## Coffee Hour at the Large Hall

---

Join us on Tuesday November 19 at 9:30 to kick off the 2019-2020 winter season at Crosswinds with a coffee and donut, courtesy of your Activities Association. Use this time to meet and greet old friends - those who are year round residents as well as returning snowbirds. During the coffee hour, we will be selling tickets to the Thanksgiving Dinner on November 28. See the article in this month's Chronicle for further information.

## Friendship Thanksgiving Dinner, Thursday November 28.

---

This year we are going to do something different for our annual Thanksgiving dinner. For those of you who are unfamiliar with the notion of a "Friendship" dinner, this involves creating a table for your friends and assigning dishes to each family, either a vegetable, dessert, or appetizer - your table chooses. Activities will be supplying the turkey and gravy. Come at Coffee Hour and create a table of 8 with your friends, or join other residents to make up a table. Cost to you will be only \$5.00! Be sure to purchase your ticket on November 19, or see a member of the Activities Board. Deadline to purchase a ticket will be end of day, Monday November 25.

## Reading makes people better, study suggests

---

**D**o you read a lot? If so, chances are you're more kind and empathetic than most people, according to a study reported on the Peace Quarters website.

Researchers in Great Britain asked 123 people about their reading or television watching habits. Then they analyzed participants' social skills, asking questions like, "How often do you consider other people's points of view versus your own?" and "Do you go out of your way to actively help others?"

The results showed that the book readers, usually considered introverted and antisocial, displayed more empathetic traits than people who primarily watch TV. The genre of books seemed to make a difference, with readers of romance and drama showing more empathy and skill at seeing things through another person's eyes.

Of course, it could be that empathetic people tend to read more, instead of reading creating more empathy. Either way, it's good news for bookworms.

## Have a safe Thanksgiving

---

**W**hen you fire up the oven to roast your Thanksgiving turkey, you're probably not thinking about tragedy. But home fires are the most common disaster in the United States, and cooking is the leading cause of those fires. Thanksgiving Day is the unfortunate host to about 4,000 fires each year. Here are some safety tips to keep your Thanksgiving fire-free:

- Stay in the kitchen and keep watch while you are cooking.
- Use a timer if you have something in the oven or are boiling or simmering something on the stove.
- Don't wear loose sleeves or loose clothing when cooking.
- Keep anything that can catch on fire—pot holders, oven mitts, towels, etc.—away from your stovetop or oven.
- Turkey fryers are extremely dangerous, and most safety organizations do not recommend their use.
- Make sure you have a smoke alarm installed with working batteries. Push the button to check that it's working every month, and install new batteries at least once a year.
- After your guests leave, do a home safety check to make sure that all candles are extinguished and all of your cooking appliances are turned off.

## Ditch these financial bad habits

---

**W**ant to handle your money better? Most of us do. The Motley Fool website advises breaking these three bad habits:

- **Paying bills late.** A few days or weeks may not seem to matter, but you'll be hit with late fees, interest, and damage to your credit rating. Do your best to pay all your bills on time. Set up reminders so you're always on schedule. Automatic payment is one reliable option.
- **Accumulating too much debt.** Not all debt is bad, as long as you manage it sensibly and pay it off in a reasonable time. If you can't pay off your credit cards and other debt by the end of the month, set up a budget that helps you monitor and control your spending before debt gets out of control and hurts your credit rating.
- **Not saving.** Putting money away can be difficult, but not saving any money is a mistake. You should have a reasonable cushion in case of emergencies—at least three months' worth of living expenses. Look for ways to cut costs, and set up a separate savings account so you're able to keep track of savings and spending money easily.

## When and where to pay cash

---

**C**redit and debit cards are convenient, but sometimes you're better off using cash. The Reader's Digest website suggests keeping your card in your wallet in these situations:

- **Tipping.** Tipping in cash instead of adding it to your bill ensures that your server gets the full amount.
- **Farmer's markets.** Many vendors have credit card machines nowadays, but not all of them. And the machines can always go down because of a power outage or spotty Wi-Fi. Keep cash handy so you don't miss out.
- **Minimum purchases.** Coffee shops and other venues frequently have a \$5 or \$10 minimum for credit card purchases. Paying cash ensures you don't buy more than you need in order to meet the minimum.
- **Private transactions.** You want to buy a special gift for your spouse, but you don't want him or her seeing it on a credit card statement. Use cash to keep the transaction secret.

**Money and beauty are defenses against the sorrows of this world, but neither can undo the past. Only time will conquer time. The way forward is the only way back to innocence and to peace.**

**—Dean Koontz**

**Michael Crofts**  
FL Licensed Independent  
Health Insurance Agent

Health insurance decisions can be confusing due to endless coverage changes and many policy types. Fortunately, there is someone who can work diligently to help and without cost to you – Michael Crofts, owner of Best Plan Choice.

Through his own healthcare experience Mr. Crofts learned the value of good health coverage and quality medical care. He dedicates his agency to helping people with Medicare and Medicaid needs. You can visit the office to learn about Medicare plan options or he will come to your home.

Every year your Medicare health plan coverage changes even if you do not change plans. Also, new products are introduced and many offer benefits beyond original Medicare and/or Medicaid plans. Baby Boomers had completely different insurance products during their working years. The indemnity and major medical policies are no longer the only choice and often do not meet the financial needs of consumers today.

Don't waste time trying to figure it out. Michael will sit with you and review all of the documents, and answer all of your questions. Most importantly, he will conduct a needs analysis to determine your individual needs – if you expect a hospitalization, use certain medicines, or want benefit like dental or vision – everything is taken into consideration.

Best Plan Choice is there to help you make the right choice and is available long after the policy is written. This means helping with doctor changes, plan questions, annual review of your benefits, and of course taking great care of any friend or family member you refer. At Best Plan Choice clients become friends, and friends become clients.

## Brainstorming isn't the only solution

---

**F**un fact: The man who popularized brainstorming in the 1940s also touted the benefits of solitude when searching for creative ideas. Alex Osborn's book, *Your Creative Power*, described how he brought a practice he'd seen in a previous job to the advertising firm BBD&O (he's the "O").

"The early participants dubbed our efforts 'Brainstorm Sessions,' and quite aptly so," the book says, "because, in this case, 'brainstorm' means using the brain to storm a creative problem—and do so in commando fashion, with each stormer attacking the same objective."

But he also advised solo thinking. "A good long shower or a hot tub often induces ideas. One reason is that while we bathe we are shut off from distracting influences." And he describes one particularly fruitful effort:

"Once when I faced a hard creative task, I went to an inn over 100 miles away. Not only was I uninterrupted—not only did I get away from routine—but, because I had made such effort to go so far solely to engage in creative effort, my imagination seemed to work far better. The very taking of that trip tended to sharpen my imagination."

Brainstorming can be useful, but it's not the only tactic for sparking your creativity.

## An alphabetical guide to inspiration

---

**I**s creativity as simple as ABC? Harvey Mackay thinks so. The businessman and bestselling author shared his formula for innovation and inspiration in a column on the Daily Herald website. Here's how his list begins:

- **A: Advertising.** "Expand your brand beyond media-generated advertising. For example, we painted our company name and phone numbers on top of our delivery trucks so they were visible to people who worked on upper floors of tall buildings."
- **B: Bold.** "People are not inspired by ordinary messages, so give them a reason to remember you."
- **C: Curious.** "Curiosity may not have been good for the cat, but it's a winning formula for people."
- **D: Different.** "Don't be afraid to do things that have never been tried before. You have to have enough faith in yourself to trust your instincts."
- **E: Everyone.** "I firmly believe that everyone has the capacity to be creative, if only they allow themselves to be."

(For the full list, go to [https://www.heraldextra.com/business/harvey-mackay-the-creativity-abcs/article\\_f3703366-1c06-5178-9225-cb821c1a054e.html](https://www.heraldextra.com/business/harvey-mackay-the-creativity-abcs/article_f3703366-1c06-5178-9225-cb821c1a054e.html).)

## Add more plant-based foods to your diet for better heart health

---

**E**ven if you're not a vegetarian, this information may come in handy. According to the Science Daily website, a new study suggests that cutting back on animal-based foods and eating more plant-based foods may lead to a healthier heart.

Researchers analyzed data on food intake from more than 10,000 middle-aged adults in the United States who participated in a study from 1987 through 2016. None of them had any cardiovascular disease at the outset of the study. The researchers looked at the proportion of plant-based food the participants ate compared to animal-based foods. Those who ate the most plant-based meals had a 16% lower risk of cardiovascular disease (heart attack, stroke, heart failure, and other conditions), a 32% lower risk of dying from a cardiovascular disease, and a 25% lower risk of death in general compared with those who ate the least amount of plant-based food.

Meanwhile, another study reported on the Harvard T.H. Chan School of Health website suggests that a plant-based diet may help ward off type 2 diabetes. Researchers looked at data from nine studies that included health data from more than 300,000 participants, of whom 23,544 had type 2 diabetes. Their review of adherence to an overall predominantly plant-based diet found that people with the highest adherence had a 23% lower risk of type 2 diabetes than those with weaker adherence to the diets.

You may not have to go completely vegan, but cutting out meat and eating more fruits, vegetables, legumes, and whole grains can have a positive effect on your physical well-being.
