Memorable quotes sent to Scuttlebutt:

The Cardiologist's diet: If it tastes good spit it out.

Words of Wisdom from Will Rogers: We could certainly slow the aging process down if it had to work its way through congress.

“ I PLEDGE ALLEGIANCE” Written in 1892 for Columbus Day

In 1888 a magazine wanted all American children to love the country's flag. They proposed that the children save their pennies and contribute them to a fund to buy a flag to raise over every school. As a result children bought flags for 30,000 schools.

The magazine had another idea, the United States would soon celebrate the 400th anniversary of Columbus's trip to the New World. They asked the President, Benjamin Harrison about proclaiming a “Columbus Day”. He loved the idea and made Columbus Day a national holiday on Oct 12, 1892. On this day the new American flags would be raised at schools across the country.

What to say in honor of these new flags? In August 1892 just one sentence long , the “Flag Pledge” was written by Mr.Francis Bellamy.

On October 12, 1892 the pledge was recited by 12 million schoolchildren .

In 1923 it was decided to recite the pledge with the right hand over the heart.

In October 1942 the pledge was 50 years old, that year Congress voted to make it part of the land.

In 1954 the words “under God” were added to the pledge.

The pledge is now over 100 years old and schoolchildren still start every day with saying the Pledge of Allegiance.

“I pledge allegiance to the flag of the United States of America, and to the republic for which it stands, one nation, under God, indivisible, with liberty and justice for all.”

Check medical bills with care

Dealing with health insurance claims can be frustrating and time-consuming. Multiple bills from different departments for what seems like one medical procedure can baffle even the most organized consumer. The key is to keep track of insurance claims and keep detailed records. Follow this advice:

- **Review records.** Verify that the medical provider has the correct billing information. Also, check the identification or group number of your insurance plan on claim forms.
- **Follow up to be sure the claim is being processed.** Contact the provider or insurer after receiving a bill to confirm receipt. Write down the names of everyone you speak to, noting the date of the call and any available confirmation numbers.
- **Verify all the expenses.** Check to see if you are being billed twice. Similarly, verify that the contracted rate between the insurer and the provider is actually what you are being billed for.

Revamp your finances to save more money

If you can figure out how to save just \$125 per month, then set up an automatic savings to a mutual fund that yields an average of 7 percent, in five years you will have almost \$9,000. In 20 years, that amount will have grown to \$65,000! Here are four suggestions for coming up with that \$125 per month:

- **Look at your cable TV bill. Do you need all those channels?** You can roll your bill back by getting rid of premium channels or subscribing to a smaller, cheaper package.
- **Stop picking up magazines from the supermarket or newsstand.** Save yourself some money by reading online or subscribing to your favorite magazine instead. And if you're subscribing to anything you don't read, cancel it.
- **Change your cell service.** Shopping around can get you a better deal that will save you bucks. Just make sure you won't be penalized for breaking a contract early.
- **Call your credit card company.** You may be able to get a lower interest rate just by asking.

Some challenges spur imagination and success

Imagination performs best when it's challenged. Perfect freedom leaves the imagination listless, and whatever is created is lifeless as well. Only when a challenge presents itself does the imagination perk up. How can the problem be solved? What other paths could you follow?

Take for example, American writer Flannery O'Connor. She was stricken with lupus erythematosus in her mid-20s. She spent almost all of her life (she died at age 39) on her family's farm. But as the disease made movement more and more difficult, it also pushed her to sit at her typewriter every day and write. The stories she churned out are full of wild imaginings and a great spirit of hope.

Just listen

A man whose marriage was in trouble sought advice from his minister. The minister heard the man out and then said, "You must learn to listen to your wife."

The man took this advice to heart, but he returned a month later to say the marriage was still unhappy, even though he had learned to listen to every word his wife said.

The minister said with a smile, "Now go home, and listen to every word she *isn't* saying."

Learn to let go

A little boy was playing one day with a very valuable vase. When he put his hand inside it and couldn't draw it back out, he called for his mother. His mother tried gently to slide his hand free, but it remained stuck.

She was ready to break the vase when she said, "OK, let's try one more time. Open your hand and hold your fingers out straight, and then pull."

"Oh, no, mommy!" the boy cried. "If I do that, I'll drop my penny!"

Storytellers have as profound a purpose as any who are charged to guide and transform human lives.

Did you know that October is also...

Italian-American Heritage Month. The goal of Italian-American Heritage Month is to inform the public about the contributions made by Italians and Italian-Americans, especially in the arts, the humanities, and the sciences, and to celebrate the impact that Italian culture and language have had on the United States.

National Bullying Prevention Month. A campaign held during October, uniting communities nationwide to educate about and raise awareness of bullying prevention, National Bullying Prevention Month is recognized in communities across the United States, with hundreds of schools and organizations signing on as partners.

National Cybersecurity Awareness Month. The internet touches almost all aspects of everyone's daily life, whether we realize it or not. National Cybersecurity Awareness Month is intended to engage and educate public and private sector partners through events and initiatives with the goal of raising awareness about cybersecurity and increasing the resiliency of the nation in the event of a cyber incident.

National Walk Your Dog Week, Oct. 1-7. According to the American Veterinary Medical Association, more than 40 percent of dogs—a total of about 17 million—in the United States are overweight. Walking your dog just 30 minutes a day helps both of you maintain a healthy weight and a good heart.

Earth Science Week, Oct. 9-16. This year's Earth Science Week celebrates the theme, "Our Shared Geoheritage"—the collection of natural wonders, landforms, and resources that have formed over eons and come to this generation to manage, use, and conserve effectively.

Free Speech Week, Oct. 16-22. A yearly event to raise public awareness of the importance of free speech in our democracy and to celebrate that freedom. Express your right to free speech by posting a message online, composing a poem, writing a letter to the editor, or whatever works best for you.

National Massage Therapy Awareness Week, Oct. 23-29. Research suggests that symptoms of stress, anxiety and depression may be ameliorated with massage therapy. Athletes at all stages have also benefited from massage therapy. By combining your exercise routine with a massage therapy treatment, you will be able to train longer and harder and make the most of your workout.

World Animal Day, Oct. 4. An international day of action for animal rights and welfare, celebrated annually on the feast day of Francis of Assisi, the patron saint of animals.

National Chess Day, Oct. 8. Play a game that sharpens your mind, challenges your intellect, and brings you closer together with other people.

Columbus Day, Oct. 10. Observed on the second Monday of October to commemorate Christopher Columbus's arrival on the North American continent on Oct. 12, 1492.

Ada Lovelace Day, Oct. 18. Considered one of the world's first female computer programmers, Ada Lovelace helped develop an early predecessor of the modern computer in the 19th century.

Halloween, Oct. 31. Trick or treat!

Try these tips for better napping

Sleep is important to your health, and regular naps can make a positive difference. One Harvard study found that people who nap at least three times a week for a half hour or more have a much lower risk of heart disease. Other studies suggest that a 40-minute nap can improve performance on the job.

So what's the best way to nap? The Science of Us website summarized the findings of different studies. First, try to sleep for at least an hour to get a deeper sleep, even though shorter naps have positive benefits as well. Second, lie down for your nap; you'll wake up feeling more alert than if you sleep sitting up in a chair.

Finally, nap in the morning if possible. You're more likely to get REM sleep because your brain still craves it from the night before. Although, on the other hand, afternoon naps tend to be more restorative and improve memory.

Chest pain? Worry—but don't panic

You're having chest pains. Should you rush to the hospital? Although you shouldn't ignore the pains, don't panic. According to an article on the Medline Plus website, fewer than 6 percent of chest pains are symptoms of a heart attack. That's the good news. The bad news is that doctors usually can't determine the cause of chest pains, and they can be evidence of a serious illness.

Researchers studied a database containing records of emergency room visits, looking at 11,000 cases of chest pain unrelated to other trauma. They found that only 5.5 percent of patients suffered from life-threatening ailments. The most common diagnosis was simply "non-specific chest pain," accounting for more than five in 10 patients complaining of discomfort.

Chest pains cause more than 8 million trips to emergency rooms each year, second only to abdominal pains.

Heart health improving for Americans

Americans are taking better care of their hearts, according to the Centers for Disease Control and Prevention. According to a study published in the American Journal of Preventive Medicine, the rate of heart disease in Americans over 40 dropped to 8 percent in 2011-12, down from 10 percent in 2001-02. Among Americans 60 and older, the rate dropped from 19.5 percent to 15 percent in the same time frames. The researchers found no significant change either way in Americans 40-59 years old, however.

One factor influencing the improvement was having access to health insurance, according to the study. Better management of risk factors like high blood pressure, cholesterol, smoking, weight, and diabetes probably contributed to the decline, the report suggested.

Go for the quick laugh

Jokes don't have to be longwinded. Try these one-liners out on your friends:

- I sold my vacuum cleaner—all it was doing was gathering dust.
- I give all my dead batteries away—free of charge.
- I hate elevators, so I take steps to avoid them.
- I know a man who drinks brake fluid. But he says he can stop any time.
- When will all the rhetorical questions end?
- Women really should not have children after 35. After all, 35 children are enough.
- It's hard to explain puns to kleptomaniacs because they always take things literally.
- A hard-boiled egg in the morning is hard to beat.
- There are only 10 types of people in the world—those who understand binary and those who don't.

Hot tip

A man was watching TV one night when his wife walked up behind him and smacked him on the back of the head with a newspaper.

“What was that for?” he demanded.

“I was doing the laundry and I found a piece of paper folded up in your back pocket with the name ‘Carol Anne’ written on it,” she said.

“Oh, honey,” the man said. “I was at the track the other day and a guy gave me a hot tip on a horse named ‘Carol Anne.’ I won \$50.”

Unconvinced, the wife said, “All right, then,” and went back to the laundry.

Two nights later the husband was watching TV again when the phone rang. A minute later, his wife walked up behind him and once again hit him with the newspaper. “What are you doing?”

“The phone call? That was your horse.”
