**A Complete Listing of Resident Services
can be found on the page before your calendar**

FMO: FEDERATION OF MANUFACTURED HOMEOWNERS OF FLORIDA, INC.

HOA: The HOA is the local “governing body” of the community. It is a homeowners’ association, created under Chapter 723, Florida Statutes, for the specific purpose of either purchasing the community on behalf of the residents and/or representing the community on behalf of disputes between management and the residents.

FMO: The FMO is the statewide organization that lobbies for and defends your rights as a mobile/manufactured homeowner in Florida. We assist in the training, and offer advice, for the HOA officers and directors in a community. The FMO does not assist with or interfere in the governing of the community. That is left up to the community HOA.

FMO needs your help. If FMO is to continue fighting for your rights and protecting your lifestyle, we must keep our membership numbers high. That is what gives FMO clout with legislators and other government officials.

ONGOING ACTIVITIES

FRIDAY NIGHT SNACK BAR

Friday Nights are the greatest for picking up a quick meal and not having to cook at home. Our snack bar is the best place to order and eat some of your favorite foods with us or carry them out.

Remember also, that the kitchen closes for orders promptly at 6:45 p.m. so that our cook can be free to ‘call’ bingo at 7 p.m. So... come early (around 5:30 p.m. or so) and relax with friends while you eat some of the best cooking you can get on a Friday night.

BINGO NEWS

BINGO kicks off with Derby Bingo. It might not be for everyone, so it starts a few minutes before the regular games. It’s quick and easy and the payout is good. All you have to do is hold your horse and watch for your numbers to be called. Your horse is only \$2 and lots of fun to play.

Next comes SPEEDY BINGO. Numbers are called quickly, and no letters are called so it’s a little challenging. You pay only \$1 for each game card you choose to play.

You have to come a few minutes early to play these two games because our regular BINGO starts promptly at 7 p.m.

AND.... I saved the best part for last. PROGRESSIVE BINGO is back. The total of numbers called grows each week and so does the pot. If no one wins, the pot increases and can grow to \$250 in the weeks to follow.

So, if winning money, hanging out with good friends and sometimes laughing until you cry is the kind of entertainment you want, the CL Clubhouse is your place to be on Friday nights.

PARKING ON THE GRASS

You're house-proud, so you have your friends over all the time. But if you let them park on the lawn (your house, your rules, right?), the vehicles will sink into the yard, compact the soil, and crush the grass.

Crushed grass becomes dead grass; weeds sprout in the dead spots; and soon your dying, weedy, tire-rutted yard starts chipping away at your house pride (and your home value).

The bottom line is Never Park on the Grass! It's not good for the grass and your vehicle might get towed.

CRIME PREVENTION TIP

When writing the date in 2020, write the year in its entirety. It could possibly protect you and prevent legal issues on paperwork. Example: If you just write 1/1/20, one could easily change it to 1/1/2017 (for instance) and now your signature is on an incorrect document.

ENERGY SAVING TIP

Adjust the direction of your ceiling fan blades to better suit your needs and help save electricity.

A ceiling fan should rotate counterclockwise in the summer so that the blades push cooler air down in a column. The counterclockwise rotation is typically set by pushing the directional switch on the side of the motor housing down, but you may need to check your fan's instruction manual to confirm.

You can turn the fan off when not using the room.

RECIPES

FRIED IRISH CABBAGE WITH BACON

Ingredients:

- One pound of bacon
- ½ cup bacon drippings
- 1 small head cabbage, cored and finely chopped

Directions:

1. Cook bacon in a deep skillet over medium heat until crisp, 5 to 7 minutes. Remove bacon from skillet and drain on a paper towel-lined plate. Reserve 1/4 cup drippings in skillet.
2. Cook and stir cabbage in hot bacon drippings over medium heat until cabbage wilts, 5 to 7 minutes.
3. Crumble bacon over cabbage. Stir and simmer until bacon is warmed, 2 to 3 minutes. Season with black pepper.

Irish Zucchini and Potato Pancakes

Ingredients:

- 1 cup prepared mashed potatoes
- 1 cup all-purpose flour
- ¼ cup milk
- 1 egg
- 3 Tbs. melted, unsalted butter
- 2 tsp. salt
- 1 ½ cups shredded Yukon Gold potatoes
- 1 cup shredded cheddar cheese
- 1 small zucchini shredded
- Canola oil, as needed

Directions:

1. Stir mashed potatoes, flour, milk, egg, butter and salt in a bowl.
2. Add cheddar cheese, shredded potatoes and zucchini until well blended.
3. Heat 1 to 1½ Tbsp. oil in a non-stick skillet over medium-high heat.
4. Drop batter by Tablespoons into hot oil.
5. Cook, turning once until golden brown on each side – about 3-4 minutes on each side.
6. Repeat with all remaining batter.

DO YOU HAVE THE STICKER?

Look for the gold sticker and win a GIFT CERTIFICATE. Each month there will be a ‘gold sticker’ in one Courier in our park. Call me if you get it in your Courier and I’ll exchange it for a Gift Certificate

Each month’s sticker expires at the end of that month’s Courier so start reading through your Courier right away and let me know if you get the gold sticker. It’s is placed on a random page and is about 2” in diameter so you can’t miss it. Good luck!

VOLUNTEERS

We will be asking for volunteers to help with advertising our Carport Sale that’s coming up in March. The HOA will be making signs to post at the entrances of the park. What we need is someone to go Online to the Garage Sale sights, etc.

We will be looking for volunteers to help with our Annual Fishing Derby Day and Fish Fry coming up in June. This year it will be an all-day event with fishing, games and food and lots of fun. There will be contests for the size and weight of the fish you catch. More details will be discussed at the Feb. 6, HOA meeting.

We need more discussion about a Fruit & Veg. Co-op. We tried our Farmer’s Market in a different way with little response after the first time and the HOA ended up with a lot of produce to deal with. We’ll be discussing it more on the 6th at the Meeting.

We feel that some of our neighbors will be needing help with cleaning up their homesites when Violations are handed out. If you need help with anything to clear up these violations, contact your HOA Board. Let us know what you need, and we will help you get it done.

PLEASE SLOW DOWN

The Speed Limit in our community is 10mph! We have a few residents that consistently violate this policy.

Their lack of regard for the safety of the residents and wildlife may lead to a needless tragedy. Many residents have physical handicaps whether it is simply a small problem with mobility or being hearing or visually impaired.

Many of us use our streets to take walks or visit with each other.

Someone could be injured, and it would be a needless tragedy. Please be courteous to everyone, and slow down. There is no reason to use excessive speed inside our community.

PET OWNERS & LOVERS

I'm writing this as a courtesy to people who have expressed to me (as the Editor of this publication). Please help us control the cat population and damage to plants, yards and gardens by following the rules of the park and keeping your cat's inside. Even though they might be spayed or neutered they still use gardens and yards for their toilets, yowl and fight at night and spray a terrible odor when marking their territories.

Also, concerns that I hear about dogs still have to do with people not picking up after their pets (even in their own yards) and not keeping their pets on a leash. Please be mindful that pet urine is very acidic and will kill grass. With Spring coming and people taking more time to clean up and beautify their yards and carports we can all help by taking better care to follow the rules.

I have spoken to Manager Tom about their concerns; he told me that people have also come to him about these same problems and that he is looking into ways to handle these issues.

WIN WITH THE VENDORS OF CRYSTAL LAKE PARK

Whether you need a Plumber, a Vapor barrier or a new roof, the first and best place to look is in the right here in this Media!

Supporting the vendors in the Media keeps the monthly newsletter available and helpful to each homeowner because sooner or later you are going to need a service that is advertised.

In appreciation of your support, you could be eligible to win \$5.00 to \$100! Once a job has been completed at your home, the Vendor will provide you with a Monthly Media contest entry ticket.

All you need to do is fill out the ticket and deposit it in the Media box that is located in the clubhouse. There is a limit of one entry per month.

STREETLIGHT OUT

We want to keep all our residents safe especially walking in the park. If you can provide and address to after dark

If you know of a streetlight that is our or not working properly, you can call Duke Energy at (727) 443-2641 with the number on the pole and/or a nearby address. We need to keep our streets well lighted and safe. You can also use the Duke Energy website to make the report.

The business of forgiveness

A marketer and a retail merchant, who attended the same church, struck a business deal together. The marketer heard that the merchant wanted to expand his operation, so the marketer offered the merchant a line of credit on goods to be sold in the store.

Soon after the merchant had used the line of credit, he fell on hard times. Business was bad, and he was unable to pay off his debts. The marketer was troubled. Not only had his first deal with the merchant gone sour, but now it seemed that he might never recover the thousands of dollars owed to him.

In his heart, the marketer knew that the merchant was an honest man who just did not have the resources to settle the debt. The marketer didn't want to contribute to the ruin of the merchant, so he followed his heart and forgave the debt. Soon afterward, the merchant went bankrupt and closed his store.

Years passed. One day, the daughter of the bankrupt merchant visited the marketer. She offered him a small diamond-studded bracelet—a family heirloom—as partial payment for her father's debt.

The marketer explained to the woman that the debt had been long forgiven. But the woman insisted that he accept the offering—if not as payment, then as a token of appreciation. The marketer humbly accepted.

Several days later, he took the bracelet to a jeweler to be appraised and was astonished to learn that its value equaled the amount of the merchant's debt. The marketer returned to his office and entered "Paid in Full" into his ledger—next to the merchant's name.

New Earth-like world detected light-years away

The hunt for Earth-like worlds outside our solar system has reached another milestone. The Science Daily website reports that NASA's Transiting Exoplanet Survey Satellite (TESS) has discovered an Earth-size planet in a star's habitable zone, the orbital area where conditions could be right for life.

Although many extrasolar worlds have been found, few the size of Earth have been seen in the "Goldilocks zone"—an orbit that's neither too close to a sun nor too far away, but "just right." The planet, TOI 700 d, is 100 light-years away in the southern constellation of Dorado. It orbits its sun every 37 days and receives 86% of the energy that our sun provides to Earth. It and other planets in the system appear to be tidally locked, meaning as they circle in their orbits, one side is constantly bathed in daylight.

It's the first time TESS has discovered an Earthlike planet. Other such planets have been detected by NASA's Kepler Space Telescope.

Fun fact: The star was initially classified incorrectly in the TESS database as being similar to our sun, which made its planets appear bigger and hotter than they actually are. One of the researchers who identified the error was a high-school student.

Genetic tweak makes earthworms live longer

We can't make people immortal—yet—but scientists have discovered some genetic tweaks that can extend the lives of earthworms by 500%, according to the Science Alert website.

The earthworms in the study live only two or three weeks, making them good candidates for experiments involving genetic and metabolic processes that they share with humans. Scientists have already discovered that changing the worms' insulin signaling pathway can increase their lifespan 100%. Similarly, alterations to a pathway called TOR (target of rapamycin) results in a 30% extension.

A new study has found that genetically shifting both pathways appears to cause an effect four to five times higher than the single genetic procedure—a synergistic approach that pulls a combination of networks together for the long term.

It's unclear whether the research will ever result in expanded human lifespans, as humans live longer than a few weeks, making experimentation more difficult (and ethically problematic). For now, scientists will have to rely on shorter-lived species like worms, fruit flies, and mice—although in the last year scientists were able to extend the life of mice and reduce their chances of cancer by working with their telomeres.

Obesity affects teen brains

Obesity is a problem at any age, but a new study suggests it has specific risks for teenagers. As the U.S. News & World Report website explains, advanced MRI techniques show that obese teens tend to have less integrity in the white matter of their brains (white matter contains fibers that connect different parts of the brain). The lower white matter integrity was observed in the region of the brain associated with emotional control and reward seeking.

The study looked at 120 teenagers, and its findings are considered preliminary. Researchers speculate that excess body fat damages the brain through inflammation. The study found a correlation between higher levels of inflammatory substances in the blood and lower white matter integrity. Excess body fat can contribute to inflammation.

The teens whose brains were affected tended to have higher levels of leptin, which is involved in appetite control, in their blood, as well as insulin, which regulates the body's blood sugar.

Doctors point out that obesity has many causes and shouldn't be dismissed as a simple lack of willpower about eating. It's unclear at this point whether obesity is responsible for the change in white matter integrity, or vice versa—or a combination of both.

Exercise lowers depression risk

If you or someone you know suffers from depression, this news could help. An article on the MedicineNet website reports that 35 minutes of exercise a day could help lower the risk of depression, even among people with a genetic predisposition for it.

Researchers at Massachusetts General Hospital in Boston analyzed two years' worth of medical records and genetic information from close to 8,000 people. They calculated a genetic risk score for each person that predicted the likelihood of depressive episodes. The data showed that people with a higher genetic risk were likely to be diagnosed with depression within two years, but physically active people with the same score—or even a higher one—were less likely to suffer from depression. For every four hours of exercise a week, the risk of depressive episodes decreased by 17%. Both intense, aerobic workouts and low-intensity practices like stretching and yoga showed the same effect.

Getting active may be the key to mental as well as physical well-being.

New technology

“I’ve finally done it!” shouted the inventor. “I’ve created a computer that is almost human.”

“You mean it can actually think?” asked another scientist in the room.

“No,” said the inventor. “However, when it makes a mistake, it blames another computer.”

Priorities

A college freshman at home for a weekend asked his father, “Do you think it’s better to be healthy or wealthy?”

His father replied, “Son, when you have good health, you have everything.”

My health means more to me than any money or material possession.”

“Well, in that case,” said the young man, “Can I have \$50 and the car?”

A dog’s life

A man was walking through the park when he came upon a boy playing a game of chess against a dog. “This is incredible,” the man shouted. “That is one smart dog!”

“He’s all right, I guess,” the boy replied. “I’ve already beat him two out of three games.”

What you know is what you know

A man driving through the country stopped at a small farm to ask for directions. “Can you tell me how to get to Route 49?”

“Nope,” drawled the farmer as he chewed on a piece of straw.

“Well, then do you know where the turnpike is located?”

The farmer thought for a minute and then shook his head, “Nope.”

“How about Duncan? Surely you can tell me how far I am from the town of Duncan?”

Again the farmer just shook his head.

Frustrated, the driver snapped, “You don’t know much of anything, do you?”

To which the farmer replied, “Nope, but I know I’m not lost.”

An unexpected answer

A preschool teacher showed her students a display of magnets and explained their uses. The children were excited and amazed by these items and spent the rest of the morning playing with the magnets and asking the teacher questions.

Later in the day the teacher decided to quiz the class on what they’d learned. “Who can guess what I am?” she asked. “My name starts with M and I pick up things.”

Imagine her surprise when the children shouted in unison, “Mommy!”

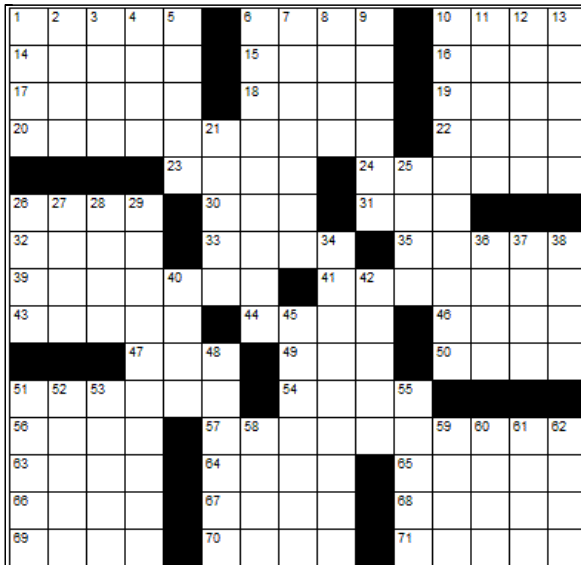

Curiosity about life in all of its aspects, I think, is still the secret of great creative people.
