The pool shower wall is finished and looks fabulous. The pool deck and front entrance are scheduled for the last two days of May or the first two weeks of June depending on the availability of Gemstone. The pool will be closed for ten days to two weeks for that project.

Jan Troke, Jim Wildes, and, Bob Green are getting bids on street repair and sealing. They will keep you informed as to when that project will commence and how long it will take.

The seawall is scheduled for some point in June depending on the availability of Dann Sapp. We will keep you informed on that project as well, as information comes in.

For those of you leaving in May have a safe trip home we'll see you in the fall.

## TREASURER'S REPORT

Martha Barry

**A**fter a six year stint of wading through foreclosures, constant contact with our attorney, and the financial burden imposed on the community, we can now celebrate a closure to this mess.

We have received a check for almost \$17,000.00 on the longest vacancy and costliest of these properties. This is a great relief in covering some of the attorney and bad debt costs. We can now move on.

We have welcomed many new residents in the past year and all have had the opportunity to sign on to our bank's auto pay system. This is the safest and most reliable way to meet monthly maintenance fees. Some residents are using their own bank's electronic pay systems and those are also reliable.

I would like to encourage anyone still writing monthly checks to consider the electric manner of payment. Your maintenance fee will always be paid on time and no late fees will be assessed. That \$25.00 late fee can add up quickly when payment is not received by 2:00 P.M. on the 10th of the month.

We have several projects in the works for the summer, including resurfacing our pool deck,

completing the last section of seawall on the west side of the lake, resurfacing our streets, and repairing another small sinkhole that has shown up on Holly. The Board has worked diligently to get this work scheduled and funds transferred from reserves to pay for each project. Please, be patient as at some point all of us will be inconvenienced by this work.

## **TOURS & TRAVEL 2015/2016**

*Carol Smerker & Joyce Herbort*

---

**O**n May 2, 2015 there is a new show at the Straz Center called "Late Night Catechism" a humorous one-nun show and the cost is \$64.00. On May 14, 2015 A Chorus Line is playing at The Show Place in Hudson. The price for that is \$79.00. See the Mini Horses of Fallen Pine Farm on June 9, 2015 costing only \$62.00. Some overnight trips include: A three day trip to St. Augustine July 3, 2015. A two day Murder Mystery Train & Immokalee Casino on August 2, 2015. A nine day cruise January 21, 2016 aboard the R.C. Vision of the Sea going to the Eastern Caribbean. Prices start at \$751.00 per person but that price will go up if you wait too long. See the travel board, one of us, or check the travel board to see a lot more events! We hope to see you enjoying some of our trips.

## **SHUFFLEBOARD**

## Sometimes it is, in fact, lupus

Contrary to what one cranky television doctor (House, M.D.) would like you to believe, lupus is a very real disease that hundreds of thousands of people deal with every day.

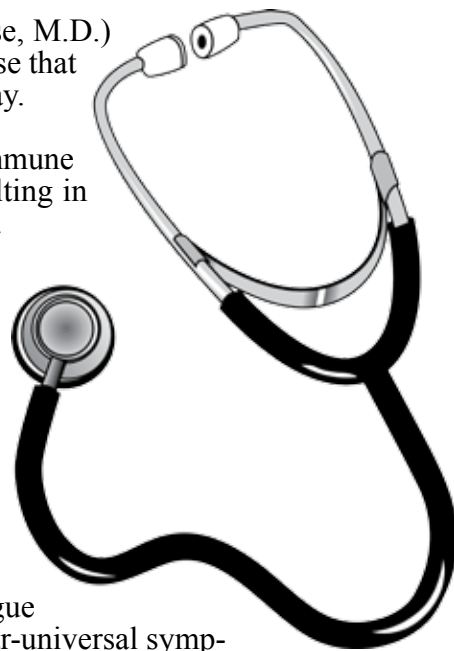

Lupus is an autoimmune disease in which the patient's immune system attacks healthy parts of his or her own body, resulting in inflammation, swelling, and pain, among other symptoms.

What can make lupus dangerous is when it attacks vital organs such as the heart, lungs, or liver. It is more likely to affect women than men, as well as people of non-European descent. However, if caught early, those affected by lupus have a good chance of living normal and healthy lives.

Symptoms of lupus include the following, and if it seems like many apply to yourself, you may want to visit your doctor:

- **Fatigue.** Most people who have from lupus suffer fatigue whenever the disease is about to flare up. This is a near-universal symptom regardless of how strong or mild the case is.
- **Joint and muscle pain.** Arthritis is another common side effect of lupus. Almost three-fourths of all patients report joint and muscle pain to be the first sign that they have lupus. Look for arthritis in the wrists, small joints of the hands, elbows, knees, and ankles.
- **Skin irritation.** Many lupus patients wind up with skin rashes, especially on the face. Sores, flaky red spots, and scaly rashes are also possible, and can be located on the face, neck, back, hands, and arms.
- **Chest pain.** The disease can cause inflammation of the heart and the lungs, which can result in very strong chest pains that can put people at an increased risk of a heart attack or a stroke.

Celebrities who have had lupus include singers Michael Jackson, Lady Gaga, and Toni Braxton, as well as My Favorite Martian actor Ray Walston.

## May Is...

---

**ALS Awareness Month.** Amyotrophic lateral sclerosis (ALS), commonly known as Lou Gehrig's Disease, is a neurodegenerative disease that affects nerve cells in the brain and the spinal cord. The ALS Association uses this month to focus the public spotlight on the disease as well as on global ALS research and public policy efforts.

**Get Caught Reading Month.** A nationwide campaign to remind people of all ages how much fun reading can be. The Get Caught Reading organization encourages readers young and old to enjoy books and magazines and to share that pleasure with everyone—especially children.

**National Bike Month.** Sponsored by the League of American Bicyclists and celebrated in communities from coast to coast, National Bike Month is a chance to showcase the many benefits of bicycling—and encourage more folks to give it a try.

**Skin Cancer Awareness Month.** Skin cancer is the most common form of cancer in the United States, with 3.5 million cases diagnosed annually in more than 2 million people. Fortunately, it's also one of the most preventable. Some simple precautions—stay in the shade, use sunscreen, check your skin regularly—can help keep you healthy and safe.

## Get smart with your exercise routine

---

In spring, many of us start putting our exercise routines into high gear. So here are some tips on exercising more safely and effectively:

- Stretch. Stretching helps loosen muscles and prevent aches the next day.
- Go easy on the weights. Start gradually and work your way up. To tone, stick with 3- to 5-pound weights and more repetition. To build muscle faster, choose slightly heavier weights and fewer reps.
- Warm up. Especially before aerobics. Warm muscles mean less chance of injury during your workout. Five minutes of brisk walking is enough.
- Cool down. Let your heart ease back to a normal rate after a workout so you don't overtax it. Gradually slow down your heart rate to 120 beats per minute or less.
- Drink enough water. If you feel thirsty, you've already dehydrated your body. Drink water before exercising and after.
