Dear Valued Residents,

Hello everyone. We hope all is well with you and your families in these trying times. I want to make everyone aware of a few things just to keep you informed.

- We still have no information on when the clubhouse will be opening but I will be sure to let everyone know when we hear something.
- Do we have your current contact information on file? We will be sending out important information via email and text so it's important we know where to send these to.
- Many home sites need a lot of work to get back to community standards. We have held back notices during the Pandemic however it is very important that home sites are well maintained. Homes that look run down and are not maintained bring down the value of not only that home but the neighboring homes also. These issues will be addressed vigorously in the very near future so please get a head start on it if this applies to you. For those who do keep their homesites maintained regularly, THANK YOU. It's very much appreciated!
- If you know someone looking to buy a home, we are still offering the \$500, \$700 and \$1,000 incentives to residents who refer a person who ultimately purchases a park owned home. Easy money for sure. *
- Are you aware that there is a truck at the clubhouse every Thursday at 10am to 11am that is giving away food?

Be on the look out for more information via email and text coming soon. We may not know when this social distancing will be going away but when the time comes, we want to plan on being prepared with activities that everyone will enjoy. I'm sure everyone is eager to get out and have some fun!!

*Contact the community office for more details.

Stay safe,

Tom Grimsley

Bringing people to the center

Shortly after being forced out of Apple Computer, Steve Jobs bought a small computer manufacturer named Pixar. In 2000, he relocated the company to an abandoned factory. The original plan called for three buildings, with separate offices for computer scientists, animators, and the Pixar executives.

Jobs immediately scrapped it. Instead of three buildings, he wanted a single vast space with an atrium at its center.

As Pixar's Ed Catmull explains, "The philosophy behind this design is that it's good to put the most important function at the heart of the building. Well, what's our most important function? It's the interaction of our employees. That's why Steve put a big empty space there. He wanted to create an open area for people to always be talking to each other."

Jobs saw separated offices as a design problem. He shifted the mailboxes to the atrium, then moved the meeting rooms, cafeteria, coffee bar, and gift shop to the center of the building. "The atrium initially might seem like a waste of space," says director Brad Bird. "But Steve realized that when people run into each other, when they make eye contact, things happen."

Jobs insisted that the best creations occurred when people from disparate fields were connected, especially in an age of intellectual fragmentation.

When you plant a tree every day

What used to be a landscape devastated by erosion is now 1,360 acres of forest, and it's all thanks to one Indian man named Jadav Payeng. Jadav planted a tree every single day for 40 years, and now this man-made forest is bigger than Central Park. This incredible forest is also home to hundreds of elephants, rhinos, boars, reptiles, and birds.

This botanical enthusiast says he is planning to plant trees until his "last breath." "Nature is God. It gives me inspiration. It gives me power ... As long as it survives, I survive."

If you want to learn more about this hero, check a short documentary at <https://www.youtube.com/watch?v=HkZDSqyE1do>.

October Monthly

American Pharmacists Month. American Pharmacists Month promotes awareness of the many services pharmacists offer beyond the safe distribution of medications. These services include seasonal and lifespan immunizations; medication reviews to assess safety, effectiveness, interactions, and adherence; care management and counseling for disease states such as diabetes, high blood pressure, and high cholesterol; and smoking cessation counseling.

Blindness Awareness Month. Blindness Awareness Month is dedicated to taking the discussion of all things sight-related to the forefront of the public. It is about having good eye health as well as discussing blindness and visual impairment as a whole.

National Animal Safety and Protection Month. Our pets can't tell us what hurts, so it's crucial to understand what behavior and signs suggest that your pet may not be feeling 100% and what is normal. Breathing rate, dehydration, and temperature are all things to keep an eye out for.

National Substance Abuse Prevention Month. An observance that highlights the vital role of substance abuse prevention in both individual and community health—and to remember those who have lost their lives to substance abuse. The Office of National Drug Control Policy encourages prevention efforts this month and all year long to ensure the health of teens and young adults.

The one permanent emotion of the inferior man is fear—fear of the unknown, the complex, the inexplicable. What he wants above everything else is safety.

In search of the right job recruit

A recruiter asked a job candidate, “Can you handle a variety of work?”
The applicant replied, “I should be able to. I’ve had ten different jobs in four months.”

A recruiter asked a job candidate, “Why did you leave your last job?”
The job applicant replied, “It was something my boss said.”
“What did he say?”
“You’re fired.”

A recruiter asked a job candidate, “What’s your biggest weakness?”
The job applicant replied, “I don’t know when to quit.”
“You’re hired.”
“I quit.”

Hardest worker

An old ranch owner named John had a small ranch in Montana. The state government claimed he was not paying proper wages to his workers, so it sent an agent out. “I need a list of your employees here, along with how much you pay them,” said the agent.

“Well,” replied old John, “There’s my ranch hand Silas, who’s been with me for three years. I pay him \$600 a week plus free room and board. The cook, Ben, has been here for 18 months, and I pay him \$500 a week plus free room and board. Then there’s the half-wit who works about 18 hours every day and does about 90 percent of all the work around here. He makes about \$10 per week, pays his own room and board, and I buy him a bottle of bourbon every Saturday night.”

“That’s the guy I want to talk to, the half-wit,” said the agent.

“That would be me,” replied John.

I enjoy life when things are happening. I don't care if it's good things or bad things. That means you're alive.
