**Michael Crofts**  
FL Licensed Independent  
Health Insurance Agent

Health insurance decisions can be confusing due to endless coverage changes and many policy types. Fortunately, there is someone who can work diligently to help and without cost to you – Michael Crofts, owner of Best Plan Choice.

Through his own healthcare experience Mr. Crofts learned the value of good health coverage and quality medical care. He dedicates his agency to helping people with Medicare and Medicaid needs. You can visit the office to learn about Medicare plan options or he will come to your home.

Every year your Medicare health plan coverage changes even if you do not change plans. Also, new products are introduced and many offer benefits beyond original Medicare and/or Medicaid plans. Baby Boomers had completely different insurance products during their working years. The indemnity and major medical policies are no longer the only choice and often do not meet the financial needs of consumers today.

Don't waste time trying to figure it out. Michael will sit with you and review all of the documents, and answer all of your questions. Most importantly, he will conduct a needs analysis to determine your individual needs – if you expect a hospitalization, use certain medicines, or want benefit like dental or vision – everything is taken into consideration.

Best Plan Choice is there to help you make the right choice and is available long after the policy is written. This means helping with doctor changes, plan questions, annual review of your benefits, and of course taking great care of any friend or family member you refer. At Best Plan Choice clients become friends, and friends become clients.

## **NOVEMBER 9th is KARAOKE AT DORAL WE'RE BACK IN ACTION!!**

**O**ctober was a little shy of a crowd but those of us that were at Karaoke had fun and a good time! Now that our Northern neighbors are coming back, what better way to get better acquainted with friends and neighbors than Karaoke? We're continuing with the program of hopefully “something for everyone.” Singing for those that like to sing and dancing for those that like to get up and move on the dance floor. We mix up slow dancing, rock and roll and line dancing so everyone has a chance, with no excuses, to get up off their chairs and move a little! Got a favorite dance song? Don't be shy, let Tim our KJ know and we're pretty sure he'll be able to find that special song. We want this evening to be fun and

- By the time you see this, all certificate members should have received a copy of the 2020 budget that includes the changes in the monthly rent and assessment. If you have not received it, stop in the office and we will provide you with one. The Budget Meeting is scheduled for Tuesday, November 12th
- The new Rules and Regulations that were mailed to you in late July will be effective on November 1st. Again, if you need a copy of this document, you can get it from the Office.
- Just a reminder that the pool hours are from 8:00AM to 10:00PM daily. This follows suit with the time that the cottage and the clubhouse are open. Please let me know if there are any questions about this long-standing regulation.
- You may (or may not) have noticed that the lawn company is not cutting every Tuesday. Bay Area Grounds is currently here every other Tuesday as the grass growing season has wound down. The first Tuesday skipped was on October 8th, followed by the 22nd.
- Also, for all intents and purposes, the tree cutting for this year is completed. If however, we identify a tree that is in a dead or dying state, or one that appears to be dangerous to a resident or his/her home, we will address that before the next cutting in April or May. Let me know if you have or know of any tree that fits into this category.
- By the end of this month, all Certificate Holders should be receiving the first notice of the Annual Meeting and information about the election of Board Members. Explanations of all the forms in this mailing will be provided, but do not hesitate to contact Gail or myself if you have any questions about any of the forms.
- As of this moment, there are no major projects scheduled for November.
- Keep in mind that **Daylight savings time** begins on **Sunday, November 3rd** at 2AM, so if you have any clocks that you need to rewind, don’t forget to do this, or you will be early for your Sunday Church, or brunch or whatever event you may have.
- Have a Wonderful, joyous Thanksgiving and start to the Holiday Season!!

## Bruce Van Hee. #473

**B**ruce was born in Centerline, Michigan in 1940. Centerline is part of Warren, Michigan. The name Van Hee comes from his paternal grandfather who migrated to the USA from Belgium. Bruce never knew him as he died before Bruce was born.

His grandfather owned a large 500-acre farm in Minnesota, which was lost in the Great Depression. Once this happened he moved his family to Detroit to get work. Detroit was the center of automotive manufacturing.

Bruce's father was a Sheriff; he then owned a bar with his best friend and then finally worked at Westinghouse.

His best friend was married to his sister.

By the time WW2 started for USA Bruce's parents were married and had two children, one being Bruce. As his father worked in an essential industry he wasn't sent overseas to war.

Below is an excerpt from Wikipedia.

During World War II the Westinghouse Electric and Manufacturing Company manufactured more than 8,000 different products, while its Research Laboratories made critical breakthroughs in plastics, radar, x-rays, bombsights, and atomic energy. The company's naval engine department in South Philadelphia, already one of the nation's foremost turbine engine builders, designed and built improved power plants for naval vessels. In Pittsburgh, Westinghouse's research laboratories contributed to significant improvements in radar, created gyroscopic stabilization device that improved the accuracy of tank guns, and built the first American-designed jet engine.

After war ended, his parents had three more children. Of the five, one brother has passed, two sisters live together in San Antonio, Texas, one-brother lives in Upper Michigan, and Bruce and Sandy live in Washington, Michigan.

Bruce graduated from Centerline High School and went straight into the US navy. As he was only 17 he needed his father's signed permission to join. His father had no choice, if he did not sign, Bruce would have joined the day he turned 18.

Bruce had always wanted to join the navy and be a pilot. Circumstances prevented this so Bruce trained as an Aviation Electrician.

One of the big highlights of his career in the Navy was at the age of 19; he had the opportunity to sit in a fighter jet and had full "turn on" rights. This meant he could turn on the engine but not the rights to take off.

Bruce's base was in Brunswick, Georgia at Central Information Center, now decommissioned.

After serving three years in the Navy, Bruce was discharged the day before his 21st birthday. He then served an extra year as a Navy Reservist. He then applied and received a four-year apprenticeship with Ford Motor Company as a Millwright. A Millwright works in steel construction and fabrication, a highly skilled trade.

Bruce worked for Ford for the next 40 years, ending his career as Millwright Leader in the Fabrication shop for the last 15 years.

By the time he retired Bruce was licensed to drive every piece of heavy machinery owned by Ford.

*continued on page 34*

Bruce first married in 1966 and had two daughters. His wife became ill at just 35 from breast cancer and passed away two years later at only 37. His daughters were just 8 & 12. Bruce became Mr. Mom.

Bruce and Sandy knew each other as neighbors in Armada, Michigan, for many years.

Sandy was divorced and she and Bruce began dating and married in 1989, 30 years ago.

Sandy had three children and along with Bruce's two daughters, they became one big happy family, all getting on well. "Too well" at times according to Sandy.

All five children now have excellent jobs, mostly in the automotive industry with Chrysler doing engineering work.

As soon as Bruce retired, they decided (as do many Doral Residents) that they were not going to endure any more Michigan winters. They rented in Doral Village in 2005 for three months and then bought #445. They worked hard on renovating this home and eventually sold it and moved to their current home, #473. They have wintered in Doral Village for 14 years now.

Bruce is an accomplished and talented woodworker; he has made some beautiful cabinets, moldings, etc. for his home. He loves woodworking.

Bruce has recently had two new hips, which has slightly curbed his dancing days. Not by too much if, you have seen him dancing at Doral functions. He has sung in the Doral Kitchen Band since first moving to our village, he plays shuffleboard and cards and likes riding around on his golf cart.

Sandy, whose profile was in our Doral Newsletter some years ago, drove school buses and had a variety of jobs, including township clerk. Her passion however is horses, in particular quarter horses, and miniature horses. She had a 20-acre horse boarding facility in Metamora, Michigan for many years; the area has beautiful horse farms.

Her facility had an indoor arena and she trained and showed horses for more than 40 years. Sandy showed her horses at the National competitions and she was second reserve champion at The Nationals. While Sandy was away exhibiting her horses, Bruce stayed home, as he was not yet retired. They both feel that they are lucky and have the best of both worlds. They see their children and grandchildren in the summer months and spend the winter months with their friends at Doral.

18 months ago, they sold the farm, luckily to their grandson, so it now stays in the family. Sandy loves to quilt, loves shuffleboard and dancing.

One of Sandy's daughters is a professional long arm quilter. For those who do not know what this is, it is a person who does all the beautiful finishing on quilts. One of Bruce's daughters' works in graphic arts design, and the other has a medical work background.
