Shuffleboard Club News

The Shuffleboard Club held elections for 2017-2018 at the February meeting. Fred Reynolds was elected President, Doug Anderson as Vice President, Morna Rankin as Secretary, and Charlie Barnum as Treasurer. Jim O'Connell is the "A" Team Captain with Robert Strag as Co-Captain. Dick Rankin is the "B" Team Captain with Doug Anderson as Co-Captain.

Fifteen residents from Hillcrest played in the ELS Tournament @ the Clearwater Courts on February 7, 2017. Fred Reynolds, Morna Rankin, Patricia Toale, Doug & Shirley Anderson, Roy Morgan, Roger & Sally Barr, Bill Spannagel, were all money winners. Congratulations to all!

As of February 1, 2017, our "A" Team is in 4th Place in the Big Ten League and our "B" Team is in 3rd Place. Keep up the good work teams and have fun!

Upcoming events for March are:

The Big Ten Tournament on March 18-19, 2017 at the Clearwater Courts.

Fun Shuffle Games are scheduled every Friday @ 7:00 p.m. followed by pizza for all shufflers. The cost is \$1.00 per person and any Hillcrest resident is welcome to come and enjoy the fun.

Our end-of-the-year banquet will be chaired by Pat Willden and Jan Schuneman with the date, time, and place to be announced.

Hillcrest Manager's Corner - March 2017

HAPPY ST. PATRICK'S DAY!!

St. Patrick's Day celebrates the Roman Catholic feast day of the patron saint of Ireland. St. Patrick died on March 17, 641. But did you know that he wasn't even Irish?

History:

Patrick's birth name was Maewyn. He was born in Roman Britain. He was kidnapped into slavery and brought to Ireland. He escaped to a monastery in Gaul (France) and converted to Christianity. He went back to Ireland in 432 as a missionary. While Christianity had already taken hold in the country, tradition has it that Patrick confronted the Druids at Tara and abolished their pagan rites, making Christianity more widespread.

Patrick became a bishop and after his death was named Ireland's patron saint.. Celebrations in Ireland were understated though. When the Irish emigrated to the U.S., they created the bigger celebrations and parades known today. Eighteenth century Irish soldiers who fought in the Revolutionary War held the first St. Patrick Day parades. The celebrations became a way for the Irish to connect with their roots after they moved to America.

Trash, Appliances, Yard & Landscaping Debris

If you do landscaping in your yard, please ensure that any shrubs or trees are no longer than 3 feet in length and bundled up for our maintenance men on Monday and Friday ONLY. If anything is left loose or longer than 3 feet, or if it is set out on a day other than Monday or Friday, it will be your responsibility to dispose of the debris into the large dumpster next to the maintenance building. DO NOT put these into our regular trash dumpster. This has become a problem in the past. Also, please ensure that you throw them INTO the dumpster and not around it or in front of the gate. If you need for us to leave the large dumpster open after hours or over

...continued on page 6

the weekend, please let the office know and we will make arrangements to leave it open for you. Just lock it up when you are done.

Also, only regular household trash is to go into the “Trash Only” dumpsters. No large items allowed in the smaller dumpsters. It takes up too much space and our dumpsters begin to overflow. Larger items also need to go into the large dumpster next to the maintenance building.

For Appliances - If you have appliances you wish to dispose of, contact the office and we will schedule a hauling company to come out to take your appliance. Please only set it out on the day it is to be removed.

Just a Reminder - Trash days are Monday and Friday. Kindly have your closed, tied-up bags by the curb by 8:00 a.m. on these days. Do not leave any loose rubbish out. You will be responsible for disposing of your own loose trash. You will also be responsible to dispose of your own trash if you miss our morning pick-up. Our maintenance men have other duties after rubbish patrol that they need to attend to.

Pie Making Event

March 14th is national PI day. So to celebrate we are hosting a pie making contest. There is a sign up sheet in the red book at the clubhouse. We will need pie makers, taster judges and an audience. The rules are simple. You may use premade crusts but the actual assembly of the Pie must be done by you. No entries from Village Inn or Perkins. So save the date: Tuesday, March 14th at 7:00 p.m. Possible prizes, definite bragging rights, so plan to join the fun.

Craft Fair

Plan on visiting the clubhouse on Saturday, March 4th, between 9:00 a.m. and 1:00 p.m. for our first craft fair in many years. We have some very talented vendors lined up. The selection includes fleece products, shell items, jewelry, pottery, hand knitted items, fabric items, greeting cards, wind chimes and other items. There will also be baked goods for sale and there will be lunch available for purchase.

Homeowners Association Annual Meeting

The annual meeting of Hillcrest Resident's Inc., the homeowners association was held on Monday, February 6, 2017. The minutes from 2016 were read and accepted as was the treasurers report. Barb Connors term was up and she chose not to run again. Ken Foster had indicated an interest in serving on the board and was elected by acclamation. Welcome aboard Ken.

A review of old business included the completion of the library, a big thank you to Robert Strag and Dick Rankin for their efforts in acquiring the second stove. And special thanks to Butch Goodridge for his efforts in locating a replacement part for the old stove. Unfortunately the old stove had already been traded for the new. A review of Ameripride and the progress they have made. An effort will be undertaken to assure that once we are back to weekly mowing they continue to perform satisfactorily. The complaint procedure was reviewed. See the article on filing a complaint. The office has said this year their goal is to respond in writing to every written complaint.

New business that was presented included the postponement of the clubhouse remodel. The shuffleboard courts are to be done, and there will be additional streets paved.

An open session followed the agenda items and concerns from the residents were listed and will be brought up at the next scheduled meeting with Leslie. Among items of concern are the number of feral cats, the shape of the clubhouse laundry drying area, the number of cars per residence and being parked on grass and empty lots, and children living in the park.

Procedure for Filing A Complaint

Once again this was reviewed at the annual homeowners meeting. Now e will print this so everyone can follow the same procedure. When you have a complaint you must put it in writing and sign the complaint form. If you do not do this then all you did was rant at the manager and NOTHING will get done. Complaint forms are available in the office, but you may also email your complaint. This year Leslie has said that she will be answering in writing what action has been taken on the complaint. This is the first time any manager has attempted to keep the residents informed about the complaint once it is turned in.

First, if your complaint is about a neighbor, you might try discussing your concern with that neighbor. Maybe their music is too loud and you can't hear your own TV, or loud TV's late in the evening or whatever non-earth shattering event it might be talk to them first. If that doesn't work and your complaint is about a rules violation then you need to write up the complaint, stating what your complaint is, when it occurred and what action you want management to take. You should also put on your complaint the following: "The courtesy of a reply by five (5) business days would be appreciated." If the complaint is about the manager then this step is skipped, go directly to step 2, and also send a copy to the manager. Her email is hillcrestflorida_mgr@equitylifestyle.com.

Step 2 would be to send a copy of your concern to the regional manager, Joey Oxford, with a copy of the first step attached and again give a reasonable date (no less than 5 business days)

...continued on page 10

by which you expect an answer. His email is joseph_oxford@equitylifestyle.com. If after the date given you have not received a response, then it's on to Step 3.

Step 3 would be to send the concern to the Vice President of our area, sending along copies of the previous paperwork. Once again you request a response in no less than 5 business days. The Vice President for our area is Dawn Rumpf and her email is dawn_rumpf@equitylifestyle.com.

The address for the local VP's office is 5100 W. Lemon St., Suite 109, Tampa, Fl 33609. The fax number is 813-289-7628.

If the problem is still not resolved the next step is to send the information in the three previous steps by registered letter to Eric Zimmerman. Once again ask for a response in the 5 business days. By send the letter registered mail, there can be no dispute of the office having received the document. Emails will do the same thing, proof the complaint was sent and received and providing a "paper" trail and an accurate account.

Be aware that no action will be taken regarding frivolous complaints.

Finally, your complaints should go to the manager first. A copy to the HOA board would be helpful so that we could follow up and try to ensure resolution.

Social Club Minutes February 3, 2017

The February meeting was called to order by President Marge O'Kane at 7:00 p.m. with officers Roger Barr and Tonya Bowman and 34 members present.

Elaine Jourdon accepted the nomination for 1st Vice President. Congratulations and thank you Elaine.

The membership voted to change the date of the 2018 Rummage and Bake Sale to the 3rd Saturday of January. Flyers will be distributed throughout the park letting everyone know that items can be picked up. Sally Barr volunteered to take care of the flyers.

New Years' Eve music was discussed about booking a band or going a different way. Mickey Spannagel will bring an alternative entertainment system to the March meeting to be demonstrated. A discussion and vote will follow.

Our Valentine's Dance was a great success. Robert and Simone Strag were presented roses for their 50th Anniversary. Congratulations Robert and Simone. Thanks to Aggie and Mel for doing the snacks.

Our March 17th St. Patrick's Day Dance will feature Sally and Roy. Tickets for members are \$8.00 and for non-members and guests is \$10.00. Entertainment with a DJ and Irish music begins at 5:00 p.m. as residents and guests arrive. AT 6:00 p.m. they will perform a St. Patrick's Vegas Celebrity Impression Show. Dancing will be from 7:00 to 9:00 p.m. with full Variety Dance Music.

Our "End of Season" party will be on Saturday, March 25th from 2:00 - 5:00 p.m. It'll be a Pig Roast/Luau with music by Bob Swenson. Tickets are \$10 each. Watch for more details to follow.

The meeting was closed at 7:35 p.m., followed by cake and coffee. Fun Shuffle began immediately after with pizza and soda to end the evening.

Our next meeting will be on Friday, March 3rd at 7:00 p.m. See you all there.

Respectfully submitted,
Marge O'Kane, President

Monthly

American Red Cross Month. For more than a century, the American Red Cross has harnessed the generosity of the American people, mobilizing the nation in the wake of disaster. The American Red Cross and its international partners have served during crises across the United States and around the world. During American Red Cross Month, Americans celebrate the nation’s humanitarian spirit and recommit to providing relief and hope in times of crisis.

Brain Injury Awareness Month. Sponsored by the Brain Injury Association of America, which conducts an awareness campaign each March. The theme for the 2017 campaign is “Not Alone,” providing a platform for educating the public about the incidence of brain injury and the needs of people with brain injuries and those in their families.

Music In Our Schools Month. An annual celebration of music educators, students, and communities nationwide, all promoting the benefits of high-quality music education programs in schools. Music In Our Schools Month began as a single statewide event in New York in 1973 and grew to become a monthlong celebration of school music in 1985.

Women’s History Month. Women’s History Month had its origins as a national celebration in 1981 when Congress requested that the president proclaim the week beginning March 7, 1982, as “Women’s History Week.” Throughout the next five years, Congress continued to pass joint resolutions designating a week in March as “Women’s History Week.” Since 1995, Presidents Clinton, Bush and Obama have issued a series of annual proclamations designating March as “Women’s History Month.”

Weekly

Professional Pet Sitters Week, March 1-7. An annual observance that honors professional pet-care providers, seeking to educate the pet-owning public about the advantages of professional in-home pet care and encourage pet-loving entrepreneurs to explore professional pet sitting as a viable career.

Dental Assistant Recognition Week, March 5-11. Dental assistants are a key part of the dental practice year-round. During Dental Assistants Recognition Week, dentists in the United States and Canada celebrate by honoring their dental assistants for the variety of duties they perform and helping them provide patients with top-quality dental care.

Women in Construction Week, March 6-12. The focus of Women in Construction Week is to highlight women as visible members of the construction industry. The National Association of Women in Construction’s thousands of members across the country raise awareness of the opportunities available for women in construction and emphasize the growing role of women in the industry.

Tough interview

Singer/songwriter and Nobel Prize winner Bob Dylan is known for his idiosyncratic and iconoclastic ways. His sometime guitar partner Bruce Langhorne tells a story of one time the two were being interviewed on a talk show in 1965.

Les Crane, the interviewer, was getting frustrated with Dylan's brief, uninformative answers to his questions. So at one point, when Dylan joked, "That's a nice tie, though," Crane pointed out that Dylan never wore neckties, and then gave the musician his tie to calm the tension.

Dylan responded by saying he liked Crane's boots. Crane didn't turn them over. Instead he said, "Hey, Bob, that's a nice harmonica." But Dylan refused to give it up.

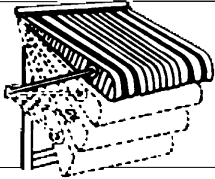

Hotel concierges go above and beyond

Hotel concierges have to deal with some pretty unusual situations sometimes. Here are some of their most outlandish stories, from the Huffington Post website:

- One guest in a London hotel requested wild goat's milk for his bath. The concierge had to take a cab to Wales (£600) to buy the milk (£50). Then the milk had to be heated for the bath, and the concierge also had to supply 50 bottles of Evian water to wash the milk off after the bath.
- A bride-to-be spilled coffee on her satin wedding dress, and the concierge spent hours washing the stain out and then drying the dress with a hand dryer, consoling the bride all the while.
- One guest asked for 20 pounds of ice to be delivered to his room for his penguins.
- A couple checking into a luxury hotel in New York for their wedding asked for a life-size chocolate statue of themselves.
- A crew of commercial filmmakers asked the concierge to find them a trained monkey for their shoot when the monkey they had originally arranged for didn't show up.

Ancient gold belt dug up in U.K.

Archeologists in the U.K. have dug up a 3,000-year-old gold belt in Cambridgeshire, and it's now on display at the British Museum in London.

The object, known as a torc, is the largest ever unearthed. Torcs were usually worn around the neck, but this one measures 49.6 inches, suggesting it was worn as a belt between 1300 and 1100 B.C., or that it was worn by a sacred animal slated for sacrifice. The torc, made of 20 karat gold, weighs 1.6 pounds.

British scientists examining the artifact have found little sign of use or wear on the links used to fasten the torc together, so its original function remains a mystery.

Astronomers discover the sky's smallest asteroid

The universe is full of objects large and small: Sharp-eyed astronomers have recently discovered a near-Earth asteroid just 6 feet in diameter.

The asteroid, named 2015 TC25, was discovered in October 2015 by scientists working with the Catalina Sky Survey. It's one of the brightest of its kind ever observed, reflecting about 60 percent of the sunlight that hits it, and it's one of the fastest spinning. Astronomers speculate 2015 TC25 was chipped off another asteroid, (44) Nysa, a large bright object in the main asteroid belt that's about 44 miles in diameter.

The small rock is about the size of many meteorites that fall to Earth, but astronomers believe there's little likelihood of 2015 TC25 dropping on our planet very soon.

New light on our oldest ancestor, Lucy

The remains of "Lucy," the name given to the oldest human ancestor yet discovered, were found 42 years ago, and ever since scientists have debated whether she spent most of her time walking on the ground or climbing through the trees. The journal PLOS One reports that new evidence suggests the three-million-year-old woman had muscular arms, indicating that she may have been a tree dweller, at least some of the time.

A CT analysis of Lucy's fossilized skeleton shows that her arms were heavily built and similar to those of chimpanzees. Scientists speculate that Lucy may have slept up in the trees to avoid predators at night, spending as much of one-third of her life above the ground. The fact that Lucy may have died from falling out of a tree adds weight to the theory.

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

Fresh or frozen? The choice is yours

Mom may tell you over and over again to eat fruits and vegetables that are fresh, but nutrition experts say that frozen produce isn't necessarily inferior. According to *The New York Times*, most nutrients are surprisingly hardy: Iron, for example, stands up to freezing quite well, and fiber does its job whether it's frozen or fresh.

Scientists at the University of California-Davis analyzed the vitamin content in several different varieties of fresh and frozen produce, including blueberries, broccoli, carrots, spinach, and strawberries. They found no significant differences between fresh and frozen items, and even discovered that frozen broccoli contains more riboflavin—a B vitamin—than the fresh selection. Similarly, frozen blueberries have more vitamin C than fresh.

Experts recommend looking for produce frozen using the IQF process—individually quick frozen—for the highest quality.

Watch for these sources of illness while traveling

Traveling has enough hassles—check-in lines, lost luggage, bad airline food—without adding germs to the mix. Be safe by watching out for these common sources of germs and bacteria that can make you sick when you travel (from the CNN website):

- Washroom stall locks. In one test, airport stall locks were found to have an average of 70 colony-forming units (CFUs) per square inch. Use soap and water or a good hand sanitizer after touching them.
- Seatbelt buckles. Clean your hands after buckling up. Airplane belt buckles can have up to 230 CFUs per square inch.
- Lavatory flush buttons. These can get pretty nasty, containing 265 CFUs per square inch (although overhead vents and tray tables have more).
- Drinking fountains. Thirsty? Maybe buy a bottle of water instead. The buttons on airport drinking fountains have been found to hold 1,240 CFUs per square inch.

Keep your home safe with these tips

Your home is your castle, but you don't have a moat to protect it from intruders. Burglars are always looking for vulnerable targets, so be careful of these flaws that they can too easily exploit:

- **Alarm panels.** If you have a home security system, don't place the panel where it's visible through a door or window. Burglars can peer inside to check whether the system is armed, and if it isn't, they'll be tempted to break in.
- **Motion sensors.** Be sure to place a motion detector near the window of your master bath. It's a favorite spot for burglars to enter, and it's usually right next to the main bedroom—where you probably keep most of your valuables.
- **Audible alarms.** An audible alarm will make most intruders hesitate. Even if they continue to break in, that short pause will cut down on the time they're willing to spend in a house and risk getting caught. Plus, neighbors will be more likely to call police if they hear an alarm.

Sahara Desert wasn't always a desert

The Sahara Desert is a dry, waterless, dusty place, as seen in countless photos and movies. But it wasn't always a sandy, desolate wasteland. Some 6,000 years, the Sahara was covered in grassland and received significant amounts of rainfall. So what happened?

According to the Science Daily website, scientists think the dramatic shift in climate was caused by the Hadley circulation, a tropical atmospheric phenomenon that rises near the equator. Related to the subtropical trade winds and tropical rainbelts, it can influence the position of severe storms, hurricanes, and the jet stream. When it lowers on the subtropics, it can create desert-like conditions. Most of the world's arid regions are located in areas beneath the descending parts of the Hadley circulation.

The scientists' findings indicate that rainfall can migrate from one part of the world to another even though the Hadley circulation doesn't. Their observations may be useful in predicting future climate changes related to El Niño and La Niña, which can cool or warm waters in the Pacific Ocean and influence weather patterns around the globe.
