# WHEN TREATING A HEART ATTACK OR STROKE, TIME IS OF THE ESSENCE. EVEN DURING THESE TIMES.

## **Don't hesitate when it comes to getting emergency treatment.**

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are screened and treated in a separate area. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information:** [BayCareEmergencyCare.org](https://www.baycare.org/emergency)

## FROM THE OFFICE

---

I plan on opening my Office on June 1st. There will be some changes. Due to the uncertainty of Covid-19, these changes will be made:

1. Come in to pay rent ONLY
2. All complaints must go on a form; pick it up and then leave, you can put it in the mail slot when completed
3. I will be seeing people by appointment only, so call ahead
4. If you are sick, stay away!

These changes are necessary because of the size of both of the offices and the continued unknown about Covid-19. Yvette and I will not be wearing masks (our sandbox, our choice)

Once again, people are either selling their mobile without Park approval, or moving in roommates, family, etc. without my approval. Trust me when I say that you have a better chance of them staying for awhile if you are up front with me, than if I have to hunt you down to get answers! NO mobile home can be sold without Park approval, EVEN if they currently live in the Park. If you sell without approval, I can demand that the new person move out until approved....not a good start for a new resident who doesn't know they are in violation of the park rules. There also is a limit of 2 mobiles per person and you may not know if they own 2 already. Some current residents have been approved as "a roommate only" which could mean I have not verified their income (ability to pay rent). The tenant application can be printed from the Park's website, [embassyparkflorida.com](http://embassyparkflorida.com). It is 2 pages; you also need to submit a copy of their Drivers License, Income verification and a \$100 non refundable processing fee. All guests over 48 hours must be registered in the office. If the office is closed, send an email and I will contact you.

Hurricane season is here; unfortunately, I do not have 2020 Hurricane Guides; to the best of my knowledge they are not printed yet. I will continue to research this. I am sure they will be considerably different from the 2019 guide due to Covid 19 guidelines being put into place. In the meantime, make sure you are stocked up with essentials and have all of your important papers together in case of evacuation (don't forget your meds!). Make sure your yards are hurricane ready.....make sure there is nothing laying around that could become a damaging projectile during hurricane force winds. Also, after any rainfall you should make sure you have no standing water—this breeds mosquitos!

The POOL will remain open at 50% guidelines until further notice from Pinellas County. Please continue to follow the guidelines posted at the Pool. Kids hours remain 11 a.m. to 2 p.m. Many residents are babysitting their grandkids during the day (no rule against it); they have the right to bring them to the pool.

Manager's Meeting for June 10th, 9:00 A.M. for coffee; meeting at 9:30 a.m. Signs will be posted to confirm (or cancel) this meeting based on what the current "safe at home" order is. Please practice social distancing.

## BOOK REPORT

---

**T**ina Wainscott wrote “What she Doesn’t Know. In it Dr. Rita Brooks meets Brian on the Internet. She was selling a dagger, he was buying it. For five months they exchanged emails. Rita thinks it is finally time to meet Brian in person. But before she can someone runs her off the road. When Rita awakens there is a strange man in her hospital room. He is asking her how she knows Brian? Does she know why he would try to commit suicide? Rita believes someone tried to kill Brian! This book is a great read.

Tina has always been creating people and stories. Her books combine romance, suspense and sometimes a touch of the supernatural. She also writes under the name Jamie Rush

Don’t forget the Library is open daily 10 – 6. Forgive our mess because we are making room for more books and things. We are going to add a toy section for when the Grandkids visit.

Please remember to be safe and take precautions.

Wi-Fi can be accessed from the screen room 24/7

We also have towels and Embassy mail boxes for fundraisers. Come and enjoy your Library.

**CALENDAR** *Park Calendar—There is only one scheduled activity*

Manager’s meeting, June 10th, 9 a.m. for coffee, meeting at 9:30 a.m. Please practice safe distancing when attending.

I also have okayed the Sewing Ladies to have their meetings on Tuesdays and Fridays. (they are never over a group of 8)

Sunshine Couple for the Summer is Cathy and Ron Russell, Lot 1301, 727-538-2439

## WHO AM I???

---

**“She’s a B---h! She thinks she’s God! She’s a snob! She thinks she is better than everyone! She plays favorites; she has no people skills; she is not qualified to be a Manager; I’m moving because of HER!**

(All of the above comments came from current residents)

No, she is the person who:

- A. pays phone bills & Duke power bills for residents so there phone & power doesn’t get shutoff;
- B. Has to evict a Mother because she did a poor job of raising her kids, now they are drug addicts and won’t move out of her Embassy home
- C. reaches out to resident’s families when she thinks they need help
- D. will print your boarding pass
- E. will help those who don’t own a computer and need some help accessing benefits sites and food stamps

- F. reads and explains documents to residents who don't know how to read or simply need help understanding the paperwork
- G. Has to tell a Mother her children cannot bring their children (Grandkids) to live with her in Embassy
- H. Has been stalked by a resident
- I. Has been threatened "You will be the first woman I ever killed!" (true quote)
- J. Has had her car tires tampered with
- K. Has had vandalism at her office...cut a/c lines, stuff thrown on the office door, etc.
- L. Has had to notify loved ones of a death
- M. Doesn't participate in Park functions because residents don't understand that she deserves some fun (have you ever been at a function where someone pokes a finger in your face and declares to the whole room that the paper towels in the Ladies room are empty? (they were full, she just didn't read the instructions ON THE FRONT OF THE MACHINE) Or told "the toilet won't flush; the pop machine took my money; it's too hot/cold in here; it is the residents who have made me "a social snob"!
- N. Denies tenant applicants, who then get irate; One old man told me he hoped I got a deadly disease and suffered a horrible death!
- O. Favorites??? Ask my family...they have been told they need to power wash, paint, cleanup carport, etc. Right or wrong, I hold them to a higher standard!

I am employed by the Park Owner, Mr. Larson. My responsibility to him is to collect rent, oversee park maintenance, keep up occupancy and enforce the Park rules. The Park rules are his, not the homeowners. He has my back, 110 %; when a resident contacts him with a complaint, he doesn't even tell me, it just goes to "ignore" because he has entrusted me with the management of the Park.

I maintain an open door policy; if you have a complaint or question about how or why I do something, you should use that "open door" instead of discussing it on street corners, at the pool, after several cocktails, etc. I rely on residents to bring things to my attention; I can't be every where and you can see what's happening on your street on a daily basis. I appreciate all input; your name will never be told as a source of a complaint. (NOTE: currently you need to make an appointment with me, send an email [embassyhnp@hotmail.com](mailto:embassyhnp@hotmail.com) or put your complaint in writing.

I am also a Wife of 52 years, Mother of 2 daughters, Nana to 4 boys (2 college graduates, 1 entering college, one in high school.)

## June Days

---

**N**ational Cancer Survivors Day, June 7. Thousands worldwide speak up to honor cancer survivors and to show the world that life after a cancer diagnosis can be fruitful, rewarding, and even inspiring.

**World Oceans Day, June 8. For 2020,** World Oceans Day is calling on world leaders to protect 30% of our blue planet by 2030. By safeguarding at least 30% of our ocean through a network of highly protected areas, we can help ensure a healthy home for all.

**Flag Day, June 14.** Fly Old Glory proudly!

**Father’s Day, June 21.** Celebrate your father and all fathers everywhere.

**World Rainforest Day, June 22.** This global event celebrates this precious natural resource and encourages action to preserve it. Your efforts, together with those of others, will benefit rainforests and the climate worldwide.

## Fun facts about your Father’s Day gift

---

**F**ather’s Day is June 20 this year, and the 65 million fathers in the United States (give or take a few million) will bask in familial attention and be showered with gifts—mostly neckties.

The modern necktie evolved from the small, knotted neckerchiefs worn by Croatian mercenaries working for the French in the Thirty Years’ War. The word cravat derives from a combination of the French “Croate” and the Croatians’ own name for themselves, “Hrvati.”

With the rise of the business class in the 19th century, demand grew for neckwear that was durable, comfortable, and easy to tie.

In 1926, a New York tie maker named Jesse Langsdorf developed a technique that improved the tie’s elasticity, which allowed it to revert more easily to its original shape. The “Langsdorf” became the most popular form of necktie.

Since then, ties have widened as far as 4.5 inches and thinned to three inches (or skinnier) depending on the current style, but they seem to be here to stay.

Happy Father’s Day

## June Monthly

---

**Adopt-A-Cat Month.** American Humane celebrates Adopt-A-Cat Month each June—a month that marks the height of “kitten season,” when millions of kittens are born and often end up in animal shelters. Take home a new friend (or two) to ease your social isolation today.

**National Camping Month.** June is an excellent time to pack up your gear and experience nature—while practicing social distancing, of course. Gather family and friends, don’t forget the s’mores ingredients, and go camping! Nature is calling, and there are many ways to enjoy a weekend or even longer in the outdoors.

**National Dairy Month.** Dairy products contain nine essential nutrients, such as calcium and potassium, that can help you manage your weight and reduce your risk of high blood pressure, osteoporosis, and certain cancers. Whether it’s protein to help build and repair the muscle tissue of active bodies, or vitamin A to help maintain healthy skin, dairy products such as milk and yogurt are a natural nutrient powerhouse.

**Oral Health Month.** Don’t neglect your oral health during the pandemic. Leading by example—especially when it comes to salubrious habits like brushing and flossing—can make a big difference in the health and happiness of your entire family. This year’s theme: Share More Time, Share More Smiles.

## Weekly

---

**National Nursing Assistants Week, June 11–18.** During this week, nursing assistants and direct-care workers educate the public, state, and federal government agencies, and, in particular, their elected officials about the nature of their vital work and what they need in order to do the job right.

**Animal Rights Awareness Week, June 14–20.** The goal is to help raise global awareness of animal rights by educating the public about animals’ basic needs. Animal rights awareness extends from individual pets to companion animals, farm animals, wildlife, and animals used for testing, experiments, and medical research.

**National Mosquito Control Awareness Week, June 21–27.** The current lockdowns in place to curtail the spread of coronavirus will probably not preclude essential mosquito control activities in the U.S. Despite emphasis on testing and treating COVID-19 patients, we can’t forget that other debilitating and potentially fatal diseases transmitted by mosquitoes could infect our citizens.

## Coronavirus spurs creative solutions

---

**T**he COVID-19 pandemic is scary, but if it has any upside, it's in the way the crisis has sparked innovation and creativity in business.

The BBC website reports that the Washington, D.C., public library hosts a virtual book club for readers, and chef Massimo Bottura of Italy has launched an Instagram series to teach basic recipes to homebound cooks. An art teacher in Tennessee is livestreaming classes for children who want to be creative.

Speaking of art, museums such as the Louvre in Paris have been offering virtual tours, and art lovers can view classic sculptures from the Vatican.

Small-business owners are thinking outside the box and taking steps to address the crisis, the U.S. Chamber of Commerce website reports. Cycling apparel company Kitsbow in North Carolina has shifted from making jerseys to manufacturing personal protective equipment (PPE), and it plans to produce 26,000 face shields and face masks. Similarly, Sweaty Bands, a maker of no-slip headbands for activewear, is repurposing materials into facemasks for local hospitals.

On another front, cosmetics maker Garb2Art has found a new market for a hand sanitizer it developed three years ago. Revamping the production process, the company has expanded its staff from five people to 25 and recouped its \$25,000 investment in bottles and alcohol in a single day.

## Focus on mental health while in quarantine

---

**S**taying indoors for an extended period—days, weeks, or even months—can be hard, especially when you're already stressed about COVID-19. While staying physically healthy, don't neglect your mental health. The Verywell Mind website shares these tips:

- **Stick to (or create) routines.** If you're working at home, start the day at your regular time. Shower and dress, and focus on your job. Eat meals at your usual time.
- **Stay active.** Don't sit on the couch all day. Fitness apps can remind you that it's time to get moving. Search YouTube for exercise and yoga videos. Jog through your home a couple of times.
- **Communicate.** Don't cut yourself off from the rest of the world. Spend time with family or friends who are staying with you. Reach out through social media and Skype and Zoom. Even if you're isolated physically, it doesn't mean you should withdraw entirely.

## A few one-liners

---

**F**unny or dumb? You decide:

What's the best thing about Switzerland? I don't know, but the flag is a huge plus.

- I submitted 10 puns to a joke-writing competition to see if any of them made the finals. Sadly, no pun in ten did.
- What's the difference between a hippo and a Zippo? One is really heavy, and the other is a little lighter.
- Can a kangaroo jump higher than the Empire State Building? Of course! The Empire State Building can't jump.
- If you have 10 apples in one hand and 14 oranges in the other, what do you have? Really, really big hands.
- I took part in the suntanning Olympics, but I only got bronze.
- What do Alexander the Great and Winnie-the-Pooh have in common? Same middle name.
- Not only is my new thesaurus terrible, it's also terrible.

## A miracle?

---

**S**ister Mary was a devoutly religious woman. Besides her duties as a nun, she was very active in various hospitals visiting sick patients and taking care of all their needs.

One day she found her car was out of gas in the hospital parking lot, and the only container she could find to put any gas into was a bedpan.

Sister Mary walked two blocks to the closest gas station, filled up the bedpan with gas, and headed back to her car.

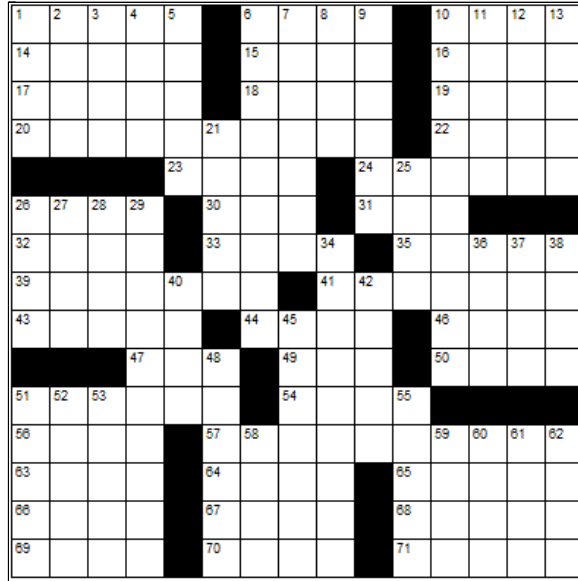

As Sister Mary started tipping the gas into the fuel tank, a man walked out of the hospital. He stopped and watched her. Just when she finished pouring in the last drops of gas, he said, "I promise, if that car starts, I'm going to church this Sunday!"
