BOARD BUSINESS

BOARD NOTES

Connie Potter-Holmes, Secretary

KEEPING OUR RENTALS UP TO DATE

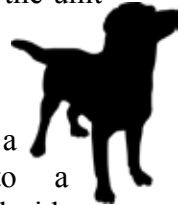

As everyone is aware, the Rental/Lease Policy was updated at the March 2017 Board of Directors meeting and took effect on April 1, 2017. Thank you to those who have followed these guidelines to date and those who are currently doing so. Please note, if you currently have a “snowbird” rental and have not notified me of your intentions to continue to rent again for the 17-18 season, I need to hear from you immediately or you could lose your ability to rent. We currently have a WAITing list and if I do not hear from you by August 1, 2017 with your information, I will be forced to withdraw your option to rent. The policy was put in place to benefit all homeowners, not just a select few. As we are a Homeowner community and not a rental community, it is imperative that this policy is enforced. So please do YOUR part and send your information immediately. My email is connie@mybriarcreek.com

ALSO, please do not expect to submit a lease application to Amy at Progressive Management one day and expect to have everything competed for your rentor/lessor within 24-48 hours as this is NOT possible. Amy must have the background check completed and then she will send

me her completed file for my follow-up. If the person is long distance, I will attempt to do a pre-interview over the telephone with the person and then conduct a face to face interview with them within 3 days of their arrival in Briar Creek, for their convenience. If I am not at the park, I will have someone designated to do this for me.

Briar Creek 1 is a single family 55+ community and at NO time shall a person under 18 years of age be permitted to occupy a unit for more than 60 days as a guest of the unit owner or rental occupant.

PETS vs. NO PETS

As we are all aware, Briar Creek consists of a Pet Section and a NO Pet Section. In recent months/years, this has developed into a major issue community wide. Not only in Briar Creek, but the state of Florida, also nationwide due to regulations from HUD and the FL governing body. When we ALL purchased in Briar Creek we were made aware of this and signed papers we would live by the Rules and By-laws. If we did not read them, that is our own fault! Let’s address some of the issues. The law now allows for an Emotional Support Animal in anyone’s home, but ONLY after completing a medical request from the Doctor treating the patient seeking permission. The law states:

An emotional support animal is not a pet. An emotional support animal is a companion animal that provides therapeutic benefit to an individual with a mental or psychiatric disability. The person seeking the ESA must have a verifiable disability (the reason cannot just be a need for companionship). All the guidelines can be found online if anyone cares to research the issue. One must also note that the size of pets allowed in a housing complex as Briar Creek must also be adhered to, even though many choose to ignore the documents they signed to live in Briar Creek forcing the Board of Directors to deal with the fallout. There are only two questions that HUD says a housing provider should consider with a request for an assistance animal as a reasonable accommodation: (1) Does the person seeking to use and live with the animal have a disability - i.e. a physical or mental impairment that substantially limits one or more major activities? (2) Does the person making the request have a disability-related need for assistance animal? In other words, does the animal work, provide assistance, perform tasks or services for the benefit of a person with a disability, or provide emotional support that alleviates one or more of the identified symptoms or effects of a person’s existing disability?

A NO answer to either question means that the housing provider is not obligated to make a reasonable accommodation according to HUD. If the answer is “yes” to both, the HUD states the FHA requires an exception to a “no pets” rule.

If YOU, as a Briar Creek resident have NOT registered your ESA with Progressive Management, you will be required to do so in the fall when we do our required community

survey. All future requests will be sent to PG for the determination. This keeps the BOD from having to ask questions and make decisions we are not trained to make.

This is NOT a personal vendetta against anyone! It is the LAW. I, Connie, personally made the decision to rehome my dog when we purchased here in BC. Was it easy, NO WAY! But I chose to do what was right for my dog, myself, and the community I chose to live in. If you are legally entitled to have an Emotional Support Animal, do so, but first follow the law (of HUD, Florida, and Briar Creek). It will save us all a lot of heartache. If you choose to ignore the Briar Creek regulations and by-laws concerning pets and their size, do not get upset when your (former) friends and neighbors begin to treat you differently because of the decision you made to ignore the rules. By the way, I went online and found out for \$49.95 I am entitled to an ESA if I answer the questions correctly. Go figure. DO THE RIGHT THING!

Grievances / Mowing Service

If you have any issue with the mowing service, please report it to Barbara Pesic (727-307-5316), and it would be best if you could report the issue while the crew is still on site but after your lot has received full service. If necessary, the issue will be inspected before being reported to the account manager for resolution.

Due to the danger of approaching workers operating equipment (to you and to them) and because service issues must be reported to management for any correction in service to occur, it is requested that you report your issue rather than instruct the crew. Thanks for your cooperation with this request.

Always fun to join us at coffee hour on Wednesday's, good time to catch up with news and meet new people. Coffee and donuts (for only \$1.25!) are served starting at 8:30 AM. Have any suggestions?...we have a box by the door, please use it, your opinion is important, your ideas are important. Social Club activities go on all summer, check the media or the bulletin boards for information for both Phase I and Phase II. We are looking into using our BC Logo for shirts and (maybe) hats in the future because we have had very positive feedback on the aprons we now use at our functions.

Freddy Flamingo Tip for the Month:

Remember, whenever you pull wires to reconnect them to something else, take time to mark them with a piece of tape before pulling them so you know where that wire needs to go.

Always check in the Briar Creek Website: mybriarcreek.com and click on the BC Mart link. There are coupons you can print out; we have lots of stuff and always a good time... just to come up and browse and have good conversation and a laugh. Join us Wednesday and Saturday mornings from 10 to 11ish!

PHOTO DIRECTORY

Gene Arend, Webmaster

The photo's in the new directory has been places on the Briar Creek website. The full book with the corresponding nature and activity photo's has not posted due to the size of the file. The full book may impose limitations on an individual's computer as the web space required was 10 times the size of the photo portion only. To review the photo's you will need a UserID and password. This is to protect the privacy of our participants. Access is restricted to Briar Creek residents only so please do not share this access with anyone other than yourself. The website does monitor user access and if there is improper use, as the webmaster, I will take the page down from the website if there is abuse. You can obtain the UserID and password by e-mailing webmaster@mybriarcreek.com. The full book is also available in a pdf format however I will need a flash drive from you to load the file.

The photos are of high resolution and if you wish a copy, while on the specific page, point your mouse cursor to the photo and click once. The photo will become highlighted. Then depress the right button on your mouse and select "Copy Image". This will place that image on what is known as the "clipboard" of your computer and you can then paste into a photo editor or Word etc. If you are unfamiliar with this technology, you can email the webmaster and I will return via attachment the photo. If you did not participate in the Photo Directory Program a donation to the Phase I Social Club will grant you access to the file and a hard bound copy of the directory. See either Betty Chatigny or Marge Grohskopf. This donation is to recover expenses provided by the Social Club in the project.

BRIAR CREEK (PHASE 1) EMAIL DIRECTORY LIST

Betty Chatigny

The response to adding emails addresses to the Briar Creek Phase 1 has been positive. Remember, your email address will not be shared with other residents in our park, whether or not their name is on the list.

You will be notified when this system is up and running. Then, from that time on, alert messages, emergency notifications, and other general information can be emailed directly to you. Keep in mind, your email address will remain "hidden" -- even from the other recipients. We have used the list several times already for notifications – works great!

If you want to be added to our Email Directory, give me a call, 727-216-3871, or send an email to bettychatigny@hotmail.com!

SUMMER SHUFFLEBOARD

Martin Shapiro

Summer shuffleboard is here! For both seasoned and new players, we are having shuffleboard games every Monday evening during the summer, weather permitting, at the Phase I courts. Players from both Phase I and Phase II are welcome. Games will consist of two rounds – a short Round 1 with winners advancing to the Upper Bracket and losers advancing to the Lower Bracket. The players in each Bracket will then compete in Round 2 for a Bracket winner for the evening. Each Monday game will have a \$1 entry fee, used for cash prizes for that evening's winners. The games start at 7pm sharp – come at least 10 minutes early to ensure a spot in the game. Practice before the games is allowed. A free lesson for new players in how to play and basic strategy is also available. Contact Martin at (727) 467-0555 or Martin.Pokerx@gmail.com for more details, and to get on the notification list to be notified when the game is cancelled. (Photo Credit: Georgia Douglas)

ENTERTAINMENT COMMITTEE

MEMORIAL DAY hosted by Phase 2

After recognizing all the veteran's in the room and those who gave the ultimate sacrifice, Marge Grohskopf made the call to supper which consisted of delicious pulled pork, barbeque sauce, baked beans, baked macaroni and cheese, salad, pie and ice cream!

In her best Monty Hall impression, Marge then proceeded to ask attendees for potato peelers, Q-tips, brillo pads, and map, among other things! Why? Because she was hosting Briar Creek's version of "Let's Make a Deal"! Executing a well-thought-out event, participants

Continued on page 18

received a colored lunch sack when they purchased their ticket and were asked to fill it with items from the kitchen, bathroom and something you might take on a trip. Once the game began, tables were marked with colored balloons and guests were asked to sit at the table with their corresponding colored bag to make teams. Anyone that matched the item Marge called out received one ticket. Throughout the game there were “stump the room” items. Table-members held up an item that they believed only they possessed. If others in the room

Sharon Philyaw, Elaine Harsh, Nancy Ellis and Sharon Bahm prepare to serve in their patriotic aprons!

had the same item, the stumper received only one ticket, but if he/she was the only person in the room who had the item in their sack, then they received five tickets! Whoo-Hoo! Each table had a winner (the person with the most tickets collected at that table and the room had a table winner (the highest combined number of tickets for all the participants at the table). Prizes were scratch-off!

We are safe and free to observe these wonderful occasions because “all gave some and some gave all” and we owe our Veterans our respect and thanks. Thank you, too, to the Phase 1 and 2 Entertainment Committee Members who worked so hard to make

sure we recognized our Veterans and were fed and entertained at another successful party attended by close to 100 folks! And....we also made a food and monetary donation to the local Food Bank and a monetary donation to “The Wounded Warriors”. (Photo credit: Jerry Richter)

“HERE COMES SUMMER, AGAIN” PARTY

Georgia Douglas

Listening to Lady Gaga, Chubby Checker, the Bee Gees and Brooks and Dunn while watching folks Cha Cha, Twist, Fox Trot and Line Dance proved to be very entertaining! Fred Mbiad, once again, structured a playlist that had something for everyone. While guests enjoyed the sweet and savory snacks they brought, the clubhouse echoed with music and laughter and everyone welcomed Summer in a big way. Mary Houpt and Karen Mbiad hosted our June event and Pat Rivera sold 50/50 tickets. Ray Jablonski took home the money prize and several others took home a variety of door prizes. Bigger isn’t always better....sometimes it’s the smaller gatherings that are the most fun! (Photo credit: Jerry Richter)

CHATIGNY'S WELCOME GRANDCHILDREN!

Editor

Fr Frank and Betty Chatigny of Fox Trail Court recently met their grandchildren! The Frank, Jr and L'il Betty pits were lovingly planted two years ago by Liz Raucci from avocados the Chatignys' raised from birth, harvested, and offered to BC residents. The mature tree on their property was nurtured by them from a pit itself and, over the past several years, has produced quite a lot of absolutely delicious avocados! If any other residents have Chatigny offspring, please let Frank and Betty know! Congratulations Grandma and Grandpa!

REFLECTIONS OF BRIAR CREEK

Linda Eddington

Phil and I had the good fortunate to travel to Ireland, Scotland and spend two weeks with cousins in England during the month of May. The landscape we saw was beautiful, the historical sites were thought provoking and the time with relatives was thoroughly enjoyable. We learned a lot about the troubles in Ireland, the history of the country and drank a lot of what they are famous for, Guinness. In Scotland we saw more historical places and went to the Loch Ness. No monster was sited although the beauty of the water and the mountains is breathtaking. We watched World War II movies in England, saw remaining Royal Air Force bases from WW2 and damaged buildings in London. It was touching to be in the country just before the 73rd anniversary of D-Day.

The month gave me a new appreciation for being home, my friendly neighbors, the priceless value of travel, caring relatives, what we can learn from history and herstory, and the sacrifice service men and women gave for our country's freedom as we celebrate the 4th of July.

"Those who won our independence believed liberty to be the secret of happiness and courage to be the secret of liberty."

Louis D Brandeis

HURRICANE SEASON

2 in a CONTINUING SERIES of ARTICLES:

(CHECK YOUR “ROCK BOX” FOR THE ACCOMPANYING HURRICANE NEWSPAPER OBTAINED FROM THE COUNTY FOR PHASE 1 RESIDENTS BY PAT RIVERA. KEEP IT AS A HANDY REFERENCE)

IT ONLY TAKES ONE!

Patricia Rivera (Phase 1)

One what? Lottery ticket? BINGO number? 50/50 ticket? Raffle ticket? Yes but also...

One Hurricane! For an unprecedented 11 years (2005 – 2016) Florida has been spared from any hurricanes making landfall. Messing with Mother Nature can be a game of craps, though. All recognized forecast predictions are coming in lower than normal for 2017. That’s a good thing, but then through in the unpredictability of reputed El Nino and everything is up for grabs again.

What we need to do is be prepared! Better to be over prepared and not need to batten down or evacuate than be caught off guard and un-prepared.

Here are a few things to keep in mind and have ready to “Grab and Go”:

- Have a Plan.
- Keep your car’s gas tank full during June 1 – November 30 Hurricane Season
- Emergency checklist items:

Pillow, blankets, sleeping bag (comfortable sleeping supplies to use in shelter)

Freeze dried food or tuna, peanut butter, etc.

Drinking water

Flashlight with extra batteries

Battery operated radio with extra batteries

Charged up cell phone with charger (solar charger if you have one)

Medications

Hand sanitizer/baby wipes

Important documents

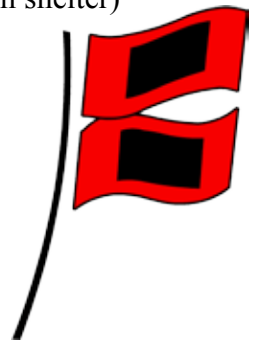

Cash

Games, books, puzzles, something to pass time

• It is also a good idea to “buddy up” with neighbors so that someone knows where you are or will be.

Here is a list of nearby public shelters if we need to evacuate our homes:

There is also a large FEMA manual available for information in the ‘Book Nook’. Think of it as a research resource – look at it as much as you need too BUT please leave it the ‘Book Nook’ for others to peruse, as well.

Pinellas County’s website is an ideal source of information – if you have internet access at www.Pinellascounty.org Look for the Emergency Management tab.

Remember: Prepare! Plan to Grab and Go! Buddy Up! Be safe! Let’s not get caught out in the storm!

“VOLUNTEER”, verb: *To choose to act in recognition of a need, with an attitude of social responsibility and without concern for monetary profit, going beyond one’s basic obligations. From: “By the People: A History of Americans as Volunteers”*

CONTINUING SERIES OF ARTICLES FEATURING SOME OF THE PHASE 1 and 2 BRIAR CREEK RESIDENTS WHO GIVE OF THEIR TIME AND HEARTS BY VOLUNTEERING. WHILE WE RECOGNIZE THEM FOR THEIR SELFLESSNESS, WE WRITE ABOUT THEM TO POSSIBLY INSPIRE OTHERS TO DO THE SAME!

VOLUNTEERING OPENS HEARTS, DOORS, EYES AND PERSPECTIVE – AND IS GOD FOR YOUR SOUL!

Pat Rivera

“Can I get a volunteer to...” We have all been in the room when that request is expressed.

Some hands fly up before the request is completed while others slink down in their chairs, firmly slipping their hands under their bottoms. Thinking back to my first volunteer assignment, I had no idea what I was doing other than spending one-on-one time with my single mom (of eight). We knocked on doors, handing out buttons for Ike and Stevenson (I think). I was about four or five. Mom created a volunteer junkie. Admittedly, some volunteer gigs are more fun than others; the dip tank at the village fish fry was probably the most daring. Yes, I got dunked. It was hot and I lived a block away so it was worth the dip.

Volunteering is a way to invest. The 4-H pledge still influences my choices; I pledge my Head to clearer thinking, my Heart to greater loyalty; my Hands to larger service; my Health to better living for my club, my community, my country and my world. Wow! I was ten years old the first time I took the pledge. It only now occurred to me how deeply ingrained it became.

Most of us in Briar Creek are retired. Some of us are more active than others. There are so many ways volunteering can be performed – some with more thought than effort. Dropping non-perishables in the box for the food pantry, dropping a few dollars of winnings in the cash box for the same cause; helping set-up or clean-up after a gathering, etc. Donating clothes or other no longer used/needed items, the possibilities are almost endless.

My personal choices at this stage in my life are Empath, Sun Coast Hospice and my church. The volunteer opportunities are for hospice are many and varied. Something for everyone. <https://empathhealth.org/get-involved/volunteer/> Check out their website for training schedules, locations, and needs at each one.

My choices include manning the welcome desk and the Care Center, sitting with patients in their final hours perhaps because they have no family or just because ... Through my involvement I have had opportunities to become certified in Reiki, and basic aromatherapy, both techniques can be employed for patients' comfort. I consider it a privilege to be present when needed. I also visit nursing homes with hospice beds and sit during the transitional stage of life – death is imminent. Sometimes, the family needs support, a hug, a few words of comfort, etc. Not everyone is comfortable at such times. There are many ways to participate, though.

The Empath Sun Coast system has three re-sale shops, all manned by volunteers. Patients may need a ride to doctor's appointments; family members/caregivers may need a couple of hours to run errands, etc. There are adult day care centers in need of volunteers...endless opportunities for a myriad of interests. Many of the volunteers are seasonal, so the summer months often result in being short-staffed for some volunteer posts.

If you are unable to connect via the link above, call 727-467-7423 to speak to and inquire about volunteering. By the way, the educational workshops are provided at no cost to volunteers, a priceless benefit.

Thank you to all who attended our Memorial Day Event. We had a turnout of 100 people. The 50/50 sent off a check for \$100 to the WOUNDED WARRIORS. We had two winners of \$40 each Marsha Bowlby and Jim Foster. The food drive was successful with a car load of groceries to the Safety Harbor Family Center. And of course a thousand laughs during "Let's Make A Deal" all in all a very successful and enjoyable day. Thanks for your participation.

Bunco will be on July 27th. Please sign up or call Marge. Bunco is cancelled if we do not have a minimum of 16 players. Dessert is served at 6:30 and we begin playing at 7:00. Bunco is a very simple game to learn if you have never played.

"Pets must be kept on a leash at all times and NOT ALLOWED on Private Property other than the owner's." And, pets are only allowed to be walked in the designated pet area. Most property owners who live in the pet area do not have a problem with your pet using the edge of their yard next to the street, but please do not take advantage of this and allow your pet to go on some one's property more than a few feet. Thank you.

When you became a property owner in Briar Creek II Mobile Home Park you agreed to: "conform to and abide by the By-Laws and Uniform Regulations" in of our Park. I suggest you get out your copies of those documents and review them. Some people have a false conception that our rules don't apply to them!!!

Lastly, if you plan to be away for several days or more, please turn off your water main and your Hot Water tank, it would be an in-imaginable mess to return to your home and find the water had been inundating your home.

Condo Board

Tom Feeley – Vice President

There has been a massive increase of rodents that have been observed in Phase II over the past two weeks. Director Russo has been setting out traps as calls have been coming in concerning the rodents not only on a resident's property, but in and under their home. Upon our investigation into the matter, we found that some residents are feeding birds by either bird feeders and just throwing the bird feed on the ground. The feeding of birds is not a good idea as the feed draws animals with legs to include rats, squirrels, opossums, raccoons and armadillos. These animals carry various diseases, making this a health hazard.

-PLEASE DO NOT PUT OUT ANY TYPE OF FOOD OR FEED-

On June 9, 2017 the board of directors held a special meeting that was properly posted. At this time, all modifications on the agenda concerning the island in front of the clubhouse and the removal of the planters on the clubhouse were postponed. The board of directors did approve the proposal for repairs to all six planters, repairs of three exterior window sills and repairs to be conducted on the pool shower enclosure. The board also approved a beautification project to include the installation of various tropical drought resistant plants to be installed in the planters. The areas located in the front of the clubhouse will be renovated to include the removal of the grass, with new tropical plants, palm trees, weed preventer and stone to be installed. The two down spouts that run off the rain gutter will be piped into the ground to a collection container that enables the rain water to spill out without eroding the surrounding area. The board further approved the removal of the existing palm trees and shrubs in the island area. New tropical *Andonidia* palms and ground flowers will be installed.

The painting of the clubhouse will not happen until the roofs on the clubhouse and garage are completed in early 2018.

Volunteering in the Community

Marge Grohskopf

I enjoy volunteering within my Briar Creek community, but had a need to spend time serving my outer community. I stumbled across "Random Acts of Flowers" a volunteer program that recycles flowers (donated by grocery stores, florists, weddings, luncheons, funerals) creating beautiful bouquets and deliver them to healthcare facilities throughout the Tampa Bay area. There is nothing more rewarding than knowing you are bringing a smile to a face that is enduring a trying time.

As volunteers there are several different jobs. Prepping flowers, arranging, delivering, and collecting vases and cleaning vases. A job available for anyone. Our Dunedin location (one of 4 throughout the US) sends out 300-400 bouquets weekly. We have exceeded 25,000 deliveries. If you would like to know more about RAF you can call 727-754-7974 or www.RAFTampaBay.org. An organization never has too many volunteers.

I thought there was nothing greater than spending time arranging flowers until I had the opportunity to walk through a room of chemo patients and hand each person a bouquet of flowers and bring a moments joy into their day. RAF has given more to me than I have given to them.

We are always in need of vases. If you have any vases you would like to donate I have a Plastic Tub in my carport or leave them at my door. Marge Grohskopf, 97 Briarwood Place.

Please read the article from Pat Rivera about being a Hospice Volunteer in the front section of the Media

Residents in Phase 1 & 2 please contact Marge Grohskopf and tell us about your volunteering experience. Make us aware of what is out there if we would like to contribute some of our time.

Safety Harbor’s 100th Anniversary as an Incorporated City

Sheena Lee

June 17th, 2017 is the 100th anniversary of the official incorporation of Safety Harbor as a city, and according to the opening article in REAL magazine (Recreation, Events, Arts and Leisure) available at the Safety Harbor Public Library, during those 100 years the population of the city has grown from 200 to nearly 17,000 people.

The following brief history is taken from the City of Safety Harbor’s website (<http://www.cityofsafetyharbor.com/614/Celebrating-100-Years>) .

A historic settlement on the northwest edge of Old Tampa Bay, Safety Harbor is celebrating its Centennial (or 100th Birthday). Although inhabited long before the 20th century, Safety Harbor officially incorporated in 1917 and began its tumultuous history as one of Tampa Bay’s quaint but growing cities.

Originally settled by the Tocobaga tribe, prehistoric Safety Harbor served as one of the largest settlements in their chiefdom. However, the introduction of Spanish explorers in 1528 gave way to folklore surrounding the local area and mineral springs—many of which is still commonly discussed today. One of the most enduring symbols of Safety Harbor remain our mineral springs. According to local folklore, they were named the Espiritu Santo Springs in 1539 by Hernando de Soto during his search for the famed Fountain of Youth. Ever since, the mineral springs have acted as one of the many attractions which lured residents and tourists alike to Safety Harbor.

Homesteaders, including some of our area’s most well-known founding families, followed the Spanish. In fact, one of Pinellas County’s most famous homesteaders, Odet Philippe, settled in the area around 1823 and established his homestead in what is present-day Philippe Park. Folklore quickly built up around Philippe, but he remains most well-known for his contributions to the local citrus industry—a booming industry throughout most of Florida’s modern history. Through his introduction of grapefruit, he joined other pioneer families such as the Booths and McMullens in establishing Safety Harbor and Pinellas County—the land of pines.

Officially incorporating in 1917, Safety Harbor met with a series of troublesome events including a fire that destroyed much of Main Street and the surrounding areas, a hurricane which floated portions of the pier into downtown, and the financial troubles that followed the

Land Boom. Surviving both World War I and II, Safety Harbor grew into the town we know today—a quaint community of neighbors where history and heritage come alive.

In addition to listing all the activities for all ages and the special events taking place, the REAL magazine includes a few photos and interesting facts about the city. For example, in 1925 Safety Harbor opened its own movie theatre called the Alden Theatre in a building where the current public library is now.

Another place to learn more about the history of Safety Harbor and participate in the events marking the anniversary is the Safety Harbor Museum (329 Bayshore Boulevard).

STORM FRONT

Wood Storks just standing there
Amidst the thunder and lightning
Nothing seems to bother them
Nothing seems too frightening

Rains come pouring down in torrents
Streets turn into mighty rivers
Winds are blowing, trees are swaying
A mighty punch the storm delivers

Lightning flashes, thunder rolls
Water rushes down the street
Mightily crash the lightning bolts
When their targets at last they meet

Slowly now the storm abates
Not much longer it can last
Until the rains completely stop
And the mighty storm has past

Wood storks waiting patiently
Until the weather subsides
Step by step they walk in tandem
Searching for 'after the storm' delights

What do you really know about Odet Philippe?

I'm sure we all know that Philippe Park in downtown Safety Harbor is named after Odet Philippe and most visitors to the park will have read the Memorial Stone honoring him. But what about the real story of Odet Philippe (1787-1869)? How much is real and how much is myth?

The often quoted history says that Philippe was the first non-native settler in Pinellas County and that the 160 acres of his former estate which he called St Helena is now Philippe Park. He is also credited being a "doctor of noble birth" who introduced grapefruit to Florida and cigar making to Ybor City. Many sources also repeat the stories that he was a childhood friend and schoolmate of Napoleon, a nephew of King Louis XVI, and a surgeon in the French army.

The most credible history of Philippe is a book written by Allison DeFoor, a direct descendant of Philippe. Mr. DeFoor is a seventh generation Floridian who has served as a lawyer, county and circuit judge and as sheriff. In 1990 he was the Republican nominee for Lt Governor of Florida, holds degrees in geography, criminology, and law and the last references I found say he now serves as an Episcopal priest in prison ministry.

DeFoor argues that it is true that Philippe Park is located in the grounds of Philippe's St Helena estate, where he planted grapefruits he had brought to Florida from Cuba, and that there are records that do credit him with introducing cigar making to Tampa.

According to DeFoor the other claims don't hold up. Philippe is unlikely to have been a childhood schoolmate of Napoleon given the 17 year difference in their ages; he was not a nephew of Louis XVI, and it is unlikely he was a professionally trained doctor (one of his peers in Charleston called Philippe a medical quack).

Philippe's first business dealings in the USA were in Charleston, where DeFoor says records show that he made many illegal transactions in the slave trade. By 1830 Philippe had moved to Key West where, according to rumors, he worked with the pirate John Gomez in the slave smuggling business. DeFoor says Philippe's involvement with Gomez was never quite proved true, along with his dealings in the slave trade - though this endeavor was highly likely." DeFoor also confirmed that the first non-native resident of Pinellas County was black and that owning slaves "was certainly customary in Philippe's era even for a free black man".

One story about Philippe that all records agree is true is that during the major hurricane in 1848, Philippe and his family took shelter on the Indian Mound in the grounds of his estate. The Mound of course still exists though not recommended as a safe place to head for refuge during a hurricane.
