From The President

Kathy Bornick

The devastation in the Panhandle is an example of what could happen here.

The Clubhouse is NOT a safe environment, nor will it be a shelter during, or after, a storm. Please people, do not encourage anyone to stay in the Park when there is a storm. Evacuate, as instructed and save your life.

We can clean up the damage to the property later. And together, we will!

From The Office

Pat Merl

This has been my first summer here at Holiday Shores Park and it certainly was a wet one. As a result of all of the rain, the grass grew like wildfire. The lawns were desperately in need of cutting a few days after they had been cut!

Needless to say, over the past few months, the weeds have overtaken the 36" area of many properties. Standards noted violations and letters were sent out from the office. Many owners have taken action, yet there are still a number of properties that need to be cleaned up. Please be sure that you don't overlook this area of your landscaping. Standards makes monthly checks on random dates. PLEASE NOTE: Should Standards find any properties with unattended weeds, whether in the gutter or around the coach, during next week's run, the Park has the option to have the weeds cleared up and to charge the homeowner accordingly. **(Rules and Regulations, Maintenance and Improvements, Page 10 Item 1a.)**

Neighborhood Watch

Tom Vanzant

Fall has arrived and many snowbirds are coming back to our piece of paradise. We would like to remind everyone that you need to contact us to get your refrigerator magnet delivered containing the phone number of the Sheriff. You can call Pam Grimm at 727-828-9541 and she will bring you one. If she does not answer, please leave your name and unit number and she will make sure you get a magnet.

The Pinellas County Sheriff's Department developed Neighborhood Watch. The Neighborhood Watch program operates on the concept that effective crime prevention requires cooperation with law enforcement. We are excited to announce that Deputy Sean O'Brien, from

Knock, knock who is there? Not a health agent.

Michael Crofts
FL Licensed Independent
Health Insurance Agent

Medicare has very strict rules prohibiting the enrollment into most products via door-to-door sales. Still many seniors are experiencing unsolicited calls and visitors. Making a decision about your health coverage is important and should be done every year, but not by someone who shows up on your doorstep or is cold calling you. At Best Plan Choice, we encourage you to find out how good a full-service health agency can be for you. We work directly with individuals, groups and communities to bring our services to you, at your request.

During the annual enrollment season for Medicare health coverage (Oct 15-Dec 7) we host seminars with free coffee and dessert (see our enclosed insert or call 855-BOOMER65). Throughout the year, we are available to present every available plan, assist you with customer service issues or become your agent if you need one.

Are you debating if you need Medicare Part B? We can show you how to save money on your Part B premium each month. Do you need financial assistance? We can help you apply for Medicaid or extra help for the high pharmacy costs you may have. Is your spouse still working to provide health insurance for you? We may have options which will start their retirement sooner. We will provide a complete needs analysis during a personalized appointment so you can make the best plan choice for you. As always, our services are without charge or cost to you. Call us at Best Plan Choice, where Clients become Friends, and Friends become Clients!

the Crime Prevention & Community Awareness Unit, will be speaking at our Board Meeting on Thursday, January 17, at 10:00am. He will conduct a presentation on dealing with an Active Assailant/Shooter. Please come and join us for this educational session.

Just a quick reminder to our returning shareholders. We had 2 nights this summer that resulted in the loss of personal property. You can keep your property safe by following these tips:

Keeping dark areas lit up, locking up bikes, chargers, scooters, vehicles, and calling on suspicious people all help to keep our park crime free. Remember....the Sheriff's department developed this program. **DO NOT BE AFRAID TO CALL THE SHERIFF**, then call either Tom or Pam. We keep a log of all concerns/calls in the park. Please don't call the office. They have enough work already.

If you are interested in joining Neighborhood Watch, please call either Tom Vanzant at 609-980-2063 or Pam Grimm at 727-828-9541. If you are unsure and would like to do a ride along to help decide, we can make that happen too. Both full time and part time shareholders are welcome! If you are a night owl or have trouble sleeping at night, this is perfect for you. We normally ride in pairs, so you won't have to be alone. We even have a golf cart that can be used. Questions? Please call Pam Grimm.

Holiday Shores Activities Association

Shirley Johnson

Here it is the middle of October and as our snowbirds watch the leaves change colors and fall to the ground, they think of joining us in sunny Florida.

Our October meeting brought 21 people to join Monty in prayer and the pledge of allegiance. We talked about our coming events for November. Our 50/50 was won by Carolyn Sperry and Julie Pion claimed our \$10 name tag prize.

Our October luncheon will be held at E & E Stakeout Grille. We, also drew out our November luncheon since it will be held on November 8th at Seabreeze.

Judy Garneau and Julie Pion are organizing a new park photo directory. Please read the brochure in the newsletter.

We will be gathering around the flag for Veterans Day at 10 am. Coffee and rolls will be served after our honoring of all our veterans.

Bob Fuller and Tom Speranza will be cooking our turkeys for our covered dish meal for Thanksgiving.

Welcome back party is planned for November 17th at 6:00 pm at clubhouse. Watch the a-frame in front of the clubhouse for details.

Brad Dykens will be giving a senior safety talk on Thursday, November 15th at 7:30 pm.

Calendar is beginning to fill up, come out and join us!

Shuffleboard News

Priscilla Donegan

I'd like to welcome back our residents returning from the north and extend an invitation to anyone who would like to give shuffleboard a try, especially any new residents.

Hopefully, we will be able to begin the 2018-19 shuffleboard season in November. There have been some issues with the company that was to work on the courts this summer and it remains to be seen just what will be done.

We shuffle on Monday, Wednesday and Friday at 1:00. The cost is a dime a game. If you win you get your dime back! Dues will be \$3.00, and can be given to our Treasurer, Tom Smith. Dues for the shuffleboard club is due in November and is good until the following November.

Looking forward to seeing you on the courts.

GOLF: HOLIDAY CHIPPERS

Priscilla Donegan

I'd like to welcome back any residents that have returned from the north and extend an invitation to any new residents to give Chippers a try.

We meet on the putting green on the third Saturday of the month at 12:00. It costs a \$1.00 to golf nine holes and the hole in one contest.

In order to win money you must pay dues, which is \$2.00 for the year. Our dues are due in January, however, if you are a new to this event you must pay the dues for 2018.

Be sure to bring extra money because there is a 50/50 draw and food for you to purchase.

Our chef, Bill Wall, grills delicious hotdogs and maybe a brat or two. Pop, water, and for a reasonable donation, beer is available.

Hope you decide to give this event a try. There is equipment for you to use.

See you on the green .

Sharing and Caring

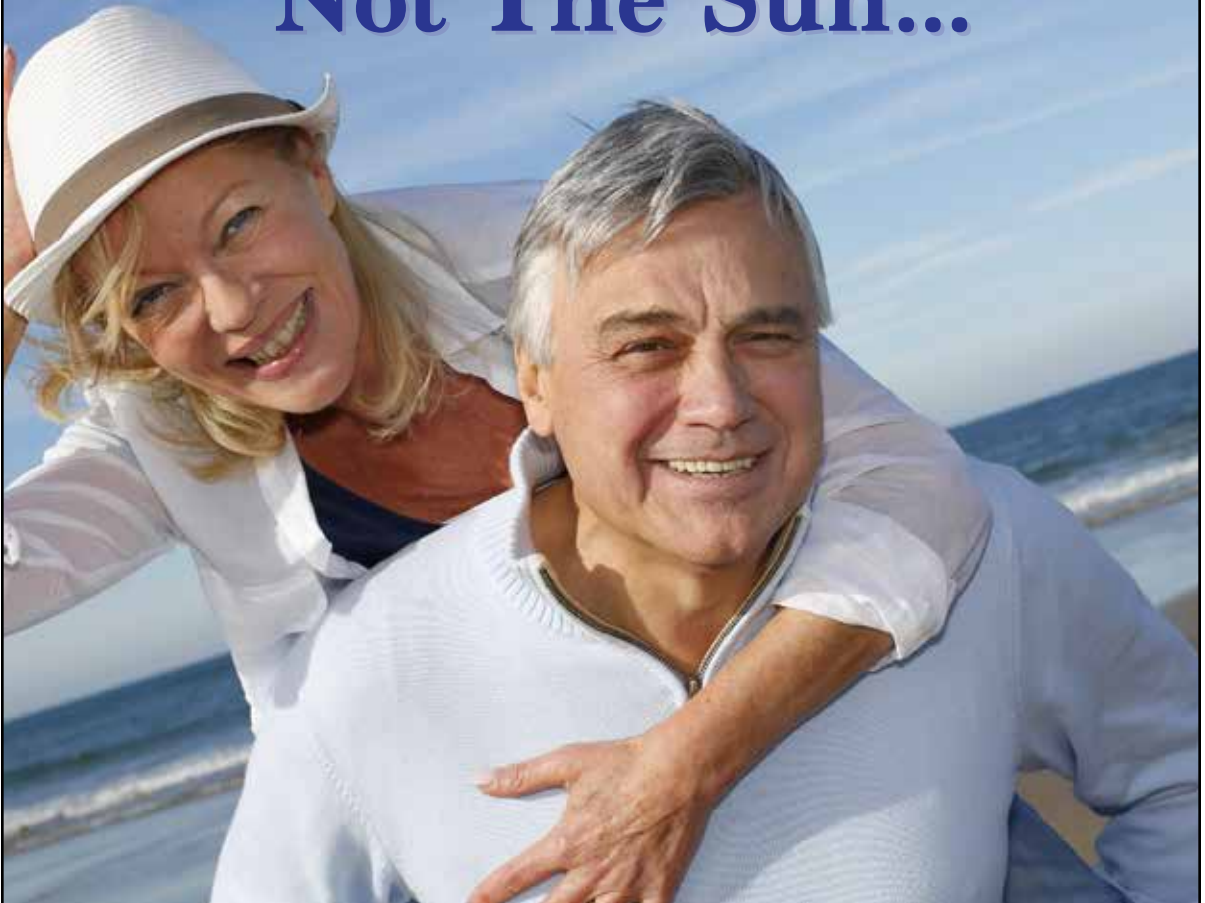

Dolly Lake

PLEASE call me if you know of someone who is ill, in the Hospital, having surgery, or has passed away, etc. Very often, people think someone else has called me, therefore I am not informed. So please give me a call!! Thanks for your help.

Peg Scano had back surgery at Morton Plant and is in rehab at Health South.

Way Off-Broadway Theatre Group

David Middleton

The Way Off-Broadway Theatre Group will meet on Tuesday November 13th at 2:00 pm to begin making plans for our show in March. We will be electing our officers for the coming year and discussing our production of Gilligan’s Island, The Later Years, a very funny parody of the beloved TV sitcom. What happens when a scheming, conniving, greedy resort developer sets her sights on the long undiscovered island where the castaways live? Come join us and see. WOB TG welcomes everyone to come “play” with us; we’re always looking for new talent both on stage and off! Any help and suggestions will be welcome. So, put on your thinking caps, let the creative juices flow and let’s get theatrical! We’ll see you on Tuesday, November 13th at 2:00 pm!

A heartfelt request

Emma came home from work one Tuesday evening with no idea how her life was about to change. Mixed in with her daily mail was a handwritten note addressed simply to “neighbor.” The handwriting on the envelope and the note inside was in a shaky hand that reminded Emma of her late grandmother’s penmanship.

The return address on the envelope was for a house across the street that Emma believed to be vacant. The curtains were always closed and in the few years since Emma and her family moved into the neighborhood, they never saw anyone enter or leave the house across the street.

The note inside the envelope read:

Dear neighbor,

I see you with your family and you seem like a very nice person. I was wondering if we could be friends. I am 93 years old and no longer have any family. I am very lonely.

The note was signed by a woman named Allison.

In just a few lines Emma was reduced to tears. She thought of her own grandmother, who she’d just buried a few months ago, and how the loss of her passing was still present. Then she thought about how much loneliness and courage it would take for an elderly person to reach out to a complete stranger, hoping to make a connection.

The next day, after Emma sent her kids off to school, she walked over to Allison’s house and knocked on the door. She was greeted by a petite older woman with dazzling blue eyes. For the next few hours they got to know a little about each other over a pot of coffee and warm banana bread. Over the next few years Allison became a surrogate grandmother to Emma and her family.

As we embark upon this festive season of feasting and holiday observances, let us remember that the person in the next cubicle, living down the hall or across the street may be left out of these good times. Reach out in the spirit of friendship and inclusion to warm the heart of a lonely person though a selfless act of kindness.

Fortunately, somewhere between chance and mystery lies imagination, the only thing that protects our freedom, despite the fact that people keep trying to reduce it or kill it off altogether.

—Luis Buñuel

Busy as a bee—even when the bees are sick

Honeybees are hard workers—even when they're sick. The (e)Science News website reports that researchers using radar technology have learned that honeybees continue to seek and collect honey for their hives even when they're suffering from infections or viruses.

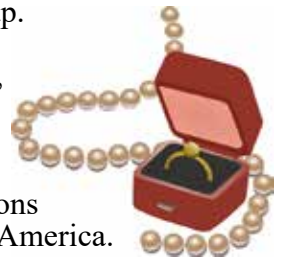

The scientists mounted tiny, lightweight transponders to bees' thoraxes, enabling them to track individual bees using a radar signal. Studying the flight paths of 78 bees, the researchers found that although the sick bees didn't fly as far or as long as their healthy counterparts, they continued their search, suggesting that bees are hardwired to seek and procure honey even when they're ill.

Copper bracelet suggests vast ancient trade network

An ancient copper band unearthed with cremated human remains in Georgia suggests that Native Americans may have traded across greater distances than previously was thought, according to the EurekAlert website. The band, a little wider than a bracelet, came from the Great Lakes region some 1,500 miles away. Scientists were able to determine the band's origin because copper sources have a unique chemical makeup.

The fact that the Native Americans were cremated is also significant, because cremation was unknown in the Southeast United States during the time period the bracelet dates from—some 3,500 years ago—but was commonly practiced in the Great Lakes region and other northern regions. This suggests that our ancient ancestors may have had connections across large distances, allowing for wide trading networks across North America.

The question is one of judgment. For the distinguishing element of science is not intelligence but judgment. Or perhaps it is simply luck.

—John M. Barry

Take a cold shower—for better health

Showers keep you clean, but a cold shower can be good for your health. An article on the Success website spells out the benefits of taking cold showers:

- **Immunity.** Scientists believe there's a correlation between cold showers and increased production of an amino acid called glutathione, which boosts the immune system, gets rid of toxins, and eases stress.
- **Better skin health.** A hot shower removes important oils from the skin, making it dry and itchy. Cold showers reduce skin inflammation. They also prevent your hair from becoming brittle.
- **Muscle recovery.** There's a reason why athletes soak in ice baths after a tough game. The cold water helps speed their recovery time and relieve soreness quicker.
- **Better moods.** Cold showers may prevent depression, according to researchers at Virginia Commonwealth University. Decreasing the temperature of your water and then spending two or three minutes under cold water sends a lot of electrical impulses from the nerves in your skin up to your brain, which could have an anti-depressive effect.

Climate change strategy a mixed bag

Scientists scrambling for a solution to the problems caused by climate change have come up with an intriguing idea: shooting tiny particles high into the atmosphere to scatter the light of the sun.

The Science magazine website reports that sulfur dioxide gas can cool down temperatures by reacting to water vapor and forming droplets that scatter sunlight. It happens during major volcanic eruptions, such as the eruption of Mount Pinatubo in the Philippines in 1991 and the eruption of El Chichon in Mexico in 1982.

Scientists have used computer modeling to project the effect of injecting light-scattering aerosols into the stratosphere.

Unfortunately, the probable results appear mixed. Although the model predicted that corn harvests would increase 6.3 percent due to reduced heat, other crop yields would fall because of diminished sunlight, and the strategy would likely have no effect on yields for crops like soybeans, rice, and wheat. Scientists continue to study the theory in hopes of finding a viable approach to managing climate change.

Dining out by age groups

How much do you spend dining out every month? Acosta and Technomic’s “The Why? Behind The Dine™” survey looked at trends among different demographics. Here’s what it found:

- **Diners with children 17 and under** spend an average of \$544 on food a month, with 38 percent spent on food prepared outside the home.
- **Generation Z diners ages 18–21** spend \$360, 29 percent on food from outside.
- **Millennials, ages 22–36**, spend \$513, of which 40 percent is prepared outside the home.
- **Gen X diners, ages 37–52**, spend \$469, with 32 percent spent on food from outside.

Why we do—and don’t—go to church

Americans go to church for many reasons—and some avoid church for reasons of their own. The Pew Research Center looked into what draws people to religious services and what keeps them away. Here’s what it found:

Reasons for going to church

| | |
|--|------------|
| To become closer to God | 81 percent |
| To give children a moral foundation | 69 percent |
| To be a better person | 68 percent |
| For comfort in times of grief or sorrow | 66 percent |
| Reasons for rarely or never attending services | |
| Practice faith in other ways | 37 percent |
| No religious belief | 28 percent |
| No church/religion they like | 23 percent |

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

THOUSANDS manufactured home residents have won over **\$145,200** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). This month's cash winners are:

- No purchase necessary • Contest void where prohibited by law • Tickets available at participating Monthly Media advertisers.

Is it a headache—or a brain tumor?

Is that headache a sign of a serious medical problem? Maybe, but don't panic. A severe headache makes many people worry that they have a brain tumor, but according to The Cut website, the time to worry about brain tumors is when you have a headache combined with vomiting. These types of headaches come on suddenly, often at night, and feel worse when you're lying down. Over time they'll create other symptoms—numbness, weakness on one side of the body, and speech and vision difficulties.

More likely, a severe headache is either a migraine or a cluster headache. Both of these tend to appear in one side of the head. Some 36–44 million Americans suffer from migraines, which can last up to 72 hours. Cluster headaches also occur on one side of the head, and come in waves—people may have up to eight per day. They're more painful than migraines, but they're also over more quickly, lasting from 20–45 minutes.

Seek treatment, but don't worry yourself sick about brain tumors.

Doctors shortchanging patients, study says

Doctors are busy people—sometimes too busy. A study conducted by the University of Florida found that patients, on average, have only about 11 seconds to tell their doctors what's wrong with them before the doctor interrupts, sometimes sidetracking the interview. That may have something to do with the study's other finding—that doctors identified the patient's reason for the visit correctly only about 36 percent of the time.

The researchers offered several explanations for the situation: physician burnout, time constraints caused by the necessity of dealing with health insurance issues, and limited training in patient communication skills for physicians trained before 2004 (after that, training put more emphasis on communicating with patients).

Surprising sources of pain

The causes of pain aren't always obvious. Consider these unexpected sources:

- Back pain. Taking your vitamins? Chronic back pain can be caused by low levels of vitamin D. Another possibility: constipation caused by blockage in the colon. Eat more fruits, vegetables, and fiber for better digestion. (Source: Prevention magazine)
- Headache. Cheese may be the culprit. A substance called tyramine in cheese can trigger headaches. Also, low blood sugar can create a headache even before you realize you're hungry. A snack like whole-grain crackers with peanut butter can bring quick relief. (Source: the WebMD website)
