## ATTENTION

After 2 years of researching into new cart manufacturers, we have chosen to represent JH Global "Star Cars" line of new vehicles. They have a 14 year proven track record in manufacturing & customer service and all of their major electrical components are US made instead of imported.

Over the years we have seen numerous new carts come and go from the market, leaving customers hanging with useless warranties and no parts available.

## President's Report

By Ray Lamoureux #9

We left Golden Acres last week and are now at our summer home. The drive was longer than I remember and we are glad it is done. The park was nearly empty of snowbirds with a few staying a couple more weeks.

The sound abatement in the clubhouse was completed and reported a 29% drop in reverberated noise level. The panels were placed on the ceiling to stop the noise bouncing around the room. We will see how much of a difference it makes next fall.

The board has requested a bid from three companies that install cameras to have them installed around the park. We could only get one of the three to bid on the job. Karin had the Sheriff look at the bid and he told her that the equipment proposed in the bid was very good. We also ordered two light poles to install the cameras on and awarded the camera bid to the lone bidder. The camera installation is still seven weeks before they can start.

We had the same problem trying to get cement work done. We called several companies and only one company showed up and bid on the job. It seems that no one wants to do work for us anymore. The board awarded the bid to get the cement work done. The cement work will start in June.

We are also doing more cleaning out of the culvert that starts at 2nd avenue and goes past 3rd avenue. We have areas that filled in with soil, stopping the flow of storm water. The work will be completed over the summer.

The board hopes everyone has a safe and happy summer.

## From the Editor's Desk

By Sue Bailey #188 - [suebaile@tampabay.rr.com](mailto:suebaile@tampabay.rr.com)

**G**reetings:

The summer season at Golden Acres slows down considerably so the newsletter reflects less articles than it does in the winter months. So please keep everyone informed of your summer activities wherever you are located by sending articles and pictures for the monthly newsletter.

As June approaches, here are some notable events to remember:

June 14th is Flag Day in the US. It commemorates the adoption of the flag of the United States which happened on this day in 1777.

Father's Day is June 17th, so Happy Father's Day to all you Dads out there. I hope you have a very relaxing and memorable day!

June 21st is the first day of summer (Summer Solstice) and is recognized as the longest day

*...continued on page 6*

of daylight except in the polar regions where daylight is continuous.

June is graduations in the northern climates and the promise of some time off for the summer for all students attending school.

June is also the month of weddings, so if your anniversary is this month, Happy Anniversary!

Until next time,

May God bless and keep you well and safe...

## Greetings from the Office

By Karin Desmone #1

---

**P**lease welcome Larry Winkler & Diane Lifritz, #56, and Scott Skrypek & Rosemary Bernier, #17 to the neighborhood. Congratulations and may you find much happiness at your new residence.

Everyone should have received the 2018-2019 directory as well as the password for the PW protected website (goldenacresfl.com) by now. Everyone was delivered to their coach a directory and the password. If you were not in the park at the time that a directory and the password were given out, each were put in the US mail to your away address. If you are not in receipt of either, please let me know.

I have received an unusual amount of outside phone calls inquiring about the use of the Clubhouse for putting on estate planning / financial seminars, fund raisers, senior citizens medical services presentations, etc. All have said that they were speaking with someone in the park and it was suggested that they call me to book a day and time. The park does not allow the use of the Clubhouse for non-residents for such activities because of the liability to the park and insufficient parking.

City of Dunedin will be changing the trash and recycle pick up day from Monday's to Wednesday's. Starting **Wednesday, July 11th** is when the permanent change will be effective. No pick up on Monday of that week, Wednesday will be your pick-up day. Have trash containers out at the curb at the same time that you would normally.

Happy summer to all and I look forward to your return in the fall.

## Update of Residents' Petition

By Sue Bailey #188

---

**M**any Thanks to our Board of Directors for their quick response and resolution to our request to reduce the noise resonating from the clubhouse. It was done in record time and as Ray Lamoureux reported in the Board News, it has reduced the reverberation by 29%!

## Summer Fun

By Timmie Strader #129, Donna Delf #27, Cindy Hubbard #114

---

June 6th will be our first fun time for this year's summer! Our first function is a pot luck salad lunch. Social time is at noon and we plan to eat at about 12:30. Bring a salad to share - (greens - egg - tuna - chicken - jello - potato) or any kind of salad you want. We hope to see our newer residents as well at the club house for our fun times this summer.

## Community Mailbox

By Paula Bunevith #202

---

Your Monthly Newsletter is delivered by residents in our park. A community mailbox, basket or some other receptacle must be attached to your coach on the carport side or your stair railing. The newsletter has flyers in it and it can't be left on the stairs or table because the flyers blow away. If you don't have a receptacle to receive the newsletter, you will have to pick it up at the office or the library in the clubhouse.

Thank you, Your monthly newsletter delivery folks.

## Retiring Members of the Recreation Committee

In Appreciation of the Recreation Committee members who retired at the end of the 2018 winter season, please give a huge thank you for their dedicated service in making the events at Golden Acres such a success during their term of office. From Left to Right: Ron Short, Chairman, Lot #44, served four years; Cheryl Taylor, Vice Chairperson and Bingo Chairperson, Lot #136, served three years; and Bob Mickle, Treasurer, Lot #29, served three years.

## To Our Friends at Golden Acres

By Carol Diniz #25

**T**hank you for your loving support on behalf of my husband, Henry Diniz, who passed away April 21, 2018. The outpouring of love, and your generosity has been overwhelming. Special thanks to our dear friends Ginny & Ray Lamoureux for letting us use their car; Marilyn McKay who was always there to make numerous pick-ups and drop-offs for family members at the airport; Mary Ann Zura and Joan Elder; Eleanor & Gerald Saunders; Donna Delf; Gussie & Howard Farris; Eleanor & Philip Devine; Elaine & Tom Stuczynski; Paula & Joe Bunevith; Carol Spinney; Robert, Tom, and Lynn, just to name a few that were extraordinarily kind in my time of need. This Community has always been a wonderful place to live for the past 13 years. We always looked forward to coming to our winter haven, largely in part to be with all our wonderful friends here. Thank you, dear friends, and God Bless.

The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

## A deal is a deal

---

Ronald made a deal with his dad that if he improved his grades by the end of the school year, pitched in around the house, attended church on Sunday with the rest of the family, and cut his now shoulder-length hair, he could have access to the car throughout the summer. Ronald began to focus on his schoolwork more, took on responsibility in the home, and was the first person in the house ready for church each Sunday.

“I knew you could do it,” his dad said as looked over Ronald’s final grades for the school year. “I’m very proud of how responsible and focused you’ve been these last few months.”

“Hand over those keys, old man,” Ronald said to his father with a laugh.

“Not so fast,” his father said. “Remember our deal? Grades, church, chores, and hair.”

“Do I really have to cut my hair?” Ronald protested.

“That was our deal,” his father said.

“Can’t you cut me some slack this one time? I’ve done everything else you wanted,” Ronald argued. “It took me so long to grow my hair out. Besides, Moses had long hair, and Samson had long hair, and even Jesus had long hair.”

“Good point,” his father agreed. “They walked everywhere.”

## Timeless wisdom

---

During the celebration of his 100th birthday, a man was asked about the secret of his longevity.

“I never smoked, drank, or ate fried foods,” replied the man. He continued, “and I exercised every day for 30 minutes.”

“Well, a lot of people observe those same practices but don’t live to be 100,” someone in the crowd observed. “Why do you think that is?”

The old man said, “My guess would be they didn’t keep at it long enough.”

## Ancient humans cared for others

---

Popular culture paints our Neanderthal ancestors as brutish and cruel, but that picture is changing, according to the Sci-News website.

Neanderthals are known to have cared for their injured people, and new findings suggest that they took care of individuals who were suffering regardless of whether their peers could repay them in any way.

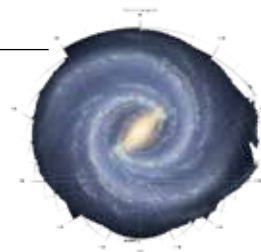

For example, the remains of one male Neanderthal 25-40 years old at time of death shows that he had a variety of diseases, including tooth loss, periodontal disease, arthritis, and other long-term health conditions. His care would have required fever management, hygiene maintenance, and helping him stay with the group when it moved its camp. For the last 12 months of his life he would have been unable to contribute much to the group, but he was carefully buried after his death.

The evidence suggests that “organized, knowledgeable, and caring health care is not unique to our species but rather has a long evolutionary history,” one scientist states.

## A once-in-a billion-year spin

---

Galaxies rotate, just as Earth and other planets do. However, their spin is remarkably consistent, regardless of size. The Discover Magazine website reports that scientists have determine that all galaxies rotate approximately once every billion years, whether they’re massive spiral galaxies or small irregular dwarfs.

Researchers measured the velocities of hydrogen in the outer discs of a variety of galaxies differing in size. The measurements allowed them to calculate the rotation period of each galaxy. “Discovering such regularity in galaxies really helps us to better understand the mechanics that make them tick,” one scientist says.
