## EDITOR'S NOTES

---

Hello, Crystal Lake Family! Stephanie here sending you a very happy February!

Change is good. Especially if it means our neighborhood will be better than it has been in a long time. I would like to take this moment to give you an update on the park and the happenings around here. We do have a new on-site manager coming into the park soon. Word around the street is he will only be here a couple days a week for now. Once he moves in he will be here more often. As of today I have not received the actual days and times for his presence in the office.

Please keep placing your rent in the Office DOOR slot (not the wall mailbox). Also, check the slot to make sure it has gone completely inside before leaving. Some have been found sticking out. As for the mailbox on the wall, that belongs to the renters ONLY.

What can we do to help others? If we can help someone else it's always a blessing. Not just to the person your helping but to you as well. Example: If you see someone has left their trash can out for a good part of the day after trash pickup, maybe you can bring it up to the house for them. Or, if your walking down the street and see trash on the ground pick it up and toss it away. Little things can mean a lot to someone who may not be physically able at that time, and if they are anything like me, they hate to ask anyone for help. LOL

I am a chauffeur, and one thing I've been doing a lot of is saying "Hi" to strangers when I'm at work, in the airport waiting for my clients. I have had a lot of stares, as if to say, "Do I know you?" Most of the time I get a smile and a "hello" back. There have been a few times I get a BIG "Hi" and some have even stopped and said that they haven't had that happen to them in a long time; someone just acknowledging them. It made me think about life and how there are so many people in this world...so alone, and we are so wrapped up in our own lives we don't stop and appreciate anything anymore. (I'm preaching to myself here, that's for sure.)

A comedian I was watching about a month ago had a skit on "THE POP IN". Does anyone remember THOSE DAYS? When a friend or family members would "POP IN" for a visit? No call no warning...nothing. Our door was always open.

Well, the comedian goes on to talk about how his mother would go shopping and buy THAT Entenmann's Cake during her regular weekly visit to the grocers. When she would come home she would announce to the whole family, "Don't EAT this, it's for company." (aka. "THE POP IN")

*...continued on page 6*

Then the "POP IN" would come and she would serve that with some Sanka. Any of this bring back some memories?

All I'm saying is I think we all need a little more time to smell the roses. Enjoy our lives and the people around us. There is so much sadness in this world and so many ways to run away from our troubles with drugs, alcohol, shopping, eat. The list goes on and on. When all we really need is each other. That simple "Hi" could be the light at the end of someone's tunnel. Be light today and everyday. Shine and experience all that is around you. Heck, we live in the sunniest place on earth, inhale it, close your eyes, breath and smile.

## HOME OWNERS ASSOCIATION UPDATES

---

**W**elcome to this new section!!! Here is where we will be updating you on all the goings on here at Crystal Lake with the Home Owners Association (HOA). We will be including this in the Courier so if you are a member and you can't make the meetings, you can be up to date on what we are doing to make our homes a better place to live.

First off, I would like to thank everyone that is a member of the HOA! I am also encouraging anyone that is not a member to please contact anyone one of the Board Members or myself for any information I don't cover here.

## HERE ARE THE RESPONSIBILITIES OF AN HOA MEMBER

---

- You will have a right to all HOA information that is not discussed in our Courier. (Meeting minutes and so forth).
- YOUR VOICE is the ONLY way to make a HUGE impact on what we CAN and CANNOT do, when it comes to our rights as home owners in a mobile home community.
- The HOA MUST HAVE 2/3's membership for us to help make the changes we want to make. (ex. Better lawn care, usable washers and dryers, paved streets, water not being turned off for repairs, and MOST IMPORTANTLY rent increases.). This is just a few things we can do. There is much much more!
- We now have a comity of some Board members and HOA members taking this to another level.

## WHAT IS 2/3'S?

---

Answer: We need 115 residents (2/3) in order to act on any concerns we have.

## \*\*\*THE BEST PART OF BEING AN HOA MEMBER \*\*\*

---

- You can have a voice without going to the meetings!
- You can be involved OR not.
- When we have a vote we will come to YOU!
- We will give you basic updates here.
- Anything more detailed, we will send you updates of our progress.
- Membership fee is \$12 a YEAR (\$1 per month) That one cup of coffee a month at McDonald's.

We want to keep you in the loop. We will work for you to help make our homes and neighborhood and wonderful place to live. We want to see things appreciate NOT depreciate. We can't do anything, especially the examples I stated above, without you. We are working very hard to make this park a place that we can be proud of, as well as, depend on all necessary utilities working ALL THE TIME. We can only do that WITH YOU.

Again, I strongly recommend that you join us so we can move forward.  
See you around the park!

## NEIGHBORHOOD WATCH IS – YOU

---

**W**e have had more vandalism in the neighborhood. Plants are being stolen from the fronts of yards. I have notified the police to please patrol more often.

Be Alert! Be Responsible! Be a good neighbor! Be safe!

Remember that your neighbors are the people who you can hope will be watching out for you, too. Don't be afraid to make that call to the PPPD if you see something that looks suspicious to you.

Please make note of the NEW **NON-EMERGENCY NUMBER** – 727-369-7864.  
Emergencies are always 911.

## **WELCOME ALL OUR NEWEST RESIDENTS**

---

**T**he Crystal Lake Home Owner’s Association wishes to welcome you to your new home. We trust you will enjoy your living experiences here as much as we do.

## **MONTHLY HOA MEETING – February 6th @ 7:00 p.m.**

---

**P**lease join us the first Monday of every month when we hold our HOA meetings. This is a great time for you to find out what’s being planned for your entertainment, discuss issues in the park, let us know about any concerns for the Board to take to Management or get answers from past concerns or just meet with your friends and neighbors. We have some new and exciting plans in the making. We’d love to see you there.

## **BINGO & SNACK BAR – SPONSORED BY YOUR HOA**

---

**P**eople tell me all the time that this is one of the highlights of their week.

We want you to bring your appetite to the clubhouse on Friday nights and plan to have dinner at the snack bar starting at 6:30 p.m. There’s always a good assortment of chips and sodas that are included with your burger or dog or buy them separately. It’s a great way to have dinner for \$3.00 or less on a Friday night.

Then Bingo starts at 7p.m. with lots of fun and a great way to bring home some extra cash. If you haven’t played in a while, you’re in for a surprise. It just gets better and better all the time. If you haven’t played it before, don’t worry... we love helping you along. For many of us, there’s no better way to spend our Friday nights. We hope you’ll be there to join in the fun next Friday night.

## **TEXAS HOLD ‘EM**

---

**E**very Saturday from 4pm – 9pm, guys & gals meet in the Clubhouse for Texas Hold ’em. The group started out small but continues to grow with new players joining in all the time. They want you to know that anyone is welcome and invite you to check ‘em out. Be sure to be on time.

### RECIPES

Steamed Salmon with fresh Spinach on a tight budget

Cook time: 15 minutes

Servings: 2

Ingredients:

- 4 Frozen pieces salmon (Aldi sells it for approx \$7 a bag, but you get about 6 pieces individually wrapped)
- 1 bag of fresh spinach (Aldi in the lettuce cooler approx. \$2)
- Lemon juice (Aldi sells a big bottle in the sodas and juice isle approx. \$2)

In a skillet pour in about an inch of lemon juice. Place in the salmon (frozen) and cover. Cook on high for about 5 minutes then turn over and cover for another 5 minutes. Please in whole bag if fresh spinach and cover for about 2 minutes and serve.

(Approx. \$2.15 per meal)

(Yes, I'm an Aldi girl ☺)

## QUOTE OF THE MONTH

---

I can be changed by what happens to me, but I refuse to be reduced by it!

~Maya Angelo

## What chapter was that?

---

A minister told his congregation, “For next week’s sermon, I would like everyone to read the 17th chapter of Mark from your Bible. This will help you fully understand my topic on an important sin.”

The following Sunday, the minister opened his sermon with, “Now, how many of you have read Mark 17 this week as I asked?” Nearly all the hands went up.

The minister smiled. “Mark has only 16 chapters. I will now proceed with my sermon on the subject of lying.”

## How many cats?

---

Teacher: “If I gave you two cats, and another two cats, and then another two, how many would you have?”

Johnny: “Seven.”

Teacher: “No, listen carefully. If I gave you two cats, and another two cats and another two, how many would you have?”

Johnny: “Seven.”

Teacher: “Let me put it to you differently. If I gave you two apples, and another two apples and another two, how many would you have?”

Johnny: “Six.”

Teacher: “Good. Now if I gave you two cats, and another two cats, and another two, how many would you have?”

Johnny: “Seven!”

Teacher: “Johnny, where do you get seven from?”

Johnny: “Because I’ve already got a cat!”

## Cities encourage healthy lifestyles

---

Cities are doing their part to help people stay healthy and physically fit, adding bike paths, parks, public transportation options, and “walkability.” According to Healthways, which uses scientific means to measure and encourage healthy behavior, the cities with the highest “active living environments” are:

- Boston
- San Francisco
- Chicago
- New York
- Washington, D.C.

The lowest scoring cities include Fort Wayne, Indiana; Indianapolis; Oklahoma City; and Tulsa.

## Get up and work out

---

The alarm rings. Do you leap out of bed to head for the gym? Or hit snooze and tell yourself you’ll work out tomorrow? Motivating yourself to get up and start exercising can be tough. If you give in to temptation to skip the health club more than you’d like, try these tips to get moving:

- **Watch what you eat before bedtime.** A heavy snack right before you hit the mattress will make you feel lethargic in the morning. Stick to fruit, vegetables, and lean, protein-rich foods, and don’t eat anything for at least 90 minutes before you go to bed.
- **Go to bed early.** You’ll wake up feeling refreshed and ready to work out if you get enough sleep—seven to eight hours. Limit your TV, computer, and cellphone use before bedtime so you can get to sleep easier.
- **Look forward to something.** Don’t think of exercise as drudgery. Find something you enjoy about it so you wake up excited about hitting the gym, or give yourself a reward for working out once you’re finished.
- **Find a workout buddy.** Exercising alone can be boring. Ask around your neighborhood, workplace, or health club and find someone who works out on the same schedule you do. When you know you’ve got someone waiting for you, you’ll be more motivated to show up.

## Daydreaming can be good for you

**D**aydreams aren't necessarily a waste of time. We daydream for different reasons, but it can have a positive affect on your life and career. Consider these facts about daydreaming from the LiveScience website:

- Daydreaming can be controlled—up to a point. Most people daydream intentionally because they're bored or working on something simple. When tasks require more concentration, drifting off is less frequent, but still happens.
- Blinking is a clue. Wonder if someone is daydreaming while you're talking? Look closely at their eyes. Studies show that people blink more often and more rapidly when they daydream.
- Daydreaming can help with problem solving. Let your mind wander when you're working on a tough problem. Scientists have observed that the areas of the brain involved in problem solving turn more active when we daydream.

## Sharpen your mind with these puzzles

**B**rainteasers are good for honing your creative thinking. Try these to stretch your mind:

1. You are driving a bus with nine passengers. At the first stop, three people get off and five get on. At the second stop, seven people get off and four get on. At the first stop, six people get off and two get on. How old is the bus driver?
2. You have to choose to enter one of three rooms. Inside the first room is a team of ninjas hired to kill you. Inside the second is a tiger that hasn't eaten for three months. Inside the third is a raging inferno. Which room do you enter?
3. Harry is a butcher. He started his career at age 19. He worked for nine years in Boise, Idaho, and then moved to Duluth, Minnesota, where he's been in the same line of work for 14 years. What does Harry weigh?
4. Imagine you're in a leaky rowboat that's sinking. Great white sharks are circling your boat. How do you get out of this predicament?

Answers:

1. Whatever you own age is, since you are the bus driver.
2. Room No. 2. A tiger that hasn't eaten in three months is dead.
3. Meat.
4. Stop imagining.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

George Lordstrom, Saint Petersburg, FL

## Meeting of minds

---

The famous movie actor/director Charlie Chaplin once met the world-renowned physicist Albert Einstein at a public event. According to the Storypick website, Einstein told the comedian: “What I most admire about your art is your universality. You don’t say a word, yet the world understands you.”

To which Chaplin replied, “True. But your glory is even greater. The whole world admires you, even though they don’t understand a word of what you say.”

## Mistaken identity

---

Even Queen Elizabeth II sometimes goes unrecognized. A story from the Hello magazine website tells of a time when the queen’s car drove up to the Royal Windsor Horse Show in 1991. A guard walked up and told her, “Sorry, love, you can’t come in without a sticker.”

Unfazed, her majesty answered, “I think if you check, I will be allowed to come in.”

He did, and she was. The guard admitted later that he’d thought the queen was just “some old dear” who was lost.

## A little praise

---

As a speechwriter for presidents Ronald Reagan and George H.W. Bush, Peggy Noonan introduced such phrases as “a thousand points of light” into the vernacular. But she derived her greatest personal satisfaction from a simple note of praise.

As recounted in her book, *What I Saw at the Revolution* (Ivy Books), four months into her job as Reagan’s speechwriter, Noonan had yet to meet the boss. Then he returned the draft of one of her speeches bearing the hand-scrawled words “Very Good.”

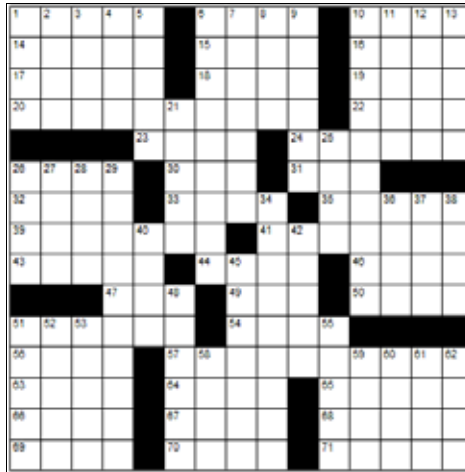

Noonan was overjoyed—so overjoyed that she cut out the note, taped it to her blouse, and walked the halls beaming with the pride of a schoolgirl who’d suddenly discovered she was teacher’s pet.

## Monthly

---

**African American History Month.** An annual observance to recognize and commemorate African American culture, African American History Month (or Black History Month) is celebrated annually in the United States and Canada in February, and in the United Kingdom in October.

**Dog Training Education Month.** Every day of the month, perform one training activity with your dog: jumping, herding, racing, etc. By the end of the month, you'll notice an improvement in your dog's temperament, and you'll share a closer bond.

**National Haiku Writing Month.** Write one haiku a day throughout February—the shortest month for the world's shortest genre of poetry. Don't think writing a good haiku is easy, though. As French philosopher and literary theorist Roland Barthes once observed, "Haiku has this rather fantasmagorical property: That we always suppose we ourselves can write such things easily."

**Teen Dating Violence Awareness Month.** A national effort to raise awareness about abuse in teen and 20-something relationships and promote programs that prevent it. One in three teens in the United States will experience physical, sexual, or emotional abuse by a partner in a relationship before they become adults. Spread awareness, and stop dating abuse before it starts.

## Weekly

---

**Burn Awareness Week, Feb. 5-11.** Observed the first full week in February, Burn Awareness Week is intended to provide an opportunity for burn, fire, and life safety educators to share the message of burn awareness and prevention in communities around the nation.

**National School Counseling Week, Feb. 6-10.** This year's theme, "School Counseling: Helping Students Realize Their Potential," will focus public attention on the unique contribution of school counselors and highlight the tremendous impact they can have in helping students achieve school success and plan for a career.

**Children of Alcoholics Week, Feb. 12-18.** A campaign led by the National Association for Children of Alcoholics (NACOA) to raise awareness of children affected by parental alcohol problems. Children of Alcoholics Week is celebrated internationally each year during the week in which Valentine's Day falls.

**National Invasive Species Awareness Week, Feb. 19-26.** Raise awareness and identify solutions to invasive species issues at local, state, tribal, regional, international, and national levels. Participating organizations include the Association of Fish and Wildlife Agencies, the Environmental Law Institute, and the Nature Conservancy.

## An ancient mystery: How old are Saturn's rings?

---

The rings of Saturn have dazzled humans ever since they were found in the sky, but they contain many unexplained mysteries. One is how old they are. One theory states that they date back approximately 4.6 billion years; another suggests that they're just 100 million years old.

Scientists backing the younger theory contend that the rings should show more evidence of space debris from the Kuiper Belt, which would make them darker than they appear today. Proponents of the older view note that the rings were probably created by a moon or some other icy object falling apart as it passed close by Saturn, an event which doesn't seem to have happened in recent times ("recent" in astronomical terms, at any rate).

Some of the trouble comes from not knowing precisely how massive the rings are—a lighter series of rings could have formed more recently than a heavy-scale one.

The case may be solved by the Cassini space probe, which is scheduled to fly between Saturn and its rings in September 2017 on the last leg of its mission. Inside the rings, researchers can measure the gravitational pull on Cassini from both directions and compare those figures with earlier data from orbits farther out, when Saturn and the rings tugged the probe together from the same direction. Scientists are eager to know—according to the Science News website, researchers have a betting pool on the findings.

## One more reason to fear spiders? Their hearing

---

Spiders can't "hear" exactly, but they can sense and respond to vibrations in the air over relatively long distances. Until recently, scientists believed they were only sensitive to sounds from a few inches away. However, the Sci-News website reports that researchers at Cornell University have found that jumping spiders (*Phidippus audax*) can pick up low-frequency sounds from up to 10 feet away.

The spiders apparently sense vibrations through the hairs on their forelegs, which produce a response in acoustically sensitive neurons. Physically probing a single hair produced the same type of response. The jumping spiders are most sensitive to frequencies produced by the wingbeats of wasps, one of their natural enemies. Scientists plan to examine the brains of fishing spiders and wolf spiders for similar abilities.
