LETTER FROM THE EDITOR

Oh, Happy Day! I can't begin to tell you how happy it makes me when someone says, "I read in the Courier that"... It means that all the efforts of my Assistant and star reporter, Richie and me aren't in vain. I don't even care if the comment is pointing out something that I did wrong, or if something that I said made them uncomfortable, THEY'RE READING it and I love when they tell me about it.

Every month and generally all month long, Richie and I are looking for interesting and helpful articles for you to read. We are reporting events that have happened in our park and things that are coming up. If you have a concern about something that was written, by all means, come to me and let me know and I'll do my best to explain it or correct it.

This is OUR newsletter and it takes a lot of effort on the part of many people to bring it right to your door. First of all, Richie and I do a lot of research to find articles that may be of interest to you. Sometimes we get creative and write articles to inform or entertain you.

Then we send all that information off to the printer. When the printer returns the printed Courier to us, it goes into plastic bags, sometimes with extra FLYERS that tell you what's coming up in the weeks and months ahead. Andi does this; sometimes on just an hour's notice.

After its bagged, it gets delivered to our block captains, Kim H., Dan W., Vickie C. and Richie V. who can be seen walking throughout the park hanging the plastic bags on every door in the park.

So, you see, a lot of effort goes into this little publication that is produced every month just for YOU. We love when you comment on something you've read in it. We want you to let us know if there's something else you would like to see in it. We're always happy to give our fellow residents what they want to see in our very own newsletter.

THE HOMEOWNERS' ASSOCIATION

Why Should I Join The Homeowners' Association?

The Homeowners' Association is the representation of a community standing together to make things better for us all. You should never feel as though you are being 'strong-armed' to join but common sense and life experience tells you that Unity is more powerful than one person standing alone.

So... what do we do?

1. We work to provide helpful information to residents by means of Facebook, e-mail, voice messaging, a newsletter (The Courier) and flyers left on your door, etc.
2. We schedule informative speakers that are of interest to our community
3. We sponsor an active and effective Neighborhood Watch to help keep our residents safe and we are in close communication with the Pinellas Park Police Department
4. We sponsor programs like Bingo for entertainment
5. We are always looking for ways to keep our residents informed by locating and distributing information to help them find food pantries, thrift stores, and other places of need or interest.
6. We can provide wellness checks for anyone who might be interested in a daily phone call to check on their health and wellbeing. This is a must for residents who live alone.
7. We form committees to help residents in need of assistance such as: providing a home-cooked meal, pulling weeds, carrying in groceries or shopping, moving a trash can to the street on trash day and then replacing it after. We have some residents who might be home-bound and have simple needs that most of us think of routine... some things are not so easy for someone who spends much of their time in a wheelchair; and we're eager to do so much more when we know what is needed.
8. We communicate with management regularly to keep them informed of any issues, concerns or questions that our residents may have and then report back to the residents
9. We listen to what YOU have to say and try to find feasible solutions for any issues or

Multiply Your Monthly Mania!

We pay out \$400 every month to residents who submit tickets they have received from using the businesses in the newsletter. Winning is easy, just patronize any advertiser in the newsletter, then submit either the ticket or a paid receipt to us for your chance to win!

Now You Have More Chances to Win!

We are now offering unlimited entries into our Monthly Mania drawing by just *SUGGESTING* a business to advertise.

Here is how it works:

1. Call our office and suggest a business to advertise in the newsletter
2. We will take down your information (name, address, phone number) and enter you into the next month's drawing for over \$400 in cash prizes
3. The more businesses you suggest, the more chances you have to win.
(To qualify each resident can only suggest a business once)

pass your information on to someone who might be more able to help. Whether you chose to be a member or not, we always listen because you are a resident, neighbor and friend here in our community and it's our responsibility as concerned beings to listen.

10. We show that we care about our community in any way that we can.

Many of us are Volunteers, we are the ACTIVE ones; we show up to meetings and help in any way we can when something is needed.

But, we realize that not everyone has the ability to attend our meetings or perhaps they just chose not to for whatever reason, and that's OK. But by becoming a member, they still have a right to be informed of what is discussed in those meetings and more importantly, have a right to Vote on any and all issues that arise regarding a resident's choice; these are the PASSIVE members who show their support by becoming a member and help to provide a more UNITED front. Both Active and Passive members are equally important to the strength of our community. Whichever type of member you chose to be helps to give us a firmer more united stand. It's a winning situation for everyone!

FMO NEWS

*Submitted by Violet Escobar
FMO Park Representative*

The Federation of Manufactured Home Owners of Florida, Inc. warns us that there are serious changes coming to every mobile home owner in the state of Florida as large corporations purchase more and more of our communities. Unless the vast number of home owners across Florida begin to realize how important it is to remain informed and updated on a regular basis regarding their plans for our parks and our lifestyle, it really is futile to expect much from complaining. Remember, there is power in numbers.

The truth is, they have the power unless homeowners wake up and take advantage of two important avenues that are available to each home owner paying monthly lot rent. From here on, IT'S UP TO YOU!

The FMO was created for our benefit and is dedicated to carefully watching over whatever happens up in Tallahassee in the Legislature that may adversely affect our community, our property value and our lifestyle. They keep us informed through a bi-monthly FMO News magazine which is full of helpful information as well as bulletins called WATCHDOG that let us know if we need to take action on an issue before the Legislature.

The second organization that should be and can be most important to every home owner living in a rental community in Florida is their Homeowners Association. One of the ways an HOA can serve the residents in their park is to help negotiate with management whenever an

issue arises regarding amenities, services provided such as maintenance, the quality of their park, and especially when the lot rent increase is excessive.

The HOA Board is important in helping to generally keep the community running smoothly as well as sponsor special activities and hold monthly meetings. A strong HOA truly is an asset for each home owner.

WORD OF THE MONTH - KINDNESS

Article by Violet Escobar

According to Wikipedia, Kindness is a behavior marked by ethical characteristics, a pleasant disposition and concern for others. It is known as a virtue and recognized as a value in many cultures and religions.

It is defined as being helpful towards someone in need, not in return for anything, nor for the advantage of the helper himself, but for that of the person helped.

In 2009, analysts warned that 'real' kindness changes people in the doing of it, often in unpredictable ways.

There are many ways in which we can show kindness towards others beginning with a warm smile and saying "Hello".

We are dedicating Friday September 4th as Kindness Day. What can you do to make someone else smile? Think of act that might seem small to you but will make someone else's day go a little easier and then just do it. If you want to share the kindness that you have done for someone or several people or if you have ideas of what others can do to show kindness, take a moment and write them down; I don't want you to tell me who you are only what you did or what you are thinking might be a nice thing for anyone to do. Remember, true kindness does not seek recognition,

The bible tells us that Kindness makes for a happy heart and that your life will be enriched as you show kindness to others and that whatever you do, do it with kindness and love. Be kind even when there seem to be obstacles in the way. Let us not grow tired of doing what is right. We should always be kind to everyone.

Here's a profound little story that I thought was worth sharing.

During my second year of nursing school our professor gave us a quiz. I breezed through the questions until I read the last one: "What is the first name of the woman who cleans the school?" Surely this was a joke. I had seen the cleaning woman several times, but how would I know her name? I handed in my paper, leaving the last question blank. Before the class ended, one student asked if the last question would count toward our grade. "Absolutely," the professor said. "In your careers, you will meet many people. All are significant. They deserve your attention and care, even if all you do is smile and say hello." I've never forgotten that lesson. I also learned her name was Dorothy. ~JoAnn C. Jones, Guideposts, January 1996

FOR YOUR INFORMATION

ID THEFT

Submitted by Ricardo Vega

WHAT IS IDENTITY THEFT?

WHAT IS IDENTITY THEFT? Identity theft occurs when someone steals your personal identifying information and uses that information, like your name, Social Security number, or credit card number, without your permission, to commit fraud or other crimes.

The crime takes many forms. Identity thieves may rent an apartment, obtain a credit card, or establish a telephone account in your name. You may not find out about the theft until you review your credit report or a credit card statement and notice charges you didn't make - or until you're contacted by a debt collector.

RESULTS OF IDENTITY THEFT

Identity theft is serious. While some identity theft victims can resolve their problems quickly, others spend hundreds of dollars and many years repairing damage to their good name and credit record. Some consumers victimized by identity theft may lose out on job opportunities, or be denied loans for education, housing or cars because of negative information on their credit reports. In rare cases, they may even be arrested for crimes they did not commit.

HOW THIEVES GET YOUR IDENTIFICATION

- They steal your wallets, purses, or mail, including bank and credit card statements, pre-approved credit offers, and checks or tax information.
- They find a lost wallet or purse.
- They change your address by diverting your billing statements to another location by completing a change of address form.
- They rummage through your trash looking for bills or other paper with your personal information on it.
- They pretend to be financial institutions or companies and send spam or pop-up messages to get you to reveal your personal information (also known as phishing.)

PREVENTION

- Do not habitually carry your Social Security card, Social Security number, or your Medicare card.
- Never give personal information over the telephone or internet, unless you initiated the contact.
- Cancel extra credit cards and IDs. Make a list of the credit cards you keep. Never leave a PIN with your card.
- Order your credit report at least yearly - it's free.

We are pleased to welcome our new residents. We are so happy you've chosen Crystal Lake to call home! If there is anything we can do to make your stay more enjoyable, don't hesitate to ask!

SEPTEMBER

Submitted by Richie Vega

F^{ACTS}

- September is the ninth month of the year in the Julian and Gregorian Calendars and one of four months with a length of 30 days.
- September begins on the same day of the week as December every year, because there are 91 days separating September and December, which is a multiple of seven (the number of days in the week). No other month ends on the same day of the week as September in any year. This month and May are the only two months to have this property. April and July of the previous year begin on the same day of the week as September of the current year as a common year, October of the previous year always begins on the same day of the week as September of the current year as a leap year, January of the previous year begins on the same day of the week as September of the current year as a leap year and a year immediately before that. In common years, September ends on the same day of the week as April and December of the previous year while in leap years, September ends on the same day of the week as July of the previous year. In years immediately before common years, September begins on the same day of the week as June of the following year and in years immediately before leap years, September begins on the same day of the week as March and November of the following year. In years immediately before common years, September ends on the same day of the week as March and June of the following year and in years immediately before leap years, September ends on the same day of the week as August and November of the following year.

SLOW COOKER ITALIAN BEEF SANDWICHES

- 3 cups of boiling water
- 5 cubes of beef bouillon
- 1 tablespoon Worcestershire Sauce
- 2 teaspoons ground black pepper
- 2 teaspoons garlic powder
- 1½ teaspoons onion powder
- 1½ teaspoons dried oregano
- 1½ teaspoons dried parsley

- 16 slices provolone cheese
- 1 (16 ounce) jar roasted red peppers, sliced
- 1 (16 ounce) jar mild sliced pepper rings

Turn 6 quart slow cooker to high heat. Add boiling water, beef bouillon and Worcestershire.

Combine remaining seasonings in a small bowl. Sprinkle over beef broth and whisk to combine. Add roast and flip to coat both sides. Cover and cook on high for 4 hours or low 8-10 hours. September Is...

Baby Safety Month. Drowning, falls, chemicals, and other hazards can endanger the life and health of any small child. During September, take a good look around your house and eliminate any threats to babies' safety that might be hiding in plain sight.

Library Card Sign-Up Month. A time to remind parents and children that a library card is the most important school supply of all. If you don't already have a library card, get one in September; if you do, visit your local library and use it.

National Bourbon Heritage Month. A celebration of bourbon as America's "Native Spirit." The U.S. Senate declared September National Bourbon Heritage Month in 2007, calling on those who enjoy bourbon to do so responsibly and in moderation.

National Campus Safety Awareness Month. College campuses are not immune to destructive behaviors and violence due to high-risk drinking, drug abuse, sexual assault, fire safety, and more. As your kids head to college this month, talk to them about safety and investigate the resources their school offers.

Week to Week

National Suicide Prevention Week, Sept. 8-14. An annual campaign to inform and engage health professionals and the general public about suicide prevention and warning signs of suicide. Awareness events are held throughout the week around World Suicide Prevention Day, Sept. 10.

National Truck Driver Appreciation Week, Sept. 13-19. Sponsored by the American Trucking Associations, a federation of state associations, affiliated conferences, and individual members committed to developing and advocating policies that promote highway safety, security, environmental sustainability, and profitability.

Pollution Prevention Week, Sept. 21-27. The best way to protect the earth and its people is to stop creating pollution in the first place. Less waste and pollution means fewer hazards to public health and the environment. Pollution Prevention Week highlights the efforts of the EPA, its state partners, industry, and the public in preventing pollution right from the start.

Banned Books Week, Sept. 27-Oct. 3. Sponsored by the American Library Association to promote the importance of ensuring the availability of books to all who wish to read them.

Two-minute walks may improve your health

Exercise keeps you healthy. Fortunately for busy people, exercise doesn't have to mean working out at the gym or running a marathon. A study reported on the Science Daily website found that adding just two minutes of walking per hour to your routine can extend your life expectancy.

Scientists at the University of Utah School of Medicine discovered that taking a two-minute walk once an hour was associated with a 33 percent lower risk of dying. Even brief walks add up to a substantial benefit when taken often during the day. The scientists emphasize that these walks should be an addition to a moderate exercise habit, not a replacement for one. It's a step in the right direction.

Protect your hearing

Excessive noise in the workplace (or anywhere else, for that matter) can damage your hearing. The Medicine Net website warns that you risk hearing loss under these noisy conditions:

- You need to shout so that people an arm's distance away can hear you.
- Your ears begin to hurt from the volume.
- Your ears are ringing.
- You suffer temporary hearing loss after being subjected to constant loud noise.

All you need is love. But a little chocolate now
and then doesn't hurt.

City life? Not for all young adults

The TV sitcom *Friends* depicted a group of young New Yorkers enjoying life in the big city—but in the end, at least two of them chose to move to a house in the suburbs. Young adults in real life appear to be making the same choice (without the laugh track). A survey of more than 1,500 people born since 1977, released by the National Association of Home Builders, found that few of them want to remain in the city for their entire lives.

Sixty-six percent indicated they'd like to live in the suburbs, and 24 percent have their hearts set on a rural residence. Only 10 percent want to live in the center of an urban area. They're mostly looking for space: Eighty-one percent said they want three or more bedrooms wherever they end up living.

Online videos bigger than TV these days

Video has taken over the Internet, especially among the younger generation. A survey of 13- to 24-year-olds by Defy Media found this evidence of the influence of YouTube and other video providers on youthful fans:

- Millennials watch an average of 11.3 hours of free online video a week, and 10.8 hours of subscription video—but only 8.3 hours of scheduled broadcast TV.
- Videos are more popular than online TV content. Seventy-six percent of young people in the survey said they find YouTube more entertaining than TV programs (more popular with 55 percent of participants).
- They're tolerant of advertising on the Internet. Fewer than half—41 percent—said online videos have too many advertisements, but 63 percent feel TV does.
