## Fairway Social Committee

The summer season continues with numerous activities, both inside and outside of our communities buildings.

Golf is still a popular sport, however if you are looking for a morning Tee Time, before the heat is unbearable, you best be at the Golf Shack as soon as it opens.

Shuffleboard is still very popular, and our great covered courts will provide sun shelter.

Don't forget to take in all the activities in the air-conditioned clubhouse; there is something just about every day. Have a look at the calendar in the centerfold.

Again, I can't say thank you enough for our wonderful volunteers that lead all these events. It's our residents that make the social life so exciting, and Fairway a great place to live.

Keep tuned for a new event that will happen in September. Glenn and Martha Russell have put forward a new activity and it has been ratified by the FSC executive committee.

3rd - Golf Scramble

11th - Ice Cream Social - Thanks to Gail Vendesande

17th - Summer Fun Party - Thanks to Joanne Thueneman

24th - Karaoke

Keep cool and enjoy all that Fairway Village has to offer their residents.

## Ice Cream Social

I scream, you scream, we all scream for Ice Cream!!!

Join us at the Club House on **Sunday, August 11, 2019 at 2:00 p.m.** for an ice cream sundae to "Cool off" on a hot summer day. Alexanders Landscaping will once again be sponsoring this event. Thank you, James.

Please sign up on the sheet provided on the rotating bulletin board so we have an idea of how much ice cream to get.

## Summer Fun Party

*Joanne Thueneman*

Don't forget the Summer Fun Party on Aug. 17th. It's a Potluck. It's dinner and great dance music by Bob Swenson and a lot of fun. The time is 5 to 8 p.m. BYOB, glass and place settings. Tickets go on sale Aug. 1st, 8th, and 15th at the clubhouse or call Joanne Thueneman 483.9980. All residents and their guests are welcome. See you there on the 17th.

## Architectural Review Committee

---

The ARC Policies and Procedures Manual defines and outlines the guidelines for all exterior changes to homes as well as for replacing homes. This manual is available from the office or may be downloaded from the FVRA website (Fairway Info; Home Buyers Placement or Modification Request form from the FVRA office or download it (page 12, Exhibit D, in the manual) and return the completed form to the FVRA office. The ARC, which meets most Mondays in the clubhouse, looks forward to working with you in replacing your home or planning the changes to the outside of your home.

## August Koffee Klatch

---

The August Koffee Klatch is Saturday, 8/17, from 8:00 - 9:00. Join us for donuts, coffee or tea. Meet some new friends! Donations are appreciated. Please sign up at the clubhouse. (Be sure to include your lot # and last name.) The sheet will come down on Wednesday 8/14.

## Monday Game Night

---

### 6:30 p.m. in the Clubhouse

We averaged 10 to 14 people playing three different games a night.

- Bring a game with you. OR: Just come and play!
- Card Games, Dice Games, Board Games, Rummikub or Dominos
- This will be a great opportunity to teach people how to play a game or learn new games.
- **Your Choice:**

You can play one game for a while and then move to another table.

## Garden Volunteers Are Looking for A Few Helpers This Summer

The Fairway Village garden volunteers maintain the gardens at the pools and the area in front of the north pool entrance. They also tend to the garden at the directory and most of the flower pots around the Village. We get a lot of compliments from residents but we need more help.

We are working with our manager, Tiffany, to coordinate our efforts. Thanks to the maintenance men for their help.

If you are interested in helping us keep the FV gardens beautiful call one of the following: Gail Carr, 532-9790; Ed Watzel, 524-2988

## Fun Shuffle Board - Sundays - 6:30 p.m.

**COME JOIN US!**

*Beginners Welcome!*

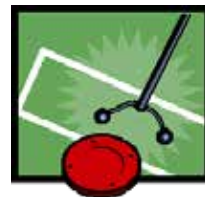

The roof over keeps the sun and in most cases the rain out of the area.

Have a good time and make new friends.

We usually play four games and rotate playing partners and finish about 8 o'clock.

We encourage you to attend and learn this game. Once you learn rules and how to keep score residents and their guests can play and enjoy the game anytime the court has not been reserved.

*Give it a try! It is a lot of fun!*

# July Golf Scramble

Joanne Thueneman

Our Scramble on the 6th turned out to be another great day for a game of golf. We had 42 raring-to-go golfers. The day was overcast, a little breeze and the course in great shape, you know Bill and Rick wouldn't have it any other way. Thanks fellas, you really do great work, and we do appreciate you.

Our game plan was a lot like a scotch double. All players hit on hole #1, after the best ball was selected, the next person in the line up hit the second shot and then the others followed in the line each hitting one shot till hole #9 was completed. It turned out to be a hot and humid day and everyone got finished early and they didn't have to wait. I try to think up games that are quick. When it's hot it is miserable to be waiting around.

The scores got up pretty good this time, our best was 31, then 1 with 34, 35, 37, and 43, 44 and 2 with 36 and 41. One group did not finish. The team with the highest score went out among the first few and they came in laughing like a bunch of kids, they had taken a tour of the course, they were everywhere, in yards (out-of-bounds), in water, in sand, in front and behind the greens. Since all teams were above par, I paid the lowest 2 teams and having a bit left over, game the highest an envelope awarding them for their perseverance, determination and good sportsmanship.

Next scramble will be Aug. 3, hope to see you then.

## Hey, bartender

---

A duck walks into a bar and asks, “Got any grapes?”

The bartender says no, and the duck thanks him and leaves.

The next day the duck returns to the bar and asks, “Hey, got any grapes?”

The bartender says, “No. We don’t serve grapes here.”

The duck thanks him and leaves, only to return the next day. The bartender sees him walking through the door and says, “Look buddy, I’m not sure why you keep coming in here. We don’t have any grapes, never did, and never will, and if you ask me about grapes one more time, I’m going to nail your beak to the bar.”

The duck is quiet for a few moments, and then asks, “You got any nails?”

“No,” the bartender replies.

“OK,” the duck says. “Got any grapes?”

## Know the difference

---

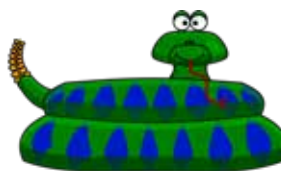

A guide took a group of people for a hike in the woods. They soon encountered a snake on their path. One of the hikers said to the guide, “Look there’s a snake. Do you think it’s poisonous?”

The guide looked over at the snake and replied, “No. That snake isn’t poisonous.”

Upon hearing this, the hiker walked closer to the snake to take a picture of it. The snake bit the hiker and slithered away. The hiker fell to the ground and began to moan in pain as the others in the group came to his aid.

“I thought you said that snake wasn’t poisonous,” someone said to the guide.

“That snake wasn’t poisonous,” the guide replied. “Poison is ingested or absorbed. That snake was venomous. Venom is injected.”

## Skepticism about electric cars

**A**re you ready for self-driving cars? How about vehicles powered by electricity, not gasoline? The AAA took a look at public sentiment about both possible transportation futures.

As the Green Car Reports website reports, 50% of survey participants said they expect most cars will drive themselves by 2029, but only 40% thought most vehicles will be electric by that year.

AAA explains the lower figure for electric cars by citing other survey results indicating that 59% of drivers aren't sure that their range on the highway and in the city is as good or better than that of gas-powered vehicles, although Green Car Reports says that EVs are more efficient and have more range in the city. Consumers said gasoline would have to reach \$5 gallon before they'd consider buying an electric car.

## Parents risk retirement to help kids

**M**ost parents want to help their children financially when they're just starting out, but the costs can be substantial: A Bankrate survey found that many U.S. parents are risking their retirement savings to support their children as they begin their careers.

Asked, "Would you say you have sacrificed/are sacrificing your own retirement savings in order to help your adult children?" 17% of respondents answered, "Yes, a lot," and 34% answered, "Yes, somewhat." On the other hand, 41 percent responded, "No, not at all." (For 9%, the questions didn't apply because they hadn't started or aren't saving money for retirement.)

At what age should parents stop footing their kids' bills? Here's what they said:

Cellphone	19
Car payments	20
Car insurance	20
Subscription services	20
Credit cards	20
Travel	20
Housing	21

## Know the two types of creative thought

---

**C**reativity comes in two types of thinking—divergent and convergent. You’ll get more out of your brain by recognizing the two so you can deploy them appropriately. Here’s how the London Business School website defines both:

### **Divergent thinking**

Imagining  
Creating  
Challenging  
Dreaming

### **Convergent thinking**

Testing  
Judging  
Deciding  
Evaluating

Use divergent thinking for generating ideas; practice convergent thinking to implement them.

## Get back into the creative habit

---

**A**ll of us are born with creative minds, but some of us lose the habit. The Entrepreneur magazine website offers these tips for getting your creative mojo back:

- **Practice mindful observation.** You look, but do you really see? Make a practice of observing and appreciating the details of your surroundings. You may see, hear, smell, or feel things you never noticed before, which can give you new ideas and insights.
- **Rev up your curiosity.** Make a point of asking questions about everything you see and do, even if you think you already know the answers. Exploring situations more deeply can yield fresh insights into everyday problems.
- **Free your mind.** Forget limitations. When you brainstorm, think beyond boundaries and the conventional wisdom. Don’t accept the tried and true—instead, teach yourself to look at what seems impossible. You could find a way to make the impossible come true.
- **Practice being creative.** Don’t wait until a problem erupts to flex your creative muscles. Your mind will be in better shape if you look for opportunities to be creative every day. Set yourself a small problem, and spend a few minutes thinking of new and different ways to solve it. You’ll be ready when you really need a spark of inspiration.

*A creative man is motivated by the desire to achieve, not by the desire to beat others.*  
—Ayn Rand

## Is your diet healthy or not? Here are some foods to watch for

---

**M**ost of us strive to maintain a healthy diet, but all the fads and trends that come and go can make it tricky. Here's some advice from the Newsmax website for staying on the right path:

- **Fat.** Saturated fats can be unhealthy, but unsaturated fats, like those found in avocados, almonds, and fish, are good for you in moderation.
- **Eggs.** Egg yolks were once thought to contribute to dietary cholesterol, but that's been proven false. Again, enjoy in moderation.
- **“Healthy” food.** Processed foods touted as “healthy” may have high levels of sugar and salt to enhance flavor, along with preservatives. Make sure you're eating foods that haven't replaced fat with some other unhealthy ingredient.
- **Gluten.** Some people are allergic to gluten, so avoiding it makes sense. If you're not, however there's no need to stay away from healthy foods containing wheat, rye, and barley.
- **Sports drinks.** Most sports drinks contain high levels of carbohydrates, sugars, and calories. Unless you're training for a marathon or some other extreme activity, don't consume them regularly.
- **Raw food.** A diet of raw food isn't particularly healthy, and it can be difficult to maintain outside of your own home. Cooked vegetables are easier to digest, and most foods are safer to eat when cooked.

## Explorer dives to deepest depths yet

---

**H**ow low can you go? A Texas explorer has gone lower than anyone ever before, taking a submersible to a depth of 35,853 feet in the Mariana Trench, according to an article on the UPI website. It's a new record, beating the previous by 52 feet.

The team behind the dive believes it has found at least three new aquatic species living under the sea, one of them an amphipod with long appendages.

The explorer, Victor Vescovo, said, “We feel like we have just created, validated, and opened a powerful door to discover and visit any place, any time, in the ocean—which is 90% unexplored.”
