From the Office of Crosswinds.....

Time to Spring Forward: Daylight Savings Time will be March 12, 2017. Be sure to change your clocks forward 1 hour.

As a reminder if you are a snowbird, please check out at the office before departing for your northern home. Here are some tips to weatherize your mobile before you depart:

- * Notify Crosswinds Office of your Departure.
- * Have mail forwarded or held at Post Office.
- * Put telephone on hold.
- * Stop newspaper delivery.
- * Unplug all electronic equipment.
- * Leave A/C set at 85° to keep out humidity in summer, 80 in winter. Change your filter and pour a mixture of 1/2 cup white vinegar, 1/2 cup water in condensation line located by the filter.
- * Turn off the water to your home, flush all toilets to let the 5 gallons of water out of the tank, leave toilet seats up, and cover the toilet bowl with clear wrap to prevent water from evaporating.
- * Pour 1 cup of mineral oil down the drains of sinks, shower and tubs to prevent sewer gas.
- * Invert paper plates over drains with baking soda on top of plates to deter bugs.
- * If you leave refrigerator on, turn off ice-maker and empty out the ice. Leave a loaf of bread in the freezer to prevent constant defrosting. If you turn the refrigerator off empty, clean and leave door propped open.
- * Leave dishwasher propped open.
- * Leave washing machine door propped open.
- * Turn off electric to hot water heater.
- * Leave all inside doors open for better air circulation.
- * Make sure all windows and outside doors are locked.
- * Have you left any lights on a timer?
- * Have you asked a neighbor to watch for anything unusual?
- * Bring in all outdoor potted plants, furniture and anything else that could become projectiles in high winds.
- * Have you left a Departure Slip with the Office?
- * Have you left a set of keys with the Office or an emergency contact?

ENJOY YOUR TIME AWAY KNOWING YOU HAVE CHECKED THIS TIPS LIST

March Water Meter Reading:

Water meters will be read on March 1, 2017. Statement will go out around March 10, 2017 and payment for water will be due with your April 2017 maintenance fee.

RVer's are now responsible for water usage. RVer's should have a deposit on their account. You will get a statement letting you know what your water usage was. Your water usage will be deducted from that deposit at \$.01 a gallon. If you have any questions, please contact the Crosswinds Office.

Activates, Looking Forward to Next Season with your Bird Groups.....

The Cardinal Group is looking at presenting a Graduation theme for January 2018.

Please bring your Grad Picture or younger picture of you in which we could use as part of our theme it would be appreciated.

Thanks in advance Chairs Heather (Lot 525) and Dina (Lot 616)

Come Sing Along at Karaoke

In the month of March Karaoke will be on Friday, March 10th and Friday, March 24th at 6:30 PM in the large hall.

Memorial Service:

Sunday, March 12, 2017 in the large hall at 2:00pm – 4:00pm

Anyone wishing to donate flowers, please contact Nancy Hope (lot 303) 727-546-4746

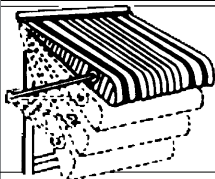

If you can donate refreshments (Dessert Squares, Fruit/Veggie Trays, Appetizers, etc....)

Please contact Mary Beth Leduc (lot 415) 727-827-7114

Everyone is welcome to attend the Memorial Service

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

Coffee Hour

Coffee Hour is always at 8:30am on the first Tuesday of the month between November – April of the winter season.

Sorry for all the confusion last month.

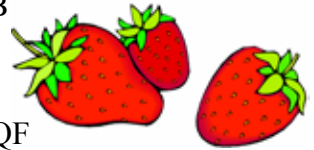

Tuesday, March 7th – Irish Coffee Hour in the large hall beginning at 9:30am

Fresh or frozen? The choice is yours

Mom may tell you over and over again to eat fruits and vegetables that are fresh, but nutrition experts say that frozen produce isn't necessarily inferior. According to *The New York Times*, most nutrients are surprisingly hardy: Iron, for example, stands up to freezing quite well, and fiber does its job whether it's frozen or fresh.

Scientists at the University of California-Davis analyzed the vitamin content in several different varieties of fresh and frozen produce, including blueberries, broccoli, carrots, spinach, and strawberries. They found no significant differences between fresh and frozen items, and even discovered that frozen broccoli contains more riboflavin—a B vitamin—than the fresh selection. Similarly, frozen blueberries have more vitamin C than fresh.

Experts recommend looking for produce frozen using the IQF process—individually quick frozen—for the highest quality.

Watch for these sources of illness while traveling

Traveling has enough hassles—check-in lines, lost luggage, bad airline food—without adding germs to the mix. Be safe by watching out for these common sources of germs and bacteria that can make you sick when you travel (from the CNN website):

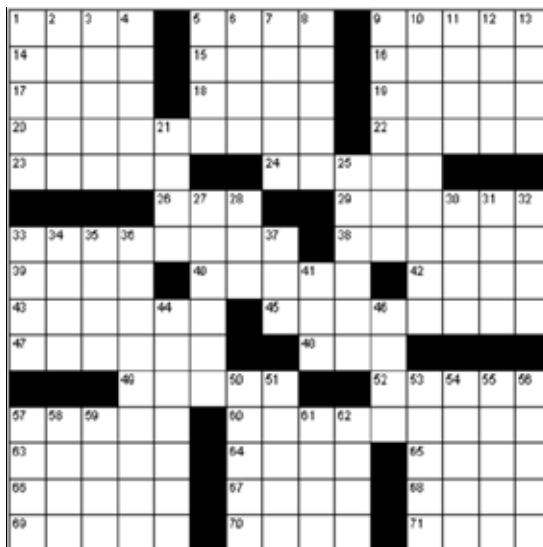

- Washroom stall locks. In one test, airport stall locks were found to have an average of 70 colony-forming units (CFUs) per square inch. Use soap and water or a good hand sanitizer after touching them.
- Seatbelt buckles. Clean your hands after buckling up. Airplane belt buckles can have up to 230 CFUs per square inch.
- Lavatory flush buttons. These can get pretty nasty, containing 265 CFUs per square inch (although overhead vents and tray tables have more).
- Drinking fountains. Thirsty? Maybe buy a bottle of water instead. The buttons on airport drinking fountains have been found to hold 1,240 CFUs per square inch.

VINYL IS FINAL

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

George Lordstrom, Saint Petersburg, FL

Ancient gold belt dug up in U.K.

Archeologists in the U.K. have dug up a 3,000-year-old gold belt in Cambridgeshire, and it's now on display at the British Museum in London.

The object, known as a torc, is the largest ever unearthed. Torcs were usually worn around the neck, but this one measures 49.6 inches, suggesting it was worn as a belt between 1300 and 1100 B.C., or that it was worn by a sacred animal slated for sacrifice. The torc, made of 20 karat gold, weighs 1.6 pounds.

British scientists examining the artifact have found little sign of use or wear on the links used to fasten the torc together, so its original function remains a mystery.

Astronomers discover the sky's smallest asteroid

The universe is full of objects large and small: Sharp-eyed astronomers have recently discovered a near-Earth asteroid just 6 feet in diameter.

The asteroid, named 2015 TC25, was discovered in October 2015 by scientists working with the Catalina Sky Survey. It's one of the brightest of its kind ever observed, reflecting about 60 percent of the sunlight that hits it, and it's one of the fastest spinning. Astronomers speculate 2015 TC25 was chipped off another asteroid, (44) Nysa, a large bright object in the main asteroid belt that's about 44 miles in diameter.

The small rock is about the size of many meteorites that fall to Earth, but astronomers believe there's little likelihood of 2015 TC25 dropping on our planet very soon.

New light on our oldest ancestor, Lucy

The remains of "Lucy," the name given to the oldest human ancestor yet discovered, were found 42 years ago, and ever since scientists have debated whether she spent most of her time walking on the ground or climbing through the trees. The journal PLOS One reports that new evidence suggests the three-million-year-old woman had muscular arms, indicating that she may have been a tree dweller, at least some of the time.

A CT analysis of Lucy's fossilized skeleton shows that her arms were heavily built and similar to those of chimpanzees. Scientists speculate that Lucy may have slept up in the trees to avoid predators at night, spending as much of one-third of her life above the ground. The fact that Lucy may have died from falling out of a tree adds weight to the theory.

Tough interview

Singer/songwriter and Nobel Prize winner Bob Dylan is known for his idiosyncratic and iconoclastic ways. His sometime guitar partner Bruce Langhorne tells a story of one time the two were being interviewed on a talk show in 1965.

Les Crane, the interviewer, was getting frustrated with Dylan's brief, uninformative answers to his questions. So at one point, when Dylan joked, "That's a nice tie, though," Crane pointed out that Dylan never wore neckties, and then gave the musician his tie to calm the tension.

Dylan responded by saying he liked Crane's boots. Crane didn't turn them over. Instead he said, "Hey, Bob, that's a nice harmonica." But Dylan refused to give it up.

Hotel concierges go above and beyond

Hotel concierges have to deal with some pretty unusual situations sometimes. Here are some of their most outlandish stories, from the Huffington Post website:

- One guest in a London hotel requested wild goat's milk for his bath. The concierge had to take a cab to Wales (£600) to buy the milk (£50). Then the milk had to be heated for the bath, and the concierge also had to supply 50 bottles of Evian water to wash the milk off after the bath.
- A bride-to-be spilled coffee on her satin wedding dress, and the concierge spent hours washing the stain out and then drying the dress with a hand dryer, consoling the bride all the while.
- One guest asked for 20 pounds of ice to be delivered to his room for his penguins.
- A couple checking into a luxury hotel in New York for their wedding asked for a life-size chocolate statue of themselves.
- A crew of commercial filmmakers asked the concierge to find them a trained monkey for their shoot when the monkey they had originally arranged for didn't show up.

Monthly

American Red Cross Month. For more than a century, the American Red Cross has harnessed the generosity of the American people, mobilizing the nation in the wake of disaster. The American Red Cross and its international partners have served during crises across the United States and around the world. During American Red Cross Month, Americans celebrate the nation's humanitarian spirit and recommit to providing relief and hope in times of crisis.

Brain Injury Awareness Month. Sponsored by the Brain Injury Association of America, which conducts an awareness campaign each March. The theme for the 2017 campaign is "Not Alone," providing a platform for educating the public about the incidence of brain injury and the needs of people with brain injuries and those in their families.

Music In Our Schools Month. An annual celebration of music educators, students, and communities nationwide, all promoting the benefits of high-quality music education programs in schools. Music In Our Schools Month began as a single statewide event in New York in 1973 and grew to become a monthlong celebration of school music in 1985.

Women's History Month. Women's History Month had its origins as a national celebration in 1981 when Congress requested that the president proclaim the week beginning March 7, 1982, as "Women's History Week." Throughout the next five years, Congress continued to pass joint resolutions designating a week in March as "Women's History Week." Since 1995, Presidents Clinton, Bush and Obama have issued a series of annual proclamations designating March as "Women's History Month."

Weekly

Professional Pet Sitters Week, March 1-7. An annual observance that honors professional pet-care providers, seeking to educate the pet-owning public about the advantages of professional in-home pet care and encourage pet-loving entrepreneurs to explore professional pet sitting as a viable career.

Dental Assistant Recognition Week, March 5-11. Dental assistants are a key part of the dental practice year-round. During Dental Assistants Recognition Week, dentists in the United States and Canada celebrate by honoring their dental assistants for the variety of duties they perform and helping them provide patients with top-quality dental care.

Women in Construction Week, March 6-12. The focus of Women in Construction Week is to highlight women as visible members of the construction industry. The National Association of Women in Construction's thousands of members across the country raise awareness of the opportunities available for women in construction and emphasize the growing role of women in the industry.

Good insurance

A lawyer and an engineer were fishing at an expensive resort in the Caribbean. The lawyer cast his line. “I only have the money to be here because my house burned down, and everything I owned was destroyed by the fire. Fortunately, the insurance company paid for everything.”

“What a coincidence!” The engineer cast his own line. “I’m here because my house and everything else were destroyed in an earthquake, and my insurance company also paid for everything.”

The lawyer looked confused. “How did you start an earthquake?”

Proof

A woman went to a lawyer. “My neighbor owes me \$500, and he won’t pay up. What should I do?”

“Do you have an IOU for the money?” the lawyer asked.

“No, it was just a promise.”

“Here’s what you do,” the lawyer said. “Write him a letter asking for the \$5,000 he owes you.”

“But he only owes me \$500,” the woman said.

“And when he writes you back to say that, you’ll have your proof!”

Joy in one’s heart and some laughter on one’s lips is a sign that the person down deep has a pretty good grasp of life.
—Hugh Sidey

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

THOUSANDS manufactured home residents have won over **\$135,000** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). This month's cash winners are:
