in the front windshield. Residents who do not have the pass can contact a board member. Parking in an empty carport is NOT allowed without permission.

STOP at ALL STOP SIGNS, and, our SPEED LIMIT is **15MPH**. Your help is greatly appreciated.

PLEASE remind your visitors this summer of our rules and regulations as far as the Pool , speed limits and parking etc.....You are responsible!!

#### Clark Woodard

Recently one of the air conditioners in the exercise room stopped working and wasn't fixable. A special thanks to Sharon Straub for alerting me to the situation. I was able to do some research on the best type to buy. I'd like to thank Bill Russo and Pete Foley for purchasing and installing the new air conditioner in such a timely manner.

#### Jean Schmidt – Alterations/Renovations

With the summer season upon us, there will be probable delays in having any alteration requests approved. Please do not plan an alteration that needs "immediate" approval! Alteration requests require four Board Members to approve and sign.....most of the summer there will only be 3 of us here at any time and my "partner", Clark Woodard, is gone until the fall. We have received a suggestion to display alteration request approvals in resident's windows during work being done. The Board decided it would be better if we posted a list on the Board of Directors Bulletin board. For those interested, I have posted it since middle of April. I update it as projects get completed and new requests come in. Thanks for your cooperation!

## Travel Club

*Karen Johnson & Roz Lucas*

---

**H**appy July 4th everyone. It's been a hectic June with the Cuba situation but it's been handled great by our travel agents. It was all so confusing in the beginning. For all of you who have decided to stay with the cruise we are really getting a great deal. \$25 cabin credit to begin with, \$100 per person (NOT per cabin) with the Carnival incentive, and now not having to pay the \$75 visa fee on the ship is quite a savings on a trip that only cost between \$600-\$700. We are all still looking forward to a fun time even though we are disappointed about Cuba. Hopefully, there will be another chance in the future to go.

We have a great trip going to Atlanta March 23-26 2020. 3 nights at the great Drury hotel, For all of you who have stayed there with us before, you know that includes 3 free drinks per person every cocktail hour! The Georgia Aquarium, a Coca-Cola tour, CNN tour, and the famous Atlanta movie tour. Dinner is included all 3 nights. Mary Mac's Tea room, famous for their fried chicken is one of the nights! And of course, breakfast, bus, and gratuities are also included. \$699 double for everything! Sign-up sheet is on the board and you can always call Advantage cruises and put it on your credit cards.

We are getting quite a response to the wine country cruise in April of 2020. LA to Vancouver with an overnight in a hotel in Vancouver. This will be on the Star Princess, a beautiful completely refurbished ship in 2018. Don't miss out on a really different cruise for a change!

And then for a short get-a-way, there is our Cruise for Cancer with Marie and Dale on the Mariner of the Sea. December 2-6, 2019. There will be cocktail parties and special entertainment and lots of fun for everyone. Call advantage and sign up before the prices change!

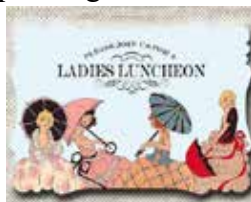

More information on all our things next month! See you all on the bus!

If you're not on the phone tree, and you have an e-mail address, maybe you should think about getting on. All you must do is e-mail me at [BC2phonetree@gmail.com](mailto:BC2phonetree@gmail.com) with your name, e-mail address, your street address and phone number. A response will be sent saying you have joined. I use Google Groups; your e-mail does not show in the group. I'm the only one who has your email address and I do not share it. I have around 150 households on the phone tree currently.

Is your spouse the one getting the e-mails and you never know what's going on? I have several families where both spouses are on the e-mail chain so they both read the e-mails at their convenience. So, if this appeals to you, send me your e-mail address.

Reminder, if you are on the BC2PhoneTree and you are not getting the e-mails please do the following:

1. Check in your spam, trash or whatever the file is called that messages disappear in, to see if the messages went there.
2. If they are not in that file, please send me you e-mail again so I can check it. Send it to [BCIIphonetree@gmail.com](mailto:BCIIphonetree@gmail.com).

When a message is sent out on the phone tree and you respond back, that comes to me, the phone tree. If you want to respond to the person who requested the e-mail to be sent you need to contact them.

## Travel Tales

*Bill Steiner & Sheena Lee*

---

Florida summer weather makes a good time to escape north to cooler weather, but snow was not really on our wish list. But that's what we encountered this year on a Caravan bus trip from Mt Rushmore, through Yellowstone and the Grand Tetons to Salt Lake City.

Well, there was snow on the ground, especially at Mt Rushmore; in fact the site had been closed to all visitors two days before our visit because of it. But we were lucky, despite the snow piled around us, only some walking trails were closed and our tour was able to go ahead as planned.

This was our first long (7 day) bus tour and we were very happy with the company, the (brand new) bus, the hotel accommodation, the tour director and our fellow travelers. Fortunately it was too early in the season for any screaming babies or noisy school kids.

We arrived in Rapid City, N. Dakota, on a grey rather dismal afternoon and what we saw of the town on the way to our hotel from the airport looked about as gray and dismal. The next day was a different story, under a clear western blue sky, the town looked attractive and worth a visit, especially to see the avenue where every corner featured a life size statue of a US President.

We spent the first day visiting the awesome Mt Rushmore, an absolutely amazing creation, and then went on the Indian Crazy Horse stone carving, an even more immense project that is projected to take another 100 years or so to complete.

After that it was back to Rapid City, the Presidents' statues, and a good dinner before getting ready to head out to Yellowstone the next day.

This was our longest day of driving, some 400 miles, but we were enjoying such glorious sunshine that the tour guide took us in to see the immense Devil's Tower in Wyoming, a weird geological artifact and a great photo opportunity. We had lunch at the gorgeous old Sheridan Inn in Wyoming.

Also that day we stopped at the Little Bighorn Battlefield Memorial in Montana, a very moving site with memorials to both the US and the Indian sides and a small museum with a large collection of memorabilia. We spent the night in Billings, Montana, where the Lewis and Clark expeditions had camped, so we brushed up on our history about that expedition.

The next day we entered into Yellowstone after a beautiful drive through Paradise Valley with towering mountain ranges on each side. Lunch was in Mammoth close to the northern park entrance and it was enjoyed in the company of the elk meandering through the village.

My take is that Yellowstone is fabulous place for viewing wildlife (we were visiting early enough in the season that the major animal groups had not migrated into the high pastures), the valleys and meadows were beautiful, and the geological features, the hot springs, the geysers, the mud pools were fascinating to look at but the land immediately surrounding these features was drab colored and barren. This was true of the area surrounding the Old Faithful

Inn where we stayed for 2 nights. The Inn itself is an awesome wood structure, with rather basic accommodation. The Park wants it to stay as original as possible, so no Wi-Fi and no TV. This meant that after dinner, guests stayed in the lobby area and the balconies above to chat, mingle, listen to the music, play cards etc. All very different to a stay in a modern hotel.

Our second day in Yellowstone gave us a tour of the “lower loop”, beautiful waterfalls, grand old hotels on Yellowstone Lake and, of course, more animals, and more opportunities to see Old Faithful spout into the sky.

The next morning we left Yellowstone and headed towards the Grand Tetons, and the highlight of the day was a 10 mile float down the Snake River on a rubber raft. This was the boat crew’s second trip of the season and snow melt made the water very high, so some people were a bit leery, but we all made the trip and loved it. So peaceful.

We got to Jackson in the late afternoon. What a neat town! Of course we headed to the Million Dollar Cowboy Bar to enjoy a drink sitting on a saddle at the bar. The only thing was the saddle wasn’t very comfortable so we moved to a table. Wonder if this was planned to allow more tourists a turn in the saddle seats?

The following morning was our last day of driving, as we headed out for Salt Lake City in Utah. We thoroughly enjoyed a stop at the National Oregon Trail Museum, and their “virtual reality” wagon ride. By the afternoon we were gazing at the Salt Lake City temple complex and had enough time to have a short visit and a look inside. The tour sponsored a farewell dinner at the Hilton where we were all staying and most of the group was getting ready to fly home the next day.

We had arranged a late evening flight for the next day, so we had extra time the next day to visit the Family Search Center, and then we took a quirky tram tour of the town. What an absolutely beautiful city...really worth a second visit.

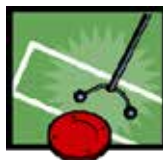

We’d certainly do another bus tour, and would recommend the tour and the tour company, Caravan Tours. All the states we visited were new to me and we saw some beautiful country. Meanwhile, we’re going to search for more vacation options in Utah.
