From The President

Kathy Bornick

Please do not contact Harvey during his regular work hours to do favors for you. Harvey has been inundated with requests to do things for residents.

Please if you need Harvey to do something for the corporation which falls into his regular job description, please call the office and we will follow up on your requests.

Please do not call Harvey on your own, he should not and cannot take orders from 500 shareholders.

From The Office

Snowbirds will soon be returning to Holiday Shores. Please drive careful on your return trip. Please let the office know that you have returned so that we can update our files.

Newsletters Cut-Off Dates

October 13th

Sharing and Caring

Dolly Lake

PLEASE call me if you know of someone who is ill, in the Hospital, having surgery, or has passed away, etc. Very often, people think someone else has called me, therefore I am not informed. So please give me a call!! Thanks for your help

Our sympathies go out to the family of Maynard Taylor who passed away in September. Our sympathies also go out to the family of Ed Ripoll, an ex-resident who passed away in September.

Choralaires

Lo Dykens

Just a reminder that we are currently rehearsing on Tuesday mornings at 10:00am. Please come join our fun.

Holiday Shores Activities Association

Marie Rapoza

The Activities Association officers are grateful that we all survived “Hurricane Irma” along with minimal damages to our park.

Hopefully, we will be back to normal in a short time, and our activities will continue on schedule.

The Ham and Bean Potluck Dinner on Monday, September 4 was a huge success approximately 35 residents attended. The food was delicious. Everyone enjoyed a very relaxing evening with lots of chatter and laughter. We received positive feedback on this event. Thanks to Lucy Zunica, David Helms, David Middleton, and Pat Knight with the setting up and preparing the ham and beans, and assisting with the serving of the dinner. A special thanks to David Sperry for “kitchen duty” along with Mary Graham and all the other helpers in cleaning up. Also, a very special thank you to Monty Slaybaugh for delivering all the leftovers to the City of Hope.

There were two more activities for September—the monthly luncheon at Outback on Wednesday, September 20 and Bingo Night on Saturday, September 30.

October activities are being planned. Check the bulletin board, and A-frame of details. Don’t forget to sign up for the activity (if necessary), and/or setup and/or clean up. All necessary sheets are located on the bulletin board. We need your help and support!!!!

Lucy has planned a fantastic cruise/luncheon for Wednesday, October 18. Payment was made prior to this activity. It sounds like a great outing.

The “new” activity for this year will be the Halloween luncheon on Tuesday, October 31. We need volunteers to help in the following areas: menu planning, decorating and setting up, ideas for games and/or music for dancing, and clean up. Any ideas or suggestions to make this activity successful, is appreciated.

UPCOMING ACTIVITIES FOR NOVEMBER

Saturday, November 4 – Activities Meeting – Social – 9 A.M. Meeting – 9:30 A.M.

Tuesday, November 7 – Theater Meeting – 2 P.M.

Saturday, November 11 – Veterans Day Program – 10 A.M.

Thursday, November 16 – Monthly Luncheon

(Check bulletin board and A-frame for details)

Thursday, November 23 – Thanksgiving Dinner – 2 P.M.

Saturday, November 25 – Clubhouse Christmas Decorations – 10 A.M.

(Check bulletin board for sign up sheet)

Don’t forget to check the lobby, bulletin board, and A-frame for details/information for the activities. Volunteering is crucial – be sure to sign up. Remember we appreciate all your help and support!

See you at the October Activities Meeting – Social – 9 A.M. Meeting – 9:30 A.M.

There will be 2 drawings: 50/50 and nametag. **Don’t forget your name tag.**

REMINDER: The Wine and Cheese Event will be held on Saturday, January 27. This will be hosted by Jim and Lyne Barton. Don’t forget to bring your “home state” wine and “favorite” cheese.

Three activities to ward off Alzheimer's

Alzheimer's disease may not have a cure, but experts believe some practices can help delay memory loss. Here's what you can do:

- Cognitive training. Crossword puzzles and other games can help, but try some different techniques. Do simple arithmetic in your head instead of relying on a calculator. Develop a new method for remembering what's on your shopping list. Train your brain to remember things in new ways and you'll keep it sharper.
- Control your blood pressure. Reducing high blood pressure with medication and weight loss not only cuts your risk of heart disease, but it can also ease stress on the delicate blood vessels in your brain— stress that can exacerbate memory loss and dementia.
- Exercise. Moderate aerobic exercise has many health benefits, including heading off symptoms associated with Alzheimer's. Try exercising for 30 minutes five days a week, or 50 minutes three times a week. You'll feel better and extend your cognitive health.

Scientists search for life on the toughest planets

We think of life as viable only on planets orbiting stars like our sun, but scientists now speculate that it could evolve on worlds circling very different types of stars.

Stars called M dwarfs are the most common stars in our galaxy. Their harsh flares and gravitational grip on their innermost planets could interfere with the formation of liquid water, which is necessary for life. However, astronomers have spotted approximately 200 planets circling M dwarfs, and dozens are in the so-called habitable zone where liquid water could exist and temperatures aren't too extreme for the development of life.

Scientists are studying these strange new worlds in hopes of detecting conditions that might lead to life—although it will probably be very different from any life found on Earth.

Lost and found: Seeking owner of ancient sword

Scientists are trying to determine the identity of the owner of a 14th-century sword found in a bog in Poland. The four-foot-long sword, which according to the Fox News website is remarkably well preserved, was discovered by a worker using an excavator to drain a peat bog. The worker donated his find to a local museum.

Museum officials speculate that the sword was lost by a medieval knight, or that perhaps the knight perished in the bog. Researchers are examining an engraving on the sword's hilt that may identify the knight or his family. Meanwhile, archeologists are searching the bog for other artifacts.

Find your creative style

Whatever you want to achieve on the job or in your life, you need creativity to do it. That doesn't mean you have to have the scientific genius of Einstein or the artistic vision of Georgia O'Keeffe. You can unleash your creative mind by finding your own creative style. Here's how entrepreneurial expert Esther de Charon de Saint Germain describes styles on The Huffington Post website:

- **Watchmakers.** Some people are highly structured and detail oriented. They like to polish their ideas until they're as close to perfect as possible.
- **Wave makers.** These folks are more intuitive. They don't dive into details, but think in big-picture concepts. They're apt to lose interest, though, once the hard work of hammering down their ideas starts.
- **Acrobats.** These thinkers can go both ways. They think outside of the box, but they're also able to hone their ideas into something practical. Try to be this kind of creator.

Improve your brain with these tips

Do you want to think more clearly, experience more insight, and have more creative breakthroughs? Take a look at a few tasks (from the Inc. website) that you can put into practice today for a more productive and imaginative brain:

- Seek out new environments. Don't stay in your rut. Go to a concert by a band you've never heard of. Visit a museum you've never been to. Travel somewhere completely new. You'll shake up your mind and nudge it in new directions.
- Let your mind wander. Don't focus all the time. Give your mind permission to soar from time to time, just exploring anything that pops in. A relaxed mind is more open to new ideas and different ways of thinking.
- Have more fun. All work and no play makes ... well, you know the rest. Take time for fun. Play a new game, take up a fresh hobby, meet new people who share your interests and can introduce you to new ones. Playfulness can lead to great ideas.
- Stop multi-tasking. When you're working on a problem or an idea, put away all distractions and focus. If you're constantly shifting from one task to another, your brain will get tired, and you won't have the perspective you need to zero in on what you're looking for.

Did you know that October is also...

Adopt a Dog Month. Each year an estimated 3 million to 4 million animals waiting in shelters never find someone to give them a safe, loving home and are euthanized. If you're thinking about getting a dog, be a hero and consider adopting from your local shelter.

Down Syndrome Awareness Month. Approximately one in every 700 babies in the United States is born with Down syndrome, making it the most common chromosomal condition. During October you can celebrate people with Down syndrome and make others aware of their abilities and accomplishments.

National Cyber Security Awareness Month. The internet touches almost all aspects of our daily life. National Cyber Security Awareness Month is designed to engage and educate public and private sector partners through events and initiatives to raise awareness about the importance of cyber security, provide them with tools and resources needed to stay safe online, and increase the resiliency of the nation in the event of a cyber incident.

National Protect Your Hearing Month. Hearing loss is a growing health issue among young adults and older Americans alike. Forty-eight million people nationwide suffer from hearing loss. National Protect Your Hearing Month is an important reminder to take steps to preserve your hearing health.

Mental Illness Awareness Week, Oct. 1-7. During Mental Illness Awareness Week, join the National Alliance on Mental Illness in shining a light on mental illness and replacing stigma with hope.

World Space Week, Oct. 4-10. More than 2,700 events in 86 countries celebrated the benefits of space and excitement about space exploration in 2016. This year's theme, "Exploring New Worlds In Space," aims to inspire even more events around the world.

National Business Women's Week, Oct. 15-21. The purpose of this observance is "to recognize women who have been the cornerstone of working in business in the United States in the past and to examine how far women in business have come."

International Music Day, Oct. 1. Initiated in 1975 to encourage the promotion of musical art among all sections of society.

World Teacher's Day, Oct. 5. Celebrate the hardworking teachers who educate our children.

Columbus Day, Oct 9. In 1492, Columbus sailed the ocean blue . . .

Dinosaurs may have been big softies

The popular image of dinosaurs is one of tough, ferocious creatures, but they may have been more sensitive than previously thought—at least their faces.

According to the Science News website, paleontologists at the University of Southampton used advanced X-ray and 3-D imaging to examine the skull of a large carnivorous land-based dinosaur found on the Isle of Wight and found that its snout may have actually been very tender—more like that of an aquatic creature. The dinosaur, a *Neovenator*, may have possessed pressure receptors in the skin of its snout, similar to those enabling crocodiles to forage in murky water.

Because scientists don't believe the *Neovenator* was a water feeder, they speculate the receptors may have been useful for picking meat from bones while eating and also stroking other dinosaur faces during mating.

What caused a massive extinction of sea life?

Most people know about the mass extinction of the dinosaurs millions of years ago, but paleontologists are hot the trail of another catastrophic event: the dying off by large marine animals 2-3 million years ago.

The extinction claimed the lives of up to one-third of marine megafauna, including water-based mammals, which lost 55 percent of their species. Forty-three percent of sea turtle species also died off, along with 33 percent of sea birds and 9 percent of sharks.

A team at the University of Zurich studying the event theorizes that a sudden loss of the productive coastal habitats combined with altered sea currents caused or contributed to the extinctions. The evidence suggests that large marine animals were more vulnerable to environmental changes than was previously believed.

**Science is the acceptance of what works
and the rejection of what does not. That needs
more courage than we might think.**

—Jacob Bronowski

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

THOUSANDS manufactured home residents have won over **\$136,400** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). This month's cash winners are:
