## Hillcrest Manager's Corner - March 2018

---

### **H**APPY ST. PATRICK'S DAY!!

St. Patrick is one of the patron saints of Ireland. He is said to have died on March 17 in or around the year 493. He grew up in Roman Britain, but was captured by Irish raiders and taken to Ireland as a slave when he was a young adult. After some years he returned to his family and entered the church, like his father and grandfather before him. He later returned to Ireland as a missionary and worked in the north and west of the country.

According to popular legend, St. Patrick rid Ireland of snakes. However, it is thought that there have been no snakes in Ireland since the last ice age. The "snakes" that St. Patrick banished from Ireland, may refer to the druids or pagan worshippers of snake or serpent gods. He is said to be buried under Down Cathedral in Downpatrick, Ireland.

### **Speed Bumps**

The speed limit through the park is 10 mph. Please ensure that everyone is driving safely as we have many power walkers as well as leisure strollers in our residence. If you notice someone speeding in our community, please get their tag numbers and contact the office - 727-797-5432.

### **Home Exteriors**

We all love our community and want to keep it as beautiful as possible. Kindly make sure that you keep your yard maintained throughout the year - shrubbery and plants trimmed, flowerbeds weed-free and manicured. We also encourage flower gardens to enhance our homes! Please contact our office if you would like to plant a small garden around your home!

### **Neighborhood Watch**

We all need to work together in harmony to keep our neighborhood safe. If you see anything suspicious, someone you do not think should be on our property, PLEASE CALL THE POLICE! Especially if something happens in the evening. Our residents are the eyes and ears of your community. We want everyone to be safe and secure.

### **Rent/Lot Fees**

Please ensure that all rent/lot fees are due on the first of each month. We will accept payments up to the 5th of the month. Late fees will be assessed on the 6th of each month. Please DO NOT post-date your checks. They will be returned to you. If you find that you will be late with your checks, please come by our office or call us at 727-797-5432.

Let's make March an awesome month! Thank you all for all your kindness and help!

## Social Club

---

The monthly meeting was held on February 2. The following upcoming events were discussed. Valentine's Dance will be held on February 14th. The pork roast BBQ will be held on Saturday, Feb. 24th. This is a free event for all residents, not just members. St. Patrick's celebration will be held on Friday, March 16. Tickets for the dance will be \$8.00 for members and \$10 for non-members. March 21 will be the End of Season going away party. This is a free event for members.

The March meeting will be held on Saturday, March 3rd after coffee. Please plan on attending. If you are not a members of the social club, see any Board Member for your cards. Membership is \$5.00 per person.

## Craft Fair

---

The clubhouse will be the scene of the 2nd annual craft fair at Hillcrest on March 10th. Doors open at 9:00 a.m. Several residents will be offering their wares for sale, and several others will also be present. Choose from handmade greeting cards, crochet items, shell items, jewelry, quilts, and much more. There will also b lunch available and some baked products. Stop by to see what's new in the crafting world.

## Shuffleboard Club News

---

Several residents from Hillcrest played in the ELS Tournament @ the Clearwater Courts on February 6, 2018. Roger & Sally Barr, Dave Boswell, Fred Reynolds, Roy Morgan, Ken Foster, Elaine Jourdan, Mel Jones Dick & Morna Rankin were all money winners. Congratulations to all!

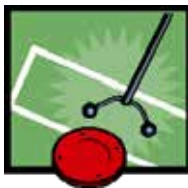

As of February 7, 2018, our "A" Team is in 4th Place in the Big Ten League and our "B" Team is tied for 3rd Place. Keep up the good work teams and have fun!

Upcoming events for March are:

The Big Ten Tournament on March 17-18, 2018 at the Clearwater Courts.

Fun Shuffle Games are being held every Friday @ 3:00 p.m. followed by pizza for all shufflers. The cost is \$1.00 per person and any Hillcrest resident is welcome to come and enjoy the fun.

Our end-of-the-year banquet will be held after the season with the date, time, and place to be determined.

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

George Lordstrom, Saint Petersburg, FL

## From HOA President

Hello Everyone,  
 My name is Ken Foster and I have been appointed to take over as your HOA President. First let me say thanks to our previous President Pat Jones. Pat has been and will continue to be an asset to our community. Let me tell you a little about myself. I have lived here in HILLCREST Community for nearly seven years and have enjoyed the great people that make up our community. I am a retired NAVY man and a retired civil servant. I have owned my own Logistical business. During my career in the Navy I was a Quality Assurance Inspector, Aviation Machinist Mate, Navy counselor and as a civil servant I was a Quality Assurance Specialist ensuring standards compliance with industrial facilities. Such as Naval Air Station Mayport, Key West and Fleet Readiness Center South East Jacksonville. My past experience is very vast but still, I don't know it all. So I will need help from all of you, for a community that works together. I am speaking on your behalf and your input is not only warranted but, highly needed. Let me know what your concerns are and we both will work together to improve this commmity and make a safe and quiet enjoyment of our HILLCREST.

Thank you for the oppportunity of working togeilier,  
 Respectfully,  
 Ken Foster

## Families growing in size as remarriage rises

---

Family relationships can be complicated these days. The Bloomberg website reports that almost a third of U.S. households headed by adults under 55 have at least one stepchild, and among couples over 55 with adult children, 33 percent have at least one stepchild. Counting stepchildren boosts the size of a family by 55 percent among Americans with grown children.

Divorce and remarriage are driving the growth. The divorce rate for older Americans has almost doubled in the last 20 years, with almost 30 percent of people over 50 having been married more than once.

*Life it is not just a series of calculations and a sum total of statistics, it's about experience, it's about participation, it is something more complex and more interesting than what is obvious.*

—Daniel Libeskind

## Beat sleeplessness through awareness of the risks

---

Insomnia is becoming a problem in our society, and it's attributable to complex interactions among dozens of factors. One in three American adults don't get enough sleep every night, and that number may rise if we don't work collectively to try and improve our sleep patterns. As health care writer Anna Johansson points out, the effects of sleep deprivation are dangerous, both in the short and long term:

- Lack of focus and memory. As both a short-term and long-term effect, losing sleep can interfere with your ability to create new memories, and may make it more difficult to focus during the day. This makes it difficult to perform in most professional roles.
- Declining cognitive abilities. Sleep loss also hinders your cognitive capacity, making it more difficult to think critically or solve problems. This gets more intense with more sleeplessness over time.
- Obesity and diabetes. There's evidence to show that chronic sleeplessness can lead to obesity, as well as diabetes, which in turn can lead to even more serious health complications.
- Heart disease and mortality. Chronic lack of sleep may even increase the likelihood and severity of heart disease, and decrease your lifespan.

## Living in a healthy state

---

**D**oes the state where you live affect your health? Some U.S. states appear to be dramatically healthier than others, based on rates of infectious disease, obesity, smoking, infant mortality, air pollution, and other factors. United Health Foundation looked at the figures and identified the healthiest—and unhealthiest—states in the country:

### Healthiest

- Massachusetts
- Hawaii
- Vermont
- Utah
- Connecticut

### Unhealthiest

- Mississippi
- Louisiana
- Arkansas
- Alabama
- West Virginia

*He who cures a disease may be the skillfullest, but he that prevents it is the safest physician.*

*—Thomas Fuller*

## Protect your eyes when dealing with car batteries

---

**M**any people don't know that vehicle batteries contain acid and produce hydrogen and oxygen gases, making them lethal if improperly handled. It's particularly important to understand the dangers when jump-starting a dead battery. A spark or lighted cigarette can ignite the gases and turn the battery into a bomb of flying fragments and acid.

The first line of protection is to wear safety goggles when dealing with car batteries. If battery acid does splash into your eyes, though, don't panic. Flush your eyes with any "drinkable" liquid close at hand. It can be water, milk, juice, or even soda. Remember that every second counts. The longer acid sits in the eyes, the more damage it can do.

## Coffee may cut risk of death, studies say

---

**S**tarting the day with a cup of coffee helps many of us wake up. New evidence suggests it may help us live a longer life, too.

In one study written up in the journal *Annals of Internal Medicine*, researchers at the University of Southern California's Keck School of Medicine surveyed more than 185,000 Americans for 16 years. Their results: People who drank one cup of java a day were 12 percent less likely to die than those who didn't, and people who drank two to three cups were less likely to die by 18 percent—regardless of whether the coffee was caffeinated or not.

In another study reported in the same journal, researchers analyzed data from more than half a million people across Europe, and found that higher levels of coffee drinking were associated with a decrease in the risk of death from many causes, including circulatory and digestive tract diseases.

So enjoy your cup of coffee. It may add years to your life.

## Keep your muscles strong at any age

---

**A**s we grow older, we often lose muscle mass. Muscle mass decline typically starts in the 40s but increases after age 50. One study of about 200 men and women ages 64-93 found that it affected 22.6 percent of the women and 26.8 percent of the men.

Take these steps to keep your muscles intact:

- **Strength training.** Lifting weights has been shown to increase muscle mass and may even reverse the most debilitating effects of muscle loss.
- **Aerobic exercise.** Healthy muscle tissue needs capillaries to infuse it with blood. Regular exercise, like a brisk half-hour walk every day, can provide this.
- **Protein.** Inadequate protein in the diet, or difficulties digesting and absorbing protein, may be a factor in susceptibility to lost muscle mass. Older adults may need to increase their consumption of protein to maintain their lean body mass.

## Monthly

---

**Women’s History Month.** Celebrate the achievements of women like Juliette Gordon Low, who founded the Girl Scouts in 1912, before women had the right to vote and despite her severe hearing impairment.

**National Nutrition Month.** The Academy of Nutrition and Dietetics wants you to develop good eating habits and make better food choices. The theme of this year’s campaign is, “Go further with food.”

**National Craft Month.** Paint a picture, learn to scrapbook, piece together a quilt, develop a new hobby, but most important, create something. **Optimism Month.** Find the silver linings amidst the clouds, shed the negativity, and improve your “uplook.”

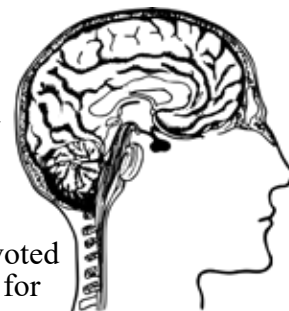

**Expanding Girls’ Horizons in Science and Engineering Month.** This is a time to promote education, diversity, and future career opportunities for girls in the fields of science, technology, engineering, and math. Take your daughters, nieces, and little sisters to a science center for a day of exploration and fun.

## Weekly

---

**Girl Scout Week, March 11-17.** Founded to help create a network of girls and experiences that foster their individuality, intellect, and growth, the Girl Scouts celebrate the organization’s birthday every March 12. Visit [GirlScouts.org](http://GirlScouts.org) to learn more.

**International Brain Awareness Week, March 12-18.** It’s the time of year to shine a spotlight on the advancements in the field of brain research. Check out the websites for The Dana Foundation and the Society for Neuroscience to find out about lectures, events, and exhibits in your area.

**Act Happy Week, March 19-25.** The third week of the month is devoted to embracing your inner joy and sharing it with others. If you’re looking for a reason to be happy, think spring.

**National Poison Prevention Week, March 18-24.** The American Association for Poison Control Centers handles over 2 million calls annually dealing with exposure to dangerous substances. Contact the information hotline for the AAPCC at 1-800-222-1222, or follow it on Facebook and Twitter to learn about prevention measures.

## Outer space mineral found on Earth

---

A rare mineral from outer space has been discovered at the site of an ancient meteor strike on the Isle of Skye, according to the Fox News website. British geologists were investigating volcanic rocks when they identified the mineral osbornite from a previously undiscovered meteor impact. Before this, osbornite had only been picked up as space dust by NASA space missions.

The discovery has raised questions about where the meteorite hit, as well as whether the impact caused an eruption of volcanic lava that began at the same time.

## Clues to Saturn's rings

---

Scientists and non-scientists alike have long been fascinated by the rings of Saturn. Data from NASA's Cassini space probe, which ended its mission by plunging into the seventh planet's dense atmosphere in 2017, have provided fresh insights into the origin and age of the rings, according to an article on the Science News website.

During its final orbits, Cassini measured the difference between the gravitational pull the probe experienced from Saturn alone and the pull from the rings and the planet together. The data showed that the largest ring, which represents about 80 percent of the rings' total mass, was lighter than expected, suggesting that it's also relatively young. Instead of being composed of particles during the same time Saturn was being born, the rings are probably the remnants of at least one of Saturn's moons, scientists now think. How the rings actually formed remains a mystery.

## Climate change spurred migration from Africa

---

Humans migrated out of Africa some 60,000 years ago. Until recently, scientists believed the move was spurred by a wet climate that created pathways to Eurasia. New studies, though, show that the migration may have occurred for the opposite reasons—to escape an increasingly dry climate.

The Sci-News website reports that researchers analyzed the Horn of Africa's climate 200,000 years ago by studying a core of ocean sediment taken from the western end of the Gulf of Aden, off modern-day Somalia. They looked at chemicals created by a type of algae that changed composition depending on water temperature. The team determined that the climate in the Horn of Africa some 70,000 years ago shifted from a wet phase to one that was drier and colder than it is now. The transition would have prompted early humans to migrate from Africa to the Middle East and Asia.
