Knock, knock who is there? Not a health agent.

Medicare has very strict rules prohibiting the enrollment into most products via door-to-door sales. Still many seniors are experiencing unsolicited calls and visitors. Making a decision about your health coverage is important and should be done every year, but not by someone who shows up on your doorstep or is cold calling you. At Best Plan Choice, we encourage you to find out how good a full-service health agency can be for you. We work directly with individuals, groups and communities to bring our services to you, at your request.

During the annual enrollment season for Medicare health coverage (Oct 15-Dec 7) we host seminars with free coffee and dessert (see our enclosed insert or call 855-BOOMER65). Throughout the year, we are available to present every available plan, assist you with customer service issues or become your agent if you need one.

Are you debating if you need Medicare Part B? We can show you how to save money on your Part B premium each month. Do you need financial assistance? We can help you apply for Medicaid or extra help for the high pharmacy costs you may have. Is your spouse still working to provide health insurance for you? We may have options which will start their retirement sooner. We will provide a complete needs analysis during a personalized appointment so you can make the best plan choice for you. As always, our services are without charge or cost to you. Call us at Best Plan Choice, where Clients become Friends, and Friends become Clients!

EDITOR'S NOTE REGARDING RECIPE OF THE MONTH:

I was recently given a copy of a book, titled: Embassy Park, "Great Recipes". It belonged to Arlene Stuart. I am not sure what year it was printed; 23 of the recipe contributors still live in the Park. Unfortunately, the names of the recipe contributors was not listed with each recipe....perhaps some of you will recognize them. Speedy Printing helped with the expense of printing, and the proceeds went to ARK, which stands for "Acts of Random Kindness 4 Kids in Desperate Situations".

Every month that I do not receive a recipe, I will print one from this collection.

RECIPE OF THE MONTH

RON'S WILDERNESS CHILI

Ingredients:

- 15 oz can red kidney beans
- 3 cloves garlic or 1 Tablespoon powder
- 2 Large onions, diced
- 3 16 oz cans tomato sauce
- ½ tsp coarse black pepper
- Chili powder to taste (approx. 3 T)
- Small can green chilies, chopped
- 15 oz can pinto or chili beans
- 1 T cooking oil
- 3 stalks celery, small chunks
- 16 oz can tomatos
- Salt to taste
- 2 bay leaves
- 1 ¼ tsp. oregano
- ¼ tsp. cumin
- 3 T sugar
- 2 Lbs. ground beef

Instructions:

Brown ground beef and onions with 1 T. oil. Drain off fat and add all can goods, onion and celery. Heat to a simmer, then add spices. Leave chili powder until last, then add to taste

Recipe is flexible, add more beans or any item you want to---leave out the stuff you don't like!!!! Add other items like potatoes, wieners, etc. Best to let the chili rest over night in the fridge.

(Could this recipe be from Ron Russell?)

AUTHOR OF THE MONTH

Andrea Kane is an American author of romance and suspense novels. In “The Dark Room”, a Pete Montgomery book, 17 years after little Morgan discovers her parents lifeless bodies in a Brooklynn basement on a tragic Christmas Eve, new evidence overturns the supposed killers conviction! Who killed her parents and why? Is it too late to find the truth? Is the trail too cold? Read the book and be surprised!

Don't forget the Library is open daily for everyone to use and we have A/C!

FROM THE OFFICE:

Due to an out of state emergency, I had to cancel the October Manager's Meeting; the next one will be Wednesday, November 14th—Coffee and cake 9 a.m. to 9:30 a.m. Meeting at 9:30 a.m.

If you ever wonder why you retired to Florida, return home for awhile....we had 9 of out 10 days of rain, wind and 60 degree temps, then drove home skirting Hurricane Michael...this unseasonably warm weather is a relief!

As of this writing, the Contractor is waiting on the City of Largo for a final inspection on Lot 834; the insurance company refused to pay for the cement removal, so I had it removed at Park expense so that we can hopefully get this eyesore cleaned up....ONE year later!!!!!!!!!!!!

I have a contract with a company to demolish and clean up Lot 1303 where the fire was; however, due to permitting procedures, the earliest this will happen is November.

POOL- we were still experiencing issues, so I now have Roy babysitting the pool company when they come to clean our pool.....hopefully this will result in a cleaner and clearer pool. It is a shame that there is such a lack of work ethic among so many companies!!!!

As a result of the letters that were sent out, a lot of weeds and yard clean up was done; as a courtesy, the maintenance crew picked everything up, even if it wasn't BAGGED, BOXED or BUNDLED. Please be sure to put your yard waste out following the 3 B rules in the future. Also, check your rules for when the garbage can be put, no one wants to look at curbside garbage for several days before pick-up.

GARBAGE remains an issue---What part of flatten your boxes before you throw them into the recycle bin is hard to understand????? NO TV'S are to be disposed of anywhere in the Park....again, read your rules!!!! Some residents have rudely told people that they don't recycle...that is your right, but DO NOT throw your trash in the recycle bins, use the correct dumpsters! Also, residents seem to think that a few weeds or grass clippings are OK to be put in the 6 yd dumpsters..NOT!!!! Yard waste, construction materials, tree limbs, etc. need to go into the 30 yd dumpster on 3rd street.....AGAIN...WHAT IS SO HARD TO UNDERSTAND ABOUT THESE PROCEDURES????????????? Here's a thought...I can hire garbage police or

install cameras and pass the cost on to all residents.....who wants that to happen??? Not me!!! The \$15 increase this year was tough to swallow, we certainly don't want to have it keep going up by double digits!! Be a Good Neighbor, be garbage conscious, put the right items in the right containers. (sorry for the ranting, but this issue is getting old!)

Snowbirds are starting to return; please welcome them back at the edge of the street, not in the middle blocking traffic!!!! A reminder to all snowbirds, you need to notify the office that you have returned, even if it is in an email (embassymhp@hotmail.com). For those of you that ignore the rules, I would like to remind you that it is for your benefit to notify the office when you leave and return. Park staff and your neighbors keep an eye on your property when you are gone and if we don't know when that is, any suspicious activity may go unchecked!

Many Club meetings and activities will soon be in full swing; be sure to read your Bulletin and check out the calendar in this issue.

Please remember that you must put the Clubhouse back in order after your event; for your convenience there is a table chart on the bulletin board in the back of the clubhouse.

MY VISIT TO THE CREATION MUSEUM AND ARK ENCOUNTER

On Sept. 20th at 6 a.m. my sister Bonnie, brother-in-law Dan, friend Sandy and I met the bus to travel to Petersburg, Kentucky.

We arrived at the Creation Museum around 11 a.m. and headed to Noah's café for lunch. We toured the Garden of Eden, special shows, the Stargazers Planetarium, and many more historical sites. There was a lot of reading and walking to be done! We left the museum around 4 p.m. and headed to the Holiday Inn on the Ohio River. That evening we enjoyed a dinner cruise with an excellent buffet meal and, guess what? A D.J. and dance floor! You know where I spent my evening!

Day 2 we had breakfast at the hotel and then left for the Ark encounter in Williamstown, Kentucky. It is a life-size replica of Noah's Ark (510 ft. long, 85 ft. wide & 51 ft. high). Although the Bible does not tell us a great deal about the Ark, the builders of the replica did a lot of research on how Noah's family could have maintained the Ark and cared for the animals during the flood. There were no live animals on display but many crafted reproductions. Again, there was a lot of walking (4 floors) and reading, movies, etc. It was really something to see!

We left the Ark about 4 p.m. and stopped at a Golden Corral for dinner. We arrived home about 10 p.m., tired but enriched by a new experience.

MEMORIES FROM A FRIEND:

My Dad is cleaning out my grandmother's house (she died in December) and he brought me an old Royal Crown Cola bottle. In the bottle top was a stopper with a bunch of holes in it. I knew immediately what it was, but my daughter had no idea. She thought they had tried to make it a salt shaker or something. I knew it as the bottle that sat on the end of the ironing board to "sprinkle" clothes with because we didn't have steam irons. Man, I am old!

(Editor's note-as a teenager I used this method often, as I ironed clothes for the neighbors to earn spending money....I wasn't crazy about babysitting the neighborhood Brats!)

How many do you Remember?

Headlights dimmer switches on the floor.

Ignition switches on the dashboard.

Heaters mounted on the inside of the fire wall.

Pant leg clips for bicycles without chain guards.

Soldering irons you heat on a gas burner.

EMBASSY CHRISTMAS DECORATING CONTEST

It seems hard to believe that we are already thinking about Christmas! The Social Club sponsors a decorating contest for: Bikes and golf carts, judged during the parade on Dec. 21st; Mobile homes and RV sites, voted on by ballot... 1 per mobile, 2 if 2 tenants, renters can vote. A Committee of 3 is set up to count the ballots, with 1st, 2nd, and 3rd place winners for mobiles homes and 1 winner for RV sites. Last year's first place winners are not allowed to compete, but can still decorate. (First Place mobile home winner's were Lyn & Jerry, Lot 721 and RV 211 Charest-Veil) If you wish to be on the ballot, you will have to notify the office by 2:00 p.m. Dec. 14th that you want your name/lot on the Ballot . Ballots will be available Dec. 17th thru 20th in the Office (The Office will be closed until after the HOA Meeting on the 17th, ballots will be available at the meeting) and must be returned to the Office by 2:00 p.m. on Friday, Dec. 21st

All winners will be announced at the Christmas Caroling/Cookie get together in the Clubhouse following the parade on December 21st.

Busy as a bee—even when the bees are sick

Honeybees are hard workers—even when they're sick. The (e)Science News website reports that researchers using radar technology have learned that honeybees continue to seek and collect honey for their hives even when they're suffering from infections or viruses.

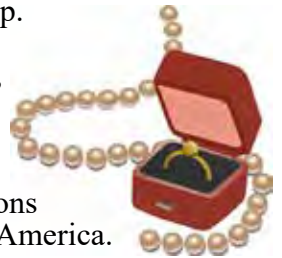

The scientists mounted tiny, lightweight transponders to bees' thoraxes, enabling them to track individual bees using a radar signal. Studying the flight paths of 78 bees, the researchers found that although the sick bees didn't fly as far or as long as their healthy counterparts, they continued their search, suggesting that bees are hardwired to seek and procure honey even when they're ill.

Copper bracelet suggests vast ancient trade network

An ancient copper band unearthed with cremated human remains in Georgia suggests that Native Americans may have traded across greater distances than previously was thought, according to the EurekAlert website. The band, a little wider than a bracelet, came from the Great Lakes region some 1,500 miles away. Scientists were able to determine the band's origin because copper sources have a unique chemical makeup.

The fact that the Native Americans were cremated is also significant, because cremation was unknown in the Southeast United States during the time period the bracelet dates from—some 3,500 years ago—but was commonly practiced in the Great Lakes region and other northern regions. This suggests that our ancient ancestors may have had connections across large distances, allowing for wide trading networks across North America.

The question is one of judgment. For the distinguishing element of science is not intelligence but judgment. Or perhaps it is simply luck.

Take a cold shower—for better health

Showers keep you clean, but a cold shower can be good for your health. An article on the Success website spells out the benefits of taking cold showers:

- **Immunity.** Scientists believe there's a correlation between cold showers and increased production of an amino acid called glutathione, which boosts the immune system, gets rid of toxins, and eases stress.
- **Better skin health.** A hot shower removes important oils from the skin, making it dry and itchy. Cold showers reduce skin inflammation. They also prevent your hair from becoming brittle.
- **Muscle recovery.** There's a reason why athletes soak in ice baths after a tough game. The cold water helps speed their recovery time and relieve soreness quicker.
- **Better moods.** Cold showers may prevent depression, according to researchers at Virginia Commonwealth University. Decreasing the temperature of your water and then spending two or three minutes under cold water sends a lot of electrical impulses from the nerves in your skin up to your brain, which could have an anti-depressive effect.

Climate change strategy a mixed bag

Scientists scrambling for a solution to the problems caused by climate change have come up with an intriguing idea: shooting tiny particles high into the atmosphere to scatter the light of the sun.

The Science magazine website reports that sulfur dioxide gas can cool down temperatures by reacting to water vapor and forming droplets that scatter sunlight. It happens during major volcanic eruptions, such as the eruption of Mount Pinatubo in the Philippines in 1991 and the eruption of El Chichon in Mexico in 1982.

Scientists have used computer modeling to project the effect of injecting light-scattering aerosols into the stratosphere.

Unfortunately, the probable results appear mixed. Although the model predicted that corn harvests would increase 6.3 percent due to reduced heat, other crop yields would fall because of diminished sunlight, and the strategy would likely have no effect on yields for crops like soybeans, rice, and wheat. Scientists continue to study the theory in hopes of finding a viable approach to managing climate change.

Dining out by age groups

How much do you spend dining out every month? Acosta and Technomic’s “The Why? Behind The Dine™” survey looked at trends among different demographics. Here’s what it found:

- **Diners with children 17 and under** spend an average of \$544 on food a month, with 38 percent spent on food prepared outside the home.
- **Generation Z diners ages 18–21** spend \$360, 29 percent on food from outside.
- **Millennials, ages 22–36**, spend \$513, of which 40 percent is prepared outside the home.
- **Gen X diners, ages 37–52**, spend \$469, with 32 percent spent on food from outside.

Why we do—and don’t—go to church

Americans go to church for many reasons—and some avoid church for reasons of their own. The Pew Research Center looked into what draws people to religious services and what keeps them away. Here’s what it found:

Reasons for going to church

To become closer to God	81 percent
To give children a moral foundation	69 percent
To be a better person	68 percent
For comfort in times of grief or sorrow	66 percent
Reasons for rarely or never attending services	
Practice faith in other ways	37 percent
No religious belief	28 percent
No church/religion they like	23 percent
