"Thank you for doing a very professional job on my roof. I am not easily pleased with most contractors, ASC is the exception! Your crew was on time, sometimes even early. There are no leaks and it looks great. ASC was not the cheapest, which proves you get what you pay for."

A Change in the Waste Pickup Day for the Returning Snowbirds

The Dunedin Waste and Re-Cycle pickup is now on **Wednesday** of each week. Please ensure your waste and re-cycle bins are not placed at the curb until the night before the pickup day.

Dunedin & Golden Crest Recycle Program:

As we start another winter season at Golden Crest, a reminder for all **Full Time and Snowbirds** returning to the Park:

- Items placed in the Blue Re-cycle Bin **should be cleaned prior to placing in the bin.** A sticker on top of the re-cycle bin details what items can be re-cycled. It has been noted on numerous occasions, re-cycle items are not being rinsed prior to placing in the Blue Bin, the City of Dunedin would appreciate this being completed.

- **Also remember on Wednesday, the Blue Bins are placed at the curb for pick-up, place the Blue Bin at least 5 feet from the Green Waste (Garbage) Bin. This makes it easier for the trucks to pick up the Bins.**

It would be very much appreciated if the above procedures could be followed by everyone this winter. The City of Dunedin thanks you and Golden Crest Park, thanks you.

Did you know that October is also...

National Apple Month. Because apples are high in fiber and contain no sodium, cholesterol, or fat, they make a great snack. With more than 2,500 varieties grown in North America, it won't be difficult to find one you can enjoy chopped into your morning oatmeal, baked into a pie, or cored and sliced any time of the day when you want a delicious treat.

International Augmentative and Alternative Communication (AAC) Awareness Month. AAC is a set of strategies, tools, and devices used by people to overcome communication challenges. People who rely on AAC might use sign language, text, pictures, symbols, speech-generating devices or a combination of these for their basic communication. This month let's increase our awareness of the possibilities that could develop when everyone has the ability communicate effectively.

National Work and Family Month. In 2003 the U.S. government designated October as a time to promote sensible, flexible, and healthy work environments, as well as the benefits of work/life balance. Don't wait for your employer to create an initiative or perk to combat the daily grind. Take a day or more of PTO to decompress from your busy life and reconnect with your family.

Positive Attitude Month. Researchers believe people who embrace a positive outlook have less stress, an increased sense of well-being, better coping skills, and longer life spans. Purge the negativity from your life: Meditate, pray, practice positive affirmations, and surround yourself with only happy people. Do whatever you must, but always look on the bright side.

Fire Prevention Week, Oct. 7-13. This year's motto is "Look. Listen. Learn. Be aware. Fire can happen anywhere." Look for and eliminate potential fire hazards in your home. Listen for the sound of smoke alarms. Learn two ways of exiting every room in the event of an emergency. Visit the National Fire Protection Association website at <https://www.nfpa.org/Public-Education/Campaigns/Fire-Prevention-Week> to access more information.

Bone and Joint Action Week, Oct. 12-20. It's estimated that more than half of the U.S. population over 18 is dealing with some sort of musculoskeletal issue. This can include arthritis, osteoporosis, back pain, injuries or other conditions causing pain, disability, and a diminished quality of life. There is hope. Visit the website for the U.S. Bone and Joint Initiative at <https://www.usbj.org/> to find out about research, prevention, and initiatives targeting bone and joint issues

National Taco Day, Oct. 4. Have one for breakfast, lunch, dinner, or any time of the day. We celebrate the taco on this day just to give you one more reason to enjoy them.

Favorite places to eat, 2018 edition

What's your favorite place to eat? The American Customer Satisfaction Index's Restaurant Report 2018 ranked consumer preferences based on such factors as food quality, food order accuracy, courtesy of servers, and food variety. The top full-service restaurants in the United States are:

- Texas Roadhouse
- Olive Garden
- TGI Friday's
- Ruby Tuesday
- Cracker Barrel
- Outback Steakhouse
- Applebee's
- Denny's
- Longhorn Steakhouse
- Red Lobster
- Chili's

Trends in U.S. dining: Quick decisions and lots of delivery

Diners in the United States are pretty spur-of-the-moment when it comes to deciding where to go out to eat, according to a survey cited on the Fast Casual website. Eighty-five percent make their dinner decision on the day of the meal.

Delivery is a popular option among all age groups, from Baby Boomers to Generation Z (born 1995–2010 or so). Fifty-one percent in the survey said they'd gotten food delivered in the past three months, with millennials doing the most ordering—77 percent of the age group.

What are people ordering?

- Burgers (28 percent)
- Wings (27 percent)
- Mexican (21 percent)
- Barbecue (14 percent)
- Desserts (11 percent)

Anyone who considers arithmetical methods of producing random digits is, of course, in the state of sin. For, as has been pointed out several times, there is no such thing as a random number—there are only methods to produce random numbers, and a strict arithmetic procedure of course is not such a method.

Thinking of a fast? Try these approaches

Many people practice intermittent fasting—going without food for a limited period of time. Benefits include fat loss, greater longevity, and better overall health. The Medical News Today website offers these strategies for fasting:

- **Twelve hours.** Some researchers say that fasting for 10–16 hours can cause your body to start burning fat and turning it into energy. The easiest way to do a 12-hour fast is to start at night. Fasting from 7 p.m. to 7 a.m., for example, means you won't spend all day reminding yourself that you're not eating, so you avoid the temptation to give in when hunger pangs start to rise.

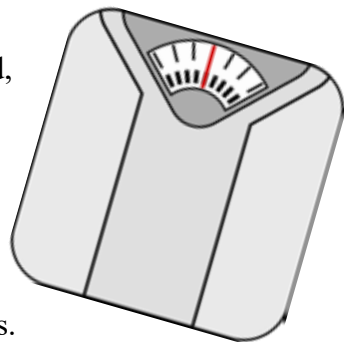

- **Two-day fast.** You don't have to go completely without food, but under this plan, men should eat only 600 calories a day and women should consume 500. Separate the days—don't go two days in a row. Instead, plan at least one non-fasting day between your efforts. Studies suggest that this can help reduce weight and also improve insulin levels.

- **Every other day.** Again, limit yourself to 500–600 calories per day on your fast, but eat as much as you want on non-fast days. One study found that this is effective for weight loss and heart health. It's a little extreme, though, and may not be suitable or sustainable for long periods of time.

- **Twenty-four hours.** Once a week, abstain from eating for a full 24 hours—maybe from one breakfast to the next. You can drink coffee, tea, or other calorie-free beverages during your fast. Return to your normal routine afterward. Be aware, though, that this fast can cause fatigue, headaches, and/or irritability.

- **Skip a meal.** This type of fast is good for beginners. Instead of fasting for long periods of time, simply skip breakfast, lunch, or dinner. Just remember to eat nutritious and healthful foods during your other meals.

It's important to stay hydrated during your fast, with lots of calorie-free drinks. Try not to obsess about food—plan distractions, like going to the movies or catching up on chores. Finally, avoid strenuous activity when you fast. Rest and relaxation will help you maintain your motivation.

Nanotubes in your clothes may power your phone

Someday you may not have to remember to plug your smartphone in to recharge it. Scientists are working on clothes that will charge your phone for you, according to the Science Daily website. The fabric contains carbon nanotubes, replacing polyester and other artificial fibers. At present the nanotubes are too expensive to mass produce, but researchers are looking at military applications that may allow soldiers' equipment to recharge—lights, communication gear, and night-vision capabilities.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Game changer

It was the bottom of the fourth inning, and the home team was getting slaughtered. The pitcher might as well have been playing for the other team. The bases were loaded, and the visiting team's best hitter was up at bat. Just then a horse walked into the dugout wearing the home team's jersey.

"Put me in," he said to the manager. "Your bullpen is done. I can pitch. I can hit. Just give me a chance!"

"Why not," the manager replied. "It couldn't get any worse."

The horse trotted to the mound and relieved the pitcher. He threw a series of fastballs and quickly struck out the player at bat—and the next one and the one after that. He repeated this performance for the next two innings.

When he finally took his turn at bat, the horse hit a fly ball to center-field that almost made it out of the park, but it hit the wall and fell to the ground.

The centerfielder grabbed the ball, tripped, and dropped it before picking it up again and throwing it toward the infield. The ball flew over the head of the second baseman and almost knocked out the catcher, who caught it and threw it past first base. The first baseman ran into the field, retrieved the ball, and sauntered back to the base.

The horse was out by five feet. He trotted back to the dugout and took a seat on the bench.

"You're the best pitcher I've had all season," said the manager. "You're a pretty good hitter, too. Not much of runner though, are you?"

The horse looked at the manager and said, "Do you think I'd be here if I was?"

Road rules

When Jane's car stalled in the middle of a busy intersection, no amount of wishing and praying could get the engine to turn over.

Just as she turned on her hazard lights, the guy in the car behind her began to lay on his horn, and he continued to honk even as other cars began to pull around.

Jane walked back to the other driver and said: "My car won't start and I'm waiting for a tow, but if you think you can get it started, have at it. I'll sit in your car and honk at you."

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

THOUSANDS manufactured home residents have won over **\$144,800** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or **mail your paid receipt** to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). This month's cash winners are:
