From The President

Tom Vanzant

As you know, the number of Coronavirus cases are rising in Florida and our county. However, we are fortunate to have low numbers in the Park.

I don't feel this is an accident. Closing when we did, wearing masks, keeping outsiders to a minimum, social distancing and being conscientious of people around us, has surely helped to keep is safe.

Although our outside recreational areas may be less risky we ask that you continue to remain diligent. We have had a few complaints regarding those who are not following safe guidelines while enjoying clubhouse activities. When indoors using the gym, clubhouse and office the risk is potentially higher so, please remain conscious of all CDC guidelines. Failure to practice the rules that are posted outside of each activity, may force the Board, for protection of all, having to eliminate that activity.

Currently he board has not reopened having yard sales, due to the increases number of Covid 19 cases. Yard sales create additional exposure as a result of touching s for sale or possibly encouraging outsiders to participate. This may not be a good thing. Moving forward, will continue to follow the course of the virus and act accordingly.

Here's wishing you very Merry Christmas and Happy New Year. I hope all of us will thank the Lord for the blessings that we do have and hopefully, you will pray for a Coronavirus vaccine to be available soon.

From The Office

Pat Merl

The Park is bustling with activity. More and more of our seasonal residents are coming back and settling into our beautiful community for the winter months. Participation in the variety of events that occur during the holiday season, as well as several months thereafter, is just one way to renew friendships and forge new ones.

I strongly encourage you to attend some of the meetings that will occur over the next several months. Everyone is invited to attend a few (or more) of the Committee (there are four of them, to date), Long and Short Planning, and regularly scheduled Board Meetings. Doing so provides you with an inside perspective of what is going on in your Park and a peek at some of the immediate and long term plans for the future. Notices are posted on the bulletin board, in the pool room, at least 48 hour priors to each meeting. Who knows, you may find yourself becoming active on an existing committee, or involved in the creation of a new one!

Holiday Shores Activities Association

Our first party held under the tents was very successful. Norma Murphy and Bernadette Drouin planned a great event. A parade of golf carts, bicycles and residents walking in the street. Costumes and golf carts were judged with prizes made by Diane Gramatikas. Good music was played by Eddie Guion.

A nice group attended our Activity meeting in November, we had several discussions on our events and how to follow CDC guidelines, but still enjoy good times together.

We had Trivia Game under the tent. As long as weather permits we can schedule outdoor events.

We made our donation to Military Matters on Veterans Day after our nice program that Monty Slaybaugh put together.

Half-time Party was had on Thanksgiving evening with football squares offered for the late game.

At the time of publication, we do not have a caterer for Candlelight Dinner. We probably

Our luncheon was at Rumbas on November 19th.

Activities will be helping two hardship families through Ann Barboza's church.

We, also donated to the Wreaths Across America.

We are planning a Bloody Mary Brunch with sandwiches and chips at 11:00 AM.

Watch A-frames for events.

Have nice holiday and be safe and stay healthy.

GOLF: HOLIDAY CHIPPERS

Priscilla Donegan

Hopefully Holiday Chippers season will have started by the time this edition of the media is out. We meet on the 3rd Saturday of the month at noon.

Please watch the A-Frame for any information.

Since the season for this activity is from January to January, dues will be collected in January.

Hope your holidays will be happy and your new year a happy, healthy one.

Sharing and Caring

Lorna Langford

We would like to offer our deepest sympathies to the family and friends of Carolyn Trotter who passed away in November.

Theater

David Middleton

Unfortunately, The Way Off-Broadway Theatre is still on pause and in a wait-and-see position as we endure Covid-19. Therefore, we will not be meeting in December but look forward to getting together in January to see what the future holds. Stay safe everyone and wash your hands!

Shuffleboard News

Priscilla Donegan

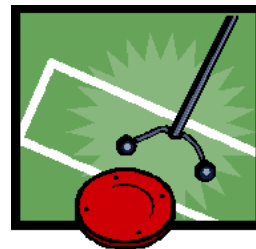

The shuffleboard season has begun and it is so nice to see so many new residents participating in this activity.

The annual Turkey Shoot took place last month and hopefully we had many residents competing for prizes.

Our Christmas luncheon and election of officers will take place this month.

Want to wish everyone a happy and healthy holiday season.

See you on the courts.

Numbers In The News

Health care is changing—will consumers adapt?

Health care is becoming more dependent on phone calls and artificial intelligence to treat patients instead of relying primarily on in-person appointments. The public may not be ready, though. A Harris poll, reported on the Xtelligent website, found that only one in five consumers would trust AI-generated health care advice, although responses were different between generations. Among adults 18–34, 22% say they would trust AI guidance, but only 10% of adults 65 or older say the same.

When it comes to phone appointments, a third of consumers actually prefer receiving health care advice over the phone, compared to 30% who prefer in-person visits, 25% who prefer online advice, 6% who prefer mobile apps, and 5% who prefer AI. Women are more likely to prefer the use of a phone for health care advice than men (36% to 28%).

The AI market for health care is expected to increase at a compound annual growth rate of 50.2% between 2018 and 2025, from \$2.1 billion in 2018 to \$36.1 billion by 2025.

More attention to health during outbreak

The COVID-19 outbreak has Americans paying more attention to their health, according to a study by Rally Health, Inc. Its survey found that 43% say the outbreak has motivated them to focus on their overall health more than before. Forty-nine percent are more aware of their physical health, and 44% are paying more attention to their mental health.

Many people are striving to take more control of their health these days as a result. Twenty-four percent are eating more healthfully, 21% are exercising on a more regular basis, and 21% are paying closer attention to their mental health — depression, stress, and the like.

Calm your ocean

A master and his disciple were strolling on the beach by the ocean. It was a cold day and the wind was blowing strongly over the ocean, raising very high waves.

After walking for some time, the master stopped and asked: “What does the choppy ocean remind you of?”

“It reminds me of my mind and my rushing and restless thoughts,” answered the disciple

“Yes, the stormy ocean is like the mind, and the waves are the thoughts,” the master agreed. “The mind is neutral like the water. It is neither good nor bad. The wind is creating the waves, as desires and fears produce thoughts.”

“How can I calm the waves of my mind?” the disciple asked.

The master smiled. “You don’t calm the ocean by holding the water and not letting it move. What is necessary is to stop the wind. Your thoughts, desires and fears are like the wind, and you need to calm them down, and not let them rule your life. You learn to control them by controlling your attention and focus, and then the ocean of your mind would become calm.”

“And how do I do that?”

“First, learn to calm down the wind in your mind,” the master explained. “When you can control your mind and make it peaceful, you will have more control of your life. However, don’t focus on changing the outside world. Focus on changing and calming your inner world. After you are able to control your inner world, you would be able to control the world around you.”

Build the road

Born on the lowest rung of India’s caste system, Dashrath Manjhi worked in the coal mines of Gehlaur village.

One day his wife was injured. The nearest doctor was in a town 34 miles away, and Manjhi’s wife died.

Because of this, Manjhi decided to make a new roadway through a ridge of hills to make his village more accessible.

For 22 years, using only a hammer and chisel, Manjhi worked until he completed the road, which reduced the distance between the start and finish areas from 34 miles to 9.3 miles.

That’s a sign of dedication.

If a child is to keep alive his inborn sense of wonder, he needs the companionship of at least one adult who can share it, rediscovering with him the joy, excitement, and mystery of the world we live in.
