### **January, June & July Birthday celebrants who attended the recent Birthday celebration function**

#### **Birthday Celebrations draw a large crowd . . . .**

On Jan 4th, after ringing in the New Year, we again hosted our next group of Birthday celebrants, which included residents born during the months of January, June and July. There were seventy-five people in attendance and forty were honored. Each honoree received a special cupcake decorated with our lemon yellow icing and a colorful pencil or a bookmark. The menu included cheese and crackers, various fruits, banana bread, danishes, nuts, candy, coffee, tea and plenty of friendship and good cheer. We are looking forward to our next celebration on Friday, Feb 5th at 10am. Many thanks to our wonderful bakers and other volunteers, who made this event possible.

#### **Annual Flea Market on Saturday February 27, 2016**

Plans are well underway for our 2016 Flea Market, from 8am-1pm on Saturday Feb 27th. As in past years, a number of volunteers will be needed – particularly on Friday, Feb 26 - to ensure the success of this event. For those residents volunteering to help empty the shed, and price items, coffee will be available at 10am on Friday. If you are not helping out on Friday, please avoid the Club House that day, in order not to disrupt those who are working. Sign-up sheets are now in the Club House, both for volunteer workers and for donations of home-baking for our Bake Table. In addition, the popular “straw draw” will be seeking donations of new, or nearly new, items with a value of at least \$5.00, as prizes for this fun, money making feature of the day. Straw draw donations can be dropped off to Aline (#173), any time prior to the 26th. As the Boutique will be set-up in the laundry room, park residents are

requested to refrain from using the laundry room from 7:00am on Friday until after 1:00pm on Saturday. Any residents with vehicles parked in front of the Club House overnight on Friday, Feb 26th, are requested to move their vehicle prior to 7:30am on sale day. Bingo will be cancelled on Feb 26th, in order to accommodate the Flea Market. The menu for lunch is in the planning stages and residents are encouraged to stop by the Club House for lunch and visit with friends and neighbors. Additional information, including shopping times for volunteers and residents, will be provided in the February Colonial Villager.

## Here's The Scoop

An **ICE CREAM SOCIAL, "HERE'S THE SCOOP"**, will be held on **Sunday, February 21st, at 2:00 PM** to Meet and Greet new residents of Colonial Village. Come join us and welcome your new neighbors, visit with friends, and enjoy the treats provided by the Social Activities Committee. Sign-up in the Club House before Feb 19th.

## The history of Black History Month

---

**W**e owe much of our greater understanding of black history to Carter G. Woodson. Born to former slaves, Woodson worked hard and against the tide of prejudice to obtain his own education. In earning his doctorate from Harvard, Woodson was disturbed to find that during his studies, history books virtually ignored the black American population. So he decided to take on the challenge of writing black Americans into the history books.

He established the Association for the Study of Negro Life and History (now called the Association for the Study of Afro-American Life and History) in 1915, and a year later founded the widely respected Journal of Negro History. Then in 1926, he launched Negro History Week, the precursor to Black History Month, as an initiative to bring national attention to the contributions of black people throughout American history.

February was chosen as Black History Month for the significant events and people who figured prominently in black American history. For example:

- Feb. 23, 1868: Civil rights leader and co-founder of the NAACP, W.E.B. DuBois, was born.
- Feb. 3, 1870: The 15th Amendment was passed, granting blacks the right to vote.
- Feb. 25, 1870: The first black U.S. senator, Hiram R. Revels (1822-1901), took his oath of office.
- Feb. 12, 1909: The National Association for the Advancement of Colored People was founded by a group of concerned black and white citizens in New York City.
- Feb. 1, 1960: A group of black Greensboro, North Carolina, college students began a sit-in at a segregated Woolworth's lunch counter. The event marks a watershed moment in the civil-rights movement.

## Valentine's Day doesn't have to break the bank

---

**L**ooking for something to do with your sweetheart on Valentine's Day that's not too expensive? Try these ideas:

- Read a story together. Buy two copies of your favorite book or story (or borrow them from your library) and spend the evening discussing it. You may both learn things you didn't know about the story (and each other).
- Team up on a new recipe. Instead of going out to a restaurant, delve into your cookbooks and find a meal to collaborate on. Choose something different and challenging, and enjoy the results.
- Visit a museum. Your town probably has a museum (or two) that you've never been to. Or a landmark you haven't seen yet. Select someplace new and check it out together.

**WITH A STROKE,  
TIME LOST IS BRAIN LOST.**

If you suddenly have or see any of these symptoms, call 9-1-1 immediately:  
Numbness or weakness of the face, arm or leg, especially on one side of the body • Confusion, trouble speaking or understanding • Difficulty seeing in one or both eyes • Trouble walking, dizziness, loss of balance or coordination • Severe headache with no known cause

## Cold weather dangers to watch for.

**W**inter is far from over, and that means staying safe in cold weather is still important. Remember these tips for getting by until spring:

- **Frostbite.** Frostbite can occur in a short amount of time, especially with children. They can lose body heat quickly, sometimes in as little as 20 minutes. Dress kids warmly, but don't over bundle them, which can cause sweating and speed the loss of body heat. Also, discourage kids from eating snow, since it lowers body temperature, which can decrease resistance to frostbite.
- **Carbon monoxide.** Check your furnace and other heating appliances to make sure they aren't creating a danger to your co-workers or family. Carbon monoxide poisoning is often mistaken for the flu. The symptoms include achiness, headache, and nausea. Carbon monoxide is odorless and colorless, and it can affect children before it affects adults.
- **Vehicles.** We all know to walk carefully on icy roads and sidewalks during winter. But injuries can also stem from sliding and skidding vehicles that may not be able to stop before hitting someone. Be sure to walk in bright or reflective clothing, and be careful when walking near snow piles and drifts that may obscure your view or the view of a driver.

## Expect to win

**I**n 1974, Notre Dame's basketball team faced the national championship team from UCLA in a game that everyone expected Notre Dame to lose. According to motivational guru Zig Ziglar in his book, *Success for Dummies* (IDG Books Worldwide), Notre Dame coach Digger Phelps decided that his team was going to win.

The game was scheduled for Saturday afternoon. At the end of Monday's practice, he told his players to cut the nets from each basket. In basketball, cutting down the nets is a celebration of victory. After Tuesday's practice, he again told the players to cut down the nets, and every day after that. By Friday, they were cutting the nets down with confidence and enthusiasm.

And on Saturday, Phelps' team was able to cut down the nets for real, after beating UCLA in the game that Notre Dame was certain to lose. Although cutting down the nets alone didn't ensure the victory, it did get the players into a positive mindset. By the end of the week they expected to win, and so they did.

Be happy with who you are and what you do, and you can do anything you want.

## Valentine's Day, love, and money

---

**M**oney may not buy you love, but on Valentine's Day it can buy a lot of flowers, candy, and jewelry. Americans last year spent \$18.9 billion on Valentine's Day, with the average person paying \$142.93—\$96.63 on their spouse or significant other, and the rest going to gifts for family members, co-workers, teachers, and others.

Men spent more than women—an average of \$190.53, compared to \$96.58. Almost 52 percent of men bought candy for their partners, 61 percent went for flowers, and 21 percent splurged on jewelry.

The gift giving wasn't limited to people, either—21.2 percent bought something for their pets.

## Up all night? Fight insomnia with this information

---

**A**pproximately 6 percent of people in the U.S. suffer from insomnia and the negative effects it can have on health. If you can't fall asleep at night, these facts from the Live Science website may help:

- Keep a consistent schedule. If you can't get to sleep after a weekend, the reason may be that you've stayed up later for a couple of days. Stick to a consistent routine so you're rested on Monday morning.

- Sleeping pills aren't the answer. Specialists caution that medications don't cure insomnia and may increase other health problems.
- Hormones may play a role. Women are twice as likely to struggle with insomnia than men, studies show. Sleepless nights may be associated with women's menstrual cycles, as well as pregnancy, menopause, and other hormonal changes.

Nobody wants to fall into a safety net, because it means the structure in which they've been living is in a state of collapse and they have no choice but to tumble downwards. However, it beats the alternative.

## How TB changed our culture

---

**T**uberculosis once ravaged the nation, and although it's relatively rare in the U.S. now, its impact is still felt today. Here are few ways, according to "The Forgotten Plague," a PBS television series, it continues to influence U.S. culture:

- Ice cream cones. Waffle cones to hold ice cream were developed to replace the small glass containers vendors served ice cream in at the beginning of the 20th century. Customers would return the bowls for reuse, but concern about germs generated the need for something that would reduce the possibility of contagion.

- Short skirts. Long women's skirts that dragged on the ground could easily pick up germs from the streets, especially since spitting was once considered socially acceptable until concerns about disease rose. Women quickly adopted skirts and dresses with shorter hemlines that reduced the danger of picking up unwanted germs and bacteria.

- Shaving. Long beards and mustaches for men were considered stylish, but again, worries about the germs they could carry changed people's minds. The clean-shaven look caught on and became a symbol of the rising middle class.

## Start your day with a breakfast that counts

---

**B**reakfast is the most important meal of the day, many experts (and moms) say, so nutrition and good choices in the morning are key to a healthy lifestyle. Keep these tips in mind to start your day off right:

- Don't skip it. You may think you're too busy or you'll save on calories. In reality, you may not have the energy you need to get going, and you'll probably be more tempted by snacks later in the day.

- Watch the sugar. A food labeled "low fat" may be high in sugar content (yogurt, for example). Juices and coffee drinks can be loaded with extra sugar as well. Keep an eye on unwanted sugar so you don't absorb needless calories—and crash later in the day.

- Get lots of protein. If you put milk on your cereal, remember to drink all of it instead of dumping it in the sink when you're finished eating. Otherwise, try a hard-boiled egg, or spread some peanut butter on your toast.

- Get plenty of fiber. Fiber makes you feel full longer. Bran flakes or an oat bran muffin (without too much sugar) can give you what you need. You can also add chia seeds or ground flax seeds to your cereal.

## A simple favor

---

A man taking a walk one day noticed a small boy trying to use the doorbell on a house across the street. The boy was very short, and the doorbell was too high for him to reach.

After watching the boy's efforts for a minute, the man crossed the street to help. "Hello there," he said, ringing the bell. "What do we do now?"

The boy looked up at him. "Run!"

## Best boss ever

---

Samantha walked into her boss's office. "Tom, my daughter's class is taking a field trip tomorrow, and they want me to drive a dozen third-graders across town to the zoo and stay there with them all day."

Tom shook his head. "Sorry, Samantha, but half the office is out sick. I can't give you the day off."

"Thanks, Tom," she said with a sigh of relief. "I knew I could count on you!"

## The best example

---

The master of a monastery in China was known for his wise teachings. Instead of lecturing people, though, he would demonstrate his purposefulness by sweeping the steps of the monastery every morning with all his being.

Would-be disciples would come to the monastery and ask the man sweeping the steps where the master was. He would reply, "The teacher is teaching now." Because most of the aspirants were looking for a man dispensing advice, they rarely recognized the master—or understood that his "teaching" was meant to show that he was always present in his approach to work and to life.

## Self-employment supports the U.S. economy

---

**S**elf-employment is alive and well in the U.S., according to a Pew Research Center analysis of Census Bureau data. Ten percent of Americans workers—14.6 million people—reported being self-employed in 2014, and another 20 percent (29.4 million) said they worked for self-employed bosses.

Although the self-employed do hire others, their hiring is on a smaller scale, with only 1 in 4 having any paid employees: a median of 3 people, and an average of 8.6.

The Pew statistics show that self-employment plays a vital role in the U.S. economy: Eighty-one percent of people in the agriculture, forestry, and fishing industries were either self-employed in 2014 or worked for someone who was, along with 68 percent of workers in the construction field, and 53 percent of those in professional and business services.

## Technology taking over the college classroom

---

**C**ollege students used to invest in pens, pencils, notebooks, and maybe a pocket calculator before going to class. That's so 20th century. These days 81 percent use a mobile device like a smartphone or a tablet computer to do their studying, according to research by McGraw-Hill Education and Hanover Research.

Smartphones in particular are becoming the tool of choice, with 51 percent of students now using them for study, up from 36 percent in 2013. In general, 77 percent of college students say that technology has helped improve their grades, and 48 percent feel they save time with it.

## Reduce stress with these simple steps

---

**S**tress can undercut your effectiveness at work. Every job has less than enjoyable moments, but when you start feeling ready to burst, put some of these techniques into action:

- Take a 15-minute break. Once a day, spend 15 minutes relaxing. Try meditation, a quick walk, or some inspirational reading. Don't think about your problems, just immerse yourself in the activity. You'll feel better when you get back to work.

- Learn to say no. You probably can't turn down orders from your boss, but you can take more control of your time by not letting co-workers bury you with requests. Help out as much as you can, but let people know—politely—that you've got to stick to priorities. You'll avoid being overwhelmed by extraneous tasks.

Winning is easy, just patronize any advertiser in the newsletter, then submit either the ticket or a paid receipt to us for your chance to win!

## Now You Have More Chances to Win!
