## Harbor Lights residents:

---

**O**ur effort to obtain email addresses from all members of the park is underway. The contact email address for you to use is harborDRP20@gmail.com

**When sending your email address please indicate which of the following is your choice:**

For Social Club events write **SC**

For HLA (Homeowners) write **HLA**

For Both write **BOTH**

For no notices write **NONE**

Those residents without cellphone or internet are to call Diane @ 716-479-9133 and give your phone number to receive notifications from a board member, Our SCUTTLEBUTT newsletter will continue to offer updates on events but that is only published once a month. Having your email address on file will allow the Social Club and Homeowners Association to share information with you in a more timely fashion. It is to your advantage to send your email address ASAP if you want to receive email notifications. Our hope is to have this completed in the next couple of weeks but certainly by December 30, 2020. Thank you for your timely assistance with this.

## HANDY SOLUTIONS

---

**U**nclogging a bathroom sink without using a plunger- cut off the top third of a tennis ball. Put the larger part over the drain. Block the overflow hole with a damp cloth/towel and run a small amount of water into the sink to create a seal at the edge of the ball. Push down hard and fast on the ball, keeping the vent hole covered.

Repelling dust from tv or computer screens – use fabric softener sheets

Protecting veggies in the fridge – line crisper drawer with paper towels. They absorb moisture that causes them to rot. When towels get dirty replace them

Dandelion Facts: Dandelions are NOT weeds only. A dandelion seed can travel up to 5 miles before it lands. Every part of the dandelion is edible. 1 cup dandelion greens equals 535% of the daily recommended vitamin K and 12% of vitamin A. Until the 1880s they were seen as beneficial so grass was removed to plant dandelions.
