Media Editors

Joan Lowe (joanclowe@aol.com), Dick Hambley (richwham@aol.com)

As I am writing this, folks are making plans to leave and head North. We are going to miss our snowbird friends, but we wish them safe travels and a glorious summer. For those of us who are here through the summer months, there will be activities thanks to a few folks who make it their business to see us through the summer. Our media is kind of thin this month, but with so many leaving and activities slowing down, we do not have that much to report. I would like to suggest that those of us who have gone north please consider sharing your activities this summer with us. We are always interested in what our friends are up to. So, everyone get ready for whatever you have planned for the summer and stay healthy so we can enjoy one another's company again next season.

Email List

Dick Hambley

For those residents who are not aware of the fact that we maintain an email list to be used as a means of getting quick information to our residents, we would like to bring you up to date. I maintain a list of all emails that have been given to me to be used for the above purpose. I do not share the list with anyone and when I send out an email, I use the blind copy method so your email address does not appear on anyone else's email. That way we can maintain your confidentiality and still keep you informed. So, if you would like to be included on our email list please send me an email so that I can add your email address to our list. Please put something in the subject line that indicates it is for the Eldorado email list or I might mistakenly delete your email if I don't recognize the email address. Also, please include your name in the body of the email, as some email addresses do not indicate whom the email is from.

If you think that you gave me your email and have not received anything in some time from me, please feel free to send me an email letting me know and I will check my records and make sure you are included.

My email address is richwham@aol.com.

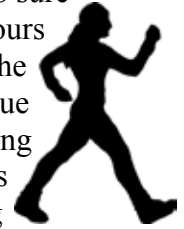

Make a Note in your phone book

Somehow or other, we failed to have the phone number for the clubhouse put in the newest phone directory. So, for your information, the number for the phone in the clubhouse is 599-2066. Please make a note of that.

Hiking and Walking

Don O'Reilly

Well another season of hiking has come to an end. The time in Eldorado sure does move quickly especially when it's spent with such good neighbours and friends. With so many of the snowbirds returning home, the Wednesday walks have ended for the spring. Hopefully everyone will continue to exercise til we meet again. If you were thinking about walking with the hiking group we would surely appreciate your company later this year when the walks begin again. Safe travels to those heading north and for those who are staying have a great summer.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

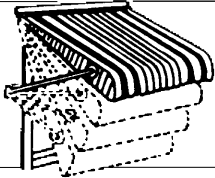

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Information about water shutoff's

As most residents know, there are times that the water in Eldorado has to be turned off to make repairs. There is nothing we can do about that, but there are some things that we can do to avoid trouble. We have adopted a new system to notify residents in the event water is turned off. This system will generate a phone call to the residents alerting them to the fact that the water is off or will be shortly. If you have caller ID, the number 599-2066 will show up with the name Eldorado Village. For those who have asked to not be robo-called, a personal call will come. We suggest that you turn off your hot water heater if you are

concerned about it. Also, when you want to check if the water has come back on, use the cold water for this purpose so as to not let air into your hot water heater. You can also turn off the water coming into your home, which will prevent water from draining out of your home and into the water system. Some folks keep a few gallons of water on hand just for such emergencies. **PLEASE DO NOT CALL THE OFFICE TO ASK ABOUT THE WATER SHUTOFF'S**

Birthdays and Anniversaries

Dick Hambley

For those residents who are not aware of it, I would like to remind everyone that we maintain a book with the resident's birthdays and anniversaries in it. I do my best to keep it up to date, but I need your help with writing in your birthday or anniversary if it is not already in there. The book is in the library and I go through the book periodically to see if there are additions and add them and reprint the necessary pages. This record is also used to put the birthdays and anniversaries in the media. So, thank you for helping us to keep our records up to date.

RECYCLE

RECYCLE

RECYCLE

Recycling is a way that we can all help to save on our trash bills. The city of Largo charges by weight for garbage and trash, so the more recyclables that we can put into the recycle bin in the “salad bowl” in East Bay Oaks, the more we can save on our trash bills. The new recycle plan in Largo is great in that we do not have to separate our recyclables. Everything that is recyclable goes into the one bin. This certainly makes it much easier to “do the right thing” and we not only save money for ourselves, but we are helping with the environment as well. The things we can put in the bin is as follows: Glass (colored bottles and jars) Cartons (milk and juice containers) Mixed Paper (Newspapers, flattened cardboard boxes and office paper) Plastic Containers (food and beverage) Aluminum and Metal (cans and containers).

The things we should not put in are as follows: plastic bags and wrap, Styrofoam containers/packaging, food waste/household garbage or chemicals/electronics (which includes, paint, light bulbs, batteries, computers etc.)

So fellow residents, please consider all of the above and let’s work to help save ourselves a few bucks and at the same time, work toward a greener environment

Notice

The Laundromat and the men's and Ladies bathrooms will be locked at 9:00 p.m. and reopened at 8:00 a.m. Please try to abide by these hours, the closing hour means 9:00 not after, so start your wash or dry so that they will be finished by 9:00 p.m. We are fortunate to have Patty Gregg take care of the locking and unlocking of this facility. Alternatively, if Patty does not do this for us, the task will fall to the park employees and the Laundry would probably be locked at four p.m. when they leave similar to the Starkey Rd. Gate.

Coffee and Donuts

It has been brought to my attention that many people do not know that you can donate the coffee and donuts in memory of a loved one, birthday, anniversary, or any occasion you like. The donation fee is \$25.00. Please see the Social Club treasurer if you would like to donate a day.

OFFICE ADDRESS

For those who were not aware that although our street address is 2505 East Bay Drive, the address of the office is different, therefore we are listing the office address so that you do not get any late fees when your check does not arrive on time. More information will be coming about where you are to send your rent check in the future.

Eldorado Village Office
601 Starkey Road Lot # 78
Largo, Florida 33771

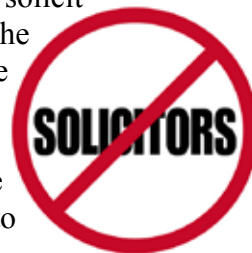

SPEED LIMIT IN ELDORADO

The speed limit in this park is **10 miles per hour**. People are not stopping at the four way corners; they just seem to drive right on thru. Keep this in mind when driving thru the park; you could be the guilty one. Please think of your neighbors before someone gets hurt.

SOLICITATION IN THE PARK

I have been told by the office that they do not give anyone permission to solicit in the park so if anyone comes to your door notify the office or call the police department. It has been brought to our attention that if you have someone soliciting at your door and the office has not approved him or her and you call the office to bring it to their attention the office will not do anything about it. Their answer is to call the police. The Largo police number is listed as follows: 727-587-6730. Please call them at any time to register any complaints you might have.

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit MortonPlantValveTrial.org.

Eating more fish may help prevent Alzheimer's

Alzheimer's, a disease that afflicts some 5.1 million Americans, is a type of dementia that affects a person's memory, thinking, and behavior. Although at this point no cure exists, you can take measures to reduce your chances of suffering from this debilitating condition.

New evidence suggests that eating more fish—as long as it's not fried—may help to protect your brain from the shrinkage and decline associated with Alzheimer's. Researchers from the University of Pittsburgh Medical Center tracked the diets of 260 people with normal cognitive function for more than 10 years. Using magnetic resonance imaging (MRI), they measured the brain volume and function of each participant at the beginning of the study, and again at the end. The results: The 163 subjects who ate fish on a weekly basis (the majority consuming it one to four times a week) had a larger orbital frontal cortex and hippocampus (two areas of the brain that are known to shrink in Alzheimer's patients) and better memory function than those who ate less fish.

The researchers determined that the risk for Alzheimer's and mild cognitive impairment was lowered fivefold within the five years following the brain scans. So start eating more fish today.

Follow this 'Golden Rule' to reduce cancer risk

Want to cut your risk of developing cancer? Check the color of your food—particularly your toast and potatoes. Scientists in the United Kingdom say that cooking those two items too long can increase levels of a naturally occurring chemical called acrylamide, which has been linked to cancer in rats.

Acrylamide is formed when starchy foods like potatoes and root vegetables are cooked at over 120 degrees. To reduce it in your foods, follow these guidelines:

- **Cook until golden.** Whether you're making toast, roasting potatoes, or baking vegetables, cook until the food is gold-colored, not brown.
- **Check the instructions.** Follow instructions for baking or frying packaged vegetables like fries or parsnips.
- **Keep raw potatoes fresh.** Don't put them in the refrigerator if you're going to roast or fry them. Colder temperatures can increase acrylamide levels.

Leading by example

Bill Gates, co-founder of Microsoft, has his own private jet now, but he didn't always. On the Business Insider website, former senior vice president Brad Silverberg recalls that in the 1990s, all Microsoft employees were required to travel by commercial airline—in coach, despite the fact that by that time Microsoft was a thriving organization. On one flight from Seattle to New York, Silverberg flew with Gates and some other members of the Windows team:

“And there was Bill, sitting in coach, in a middle seat. It didn't matter to him; he spent the whole flight reading. He wasn't as universally recognized then so it wasn't such an issue for him to fly commercial. It made a big impression on me, a new Microsoft employee, seeing Bill lead by example.”

Different priorities

During a Little League game, one of the batters hit a fly ball to right field that the right fielder made no attempt to catch. After the inning was over, the coach pulled his right fielder aside and asked him why he didn't even try to catch the ball.

“If I had caught that ball,” replied the boy, “I would have killed my new friend.” And with that, he opened up his glove to show the coach a caterpillar he had found in the field.

Remember this story to remind yourself that everyone's priorities are different.

Rules apply to everyone

During the Civil War, Ulysses S. Grant, commander of the Union forces, had to reprimand a guard who had deserted his post. “Orders must be strictly and promptly obeyed always,” Grant told the young soldier.

A week later, the same soldier was told to guard a steamboat loaded with ammunition. His assignment: to make sure that nobody with a lighted pipe or cigar came near the boat. On the guard's first day at his new post, General Grant started walking toward the boat, puffing away on one of his famous cigars.

“Halt!” called the guard. “I have been taught to obey orders strictly and promptly, and my orders are to allow no one to approach this boat with a lighted cigar.”

With a smile at hearing his own words repeated back to him, Grant threw the cigar in the river.

Getting into Heaven

A woman died and found herself at the Pearly Gates. St. Peter approached her with a smile. “To enter, you need only pass a simple spelling test. Can you spell the word ‘love’?”

“L-O-V-E,” the woman replied, and St. Peter stepped aside and allowed her to enter Heaven.

Several years later, St. Peter found her on a cloud and said, “I have a big meeting today with the Boss, and I can’t watch the gates. Would you mind taking my spot?”

The woman agreed. The morning passed uneventfully, and then she looked up and saw her husband approaching. “It’s so nice to see you!” she exclaimed. “How have you been?”

“Just great,” her husband replied. “I married the beautiful young nurse who took care of you while you were sick, and we had three more children. I won the lottery. We lived in a huge mansion. We had matching BMWs. My wife and I were taking our yacht on a second honeymoon cruise when I fell overboard and drowned.” He looked around. “So, how do I get into Heaven?”

“You just have to spell one word.

He smiled. “Great! What word?”

She stared at him. “Kyrgyzstan.”

Feeling the heat

A man in Dublin went in for a serious operation. The surgery took some time and the man was returned to his room to recover. As he came out of the anesthetic he looked around his room and saw that all the shades had been drawn, even though it was early afternoon.

When the surgeon walked into the room to check on his patient, the man asked why all the blinds were pulled down.

“The house across the street is on fire,” the surgeon told him. “I was afraid that if you saw the flames when you woke up you might have concluded that the operation was not a success.”

A SMILE IS A CURVE THAT SETS EVERYTHING STRAIGHT.

—Phyllis Diller

Keep your home safe to prevent injury

Your home might be your castle, but that doesn't mean you're necessarily safe there at all times. Follow this advice to protect yourself and your family from common household injuries—and even death:

- **Check your smoke detectors.** Fire kills more than 2,900 people and injures 16,000 each year. And most of the fires break out when people are asleep. Install a smoke detector on each floor and outside each bedroom; change batteries at least twice a year.
- **Buy carbon monoxide detectors.** Carbon monoxide is an odorless, colorless gas that can kill you or send you to the hospital. Most detectors cost between \$40 and \$170.
- **Invest in nightlights.** It may sound basic, but a simple nightlight could prevent you from tumbling down the stairs and breaking something.
- **Other tidbits include:** deadbolt locks, grab bars for the tub, rubber-suction bath mats, handrails on stairs, fire extinguishers, flashlights, a fire evacuation plan, and posting local emergency numbers on the refrigerator.

Olympic secrets to achieving your dreams in life

Want to achieve all your goals in life? Former Olympian Inga Stasiullontye shared the secrets that propelled her to fame as an athlete and entrepreneur on the Success magazine website:

- **Be fully committed.** Choose a goal that's important to you, and motivation will follow.
- **Focus on learning.** You won't succeed all the time. Don't obsess about results. Instead, keep your mind on learning what works and what doesn't, and why.
- **Have some fun.** Try not to take your efforts too seriously. Choose goals and activities that you enjoy so you can have some fun along the way.
- **Think creatively.** Don't mindlessly repeat everyone else's tactics and strategies. Use your imagination to find new ways of doing things.
- **Challenge yourself.** Get out of your comfort zone. If you're always waiting for the perfect idea or the best moment to act, you won't get the results you want.
- **Rely on yourself.** Don't expect other people to do the work for you. You can ask for help, but remember that in the end your effort is what matters.
- **Plan.** Start with a long-term plan, and then map out intermediate steps. Move forward one step at a time until you reach your goal.
- **Avoid burnout.** You can work so hard that you exhaust yourself and lose your motivation. Eat a healthy diet, get plenty of exercise, and take breaks so you don't overextend yourself.
