## PARKING

---

**W**henever you, your guests, or contractors need to park out on the street, please follow Community Rules!

- No parking on the sidewalks. Your maintenance fees pay for all repairs.
- Please use common sense and do not park near or on corners or close to intersections. We would encourage parking on the same side of the street to avoid traffic having to “zig-zag” to get by. This causes obstructions and creates a dangerous situation for cars, golf carts and bicycles trying to proceed by the vehicles.
- If your vehicle has an oil leak **PLEASE DO NOT PARK ON THE STREET** or around the Club House, as doing so will break down the asphalt resulting in high cost repairs. In conversations with Pinellas County Code Enforcement we were informed that Vehicle owners may be in violation of EPA ordinances and subject to fines.

## SOLICITING

---

**S**oliciting of any kind is not allowed in Golden Gate. If anyone comes to your door trying to sell anything, please be safe and just say no thank you; close your door and **call the police** non-emergency number (on page 2 of the Golden Gate Telephone Directory (727) 369-7864. Do not confront the solicitors.

## ARTICLES FOR THE NEWSLETTER

---

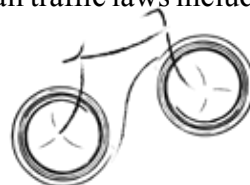

**A**ny article submitted to the Golden Gate Newsletter should have the author identified. If you have a computer with an email connection, articles may be emailed to [ggmedia@tampabay.rr.com](mailto:ggmedia@tampabay.rr.com), preferably by the Monday before the third Tuesday of the month. The Board of Directors’ Meeting is the third Tuesday of the month and the agreement with the publisher gives us up to the day after the meeting to deliver copy to be published. If you don’t have a computer you may continue to deliver a double-spaced paper copy, again, preferably by the Monday before the third Tuesday of the month.

## BICYCLES

## LABOR OF LOVE

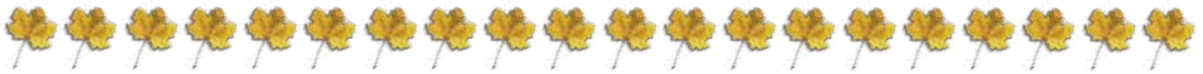

---

Our schedule for the coming year has been posted. The Fall Delivery Day will be Wed. Oct 19. We will be taking the beautiful items made during the summer to our charities. Also, some items in memory of our friends and neighbors will be taken to Hospice. Our Christmas Delivery date will be Dec. 7, and Easter Delivery Day will be Mar.29,2017.

We continue to meet every Wednesday from 10:00 am to 11:00am. Once a month our Sew Days are 8:30 to 12:30. We bring a sack snack and sew on our projects. There is always something YOU can do, cut, sew, iron, knit, crochet and ALL materials are furnished. Special thanks to those organizations and individuals who continue to support us with their gifts and prayers.

Come join us as we continue to "Serve those in need with Love". jennie louise snyder heeren 727-698-6003

# **GOLDEN GATE WOMEN'S CLUB**

*Pat Stephenson*

---

**W**elcome back to all of our seasonal residents. It is time for the fun to begin. All clubs are beginning their winter activities. The Women's Club is no different. We start with a bake sale at the Men's Club breakfast on November 12, 8-10AM. Golden Gate has many excellent bakers. If you wish to donate a special baked good, there is a signup sheet in the clubhouse. This year we are also collecting unwanted holiday decorations. They will be available for purchase at the same breakfast. Why buy new when you can recycle.

We are also continuing the Happy Hour. The November Happy Hour will be November 18th, 4-6PM. Bring a sharable appetizer and your drink of choice. It is a good time to meet and socialize with your neighbors.

We are working on the new 2016-2017 Photo Directory. Information will be posted in the clubhouse. Someone will be contacting you to schedule a photo appointment. I personally like to put a name to a face when we meet in the park.

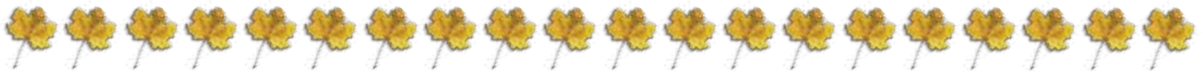

If you are not already a member of the Women's Club, please come join us. We meet the third Wednesday of every month. We do a lot of different activities and the only club active year round providing activities for our full time residents.

# **GOLDEN GATE NUGGETS CLUB**

*By: Harvey Hodder, Secretary*

---

**G**reetings and welcome to another great season of social activities at Golden Gate! As I write this article, in Newfoundland and Labrador, we are still recovering from the effects of Hurricane Matthew: although we are far from the Atlantic coast of Florida, in the past few years these storms have brought great damages to our highways and to individual residents. Some areas had more than 10 inches of rain over a very short period! Let's hope that the hurricane season is finished for this year! Our thoughts and prayers go out to all those affected by these storms, regardless of where they live!

The Nuggets have a wonderful season of activities planned for the 2016-2017 season. We thank all the volunteers who step up to make things happen! On November 04th, Frank and Anna Orzel will be hosting the first Pot Luck of this season and on December 02nd, my good wife, Pearl, and I will coordinate the Pot Luck. And, on November 09th, Regis and Tilly Cashell will join Don and Mona Grubbs in hosting our first dance! The theme will be western and Misty Hall will warm your heart and make those limbs move! Watch your mailbox for info on the purchase of tickets!

Watch also for information on the Social Sunday, scheduled for November 27th. Ray Curtis will be there and we always enjoy his music!

We look forward to seeing all of you real soon. Please attend our monthly meetings on the third Tuesday of each month, beginning at 7:00 p.m.

## A troubling trend: Americans overdoing antibiotics

---

**A**ntibiotics are a boon to doctors and their patients, but they pose dangers if they're overused. That makes this news especially concerning: A Texas study reported on the UPI website found that about one in 20 adults have stockpiled supplies of antibiotics in their homes and use them without a physician's advice.

The study of 400 adults in the Houston area found that 14 percent of adults have a stash of antibiotic medications in their home, and 5 percent have used them without a doctor's guidance in the past year. The medications come from a variety of sources: 40 percent came from a store or pharmacy, 24 percent were purchased outside the United States, 20 percent came from family or friends, and 12 percent were left over from past prescriptions.

In 4 percent of cases, the drugs obtained without a prescription were intended for use on animals, not humans.

## Millennials worry about debt

---

**M**illennials aren't the carefree kids you might think they are. A FICO survey found that they're concerned about debt—with good reason. According to FICO's online survey of approximately 1,000 Americans over 17, 32 percent of millennials owe \$20,000 or more in student loans, and 45 percent owe at least \$7,000 on car loans.

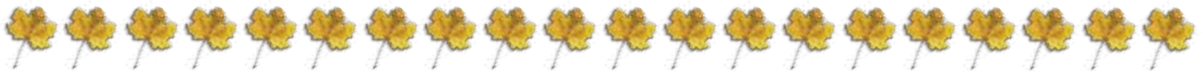

In all, 37 percent of millennials ages 25-34 say they're concerned about their level of debt, and 33 percent would like assistance in managing their debt. For example, 65 percent would like to receive an email alert when their student loan payments are overdue by less than 90 days, and 35 percent want to be notified by app when their mortgage payments are less than 90 days late (but they'd prefer a phone call if their payments are more than 90 days overdue).

## These tiny robots may save your life

---

**T**he newest medical robots look and move like bacteria, and they can deliver medications to specific locations within the human body and perform intricate surgeries like clearing clogged arteries.

According to the Science Daily website, a team of scientists is working to develop a selection of biological robots that are soft, flexible, and move through bodies under the control of an electromagnetic field. Once they reach their destination, they're heated to change shape, mimicking—for example—the bacterium that causes African trypanosomiasis, or sleeping sickness. Although still in development, these microrobots could revolutionize the way patients are treated in the not-so-distant future.

## Get more creativity with a clear focus

---

**C**reativity and innovation aren't always accidental. A consistent focus will produce better results, so you don't have to wait for lightning to strike. Try these techniques to spur your imagination as you work:

- **Start your day with a purpose.** Instead of rushing out the door without a plan, spend a few minutes in the morning thinking about what you want to accomplish that day. Do this before checking your cell phone or email. You'll be less likely to get distracted by other demands.
- **Shake up your routine.** Get out of your comfort zone so you aren't always surrounded by what's familiar. Get up earlier than normal, take a new route to work, do your tasks in a different order, try something new and exciting—anything to shake your mind free of its preconceptions and look at your work in a different light.
- **Be mindful.** Don't go on autopilot. Pay attention to everything around you—the people you work with, the tasks you work on, the environment you work in, and so forth. The more aware you are of what's going on, the more likely you'll see a new connection or find an idea where you least expect it.

## Don't be afraid to ask questions

---

**A**lyssa Mastro Monaco was deputy chief of staff in the Obama White House until 2014. She told a radio station an important lesson she learned early on about the importance of asking questions:

During an Oval Office meeting on the economic crisis, she was close to panic, worried that the president would ask her a question about issues she knew nothing about, such as quantitative easing. She began quickly writing down key words and phrases to look up later.

Economic adviser Larry Summers noticed and tapped her on the shoulder. "Come to my office later," he said.

Worried that Summers was mad at her, Mastro Monaco went to his office after the meeting. Summers asked about her list.

When she told him what she'd written down and why, Summers said, "I'll tell you anything you need to know." He proceeded to give her a quick lesson on economics. She left the office feeling relieved—and better informed than before. Nowadays she knows that admitting you don't know something is better informed than pretending you do—and she never thinks asking for information is stupid.

## A lesson in determination

---

**B**ritish runner Derek Redmond was one of the favorites for a gold medal in the 400-meter sprint at the 1992 Olympics in Barcelona. But halfway through the race, Redmond—in the lead—collapsed on the track with a hamstring injury.

Medical staff rushed to help him, but Redmond waved them away. He somehow got to his feet and started staggering down the track. With thousands watching, and officials unsure of what to do, Redmond's father ran out to him.

“You don't have to do this, son,” he said.

“Yes, I do,” Redmond replied.

His father helped Redmond down the track, tears streaming down both their faces, waving away anyone who tried to stop them.

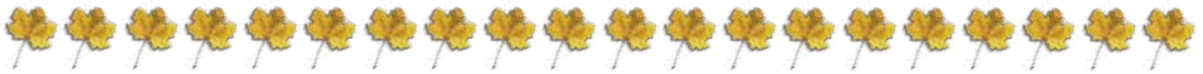

The crowd roared when Redmond finally crossed the finish line. The feat is considered by many to be the defining moment of the Barcelona Olympics.

## Keep learning at any age

---

**A**s you and your family members age, you may find you have more difficulty remembering things. Try to help you stay on top of the knowledge game and keep you learning as you age:

- Visualize. Mentally rehearse an event, conversation or activity before it actually happens. This visualization helps eliminate the stress you may feel over the unknown. Plus, when you're more relaxed, you're better able to learn.
- Take a break and exercise. If you're trying to remember information you're reading, take frequent breaks. Don't just sit around, though. Engage in some kind of activity to keep your mind alert and your blood flowing.
- Focus on concentrating. Distractions are the bane of any learning attempt. If you're attending a class or lecture, sit near the instructor and maintain eye contact with him or her. Try not to fidget; simply relax into the session and let your focused attention do the job.
- Say it out loud. Read aloud the material you're trying to learn and repeat out loud the facts you want to retain. This way, both your mind and your ears are taking in information.
- Tame frustration. If you grow frustrated over material you're trying to learn, remind yourself that getting emotional will only hamper your ability to retain information. If you have to, step back and take a long break.

## Did you know that November is also...

**National Epilepsy Awareness Month.** Learn about the different types of seizures and how to prevent them—or help someone suffering from them. A seizure is a short change in normal brain activity that can cause changes in awareness, behavior, or body movement. Because anyone can have a seizure, recognizing symptoms and knowing how to help is vital.

**Native American Heritage Month.** Established at the turn of the 20th century as an effort to gain a day of recognition for the significant contributions the first Americans. In 1990 President George H. W. Bush approved a joint resolution designating that November “National American Indian Heritage Month.” Similar proclamations have been issued each year since 1994.

**Military Family Appreciation Month.** Throughout November, military families serving around the world are honored and recognized for their commitment and the many contributions they make every day in support of the military and our nation.

**National Animal Shelter and Rescue Appreciation Week, Nov. 3-9.** Approximately 3,500 animal shelters across the United States serve the estimated 6 million to 8 million homeless animals who need refuge each year. Get acquainted with your local shelters and rescuers, and learn how you can assist their lifesaving work.

**National Nurse Practitioner Week, Nov. 13-19.** Held annually to celebrate these exceptional health care providers and to remind lawmakers of the importance of removing outdated barriers to practice so that NPs will be able to practice to the full extent of their experience and education.

**American Education Week, Nov. 14-18.** The 2016 theme, “Great Public Schools: A Basic Right and Our Responsibility,” will present all Americans with an opportunity to celebrate public education and honor individuals who are making a difference in ensuring that every child receives a high-quality education.

**U.S. Election Day, Nov. 8.** Get out and vote!

**World Diabetes Day, Nov. 14.** Celebrated worldwide by the more than 230 member associations of the International Diabetes Federation in more than 160 countries and territories.

**International Games Day, Nov. 19.** Raising awareness of games and gaming in libraries to publishers and the public around the world.

**Thanksgiving, Nov. 24.** Turkey, football, pumpkin pie, and family. What could be better?
