June Days

National Cancer Survivors Day, June 7. Thousands worldwide speak up to honor cancer survivors and to show the world that life after a cancer diagnosis can be fruitful, rewarding, and even inspiring.

World Oceans Day, June 8. For 2020, World Oceans Day is calling on world leaders to protect 30% of our blue planet by 2030. By safeguarding at least 30% of our ocean through a network of highly protected areas, we can help ensure a healthy home for all.

Flag Day, June 14. Fly Old Glory proudly!

Father’s Day, June 21. Celebrate your father and all fathers everywhere.

World Rainforest Day, June 22. This global event celebrates this precious natural resource and encourages action to preserve it. Your efforts, together with those of others, will benefit rainforests and the climate worldwide.

Fun facts about your Father’s Day gift

Father’s Day is June 20 this year, and the 65 million fathers in the United States (give or take a few million) will bask in familial attention and be showered with gifts—mostly neckties.

The modern necktie evolved from the small, knotted neckerchiefs worn by Croatian mercenaries working for the French in the Thirty Years’ War. The word cravat derives from a combination of the French “Croate” and the Croatians’ own name for themselves, “Hrvati.”

With the rise of the business class in the 19th century, demand grew for neckwear that was durable, comfortable, and easy to tie.

In 1926, a New York tie maker named Jesse Langsdorf developed a technique that improved the tie’s elasticity, which allowed it to revert more easily to its original shape. The “Langsdorf” became the most popular form of necktie.

Since then, ties have widened as far as 4.5 inches and thinned to three inches (or skinnier) depending on the current style, but they seem to be here to stay.

Happy Father’s Day

June Monthly

Adopt-A-Cat Month. American Humane celebrates Adopt-A-Cat Month each June—a month that marks the height of “kitten season,” when millions of kittens are born and often end up in animal shelters. Take home a new friend (or two) to ease your social isolation today.

National Camping Month. June is an excellent time to pack up your gear and experience nature—while practicing social distancing, of course. Gather family and friends, don’t forget the s’mores ingredients, and go camping! Nature is calling, and there are many ways to enjoy a weekend or even longer in the outdoors.

National Dairy Month. Dairy products contain nine essential nutrients, such as calcium and potassium, that can help you manage your weight and reduce your risk of high blood pressure, osteoporosis, and certain cancers. Whether it’s protein to help build and repair the muscle tissue of active bodies, or vitamin A to help maintain healthy skin, dairy products such as milk and yogurt are a natural nutrient powerhouse.

Oral Health Month. Don’t neglect your oral health during the pandemic. Leading by example—especially when it comes to salubrious habits like brushing and flossing—can make a big difference in the health and happiness of your entire family. This year’s theme: Share More Time, Share More Smiles.

Weekly

National Nursing Assistants Week, June 11–18. During this week, nursing assistants and direct-care workers educate the public, state, and federal government agencies, and, in particular, their elected officials about the nature of their vital work and what they need in order to do the job right.

Animal Rights Awareness Week, June 14–20. The goal is to help raise global awareness of animal rights by educating the public about animals’ basic needs. Animal rights awareness extends from individual pets to companion animals, farm animals, wildlife, and animals used for testing, experiments, and medical research.

National Mosquito Control Awareness Week, June 21–27. The current lockdowns in place to curtail the spread of coronavirus will probably not preclude essential mosquito control activities in the U.S. Despite emphasis on testing and treating COVID-19 patients, we can’t forget that other debilitating and potentially fatal diseases transmitted by mosquitoes could infect our citizens.

Some businesses thrive in these troubled times

Many businesses are encountering challenges amid the COVID-19 pandemic, but a few industries are seeing sales rise. The Criteo website reports that these sectors are apparently thriving during the lockdown:

- **Webcams.** Naturally, people are buying webcams in order to Skype and Zoom with friends, relatives, co-workers, and more. In early April, sales of webcams in the United States jumped 458% in a one-week period.
- **Sleepwear and loungewear.** When people aren't going out, they're likely to wear comfy clothes all day around the house. In Australia, for example, such sales soared 184%
- **Shaving and grooming equipment.** Can't get to the barbershop or hair salon? No problem. Around the world people are ordering shavers and other cosmetic gear to manage their hair and appearance.
- **Pet supplies.** Pet adoption rates are climbing in the U.S. as people seek companionship at home, leading to a 274% surge of sales of pet food, bedding, cages, and treats.
- **Baking items.** What could be better when you're stuck at home than baking something tasty? Google Trends reports that searches for "banana bread" skyrocketed 54% around the world during March. Items purchased online include batter and cocoa mixes, breadcrumbs, pie and pastry fillings, and cookie decorating kits.
- **Gaming equipment.** You can go virtual to get out of your home. Video game use rose 75% in the U.S. one week after the World Health Organization declared the outbreak a pandemic. Purchases of consoles, controllers, and other gaming hardware went up 338% in early April.
- **Outdoor furniture.** If you're fortunate enough to have a balcony, back yard, deck, or porch, you probably want some comfortable furniture to relax on while you're social distancing from your neighbors. Folding chairs, stools, outdoor tables, and more shot up 428%.
- **Exercise bands.** These stretchy pieces of rubber used for muscle resistance training in confined spaces are a useful substitute for heading out to the gym. Sales have gone up 86% since stay-at-home guidelines have been in place.

A few one-liners

Funny or dumb? You decide:

What's the best thing about Switzerland? I don't know, but the flag is a huge plus.

- I submitted 10 puns to a joke-writing competition to see if any of them made the finals. Sadly, no pun in ten did.
- What's the difference between a hippo and a Zippo? One is really heavy, and the other is a little lighter.
- Can a kangaroo jump higher than the Empire State Building? Of course! The Empire State Building can't jump.
- If you have 10 apples in one hand and 14 oranges in the other, what do you have? Really, really big hands.
- I took part in the suntanning Olympics, but I only got bronze.
- What do Alexander the Great and Winnie-the-Pooh have in common? Same middle name.
- Not only is my new thesaurus terrible, it's also terrible.

A miracle?

Sister Mary was a devoutly religious woman. Besides her duties as a nun, she was very active in various hospitals visiting sick patients and taking care of all their needs.

One day she found her car was out of gas in the hospital parking lot, and the only container she could find to put any gas into was a bedpan.

Sister Mary walked two blocks to the closest gas station, filled up the bedpan with gas, and headed back to her car.

As Sister Mary started tipping the gas into the fuel tank, a man walked out of the hospital. He stopped and watched her. Just when she finished pouring in the last drops of gas, he said, "I promise, if that car starts, I'm going to church this Sunday!"

Smarter than you thought

At the bar, Joe made a bet with the man sitting next to him, Bill. Joe said, “Hey, idiot, every question I ask you that you don’t know the answer, you have to give me five dollars. And if you ask me a question and I can’t answer yours, I will give you \$100.”

Bill shrugged. “OK.”

Joe asked, “How many continents are there in the world?”

Bill wasn’t all that smart, so he didn’t know. He handed over a five-dollar bill. Then Bill said, “Now you tell me: What animal stands with four legs but sleeps with three?”

Joe thought long and hard, but in the end he gave up and handed over the \$100. Then he said, “By the way, what was the answer to your question?”

Bill shrugged and handed over five dollars.

Elephants never forget

An elephant drinking from a stream spotted a tortoise lounging on the shore. He grabbed it with his trunk and flung it into the jungle.

A passing zebra asked, “Why did you do that?”

“Forty years ago, that tortoise nipped my tail just for fun,” the elephant said.

“Wow, 40 years ago! How did you remember that?”

“I have turtle recall,” replied the elephant.

Laughter is a sunbeam of the soul.

Thomas Mann

WHEN TREATING A HEART ATTACK OR STROKE, TIME IS OF THE ESSENCE. EVEN DURING THESE TIMES.

Don't hesitate when it comes to getting emergency treatment.

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are screened and treated in a separate area. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information:** [BayCareEmergencyCare.org](https://www.BayCareEmergencyCare.org)

Stay healthy while cooped up at home

You're probably worried about staying healthy and safe in self-isolation, no matter how long the pandemic lasts. Here's some advice from the Hackensack Meridian Health website for keeping illness at bay:

- **Maintain a clean environment at home.** Clean and disinfect doorknobs, light switches, remotes, and other surfaces you touch frequently once a day. If you must go out, wash your hands with soap for 20 seconds before and after you leave home.
- **Exercise.** Can't get to the gym? Find a workout video that will get your body moving. Walk around your house or apartment. Try bodyweight exercises like pushups, sit-ups, and wall squats.
- **Stick to a regular meal schedule.** Don't fall victim to the temptation to snack all day long. Eat breakfast, lunch, and dinner at the normal times, and plan healthy meals with lots of fruits and vegetables. Limit takeout food, which is convenient but can be loaded with fats and calories.
- **Stay hydrated.** Drink lots of water. This keeps your body in better shape to fight off infections and diseases. Avoid soda, or replace it with seltzer. Drink a glass of water before every meal to fill your stomach so you won't overeat.

Hot baths may aid your health

Want to relax during these days of tension and worry about COVID-19? A long, hot bath can relieve your stress—and maybe help your heart.

The Web MD website reports that a study of more than 30,000 adults in Japan found that a nice, steamy soak may reduce one's incidence of high blood pressure and stroke. "We found that frequent tub bathing was significantly associated with a lower risk of hypertension, suggesting that a beneficial effect of tub bathing on risk of [heart disease] may in part be due to a reduced risk of developing hypertension," said the study's lead scientist at Osaka University.

After accounting for other factors, the researchers found that taking a daily hot bath was associated with a 28% lower risk of heart disease and a 26% lower risk of stroke, compared with subjects who bathed only once or twice a week.

So relax in the tub, and try to take your mind off your worries. It's good for your body and soul.
