## OOPS! REPORT

“Scoop” had a rough time last month. I’m using the excuse that the media deadline was early and I’m sticking to it. The January Dance was not included on the calendar and the wrong date was listed for the Co-Op Board Meeting. I apologize for the errors and will try and do a better job this month. As always, please check Channel 96 (when available), your email, or the Clubhouse Bulletin Board for latest changes

## FROM THE PRESIDENT’S DESK

**H**ave you ever been moving throughout the community and someone waves to you and you are not sure you know who it is? Well, wave back, its ok. Let’s start a new trend in the Caribbean Isles. Let’s be known as the friendliest community in the area. Car drives by, wave, bike passes, wave, walker on your street, wave. It’s simple, friendly and gives you a warm feeling when someone takes a brief moment to acknowledge you are there and shares a friendly gesture, try it and let’s make it an everyday event.

The HOA elected and installed their Board of Directors and Officers in January. I am happy to tell you that all of the Directors were reelected and the Chair Officers remain the same. We meet on the first Monday of each month and all Lease Owners are invited to join the HOA and have input for just a few dollars a household per year dues.

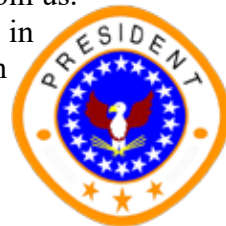

The Hot Dog / Hamburger night is a smashing success, we had to start up the second grill in order to keep up to the orders. If you have not been to one yet, they are on two Mondays during the month, so watch your email for flyers and signs posted in the park. We were not able to have it every 2nd and 4th or 1st and 3rd due to activities that were previously booked so watch for notices. Pancake Breakfasts are also doing well and they are scheduled for the 1st Saturday in February, March and April so mark your calendar.

We attended the first dance of the season the first part of January and what a great time. The theme was Pirates of the Caribbean and the decorations were fabulous. Many of the longtime residents stated the good ole dances are back. We even had a wheel chair dance. There will be more in February and March so again watch for notices and come out and join us.

I just would like to thank all of you residents that attend and participate in the activities that are put forth during the season, it is what drives us to put on these events and your attendance shows us it is worth all the effort.

Best Regards

Ray Sears, HOA President

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

## **GREETINGS CARIBBEAN ISLES RESIDENTS!! SCOOP HERE!! SPEAKING OF SPORTS.....**

**February 2018.....**

In sports news, the Bowling group are picking up where they left off in the first half of their schedule. The Beach Bums, featuring Bob Brun and Ray Duford are back in first place after 2 weeks. The Niners, featuring Kathleen Dudley, Glen Lyday, Tom Turner, and the aforementioned Bob Pesta have slipped a tad but are still in 4th place. But the real story is the Late Comers, featuring Wayne & Cheryl Lively who have stepped it up and are now in 3rd place. Keep an eye on this competition as the season progresses.

In Golf, the 2nd League Scramble was supposed to be held on January 5th at Largo Golf Course. Sadly, Mother Nature did not smile on that date and the event was cancelled. The next scramble is scheduled for February 9th.

The shuffle team is muddling through the schedule but hit a roadblock on January 15th when the opponent could not come up with enough players to field a team. Could it be Mother Nature again?

Now for my favorite part of this column, the sibling report. Larry & Brenda Milobowski (Lot 216) / Carl & Hollie Ruthberg are the proud grandparents of 15 year old Hannah Ruthberg. Hannah is a Level 10 gymnast who attended the Tampa Bay Turner Invitational meet in Bradenton on Saturday, January 13th. The competition consists of 4 events: vault, bars, beam, and floor exercises. Hannah finished FIRST in vault (score of 9.525), FIRST in bars (score of 9.45), SECOND in beam (9.325), and scored a 9.0 on floor. Hannah finished FIRST OVERALL in her level / age division with a total score of 37.3 out of a 40 point maximum.

Miss Ruthberg is a team member of the Perfect Balance Gymnasts located in Charlotte, North Carolina. Their team took second place overall in the competition.

The 4 grandparents were so happy to witness such a fantastic accomplishment by Hannah and her team. Caribbean Isles residents look forward to a possible Olympic sighting in 2020 in Tokyo. Way to go, Hannah!!!

Jeanne & Craig Muncaster (Lot 184) report that their grandson received a GPA of 4.2 in his first marking at West Point. It looks like our country is in good hands with those grades.

### Answer to last month's Trivia Question:

In the midst of the point shaving scandal in college basketball, Ed Curd came up with 2 innovations that would merit him a bust on the Mount Rushmore of Gambling – the point spread and the vigorish. A Scoop shoutout to Bob McAuliffe (Lot 57) for venturing a correct guess on this one.

## New mineral found on Martian surface

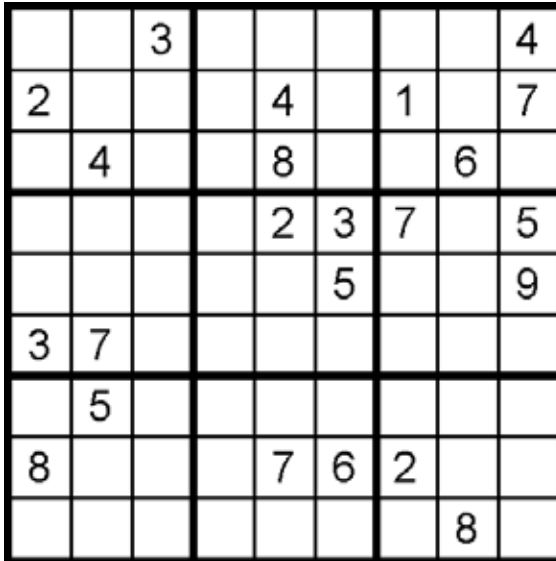

NASA has discovered evidence of an ironoxide mineral on the surface of Mars, the Sci-News website reports. The mineral, called hematite, was detected by spectral analysis of photos taken by the space agency's Curiosity rover in an area known as the Vera Rubin Ridge.

Curiosity zeroed in on a rock dubbed "Christmas Cove," and used its dust removal tool, a wire-bristled brushed, to uncover an area some 2.5 inches across.

Observations made the rover's Mast Camera (Mastcam) and its Chemistry and Camera (ChemCam) confirmed the presence of the hematite, a mineral that may provide information about ancient environmental conditions on the red planet.
