## Top Tips to Protect Your Bike...

---

### 1. Get a decent lock

Bike thieves need to operate quickly to reduce the chance of being caught, so a decent bike lock is literally worth its weight in gold.

A heavy-duty bike lock can make a thief's job more difficult, with the result that they abandon attempts to steal your bike or move onto a bike with a less secure lock.

- Buy a decent lock - preferably two

### 2. Make your mark

Marking your bike with a unique code ensures that Police will be able to trace your bike back to you if it is stolen and recovered.

### 3. Insure it

A bike can cost as much as an item of jewelry, an antique or a painting so make sure you are well covered by insurance in case of theft.

### 4. Out and about

Bike thefts can occur at any time - day or night. A growing trend is that thieves are stealing certain makes and models to order.

- Park your bike in a well-lit area, where it can be easily seen by passers-by.
- Lock both wheels and the frame of your bike to a cycle stand or other immovable object.

Use designated parking areas where possible.

• Make sure the locks go through the bike frame as well as both wheels and the post you are securing it to.

### 5. At home

More than half of bikes are stolen from home. Reduce the chances of this happening by:

- storing your bike in a locked shed or garage
- keeping it out of view
- securing it to an immovable object.

### 6. Follow the Three R's:

#### **Record-**

Keep a record of the frame number, make and any other marks that can identify your bike if it is stolen. Take a photo of the bike and write a description of it, so you can describe it accurately if it does get stolen.

#### **Register-**

Register your bike details onto BikeRegister.com. By marking and registering your bike you stand a chance that the police will be able to return it to you if it is stolen and recovered.

#### **Report-**

More and more marked bikes are being recovered and returned to their rightful owners, so if your bike is stolen you should definitely report it to the police.

## EARLY CHRISTMAS NEWS FOR CHRISMAS DAY POT LUCK

---

Last month, I had an article printed with a 2:00pm time, right now the time is Flexible, but may be closer to a 4:00pm time. Again, this is just an early notification so everyone will know what we are planning on Christmas Day, December 25th in the Club House. We will be selling tickets for either \$1.00 or \$2.00 per person just not sure yet. This dinner is not sponsored by any club, so the ticket sales will be to purchase the meat for the dinner. We will be selling the tickets early in December for a head count and to see if there is enough interest in the dinner. This way everyone will be able to plan their Christmas!

Thank you  
Mariann

## The NUGGETS NEWSLETTER, November, 2019

*By: Secretary Patsy Gosse*

---

Welcome back to all our residents of Golden Gate. Hope you all had a happy and healthy summer.

Your Nuggets Executive has planned a wonderful program of activities for the season. Look for our November activities in the center pages of the Park Newsletter. The season's activities are also posted on the Bulletin Board at the Clubhouse.

A huge thank you to all who have volunteered to participate in leadership roles; e.g. sponsoring a dance, a pot luck, helping with Social Sunday, etc. Your help makes all the Nuggets activities come together so successfully.

Please join President Harvey Hodder and his wife Pearl for the Pot Luck Dinner on Friday November 1st and get ready to Dance on November 13th (sponsored by Jean Chudzik and Friends): Music will be by Carlos. Then on November 24th gather for Social Sunday, a great time to catch up with friends and family who I'm sure you missed over the summer months. Music will be by Ray Curtis.

Look in your mailboxes for news about each event, including those days when tickets can be purchased. Join the Executive for our Club Meeting at 7:00 p.m. on Tuesday, November 19th. See you real soon!! Best wishes and thanks to all.

## Ditch these financial bad habits

---

**W**ant to handle your money better? Most of us do. The Motley Fool website advises breaking these three bad habits:

- **Paying bills late.** A few days or weeks may not seem to matter, but you'll be hit with late fees, interest, and damage to your credit rating. Do your best to pay all your bills on time. Set up reminders so you're always on schedule. Automatic payment is one reliable option.
- **Accumulating too much debt.** Not all debt is bad, as long as you manage it sensibly and pay it off in a reasonable time. If you can't pay off your credit cards and other debt by the end of the month, set up a budget that helps you monitor and control your spending before debt gets out of control and hurts your credit rating.
- **Not saving.** Putting money away can be difficult, but not saving any money is a mistake. You should have a reasonable cushion in case of emergencies—at least three months' worth of living expenses. Look for ways to cut costs, and set up a separate savings account so you're able to keep track of savings and spending money easily.

## When and where to pay cash

---

**C**redit and debit cards are convenient, but sometimes you're better off using cash. The Reader's Digest website suggests keeping your card in your wallet in these situations:

- **Tipping.** Tipping in cash instead of adding it to your bill ensures that your server gets the full amount.
- **Farmer's markets.** Many vendors have credit card machines nowadays, but not all of them. And the machines can always go down because of a power outage or spotty Wi-Fi. Keep cash handy so you don't miss out.
- **Minimum purchases.** Coffee shops and other venues frequently have a \$5 or \$10 minimum for credit card purchases. Paying cash ensures you don't buy more than you need in order to meet the minimum.
- **Private transactions.** You want to buy a special gift for your spouse, but you don't want him or her seeing it on a credit card statement. Use cash to keep the transaction secret.

**Money and beauty are defenses against the sorrows of this world, but neither can undo the past. Only time will conquer time. The way forward is the only way back to innocence and to peace.**

**—Dean Koontz**

**Michael Crofts**  
FL Licensed Independent  
Health Insurance Agent

Health insurance decisions can be confusing due to endless coverage changes and many policy types. Fortunately, there is someone who can work diligently to help and without cost to you – Michael Crofts, owner of Best Plan Choice.

Through his own healthcare experience Mr. Crofts learned the value of good health coverage and quality medical care. He dedicates his agency to helping people with Medicare and Medicaid needs. You can visit the office to learn about Medicare plan options or he will come to your home.

Every year your Medicare health plan coverage changes even if you do not change plans. Also, new products are introduced and many offer benefits beyond original Medicare and/or Medicaid plans. Baby Boomers had completely different insurance products during their working years. The indemnity and major medical policies are no longer the only choice and often do not meet the financial needs of consumers today.

Don't waste time trying to figure it out. Michael will sit with you and review all of the documents, and answer all of your questions. Most importantly, he will conduct a needs analysis to determine your individual needs – if you expect a hospitalization, use certain medicines, or want benefit like dental or vision – everything is taken into consideration.

Best Plan Choice is there to help you make the right choice and is available long after the policy is written. This means helping with doctor changes, plan questions, annual review of your benefits, and of course taking great care of any friend or family member you refer. At Best Plan Choice clients become friends, and friends become clients.

## Brainstorming isn't the only solution

---

**F**un fact: The man who popularized brainstorming in the 1940s also touted the benefits of solitude when searching for creative ideas. Alex Osborn's book, *Your Creative Power*, described how he brought a practice he'd seen in a previous job to the advertising firm BBD&O (he's the "O").

"The early participants dubbed our efforts 'Brainstorm Sessions,' and quite aptly so," the book says, "because, in this case, 'brainstorm' means using the brain to storm a creative problem—and do so in commando fashion, with each stormer attacking the same objective."

But he also advised solo thinking. "A good long shower or a hot tub often induces ideas. One reason is that while we bathe we are shut off from distracting influences." And he describes one particularly fruitful effort:

"Once when I faced a hard creative task, I went to an inn over 100 miles away. Not only was I uninterrupted—not only did I get away from routine—but, because I had made such effort to go so far solely to engage in creative effort, my imagination seemed to work far better. The very taking of that trip tended to sharpen my imagination."

Brainstorming can be useful, but it's not the only tactic for sparking your creativity.

## An alphabetical guide to inspiration

---

**I**s creativity as simple as ABC? Harvey Mackay thinks so. The businessman and bestselling author shared his formula for innovation and inspiration in a column on the Daily Herald website. Here's how his list begins:

- **A: Advertising.** "Expand your brand beyond media-generated advertising. For example, we painted our company name and phone numbers on top of our delivery trucks so they were visible to people who worked on upper floors of tall buildings."
- **B: Bold.** "People are not inspired by ordinary messages, so give them a reason to remember you."
- **C: Curious.** "Curiosity may not have been good for the cat, but it's a winning formula for people."
- **D: Different.** "Don't be afraid to do things that have never been tried before. You have to have enough faith in yourself to trust your instincts."
- **E: Everyone.** "I firmly believe that everyone has the capacity to be creative, if only they allow themselves to be."

## Add more plant-based foods to your diet for better heart health

---

**E**ven if you're not a vegetarian, this information may come in handy. According to the Science Daily website, a new study suggests that cutting back on animal-based foods and eating more plant-based foods may lead to a healthier heart.

Researchers analyzed data on food intake from more than 10,000 middle-aged adults in the United States who participated in a study from 1987 through 2016. None of them had any cardiovascular disease at the outset of the study. The researchers looked at the proportion of plant-based food the participants ate compared to animal-based foods. Those who ate the most plant-based meals had a 16% lower risk of cardiovascular disease (heart attack, stroke, heart failure, and other conditions), a 32% lower risk of dying from a cardiovascular disease, and a 25% lower risk of death in general compared with those who ate the least amount of plant-based food.

Meanwhile, another study reported on the Harvard T.H. Chan School of Health website suggests that a plant-based diet may help ward off type 2 diabetes. Researchers looked at data from nine studies that included health data from more than 300,000 participants, of whom 23,544 had type 2 diabetes. Their review of adherence to an overall predominantly plant-based diet found that people with the highest adherence had a 23% lower risk of type 2 diabetes than those with weaker adherence to the diets.

You may not have to go completely vegan, but cutting out meat and eating more fruits, vegetables, legumes, and whole grains can have a positive effect on your physical well-being.
