## President's Report

By Ray Lamoureux #9

I'm back in Golden Acres and the park is very quiet and not many people around. We are having problems with a very troublesome water leak. The first leak was very deep and needed a backhoe to get down to it. This water line was repaired in the past and the wrong type of plastic pipe was used for the repair. The second leak was at the valve the 90 degree at the valve cracked. We are still waiting to have the third leak fixed.

The budget meeting will be held on October 7th at PMI. The board will discuss in person and conference calling to go over next year's budget. The owners will receive the proposed budget in the mail before the members meeting in December.

We had two new homes installed over the summer. One is fully completed and the other is mostly completed. A third new home will be started next week and a fourth is being talked about installing another, but nothing has been confirmed.

We still have two units up for sale. The summer is usually our slow sales time because most people are back north at this time of the year.

The pool was completed and looks great. We have people swimming in it every day. New washers and driers will be installed on the 23rd of September. The old machines are eleven years old and received a lot of use. We had two machines starting to leak and were too old to fix.

The board hopes everyone is having a safe and virus free summer and will see you in the fall.

**From the Editor**

### Happy Halloween,

All activities for the month of September were also canceled due to the COVID-19 pandemic. The clubhouse will still be open Mondays through Fridays but will continue to be closed on the weekends since no one is here to sanitize the bathrooms. Another month of no activities scheduled for the month of October.

Important dates in October include Monday, October 12th in the USA is Columbus Day and also Canadian Thanksgiving Day. Happy Thanksgiving Day to all of our Canadian residents! Saturday, October 31st is Halloween.

This month's newsletter is very limited. I have received no articles from residents and without activities at Golden Acres, there isn't much to report. Read about a monthly article from the Fraud Watch Network; an article from News in Health; and a reminder of our 50th Anniversary Celebration.

Since Golden Acres hasn't had any activities scheduled in months, the newsletter remains very thin in content. I need your help in adding articles and pictures since the newsletter must be published monthly. Now that autumn is here, I would love to show all our residents some beautiful pictures of autumn wherever you are located. It is always so beautiful from the north and since Florida doesn't have all those colors it would be a real treat to see them again. Please keep in touch with all of us by sending articles and pictures for the monthly newsletter. We love to read about what's going on and to keep in touch.

Until next time,  
May God bless and keep you well and safe...

**D**ue to the uncertainty of this Covid-19 pandemic and the restrictions imposed, a decision has been made that it is in the best interest and well-being of everyone that there be NO events held through January 1, 2021, including New Year's Eve. The situation will be re-evaluated in early 2021.

## On-line Shopping Can Lead to Big Deals or Bigger Scams

**T**he pandemic has many of us trying to limit our time in stores. This has led to a surge in the already growing online shopping industry. However, while shopping online is more convenient these days, the recent increase has also presented an increased opportunity for scammers. And their goals are always the same: to get a hold of your money or take your sensitive personal information in order to commit identity theft.

### How It Works

- Scammers create bogus websites or apps to lure in unsuspecting shoppers with too-good-to-be true deals. They may even use a web address that closely mirrors a well-known retail site in the hope that shoppers won't notice.
- Scammers are pros at mocking up emails that look like they are from Amazon, one of the more sophisticated versions of this scam has evolved into the “tech support scam,” in which the criminal convinces the target to grant remote access to his device.

- Scammers are also able to post fake customer-support phone numbers online. So when a person does a search for “Amazon customer service,” there’s a chance it might not be the real contact number and the call goes directly to the scammers.

## What You Should Know

- Online shopping scams are a huge industry unto themselves; chances are high that you have or will come across a scam site as you surf the Internet.
- Some copycat sites will deliver merchandise, but they’ll be shoddy versions of what you were expecting. More often, however, they’ll take your money and run, never sending anything at all.
- Scammers have sophisticated tools they use to make fake email messages appear legitimate.

## What You Should Do

- Shop online with stores you trust rather than finding unfamiliar or unverified companies through a search engine.
- Don’t rely on a web search to look up customer service numbers. Go directly to the store’s website. Or when contacting your credit card issuer, refer to the number on the back of your card.
- Rather than clicking on a link to a store from an email message, go to the browser and type in the web address in order to avoid landing on a fake site.
- Listen to your inner skeptic as you scroll through your inbox, knowing that some messages may not appear to be what they appear to be.

When it comes to fraud, vigilance is our number one weapon. You have the power to protect yourself and your loved ones from scams.

## Protein May Reverse Age-Related Memory Loss

*From NIH (News in Health) [newsinhealth.nih.gov](http://newsinhealth.nih.gov)*

**E**xercise is important for your body and your brain at any age. A new study reveals how physical activity may slow the decline in learning and memory as you get older.

Researchers looked at the brains of young and old mice. Some had access to a running wheel in their cage, while others did not. The team found changes in the part of the brain called the hippocampus made fewer errors on learning and memory tasks.

The team then injected older, less active mice with blood plasma from other mice.

Older mice given plasma from active mice showed increases in neurons, learning, and memory performance similar to active mice.

Researchers linked these brain benefits to a protein called GPLD1. When injected with the

*...continued on page 14*

gene for GPLD1, older mice performed similarly to the active mice on memory tasks and had more neuron growth.

The team looked at the protein in people, too. Older adults who were more active had higher levels of GPLD1 in their blood than inactive adults. Because GPLD1 is produced in the liver, more research is needed to determine how it works on the brain. This research could lead to ways to treat or protect against age-related decline in the brain.

“Through this protein, the liver is responding to physical activity and telling the old brain to get young,” says Dr. Saul Villeda, of the University of California, San Francisco, who led the study.

# WHEN TREATING A HEART ATTACK OR STROKE, TIME IS OF THE ESSENCE. EVEN DURING THESE TIMES.

**Don't hesitate when it comes to getting  
emergency treatment.**

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are isolated from other patients. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information: [BayCareEmergencyCare.org](https://www.BayCareEmergencyCare.org)**

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."
