From The President

Kathy Bornick

Many residents will be leaving the park soon. If you plan to park in someone else's driveway, remember to get their permission before they leave.

Residents wishing to block their driveway can obtain plastic chain and posts from the park for the cost of the chain and poles (according to the Guidelines).

All objects in carports and planters should be removed to protect your neighbors from flying missiles in a storm. Please let the park office know who is responsible for your property while you are gone. This can be done on your **Departure Notice**.

From The Office

Kay Tyrrell

As a reminder for those owners who will shortly be leaving to go back up north, please remember to complete both your departure notice and emergency contact form and give them to the office.

Also look at the back of the departure form for the suggestions before you leave as the information has excellent tips as to what to do before you leave the park.

Have a safe drive home and a wonderful summer.

Holiday Shores Activities Association

Marie Rapoza

Another busy month for the Activities Association. The meeting on March 4 with 52 residents was productive and informative. The officers really appreciate all the interest and enthusiasm being shown by the Holiday Shores Park residents. This truly makes our job easier.

March activities started off with the theater production - "Star Chix" on March 6-8. What a show!!! The positive feedback was outstanding. This play will go down in history as one of the best ever. It was an out-of-this world production. Thanks to David Middleton, director, the cast, the crew, and all the residents who supported this great performance in any way.

The St. Patrick's Day Dance was held on Friday, March 18. Bill and Diane Wall hosted this event along with their committee – Dave & Jean Crosman, Jim & Bonnie Keady, Bob & Mary Fuller and Roy & Andrea Stearns. Music was provided by Ray Curtiss. Ray did a fine job and added "A Touch of Irish" to the evening. All who attended had a good time.

On Saturday, March 18, the Park Yard Sale was held from 8 A.M. - 1P.M. by the Holiday Shores shareholders. Their "treasures" became someone else's Treasures". A special thanks to Harvey Shaw for delivering the tables and setting up the "Yard Sale" signs.

On Thursday, March 23 several residents ventured out to Findley's Irish Pub for the monthly luncheon. The food was delicious and the service was more than satisfactory. Everyone enjoyed themselves. Thanks again, to Lucy Zunica for her time and effort for making this outing such a success.

The Park Picnic was held on Saturday, March 25. Various games along with the "Cake Walk" were played. A typical picnic lunch of hotdogs and hamburgers with all the fixings was served. A great time was enjoyed by everyone. Thanks to Jan and Tom Smith and their committee for all the preparation, time, and effort devoted to the success of this event.

Completing the activities for March, a CPR class was held on March. 30. Eleven residents completed their certification in CPR. Congratulations!!

Again, a very special thanks to the Holiday Shores residents for your support whether attending a meeting, a dance, or volunteering. All is deeply appreciated by the Activities officers.

See you on April 1 - (April Fool's Day) - Don't forget your name tag!

UPCOMING ACTIVITIES

Saturday, April 1 - Activities Meeting -Social - 9 A.M. and Meeting - 9:30 A.M.

Tuesday, April 4 - Fish Fry
(Check Bulletin board, lobby, & A-Fame for details)

Sunday, April 9 - Fashion Show
(Check bulletin board, lobby, & A-Frame for details)

Thursday, April - Monthly Luncheon
(Check -bulletin board & A-Frame for details)

Sunday, April 23 - Strawberry Social
(Check bulletin board, lobby, & A-Frame for details)

GOLF: HOLIDAY CHIPPERS

Priscilla Donegan, Shirley Johnson and Mark Stevens

There were 23 golfers dodging raindrops during the event in February, however; we were able to finish the putting part of the event. There will be playoffs in March to determine the February winners. After the playoffs the regular schedule will take place. Results for February for the women: A playoff with 13 putts each will be between Linda Dunn and Peggy Wallace. Andrea Stearns had 19 putts for 3rd place.

Jack Wallace had 16 putts and is the first place winner. The following men had 18 putts and the winner will be determined by the playoff: Bill Close, Jurgen Hellmich, Ray Innocenti, Mark Stevens, Monty Slaybaugh, and Roy Stearns.

There wasn't a hole-in-one-contest due to the weather. The fifty-fifty draw was held and someone is a lucky winner of \$50.00. No one won the mystery hole.

The cost for golfing is \$1.00. However, there is food, done by chef Bill Wall, and drinks for you to purchase. For a reasonable donation, we also have beer.

Don't forget there is also a 50/50 drawing.

See you on the putting green maybe twice this month-for the Holiday Chippers and the picnic.

If some of our residents are traveling back north for the summer, safe travels.

Steak Dinner Committee

David & Jean Crosman

The 2017 Steak Dinner was another success (sold out) with many folks telling us how good their rib-eye dinner was. It takes many hands to get tickets, make poster, set up, clean potatoes, wash silver wear before and after. Run around buying everything and then Saturday comes. Time to get salad ready, steaks opened up from individual plastic wrap and the grills fired up. Everyone ready to go to work and they sure do.

It's always much easier when you have fun doing things and this is one of those occasions, with the little skirmishes being soon forgotten. What an excellent group of people and workers.

We want to thank everyone for attending and for those folks not on the committee always volunteering to help, we appreciate it.

Thank you all very much.

The Steak Dinner Committee consists of Jim & Bonnie Keady, Jim & Brenda Lyness, Mike & Diane McSweeney, Tom Moffatt and Eva Domen, Roy & Andrea Stearns, Maynard & Joan Taylor, John & Charlene Williams, Bill & Diane Wall, Tom Speranza and Dave & Jean Crosman (Co-chairman).

Theater

David Middleton

Star Chix, the annual show from the Way Off Broadway Theatre Group, blasted off on March 6, 7 and 8th and from the reviews by those who saw it, the show was a huge success. The cast and crew put in many hours of hard work and the Director David Middleton would like to thank each and everyone associated with the show for all your efforts.

Merrell Morrissey was Stage Manager. The set design by Linda Spencer was out of this world and the set builders included Linda Spencer, Bob Fuller and Dave Sperry. Backstage help included Dave and Jean Crosman on lights with Bob Fuller running spotlight and Jim Russell on Sound. Many thanks to Dianne and Bill Wall for organizing the ushers: Ann Annesse, Gayle Doering, Bonnie Keady, Pat Knight, Sue Mesarich, Dave Nichols, Vickie Nichols, Pat Osentoski, Joan Taylor, Carolyn Trotter, Ken Trotter, and Jeanne Uhlenbrauck. Concessions were coordinated by Jim Barton, Andrea and Roy Stearns. The After Glow party was hosted by Rose Maiolino, Linda Dunn, Karen Wetherup, Joan Plowright and Vickie Nichols. Many thanks to Bob Fuller, Dave Sperry, Linda Spencer and Tom Speranza for helping to taking down the set and carrying it to our storage area. Because

Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **MortonPlantValveTrial.org**.

Morton Plant Hospital

of the Fish Fry, our next meeting is now scheduled for April 11th at 2 pm in the Clubhouse and Theatre Group Officers, David Middleton, Merrell Morrissey, Anna Martorana and David Helms, welcome you to come and play with us; we're always looking for new talent on stage and off! We will be planning our events for next season and any help and suggestions will be welcome.

Shuffleboard News

Priscilla Donegan

The month of March is a busy one for the Shuffleboard Club with everyone preparing for the annual tournament.

The results of the tournament are as follows:

Women Singles – 1st place-Barb Kluk; 2nd place-Pris Donegan; 3rd place-Joan Harlan

Mixed Doubles – 1st place-Pris Donegan and Gene Kluk; 2nd place-Carol Barnes and Fred Dempsey; 3rd place-Carole Wagner and Skip Wagner

Men Singles – 1st place-Doug Brown; 2nd place-Jim Barton, 3rd place-Gene Kluk

There were 33 members and guests of the Shuffleboard Club that enjoyed a luncheon at Big Jim's. Monetary awards were given out at this time. Nola Brion was presented the traveling trophy for her loyal dedication and improvement her first year of shuffling.

Shuffleboard will continue for a few more weeks until it is too hot.

Thank you everyone who has helped in this event this year. Many of you are behind the scenes preparing the courts for us to use, polishing the discs, etc. Your work is appreciated.

Anyone traveling back north, safe travels and hope to see everyone in the fall.

VINYL IS FINAL

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word - the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

George Lordstrom, Saint Petersburg, FL

Exploring the mysteries of an ancient codex

British and Dutch scientists have used high-tech imaging to uncover the secrets of an ancient Mexican manuscript, the eScience News website reports. The manuscript, known as the Codex Seiden, is a strip of deer hide five meters long that's been covered with gesso (a white plaster composed of gypsum and chalk) and folded according to style to make a document 20 pages long.

It dates back to approximately 1560, and was found in what's now known as the Oaxaca region of Mexico. Like other codices from that area and others, the Codex Seiden uses brightly-colored symbols to record history: wars, genealogy, and cultural information.

One intriguing discovery: The high-tech imaging found the image of an individual represented by a glyph of a twisted cord and a flint knife. The man or woman resembles a character found in other codices, and may be an important ancestor of two families connected to other archeological sites in Mexico.

Collision course

A huge space cloud is on a collision course with our galaxy, but don't panic—it's not expected to reach us for another 30 million years. According to NASA's Science Mission Directorate website, Smith's cloud, as it's known, is composed of enough gas to create two million stars the size of our size, and is orbiting the Milky Way at 700,000 mph.

The collision won't have much impact for anyone still around, as the cloud is much smaller than our galaxy, but scientists are watching it closely anyway, seeking explanations for its origin as well as other secrets of the universe.

Big dinosaurs, big eggs, and hatching times

How long did dinosaur eggs take to hatch? Paleontologists know very little about dinosaur embryology, but with CT scanners and high-resolution microscopy, they're finding out more.

The SciNews website reports on a recent find: Non-avian dinosaurs likely took longer to hatch than their feathered counterparts, much as modern reptiles hatch at a later age than today's birds. Scientists looked at the fossilized remains of two dinosaur embryos, looking at the formation of their teeth. Analyzing growth lines, they were able to determine that one dinosaur had died at three months, and the other at six months.

The difference in hatching times may have had an impact on the large dinosaurs' eventual demise. Because they require more food and other resources to live to adult size, larger reptiles were likely more vulnerable than smaller animals (amphibians, birds, and other mammals) to an extinction event.

Did you know that April is also...

ASPCA Month. The American Society for the Prevention of Cruelty to Animals was the first humane society established in North America, and today it's one of the largest in the world. The ASPCA's mission, as stated by founder Henry Bergh in 1866, is "to provide effective means for the prevention of cruelty to animals throughout the United States."

Global Child Nutrition Month. Sponsored by the Global Child Nutrition Foundation, whose mission is to expand opportunities for the world's children to receive adequate nutrition for learning and help them achieve their potential. "We envision a future where school meals sustainably nourish all children and help them, their families, communities, and nations to thrive," reads its vision statement.

National Autism Awareness Month. Launched by the Autism Society nearly a quarter-century ago, this event is a nationwide effort to promote autism awareness, inclusion and self-determination for all, and assure that each person with autism spectrum disorder is provided the opportunity to achieve the highest possible quality of life.

National Kite Month. Every year in April, kite enthusiasts across North America celebrate the history and the future of the world's favorite pastime by letting their kites fly. April was chosen as National Kite Month because as the first month in spring, it's when most kite fliers are starting to bring their kites out of the closet and prepare for warm weather and summer fun.

National Youth Violence Prevention Week, April 3-7. A campaign to raise awareness and educate students, teachers, school administrators, counselors, school resource officers, school staff, parents, and the public on effective ways to prevent or reduce youth violence.

National Robotics Week, April 8-16. The purpose of National Robotics Week is to celebrate the United States as a leader in robotics technology development, educate the public about how robotics technology affects society, advocate for increased funding for robotics technology research and development, and inspire students of all ages to pursue careers in robotics and other science, technology, engineering, and math-related fields.

Animal Care and Control Appreciation Week, April 9-15. A week of appreciation and recognition for the hard-working men and women who risk their lives and devote huge amounts of personal time and resources while serving the public as well as animals in need.

Money Smart Week, April 22-29. Money Smart Week began as a coordinated effort of the Money Smart Advisory Council, a diverse group of more than 40 Chicago-area organizations working together to promote personal financial literacy.

How doctors stay healthy

Doctors are exposed to germs and diseases every day, so how do they avoid getting sick themselves? Follow their rules for staying healthy when surrounded by illness:

- **Wash your hands often.** Use soap and water, and take your time. Try singing “Happy Birthday to You” twice in your head as you wash. Wash your hands before eating, after using the bathroom, and before touching your face and mouth. If washing is inconvenient, use a hand sanitizer.
- **Eat a healthy diet.** A good mix of fruits and vegetables will provide the vitamins your immune system needs to fight off infections early—before they balloon into major health issues.
- **Get sufficient sleep.** Lost sleep can damage your ability to fight off disease. Get seven to nine hours a night to stay healthy and alert.
- **Clean off surfaces.** Wipe down your phone and keyboard often to get rid of germs and bacteria. Wash or sanitize your hands after touching doorknobs or shaking hands. Remember that some viruses and bacteria can live for days on surfaces that haven’t been cleaned.

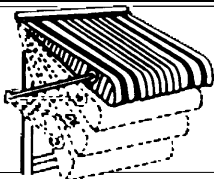

Be on the lookout for ‘sick building syndrome’

Is your home or workplace making you sick? “Sick building syndrome,” also known as “multiple chemical sensitivity,” is a condition in which people become ill due to prolonged exposure to mold, formaldehyde, or other dangerous substances that can spread through a building’s ventilation system virtually undetected. Everyone should watch for signs that their environment may be hazardous to his or her health. Here are some symptoms:

- Frequent headaches
- Persistent fatigue
- Dizziness and nausea
- Difficulty with concentration
- Problems with memory
- Frequent muscle pain, stiffness, or cramps
- Dry skin or itchiness
- Chest pain or heart palpitations
- Persistent sore throat and/or coughing

Watch for these heart attack symptoms

Heart disease is the leading cause of death for both men and women in the United States. Stay on the lookout for these basic signs of a heart attack:

- Chest pain. The classic signal of a heart attack is an uncomfortable feeling of pressure or squeezing in the chest.
- Jaw or arm pain. This tends to be more common in women, but don't ignore it.
- Heartburn/upset stomach. Don't write off stomach problems as just a minor ailment. Nausea and vomiting can occur during a heart attack.
- Shortness of breath. Again, more common among women, but seek assistance if you're having trouble breathing.
- Dizziness. You may feel lightheaded or on the verge of passing out.
- Sweating. Breaking out in a cold sweat is an additional symptom of a heart attack.

Choosing a doctor? Consider this study

Choosing a doctor is an important decision. Here's one factor to keep in mind: A study by the Harvard School of Public Health has found that patients who are treated by female doctors are less likely to die of the illness they're being treated for, and they're less likely to return to the hospital after discharge.

The study examined records of more than 1.5 million elderly Medicare patients admitted to hospitals for reasons other than surgery from 2011 to 2015. Patients treated by female physicians had a lower 30-day mortality rate than those treated by men, and over the course of four years, approximately 11 percent of patients treated by women died within one month of being hospitalized, compared with slightly more—11.5 percent—of patients treated by men.

Healthy citizens are the greatest asset any country can have.

—Winston S. Churchill

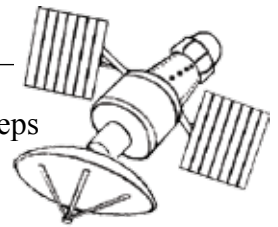

Take these steps to innovation

Innovation is a journey that depends on continuous improvement. Expert James O’Loghlin suggests following these steps to get started:

- Focus on value. Look for inefficiencies in whatever kind of work you do. Challenge assumptions about processes, products, services, and customers. Search for ways to save time or money and increase the value of what your organization does.
- Gather ideas. Brainstorm some possible solutions, and share them with your colleagues. Ask for feedback. Be prepared for criticism, and stay ready to adapt your ideas as necessary, but don’t give in too quickly. Be persistent.
- Present your ideas. Learn how to pitch your innovative ideas without jargon or needless detail. Focus on the story you want to tell—how your idea will help the organization. Anticipate likely questions and objections to show you’ve thought everything through.
- Implement your solution. Be prepared to get to work. Don’t try to do everything yourself; assemble a team to help you with test projects and full implementation.
- Repeat. Follow the same steps for your next project. Once people see your commitment to innovation, they’ll be eager to join in.

Lost in space

Scammers are some of the most creative people around. Finding new and innovative ways of separating fools and their money is what keeps them in business. The famous “Nigerian scam letter” sent by email or fax is perhaps the best known: The sender claims to be a deposed president or king in need of assistance to liberate several million dollars from a foreign bank account. All the recipient has to do is forward some money, and possibly give the sender access to a bank account. The target eventually realizes he or she’s been had, but usually not after losing lots of money.

A new twist on the con game, as reported on the Mother Nature Network website, takes the target into outer space: Victims receive an email from a scientist who claims that in 1989, a Nigerian astronaut went on a mission to a secret Russian space station—and was stranded there when the Soviet Union collapsed. The poor space traveler is still up there, more than 25 years later. He’s been resupplied from the ground all this time, and he’s in good health, but he’d really like to come home. Fortunately, he has back pay coming to him in the amount of about \$15 million dollars. All the target has to do is . . . well, you can probably guess.

No one seems to know if anyone has fallen for this variation of the scam, but it’s certainly a testament to the crooks’ ingenuity—and possibly faith in the gullibility of their victims.
