Joan Lowe (joanclowe@aol.com), Dick Hambley (richwham@aol.com)

As we begin the new year, Joan and I wish all of our residents a happy and healthy year ahead. We also urge everyone to consider getting more involved in some of the activities. Having lived in Eldorado as long as we have we know that by getting involved in even one thing may lead to making new friends. Please review the activities in the calendar and in the articles and come out and join us, you may be pleasantly surprised.

Hiking & Walking

Don O' Reilly

The walking group will start up again in January. Did you have a New Year's resolution to be healthier this year? This group may be for you. All levels of walkers are welcome. You can walk or stroll at your own pace. We offer lively conversation, lots of smiles and breakfast afterwards, if you wish. Announcements will be at coffee klatch, where we will let you know which park will be our venue. The walks are on Wednesday. We meet at the pool at 9 a.m. and carpooling is available.

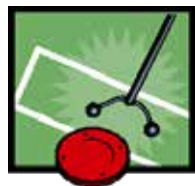

Shuffle Board

Michelle Swanlund

This season started really well for Eldorado Village as we held second place for three weeks. Unfortunately we fell back to 5th after playing a team that is difficult to beat but all team players are working so hard at their game that I have no doubt whatsoever that we will regain our momentum.

We also have Tim, owner of Bob Stapleton, supporting us again this year, so Tim, thank you very much. The team appreciates your support.

I would like to wish a Happy New Year to everyone in Eldorado on behalf of the shuffleboard team. You are reading this in January and I will have stepped down as Captain of the team after 5 good years. Joanne Gallivan, my co captain will be taking over as Captain. I will be staying on as co-captain with Jim McBride as second co-captain. Jim's knowledge of all the rules is a valuable asset to any team. And I remain Secretary of the Friendly League until we get a new President who can choose his own secretary.

So please come and cheer us on when you see us playing at home on Thursday mornings. It encourages us to play well when there are spectators.

I also want to thank the ladies, under Jean Mann's tutelage, who offer their time in baking and serving the cakes when we host other teams. Their help and time is invaluable, so thank you, thank you, thank you.

Make a Note in your phone book

Somehow or other, we failed to have the phone number for the clubhouse put in the newest phone directory. So, for your information, the number for the phone in the clubhouse is 599-2066. Please make a note of that.

Email List

Dick Hambley

For those residents who are not aware of the fact that we maintain an email list to be used as a means of getting quick information to our residents, we would like to bring you up to date. I maintain a list of all emails that have been given to me to be used for the above purpose. I do not share the list with anyone and when I send out an email, I use the blind copy method so your email address does not appear on anyone else's email. That way we can maintain your confidentiality and still keep you informed. So, if you would like to be included on our email list please send me an email so that I can add your email address to our list. Please put something in the subject line that indicates it is for the Eldorado email list or I might mistakenly delete your email if I don't recognize the email address. Also, please include your name in the body of the email, as some email addresses do not indicate whom the email is from.

If you think that you gave me your email and have not received anything in some time from me, please feel free to send me an email letting me know and I will check my records and make sure you are included.

My email address is richwham@aol.com.

Information about water shutoff's

As most residents know, there are times that the water in Eldorado has to be turned off to make repairs. There is nothing we can do about that, but there are some things that we can do to avoid trouble. We have adopted a new system to notify residents in the event water is turned off. This system will generate a phone call to the residents alerting them to the fact that the water is off or will be shortly. If you have caller ID, the number 599-2066 will show up with the name Eldorado Village. For those who have asked to not be robo-called, a personal call will come. We suggest that you turn off your hot water heater if you are concerned about it. Also, when you want to check if the water has come back on, use the

Birthdays and Anniversaries

Dick Hambley

For those residents who are not aware of it, I would like to remind everyone that we maintain a book with the resident's birthdays and anniversaries in it. I do my best to keep it up to date, but I need your help with writing in your birthday or anniversary if it is not already in there. The book is in the library and I go through the book periodically to see if there are additions and add them and reprint the necessary pages. This record is also used to put the birthdays and anniversaries in the media. So, thank you for helping us to keep our records up to date.

RECYCLE

RECYCLE

RECYCLE

Recycling is a way that we can all help to save on our trash bills. The city of Largo charges by weight for garbage and trash, so the more recyclables that we can put into the recycle bin in the “salad bowl” in East Bay Oaks, the more we can save on our trash bills. The new recycle plan in Largo is great in that we do not have to separate our recyclables. Everything that is recyclable goes into the one bin. This certainly makes it much easier to “do the right thing” and we not only save money for ourselves, but we are helping with the environment as well. The things we can put in the bin is as follows: Glass (colored bottles and jars) Cartons (milk and juice containers) Mixed Paper (Newspapers, flattened cardboard boxes and office paper) Plastic Containers (food and beverage) Aluminum and Metal (cans and containers).

The things we should not put in are as follows: plastic bags and wrap, Styrofoam containers/packaging, food waste/household garbage or chemicals/electronics (which includes, paint, light bulbs, batteries, computers etc.)

So fellow residents, please consider all of the above and let’s work to help save ourselves a few bucks and at the same time, work toward a greener environment

Notice

The Laundromat and the men’s and Ladies bathrooms will be locked at 9:00 p.m. and reopened at 8:00 a.m. Please try to abide by these hours, the closing hour means 9:00 not after, so start your wash or dry so that they will be finished by 9:00 p.m. We are fortunate to have Patty Gregg take care of the locking and unlocking of this facility. Alternatively, if Patty does not do this for us, the task will fall to the park employees and the Laundry would probably be locked at four p.m. when they leave similar to the Starkey Rd. Gate.

Coffee and Donuts

It has been brought to my attention that many people do not know that you can donate the coffee and donuts in memory of a loved one, birthday, anniversary, or any occasion you like. The donation fee is \$25.00. Please see the Social Club treasurer if you would like to donate a day.

Office Address

For those who were not aware that although our street address is 2505 East Bay Drive, the address of the office is different, therefore we are listing the office address so that you do not get any late fees when your check does not arrive on time. More information will be coming about where you are to send your rent check in the future.

Speed Limit In Eldorado

The speed limit in this park is **10 miles per hour**. People are not stopping at the four way corners; they just seem to drive right on thru. Keep this in mind when driving thru the park; you could be the guilty one. Please think of your neighbors before someone gets hurt.

Solicitation In The Park

I have been told by the office that they do not give anyone permission to solicit in the park so if anyone comes to your door notify the office or call the police department. It has been brought to our attention that if you have someone soliciting at your door and the office has not approved him or her and you call the office to bring it to their attention the office will not do anything about it. Their answer is to call the police. The Largo police number is listed as follows: 727-587-6730. Please call them at any time to register any complaints you might have.

Director Nominating Meeting

Notice is given, as per Florida Statute 723, and our new bylaws, that we are required to have a separate meeting a month before our Annual Membership Meeting for the purpose of nominating Directors from the floor. That meeting will take place on January 12, 2017 at 7 p.m. There are three (3) Directors positions to be filled. Any person nominating another must be a bona fide member of HOA, and the person being nominated must also be bona fide member of HOA. Meaning, their assessments must be paid. If you have any questions please contact any one of the Board members for answers. Copies of our new bylaws will be available at that meeting. Please plan to attend. Thank you.

Brain drain: Control your appetite after a long day at the office

Ever notice that you can feel starving after a long day at work even though you've spent it mainly at your desk? Scientists, as reported by The New York Times, say it happens because your brain, feeling tired, starts to want more fuel to keep going—even though you haven't exactly been digging ditches for eight or nine hours. The problem is that you're consuming calories your body doesn't actually need because your brain is telling you to.

One way around this dilemma is exercise. In an experiment at the University of Alabama at Birmingham, 38 college students met to discuss what their favorite pizza was. After the discussion, they were allowed to eat as much pizza as they wanted. On another day, they were brought back and given a series of tests from college entrance and graduate-level exams. Afterward, half the students worked out on treadmills while the rest sat quietly. The entire group was again served all the pizza they wanted, but the treadmill group ate less—about 25 fewer calories than at their previous session. On the other hand, the rest of the group actually ate 100 calories more.

The study suggests that a light workout after a mentally strenuous day may curb one's appetite—good to know before you sit down to eat.

The five-second rule may not be so safe after all

We've all heard of the five-second rule: If a piece of food drops on the floor, it's safe to eat if you grab it in five seconds or less. That may not be true, though, according to an article on the Medical News Today website.

Researchers at Rutgers University decided to test the rule. They used four types of surfaces: stainless steel, ceramic tile, wood, and carpet. They also choose four kinds of food: watermelon, bread, bread with butter, and gummy candy. Finally, they tested four different contact times: less than a second, five seconds, 30 seconds, and 300 seconds.

They cultivated bacteria similar to salmonella and spread it on the different surfaces, allowed it to dry, then dropped each food on each surface for each designated time period. The results: The bacteria was able to contaminate the food almost instantly in every case, although with different degrees of contamination. Watermelon soaked up the most bacteria because of its moisture; the gummy treats were affected the least due to their hard surface. Nonetheless, the scientists are confident that their findings disprove the five-second rule. So you're probably safer throwing out any food on the floor.

Plutonian moon's red spot explained

Jupiter is famous for its great red spot, but it's not the only red patch in the solar system. Charon, a moon of Pluto, also sports a reddish blotch near its north polar region, and scientists now know what causes it, according to the Sci-News website.

The spot, nicknamed Mordor Macula, covers an area the size of New Mexico, and is made of methane that comes from Pluto. Once the methane escapes Pluto's atmosphere, it falls to the surface of Charon's north pole and then freezes (winter temperatures in Charon's polar region can drop as low as negative 430 Fahrenheit). UV light from the sun turns the methane into heavier hydrocarbons that eventually become reddish organic materials known as tholins.

Data came from the New Horizons space probe. One of the project's scientists characterized the discovery as the realization that Pluto is a cosmic graffiti artist, spray-painting its nearest neighbor red.

Marriage in trouble? Watch for these signs

Just because you're not having fights with your spouse doesn't mean everything is fine in your marriage. It could be in trouble without you and your partner realizing it. Watch for these signs that you need to get back on track:

- **Your partner isn't first on your list.** When you've got big news, whom do you tell first? If it's not your spouse, you may be disconnecting from him or her. Communicating about what's important to both of you is vital in an honest, healthy relationship.
- **You're focused on yourself.** Strong marriages rest on mutual goals. If you forget your partner's needs while making your own plans, he or she may begin to do the same. Although you each may want some personal time, carve out time to spend with each other—talking, taking a walk, watching a movie, or something else you both enjoy.
- **You compare your spouse to others.** Try to avoid thoughts like, "I wish Lynda was more like Diane," or "Why doesn't he bring me flowers like Paula's husband?" Comparisons lead to dissatisfaction and resentment. Be open about what you want so your partner has a chance to fulfill your needs.
- **You lead separate lives.** You may not be fighting, but you're also not doing much together. Do you watch separate TV shows, go to bed at different times, eat meals without the other person? Make more of an effort to get in sync so you don't find yourself living alone without actually moving out.

Quick hits

Want to liven up the conversation at your next party? Try some of these one-liners:

- "I've been diagnosed with a certain type of brain disorder where I deny the existence of certain 1980s rock bands. There is no Cure."
- "My wife probably tells me I never listen to her."
- "And the award for best neckwear goes to ... well, look at that. It was a tie."
- "No matter how nice your son or daughter is, German children are kinder."
- "Thank you for my student loans. I don't think I can ever repay you."

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Monthly

National Bath Safety Awareness Month. In the United States, an average of 370 people across all age groups suffer bathtub or shower-related injuries every day. Slips, falls, and hot-water burns are the prime causes of accidents in the bath and the second leading cause of accidental death and disability. Remember: Bath safety is an integral part of general home safety.

National Blood Donor Month. Some give blood because they've been asked to. Some know a family member or a friend who might need blood someday. Some simply believe it's the right thing to do. Whatever your reason, the need is constant and your donation is important to maintaining a healthy and reliable blood supply.

National Stalking Awareness Month. The National Center for Victims of Crime launched National Stalking Awareness Month (NSAM) in January 2004 to increase the public's understanding of the crime of stalking. The National Stalking Awareness Month website (www.stalkingawarenessmonth.org), launched in January 2009, provides a wealth of information about this crime and about the nationwide observance.

National Train Your Dog Month. The Association of Professional Dog Trainers began the National Train Your Dog Month campaign in 2010 to raise awareness of the importance of socialization and training, to inform the public that training your dog can be easy and fun, and to help new pet parents start off the year right with their newest family member.

Weekly

Diet Resolution Week, Jan. 1-7. This week is about focusing and altering the types of food you consume rather than just reducing the amount. Try eating at least one piece of produce every day (fruit or vegetable), eating fish at least once a month (once a week would be better), and drinking at least two glasses of water a day.

National Sugar Awareness Week, Jan. 16-20. Can you go five days without sugar? Take the challenge to find out how difficult finding foods that do not contain some form of sugar can be, as well as how this substance can affect your body, mind, emotions, and life.

No Name-Calling Week, Jan 16-20. No Name-Calling Week was inspired by the popular young adult novel *The Misfits*, by James Howe. The No Name-Calling Week Coalition was created by GLSEN and Simon & Schuster Children's publishing and has been adopted by schools around the U.S., growing into one of the largest bullying-prevention initiatives in the country.
