From The Office

S hut off water valves

If you are using the water outdoors, please remember to shut off the valve at the house instead of just turn the nozzle on the hose.

Maintenance Staff Assistance

If you identify a maintenance item around the Community, please ask someone in the office (Jane or a member of the board) to complete a work order for Lam or Les. This allows them to track, prioritize and complete their daily work load. Thank you!

Parking Request

Whenever you, your guests, or contractors need to park out on the street, please follow Community Rules!

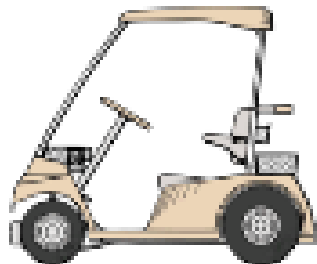

- No parking on the sidewalks. Your maintenance fees pay for all repairs.
- Please use common sense and do not park near or on corners or close to intersections. We would encourage parking on the same side of the street to avoid traffic having to “zig-zag” to get by. This causes obstructions and creates a dangerous situation for cars, golf carts and bicycles trying to proceed by the vehicles.

Soliciting

Soliciting of any kind is not allowed in Golden Gate. If anyone comes to your door trying to sell anything, please be safe and just say no thank you; close your door and **call the police** non-emergency number (on page 2 of the Golden Gate Telephone Directory (727) 369-7864. Do not confront the solicitors.

Light up at Night

If you are riding a bike or driving a golf car at night you should have lights on so others can see you.

Articles for the Newsletter

Any article submitted to the Golden Gate Newsletter should have the author identified. If you have a computer with an email connection, articles may be emailed to ggmedia@tampabay.rr.com, preferably by the **Monday before the third Tuesday** of the month. The Board of Directors' Meeting is the third Tuesday of the month and the agreement with the publisher gives us up to the day after the meeting to deliver copy to be published. If you don't have a computer you may continue to deliver a double-spaced paper copy, again, preferably by the Monday before the third Tuesday of the month.

WEED PROGRAM

As most of you are aware, we have a problem with the growth of weeds during the summer months, typically May through September. The weed problem we are concerned about is in the planter boxes and the front of the homes. Even those homes that have mulch or stones in the planter boxes will have weed growth.

The board does send "friendly reminders" to alert residents as stated in rule #16..."Each shareholder is responsible for the neat and orderly appearance of his or her premises at all times. However, the general response to the friendly reminders has been less than satisfactory.

We would like to aid in solving this problem by having our maintenance staff spray weed killer in the planter boxes or in front of the home for any resident that desires to participate. There will be a \$40.00 per year fee to cover the cost of the material for spraying from May through September. If you wish to participate in this program, send a check or pay cash to Jane in the office. If you choose to participate in this program, our maintenance staff will spray, beginning in May and ending in September. However, if you have ornamental plants that could be harmed by the spraying, you will have to make other arrangements, since we will not be responsible for any damages. If you choose not to participate, the weed issue for planters and the front of your home will continue to be your responsibility, and be subject to the terms of rule #16 concerning work done in your absence.

SUMMER OFFICE HOURS

The Office will be closed on Fridays, starting Friday, July 7, 2017 through Friday, September 1, 2017. Please plan to conduct any office business you may have from Monday through Thursday during this time period. Don't forget, there is a self-serve copy machine in the hall near the entrance to the Patio for your use. If you have an emergency and need something from the Office on a Friday during this time-frame, you can call the out-of-hours number ((727)-578-2891) and the Director on call will assist you. Thank you and have a GREAT Summer.

Open Door Policy

The Board of Directors at Golden Gate have always had an “open door policy”. There are a number of ways for you to discuss any Community issue with them either during the summer months or during the peak season. At least one Director is in the office between the hours of 9:00 AM and 11:00 AM that you can request to speak to; you can write a letter or email, or there are intake forms to submit issues that will be kept confidential and responded to, and they conduct Director’s Workshops on Thursday mornings at 9:30 AM to discuss, plan and schedule work programs on items as they arise. A notice of these workshops is posted on the bulletin board by the Tuesday of the week they are scheduled.

As you know, being on the Board is a volunteer job. Please utilize any way listed above to bring issues to their attention. Please respect that outside of these venues, they are retired citizens just like you and enjoy their “free” time with their spouses in this beautiful community you all enjoy.

On 6/7/17 we experienced some high wind damage to a few homes in our community. (see pictures below) This is just a 'wakeup call' to remind us that all our homes should be made 'Hurricane Ready'. Loose items; lawn chairs, flower pots and decorative garden items; can become projectiles and result in damage to your or your neighbor's home.

Please look around your home and secure loose items now rather than at the last minute so as to not be caught off guard.

No Wake Zones in Golden Gate ...

Now that we are entering our raining season it is not unusual for us to get rain every day and all day long. It is also not unusual for the rain to completely cover our streets going side-walk to side-walk. Please be considerate when driving through our community and observe our speed limits or drive even slower as not to cause 'wakes' of water to go up into resident's lawns, driveways and even their flowerboxes. Your consideration on this will be greatly appreciated by your neighbors.

NEW ANDROID MOBILE PHONE APP !

Pinellas County Emergency Management's Ready Pinellas application is a mobile disaster preparedness and decision support application designed to assist Pinellas County citizens in planning ahead, or when tropical storms approach our area, providing an outline of steps and recommendations and current information.

Ready Pinellas App Features:

Know Your Zone: When a tropical storm approaches it's critical for residents to know their Evacuation Zone. It's best to find out your zone before hurricane season so you can access your risk and make plans. As a user, you can enter your address and determine your evacuation level, the closest hotel accommodations, the closest general or special needs shelter. Note: not all shelter and hotel accommodations will be available in all storm levels. Check back with this feature when a storm is approaching.

Readiness Checklist: The Readiness Checklist is a tool to provide users an easy guide for preparedness ahead of hurricane season. There is a Blue Sky Readiness Checklist for pre-storm preparations, and as a tropical storm approaches and Pinellas County is placed in the 5-day or 3-day cone as indicated by the National Hurricane Center, the app will present the 5-day Readiness Checklist and then the 3-day Readiness Checklist.

Get a Plan: This feature helps citizens, businesses and special needs citizens create an emergency preparedness plan. Users can enter information about the location of their homes and businesses, family members, pets and family contact information and an individualized emergency plan will be developed that users are able to print or maintain online.

Alert Pinellas: The most important step you can take to be prepared is to know when a hazard is coming. The Alert Pinellas emergency notification service allows Pinellas County to send urgent messages by voice to landlines and mobile devices, text, TDD and via email. Registration is free, and users can register each address where they live and work to get alerts for multiple locations.

Storm Surge Protector: This interactive tool depicts the impact that different levels of storm surge flooding would have on a neighborhood, home or business. Users can type in their address and see a representative graphic illustration of their structure type with a depiction of the projected height of storm surge for the different evacuation levels. It also displays the specific evacuation level for the address and the amount of storm surge predicted for that evacuation level in a neighborhood view.

Special Needs: Pinellas County's special needs program is intended for those who need transportation or require minimal medical assistance while seeking public shelter. Registration for a special needs shelter is required and this feature allows users to register.

...continued on page 14

Pet Preparedness: Get information on sheltering your pet, and a list of supplies needed to weather the storm. Find out information on pet collection or information about locating stray animals following a hazard event. There are also pet friendly shelters and pet coordination for special needs citizens. A link brings you to registration forms.

Social Media: Follow Pinellas County on social media for general county information, breaking news, preparedness tips and real-time updates.

All Hazards Preparedness Guide: Download a PDF version of Pinellas County's All-Hazard Guide, with information on how to prepare for and respond to hurricanes, tornadoes, flooding, lightning and manmade disasters.

National Hurricane Center: Connect to the official source for worldwide tropical predictions, weather, water and climate data, and analyses of hazardous tropical weather. Find translations and podcasts.

Cruise News

By Judy Middleton

There are still spots available for the 4-night Golden Gate "fun" cruise aboard the Carnival Liberty, February 4 - 8, 2018 - don't miss out!

I was asked by some of you about being at sea longer than 4 nights, so here you go. Perhaps you would like to experience a 7 night "unique adventure" aboard Royal Caribbean's newest ship - *Harmony of the Seas*. The world's biggest ship will set sail from Fort Lauderdale April 14, 2018 and will keep you entertained for all hours of the day and well into the night for a fun packed week.

For additional Information, please feel free to contact me at 727-475-1258 (during the summer this forwards to our phone up north after several rings), Cell 416-473-1100 or email jmiddleton@cruiseshipcenters.com.

Come Visit Our Showrooms!

Monday thru Friday 9:00am-5:00pm Saturday 9:00am-3:00pm

Below is a summary of our meeting with 4 Duke Energy representatives on Friday, June 9th regarding our meter posts (commonly called meter pedestal)...

Don, Dennis, Jim, and Mike –

Thank you for meeting with us on Friday to discuss your questions about Duke Energy facilities at Golden Gate Mobile Home Park (MHP) Community. It was nice meeting you all!

Here are a few highlights we captured from the meeting.

Who is responsible for the electrical equipment on-site?

- Duke installs, owns, and maintains all distribution equipment on the line side of the meter can. This includes, but is not limited to, distribution poles, transformers, primary wire, secondary wire, and service wire.
- The customer installs, owns, and maintains the meter post (commonly called meter pedestal), the meter can, and all wire on the load (home) side of the meter. Duke owns the meter itself.
- The secondary underground cable for the Commercial accounts within the MHP is the responsibility of the MHP as well (i.e. – MHP sewer lift station, MHP community center, etc.)

Who is responsible for replacement of the Zinsco meter cans/posts?

- Duke Energy owns the meter itself, but not the meter can or meter post.
- If the inspecting authority requires you to replace the meter can or meter post, Duke Energy representatives will gladly come out and disconnect the service for you in order to make the replacement, and then reconnect the service for you when you are done.
- If we cannot work inside these meter cans for safety reasons, this may require an outage for more than just the customer requesting the work.
- If our facilities (service or secondary) need to be relocated in order to accommodate that request, then we do have to pass the cost of the relocation along to the person requesting the relocation. Duke will still own and maintain everything on the line side of the meter for the MHP residential accounts, regardless of who covers the installation cost.

1. Why did my neighbor pay less for his new service than I did?

The cost of new facilities varies based on a number of variables (new load, distance, specifications, etc.) Duke Energy Engineering representatives will gladly come out to evaluate each customer request independently and on a case-by-case basis.

2. How can the Association direct new residents prior to moving into the community?

There are several ways to ensure a smooth transition:

- If the customer does not need a new service installed and wishes to use the existing meter and meter can, please make sure they set up the account as quickly as possible.
- The customer can call 1-800-700-8744, and provide the move-in date to the Customer Care Center representative.
- We would advise the customer to emphasize to the Customer Care Center representative that the meter does not need to be pulled, in case the previous owner instructed us otherwise.
- If the customer does need a new service installed, or if a new home is to be pulled into the

...continued on page 22

lot that is larger than the previous home, please also call Duke Energy at 1-800-700-8744.

- Let the Customer Care Center representative know that you need a new service.
- The Customer Care Center representative will create a Work Request and forward it to Engineering.
- The Engineering Department will ask for load information, and the Designer will need 2-3 weeks to determine whether line work is required.
- If no new line work is required, then we can set the meter as soon as your inspecting authority notifies us that the electrical inspection passed. Overhead service drops from a pole to a meter post are usually the only instances when line work is not required on a new service.
- If new line work is required, please allow an additional 4-8 weeks, depending on the extent of the line work.
- In order to speed up the installation of underground service, the customer can choose to dig the trench for the new underground service cable. This will also reduce the cost for the underground service.
- In all cases, starting with calling the Customer Care Center representative (1-800-700-8744) is best. The calls are monitored and tracked to ensure a quick response, and we can prevent delays by having the account information entered from the start of the project.

Golden Gate Women's Club

Pat Stephenson

Well we are finally getting a little rain. Why does it always come at one time? Summer is in full swing and so are we.

If you haven't attended a Happy Hour, please come and join the fun. Visit with your neighbors and sample some of the delicious concoctions from our residents. Watch for flyers and check the bulletin board.

Father's Day was a wonderful celebration for our residents. Thanks to all for attending. Hope everyone enjoyed the chicken and ribs.

Remember the July 4th celebration sponsored by the Women's Club, Nuggets, Shuffle Club, Theater Club and Men's Club. Decorate your golf cart, bicycle, or motorized wheel chair to enter the parade for prizes. The parade begins at 11:30. Lunch immediately following the parade. Come and enjoy.

July 30th the Women's Club will sponsor a "Christmas in July" luncheon to benefit the Salvation Army's "Toys for Tots" program. Price of admission is an unwrapped toy for a child. These toys are used for Christmas or to comfort children in hospitals or shelters. Luncheon will be salads. A sign-up sheet will be posted in the clubhouse if you wish to donate a favorite salad. Last year's event was a considerable success, come and enjoy.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

George Lordstrom, Saint Petersburg, FL

Golden Gate Church

The Church in The Park

We had a great winter though there were a few ups and down:
Our congregation has grown as a result of Pastor John's great teachings of the Bible.

The weather was great with no cancellations due to snow.

Our organist, Rose Thompson, retired after 20+ years of beautiful playing. We will all miss her. Pearl Hodder temporarily filled in for a time and her talents were very much appreciated. It has been decided that there will be no organist at this time and our Choir Director, Gail Perrin, has purchased a music accompaniment machine that will be playing the music for the Choir. It is working very well.

With heavy hearts, our Church Coordinator, Ed Montgomery is stepping down after many years of faithful service. Dennis Dufault has agreed to accept this position. Good luck to both Ed and Dennis and thank you.

With the generous contributions from our weekly collections, we have given donations to the Metropolitan Ministries and our own Labor of Love. Thank you all.

Wishing everyone a very safe and happy Summer.

Euchre

We are having so much fun playing that now Euchre games are Monday, Wednesday and Fridays at 1:00 to 3:00 PM. Come join us for this fun, fast paced card game. Only 50 cents, with pay offs. jennie louise snyder heeren

Labor of Love

Christmas in July, no need to start singing "Jingle Bells", yet. Labor of Love Christmas in July Sew Day is Wednesday, July 5th, from 8:30 a.m. to 12:30 p.m. We will be working with the children's bibs for PARC's Discovery Learning Center. They are Christmas fabric on one side and something for the reverse side for rest of year. We try to present at least 75 around the first of December, so we are starting now. We will use the fabric trimmings to start some Christmas quilts.

Come join us for fun and fellowship even if you think you can't do much. Bring a sack snack...everything else is furnished. jennie louise snyder heeren..727-698-6003

A simple answer

A seeker of spiritual truth decided to visit a very wise sage who lived on top of a mountain. The seeker climbed for weeks to make the painful ascent. When he finally reached the wise man's home, he asked, "What should I do to make my life happier?"

The sage responded, "To begin with, the next time you come to visit me, start on the other side of the mountain and take the train to the top."

The wrong answer

Two applicants, Smith and Jones, applied for work at an organization that had only one open position. The hiring manager sat the two of them side by side to take an aptitude test. When time was up, she found that both applicants missed only one question—the same one. After studying the results, the administrator announced that although both candidates had given the same wrong answer, candidate Smith had won the job.

"Wait a minute," Jones complained. "How can one wrong answer be better than another?"

"Well," the manager said, "on the one question you both missed, Mr. Smith wrote, 'I don't know this answer.' You wrote, 'Neither do I.'"

The best listener

A speaker arrived for his presentation at a high school graduation and immediately became uneasy. The crowd was full of families talking with each other. Their small children ran around the gymnasium, shouting happily. It was not a crowd looking forward to a speech; people just wanted to see their kids graduate.

The crowd paid little attention to the speech. He tried all the attention-getting tricks he knew—changing the volume and pitch of his voice, walking about the stage, telling his funniest stories—but nothing worked.

Then he saw one man looking directly at him, smiling and nodding his head. The speaker remembered the value of focusing on a sympathetic listener. By concentrating on giving that one person the very best speech he could, he made it through the presentation.

Afterward, the principal of the school asked, "Would you like to meet any of the audience?" The speaker, wanted to thank the man on whom he'd relied to finish his speech. "Yes, I'd like to meet that gentleman over there."

"Certainly," said the principal. "But you know, of course, that he's completely deaf."

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

THOUSANDS manufactured home residents have won over **\$135,000** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). **This month's cash winners are:**

Artificial intelligence is coming

Artificial intelligence sounds scary in science fiction stories and movies, but it's becoming a big factor in business success, according to a report from Tata Consultancy Services. Its survey of 834 executives across 13 global industry sectors found that 84 percent of organizations see AI as essential, and 50 percent believe it will transform their businesses.

AI doesn't appear to be cheap, though. Seven percent of business survey said they invested more than \$250 million on AI in 2016, and 2 percent expect to spend a billion dollars by the year 2020.

Energy drink and vodka? Think again

Energy drinks like Red Bull or Monster Energy are all the rage, and so is mixing them with alcohol for a more potent cocktail, especially among young people. But is it safe? In research reported on the WebMD website, the answer looks like "no."

Canadian researchers analyzed 13 studies involving alcohol mixed with highly caffeinated energy drinks. They found a higher rate of injury among people indulging in such cocktails compared with simply drinking alcohol by itself. Injuries included car accidents, falls, violence, and suicidal behavior.

The authors point out that the stimulant effects of energy-drink caffeine can mask the impact of alcohol, even though alcohol still has an impairing effect on the body and the brain.

Watch your waist in your 40s to avoid dementia later

Carrying belly weight during the 40s appears to increase the risk for dementia in the 70s, whereas carrying extra midsection weight later in life isn't as accurate an indicator. Researchers say these findings are disturbing because 50 percent of adults in the United States are considered abdominally obese.

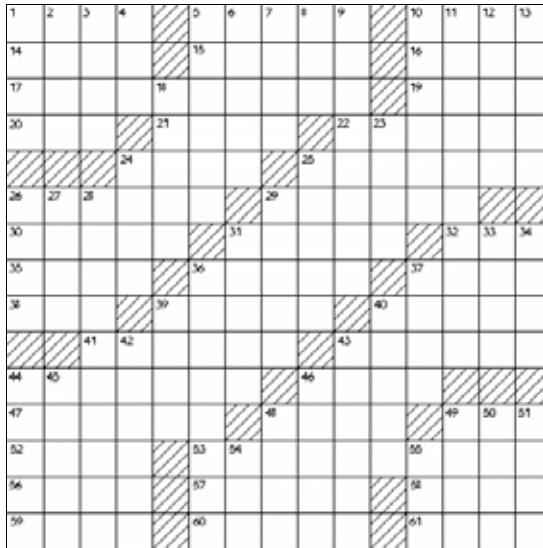

Researchers at Kaiser Permanente studied 6,583 people who were between the ages of 40 and 45. An average of 36 years later, 16 percent of the participants—who had been measured for abdominal density—were diagnosed with dementia. Abdominal obesity increased the risk of dementia regardless of whether people had normal overall weight or were overweight or obese overall—and regardless of the health conditions including diabetes, cardiovascular disease, and stroke.
