REMEMBRANCES

From The Family of Janet Terrell

One often hears the terms fellowship and community used to describe houses of worship. Seldom does one see these traits applied to describe a neighborhood. Neighborhoods today always seem to be far removed from the cul-de-sacs we remember from our youth. The great folks of Embassy have proved that these values not only still exist, but are implemented daily as a way of life here.

We care about each other. When you suffer, we suffer with you. But when we are joyous, we share the same elation.

This way of life was affirmed by the care and concern all of you have expressed when we lost our dear Janet. The special care extended by Bernice Strong and Terry Hazlett, and all our friends who made this celebration so meaningful will never be forgotten. Mere words will never define the deep gratitude and love we have for all of you. Thank you and God Bless You!

From Bernice Strong

Thank you to all of you who helped with the Memorial for Janet Terrell at the Clubhouse on Friday, June 6th. We could not have done it without your support. For all of you who attended, our special thanks. Embassy Park is a wonderful place to live.

From Beverly Doucette

For years, the words to one of my favorite hymns, ‘In The Garden’, have given me much peace, pleasure, and solace. I offer these words to you as a prayer about those who have entered the kingdom of heaven in the hope you will find them as comforting and helpful as I have throughout the years. . I change the personal pronoun in the prayer from the first person in the hymn, “I”, to the third person, “he” or “she”, as the case should be in each recitation.

“She comes to the garden alone, while the dew is still on the roses.
And the voice she hears falling on her ears,
The Son of God discloses!
And she walks with Him, and she talks with Him,
And He tells her she is His own.
And the joys they share as they tarry there,
None others will ever know!”

continued on pag 6

“He speaks, and the sound of His voice
Is so sweet the birds stop their singing!
And the melody falling on her ears
Within her heart is ringing!
And she walks with Him, and she talks with Him,
And He tells her she is His own.
And the joys they share as they tarry there,
None other will ever know!”

JUNE LADIES LUNCHEON

Nineteen ladies attended the monthly Ladies Luncheon for June, which was held in the back room area of Cheddars Restaurant on Roosevelt Street. The décor for the pleasant affair was regaled in a patriotic theme of red, white and blue. These luncheons are always enjoyable meetings where everyone catches up with the latest news of the park, and information about all the activities which have been planned for its residents. The meal and service were especially good, and the hostesses for the affair, Irene Blondin and Terry Hazlett, were very pleased. Next month’s luncheon will be held on Wednesday, July 8th , at Proino’s Restaurant on West Bay Drive, and will be hosted by Mary Kogut and Iva Shannon. Remember to sign up on the sheet at the Clubhouse Bulletin Board.

NEW ENGLAND BREAKFAST

New England friends and guests gather at The Country Skillet Restaurant on the third Tuesday of each month at 9:00 a.m. to meet for a morning of sociability and breakfast with Embassy friends and neighbors, visitors who are with us at the time, and everyone is welcome to join us in this regular affair. Just let Irene Blondin know by calling her at 474-2576 before that 3d Tuesday each month. All are welcome.

JULY 4TH BARBEQUE

On Saturday, July 4th, we always look forward to the Park’s July 4th Barbeque Celebration. Be sure to sign up for all of the celebrations and meals on the sheet placed on the Clubhouse bulletin board, to be sure there will be food for everyone. And bring your place settings, cup and silverware!

SUMMER PROGRAM FOR JULY

You may have noticed how quiet our streets are these days since so many of our friends and neighbors have ventured to their northern areas. But many thanks are herewith extended to our officers of the Social Club – President Janis Wilson and Vice President Elaine Migliorati – who kicked off the summer season program on Friday, June 12th, with a wonderful Italian Dinner affair attended by 45 people. Everyone raved about the dinner of pasta, meatballs, Sausage with Peppers and Onions, Salad, biscuits and a huge array of desserts. Two bottles of wine were given as prizes, and a share the wealth was held..

POT LUCK DINNER

There will be a Pot Luck Dinner on Thursday, July 16th, at 5 pm. Everyone brings one of their favorite recipes to share with others, or some desserts, and again, your own place settings, cup and silverware, to join our neighbors for the sociability and share the wealth. Sign Up please.

RON FOSTER SOCIAL EVENING

On Saturday, July 18th, everyone is invited to gather at the Clubhouse for a night of a neighborly social evening, with music and dancing supplied by our Ron Foster for the occasion. BYOB and snacks and enjoy mingling with your friends and neighbors!

CLUBHOUSE BREAKFAST

There will be a wonderful Biscuits and Gravy extended breakfast held on Saturday, July 25th. Again, don't forget your place settings, etc., and to sign up.

CHICKEN DINNER

THEN, to wrap up the first month of our summer program, on Friday, July 31st, a sumptuous chicken dinner will be served in the Clubhouse. Sign up, bring the settings, and join y neighbors and friends once again for food and sociability.

EARLY BIRD DINNER THEATER

Barbara Whitman

It will be getting a group together to attend the Saturday, July 11th performance of “If The Shoe Fits”, at the Early Bird Dinner Theater.

It will be the luncheon show with a buffet dinner before the play begins. The doors open at 10:30 a.m., with the show beginning between 12:30 and 1:00 p.m. The buffet consists of a variety of salads, along with Jello and dinner rolls. The hot buffet follows with several kinds of meat, fish, potatoes, and vegetables. Dessert is served at your table. The cost is \$32.00, and is collected by Barbara Whitman at Lot 922 by July 5th. The gratuity is collected in the baskets which are on each table.

The performance of “If The Shoe Fits” begins with Dolores, an unhappy housewife, and George, a show salesman meeting at Shoe Fantasy and falling in love. The only problem is that Dolores is married to half-witted husband, Marvin, who would never agree to a divorce. The only solution is to kill Marvin. How they try to accomplish this feat is where all the comedy comes in. Also included in this plot is their eccentric Spanish-speaking maid, Esperanza, who arrives to work on the wrong day, which complicates the lovers’ plan and leads to a wacky tale of love, murder, and shoes.

A sign-up sheet is on the bulletin board in the Clubhouse. For more information, call Barbara Whitman at 238-3200.

July Is...

Eye Injury Prevention Month. Eye injuries occur at a rate of more than 2,000 per day, with an estimated 1,000 eye injuries occurring in American workplaces alone. In addition to wearing proper safety eyewear, early detection and treatment of eye conditions and diseases are essential to maintaining good vision throughout your life.

Independent Retailer Month. Celebrate independent retailers across the country. Support and shop independent merchants all through the year, and use July as a time to unite for the independent retailers in local communities that help build our economy.

National Hot Dog Month. What better month to enjoy a delicious hot dog? The National Hot Dog and Sausage Council estimates that Americans eat over 7 billion hot dogs between Memorial Day and Labor Day, with 150 million consumed on the Fourth of July alone. Do your part.

Parks and Recreation Month. This year marks 30 years of Parks and Recreation Month, highlighting the enduring importance of parks and recreation for the world. From the start, parks were created to give us a place to appreciate nature, exercise, socialize, and have fun—a mission that lives on into the future.

July Daily News...

World UFO Day, July 2. Have you had a close encounter? Spread the word on this day that explores the unexplained.

Independence Day, July 4. The United States declared its independence from Great Britain on this day in 1776.

Global Forgiveness Day, July 7. “To forgive is to offer opportunity for a new beginning to the offender, and provides a process of healing for the victim.”

Shark Awareness Day, July 14. As much as we enjoy being frightened by this predator of the sea, remember that the shark has a key role to play in keeping marine ecosystems in balance.

World Ranger Day, July 31. Sponsored by the International Ranger Federation to commemorate rangers killed or injured in the line of duty and to celebrate the work rangers do to protect wildlife around the world.

Doctors may soon use lasers to seal wounds

Lasers are common weapons in science fiction movies, but soon a laser may be used to heal wounds in real life if scientists at Tel Aviv University are successful.

As reported on the Reuters website, the scientists developed optical fiber capable of transmitting infrared light and at the same time measuring the heat of the tissue it's pointed at. This allows them to control the laser's power accurately and use it to "weld" tissue effectively without any burning or scarring. Collagen aids the bonding process, growing firm as the skin cools down.

This laser-aided process may result in stronger bonding with fewer scars than traditional suture offers. Initial tests on humans showed successful healing with less scar tissue; examinations one year after surgery should demonstrate whether the laser produces less scarring than needle and thread.

Twin suns may support rocky worlds—in theory

Many solar systems around the universe are binary, with two stars orbiting each other in space. Scientists have long believed that rocky planets can't form in these systems because of gravitational forces that would cause planetesimals (worlds in the process of forming) to destroy themselves in collisions instead of slowly merging with each other. Thus, the common image of a world with two (or more) sunsets on the horizon seemed relegated to movies.

But new studies suggest that planetesimals behave differently than had been thought, according to the Sci-News website. Astronomers previously theorized that small worlds seek a circular orbit, leading to collisions around binary stars; now they believe that planets in these systems may take on an oval orbit as they form, avoiding crashes and eventually accumulating a rocky mass. Such worlds could see more than one sun in the sky, and may be able to support life.

Nature composes some of her loveliest poems for the microscope and the telescope.

Support innovation with continuous learning

The more you learn, the more material you have for your creative efforts. To master lifelong learning, no matter what your ambitions are, consider these points from the Innovation Excellence website:

- **Laughter is good for the brain.** Find the humor in whatever you do. Laughter will help you remember incidents better, and also generate a sense of security which supports a well-balanced mind.
- **Learn in chunks.** Instead of trying to memorize information in big blocks, concentrate on learning a few individual points at a time. You'll retain more without the mental exhaustion of cramming.
- **Study a foreign language.** Bilingual speakers tend to process information more efficiently than those who speak only one language. People who exercise their brains by learning Spanish, Japanese, or some other tongue frequently find they don't have to work as hard performing other cognitive tasks.

Keep your mouth shut

A turtle was lying on the bank of a river one day when he heard two hunters walk by, talking about how they planned to come back the next day to catch some turtles for soup. He worried all night, because he knew he couldn't outrun the hunters, and in the morning he had a plan.

He saw two birds in the tree overhead. As the hunters approach, the turtle called out, "You up there! Would you help me escape these hunters?"

"What do you want us to do?" the first bird asked.

"I'll hold this stick in my mouth," the turtle said, "and you two pick me up and fly me to the other side of the river."

The birds agreed and flew down to the ground. The turtle clamped a thick stick between its jaws, and the birds slowly lifted him up off the ground.

As the hunters reached the riverbank, they stared in amazement. "Look at those birds! They figured out how to carry a turtle across the river! Those must be the smartest animals in the world!"

Jealous, the turtle cried out: "It was my ideaaaaa ..."

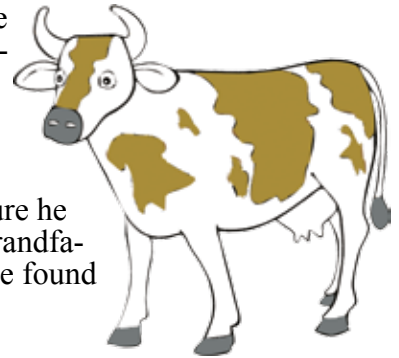

The strongest bonds

A farm boy took his cows to the meadows out to pasture every morning and brought them back to the barn at the end of the day. One evening, as he was tying the cows up for the night, he found that he'd lost the piece of rope he needed for the last one.

He couldn't go all the way town to buy more rope, but he didn't want the cow to wander away. So he went to his grandfather for advice.

"Here's what you do," the grandfather said. "Go up to the cow the same way you do every night and pretend to tie a rope around him, then pretend to tie the rope up to his stall. Make sure he sees you doing it, and he'll be fooled." The boy followed his grandfather's advice, and the next morning when he went to the barn he found the cow still there.

He untied all the rest of the cattle and herded them out to pasture for the day. But when he passed by the barn on his way to do his other chores, he noticed the cow was still there. He went to his grandfather again.

The grandfather smiled and said: "You forgot to untie the cow. Go back and pretend to let him loose, and you'll be able to herd him outside."

Moral: Often what holds us back are the bonds we only think are real.

Correct: A Zen parable

Two monks could not agree on a problem. Finally they went to the master of their monastery to settle the dispute. They agreed to argue their positions one at a time while the master listened.

After hearing the argument presented by the first monk, the master nodded. "You are correct." The first monk was pleased, but the master then told the second monk to speak his piece.

The other monk made his case. Once he finished, the master gave another nod. "You are correct."

"But master!" the two monks cried together. "We can't both be correct!"

Again the master nodded and smiled. "You are correct."

Ancient bones offer clues to evolution

Scientists may have discovered a new human ancestor to go along with “Lucy,” the 3.2 million-year-old *Australopithecus afarensis* female from eastern Africa. Dubbed “Little Foot” because of his small bones, this specimen was unearthed in South Africa in the early 1990s. His skeleton was almost completely preserved after falling down a narrow cave shaft and dying there. Whether Little Foot was a relative of Lucy’s or a different pre-human species has been a subject of debate among anthropologists, but a new dating process suggests that Little Foot lived and died some 3.67 million years ago, close to the same time as Lucy.

Although some scientists dispute the accuracy of the dating technique, if it holds up it suggests an evolutionary link between different species of *Australopithecus* in ancient Africa, as well as evidence of where in Africa modern humans began to develop.

Birds do it, bees do it, and so do amorous mice

From time immemorial, men have wooed their lady loves with romantic (if sometimes off-key) music. Now scientists from Duke University believe that love songs aren’t just for humans. Mice also sing to females they hope to attract, although they aren’t likely using Barry White.

Instead, mice rely on high-pitched sounds outside the range of human hearing, using specific tunes when they smell a potential mate and different ones when they finally set eyes on her. The songs are louder and composed of more complex sounds when they smell a female scent, and get simpler—but longer—when they finally meet face to face. The complex songs seem to attract females, although what specifically draws them close is still uncertain.

The very striving and hard work that we so constantly try to avoid is the major building block in the person we are today.

—Pope Paul VI

The state of food across the U.S.

Every U.S. state is known for something: slogans, state birds, celebrities, etc. If you're hungry, or planning your vacation menu, consider some of these official state foods found across the country:

- Alaska: Salmon (state fish)
- California: Avocado (state fruit)
- Delaware: Peach pie (state pie)
- Georgia: Grits (state prepared food)
- Illinois: Popcorn (state snack food)
- Louisiana: Sweet potato (state vegetable)
- Maryland: Smith Island Cake—a yellow cake of 8-10 layers with chocolate frosting (state dessert)
- New York: Apple muffin (state muffin)

The creative process—from the artists who know

What do professional artists, writers, and performers think about creativity? From The Guardian come these thoughts on the process from people who depend on their imagination to do their jobs:

- Guy Garvey, musician. “Just start scribbling. The first draft is never your last draft. Nothing you write is by accident.”
- Polly Stenham, playwright. “I’m very fidgety, and I seem to work best when my hands are occupied with something other than what I’m thinking about. During rehearsals, I find myself drawing little pictures or symbols that are somehow connected to the play.”
- Tamara Rojo, ballet dancer. “An idea never comes to me suddenly; it sits inside me for a while, and then emerges.”
- Mark-Anthony Turnage, composer. “If you get overexcited by an idea, take a break and come back to it later. It is all about developing a cold eye with which to look over your own work.”
- Fyfe Dangerfield, musician. “For me, the image of the tortured artist is a myth—you don’t need to be miserable to write songs. In fact, if I am feeling down, the last thing I want to do is write; though it’s important sometimes just to sit down and get on with it, however you’re feeling. Your creativity is like a tap: if you don’t use it, it gets clogged up.”
