From The President

Kathy Bornick

The Board would like to welcome our new manager, DJ (Deborah Jean) Schladweiler to Holiday Shores. Please stop in, say hello and get acquainted. It's not too early to think about the annual election. It's just around the corner. Also the budget and been prepared and will be sent out shortly to all residents prior to it being presented to the Board at the October

From The Office

DJ Schladweiler

Just a brief report this first month, if you will allow me to thank all those that have shown such a warm welcome. I would say, this is a reflection of the spirit of Holiday Shores and I am very happy to be a part of the park.

Newsletters Cut-Off Dates

September 14th

Holiday Shores Activities Association

Marie Rapoza

Happy Labor Day to all!

The Activities officers are geared up and ready to get started with some great activities for September and October.

The Ham and Bean Potluck Dinner is planned for Monday, September 4th – Labor Day.

Come and join us for a relaxing evening with friends and neighbors. Check the Activities' bulletin board, lobby and A-Frames for details.

September's monthly luncheon will be held on Wednesday, September 20th at Outback. Check the bulletin board and A-Frame for details.

To complete September's activities, there will be a "regular" bingo game with our "favorite" caller – Joe Lambert. Check the lobby, the bulleting board and A-Frame for specific details.

Our first Activities Meeting will be held on Saturday, October 7th. Of course, a 9am we will have a "social" time with coffee and donuts then the meeting will be at 9:30. Don't forget to wear your nametags to be eligible for a prize and we always have 50/50 where you can win even more money depending on the participation of the attendees.

Another monthly luncheon will be held in October. Check the bulletin board and A-Frame for details.

Also Lucy is planning a luncheon cruise for early fall. A sign-up sheet will be on the Activities bulletin board with specific details. Knowing Lucy, this luncheon/cruise will be a blast!!

Activities is planning a Halloween luncheon with “special” entertainment. It will be held on Tuesday, October 31. The plans are in the works for this “new” activity. Volunteers are need for ideas, suggestions, luncheon menu, decorations, set up and clean-up. Don’t forget to sign up!

Remember to be successful, we (the Activities Association) need your help.

I (Marie) would like to express my thanks to Lucy Zunica and David Helms for taking charge of any summer activities and presenting/preparing the September activities. A very special thank you to 2 terrific people.

Reminder: the Wine and Cheese Event will be held again this year. This event will be hosted by Jim and Lyne Barton. Don’t forget to bring your “home state” wine and “favorite” cheese. Date and time will be announced later.

See you at the October Meeting – Saturday, October 7th. Don’t forget your nametag.

Sharing and Caring

Dolly Lake

PLEASE call me if you know of someone who is ill, in the Hospital, having surgery, or has passed away, etc. Very often, people think someone else has called me, therefore I am not informed. So please give me a call!! Thanks for your help.

Randy Brose is doing well after being in the Hospital for an infection. We offer our sympathy to the families of Phyllis Gallagher, Lou Reagan and Jean Bishop, who passed away recently. We also offer our sympathy to Harold Harlan, on the passing of his mother.

Choralaires

Lo Dykens

On September 19th, we will meet in the Clubhouse to start putting together our Christmas Program. I know many of you will still be up north (and we will welcome you back when you get here). But for those in the chorus who are here, I hope to see you at 10:00 A.M. on Tuesday, September 19th. I need your voices and ideas to have another nice holiday presentation. We've had really good reports in the past on the programs we've done. Also, we're always glad to welcome new singers (no solos required). If you like the Christmas music and like to sing, please join us. Perhaps some of our new residents would be interested. If so, just call Lo at 727-392-0528 or 727-430-3478.

Our program this year will be on Wednesday, December 6th at 7:00 P.M. – so plenty of time after that to head north or wherever for the holiday.

So, as that old song goes – “I’ll be seeing you” and I hope you all have had a great summer.

Welcome Committee

Lucy Zunica

Welcome to Holiday Shores Kellye and Otto Petty and Nita Anderson and Kenneth Abkemeier.

Kellye and Otto are from Kentucky and are full time residents. They reside at 10273 paradise drive. Kellye is retired from white castle working in the payroll department from the age of seventeen. Otto retired from the machine and tool business. Otto played basketball for Florida State when they came in second place for the year 1972. They are avid card players and enjoy many activities.

Nita Anderson and Kenneth Abkemier are from Ohio and reside at 10181 South Lake Drive. Nita worked as a corporate tax paralegal and has one son. Kenneth retired from commercial air conditioning. He has 3 children - 7 grandchildren and one great-grandchild. "Good luck gramps"! Nita is an avid baker and cook. They both are anxious to join in park activities.

VINYL IS FINAL

"...I am so happy with my new windows...I'd like to commend your work crew. Earbie and Larry were fantastic! I couldn't believe the clean-up EVERYDAY! The whole job took just a week even with all the rain delays. I would and WILL highly recommend your company to my friends and neighbors. Of course I won't need to say a word – the house is doing all the talking! Thank you so much for my beautiful new house."

Carol Zapiecki, Clearwater, FL

"Just a short note to express my appreciation for the work done on my mobile home. The crews that worked here...were gentlemen at all times, efficient, knowledgeable and prompt. You can be sure if I run into anybody who needs your type of work, I will surely recommend your company. It has been a very satisfying experience!"

Chocolate may be good for your heart

In case you're looking for an excuse to eat some chocolate, consider this: It may reduce your risk of irregular heartbeat.

An analysis of some 55,000 adults from Denmark found that eating 2-6 ounces of chocolate a week was associated with a 20 percent decreased risk of atrial fibrillation, or A-fib, otherwise known as an irregular heartbeat. A-fib can compromise blood flow in the upper chambers of the heart—the atria. People with A-fib are five times more likely to suffer a stroke, according to the American Heart Association, and have twice the risk of a heart-related death.

Moderate consumption of chocolate, especially dark chocolate, appears to reduce that risk, although binging on larger amounts can obviously lead to weight gain and associated problems.

Carbon monoxide safety tips for your home

Carbon monoxide (CO) is a colorless and nearly odorless gas that's created by the incomplete burning of solid, liquid, and gaseous fuels. Appliances that burn LP gas (liquefied petroleum), oil, coal, kerosene, coal or wood may produce carbon monoxide. Carbon monoxide is also poisonous to animals and people. Symptoms of its effects include:

- Headache
- Fatigue
- Shortness of breath
- Nausea
- Dizziness

To prevent CO poisoning, take these precautions:

- Buy and install a CO alarm. Make sure it is listed with Underwriters Laboratories or that there is information on the package that indicates that it meets the requirements of IAS 6-96 standards. Follow the directions for placement and installation.

- Install appliances properly. Most of them should be installed by a professional.
- Practice good maintenance. Have your heating system (furnaces, flues, and chimneys) inspected and serviced by a professional every year.

- Burn charcoal outdoors only. Never burn it in a tent, home, garage, vehicle, etc. Don't use portable fuel-burning camping equipment indoors or inside tents, etc.

- Make sure you turn off fuel-burning engine equipment when you are inside a garage or basement. Just having the doors open does not ensure your safety.

Did you know that September is also...

Blood Cancer Awareness Month. Lymphoma is a type of blood cancer that occurs when lymphocytes—white blood cells that help protect the body from infection and disease—begin behaving abnormally. Lymphoma may develop in many parts of the body, including the lymph nodes, spleen, bone marrow, blood or other organs. This year's theme for Blood Cancer Awareness Month is "Light it Red for Lymphoma."

National Child Awareness Month. During National Child Awareness Month, a wide array of organizations set aside their individual agendas to focus on the bigger picture of children in America today and what can be done to address their growing challenges and needs tomorrow.

National Cholesterol Education Month. National Cholesterol Education Month is a good time to get your blood cholesterol checked and take steps to lower it if it's high. It's also a good time to learn about lipid profiles and food and lifestyle choices that will help you reach your personal cholesterol goals.

National Piano Month. A good month to sign up for piano lessons. Although invented around the year 1700, the piano took several decades to become a favorite of composers and performers alike. In the 19th century the instrument grew larger and more powerful. At the same time, the instrument became the primary source of home entertainment, and learning to play the piano became an important part of childhood education.

Substitute Teacher Appreciation Week, Sept. 3-9. Five days dedicated to the hundreds of thousands of education professionals who fill in at the schools every day across the United States. This nationwide event is recognized by the U.S. House of Representatives, schools, and school districts around the country.

National Suicide Prevention Week, Sept. 10-16. High schools, colleges, and universities can create their own activities for National Suicide Prevention Week. These locations are ideal to promote public awareness of the goals of suicide prevention, educate the public about the prevalence of suicide, and involve young adults in prevention activities.

Child Passenger Safety Week, Sept. 17-23. Car crashes are a leading cause of death for children up to 13 years old. Many deaths and injuries can be prevented by proper use of car seats, boosters, and seat belts. Getting safety information and car seat instructions to parents and caregivers is crucial to saving young lives.

EXPERIENCE THE DIFFERENCE.

Complete dinosaur skeleton is spectacular find

Most dinosaur fossils consist of a few bones or teeth, but in 2011 a heavy-equipment operator in Alberta, Canada unearthed something unique—the complete fossilized remains of a newfound type of nodosaur, part of the ankylosaur family, which lived between 100 million and 112 million years old.

As reported on the National Geographic website, the dinosaur is still getting paleontologists excited today. The dinosaur is so well preserved that it “might have been walking around a couple of weeks ago,” says paleobiologist Jakob Vinther, who’s studying the ancient beast at Alberta’s Royal Tyrrell Museum.

Because of its preservation, the fossil is providing new insights into the structure of nodosaurs’ armor, letting paleontologists see how sheaths of keratin—material also found in human fingernails—exaggerated the armor’s size and shape.

Robot can grasp complex objects with new hand

Most robotic hands are clumsy and have a hard time picking up odd-shaped objects like shoes or spray bottles. But according to the Science News website, roboticists at UC Berkeley have created a robot that can pick up and move awkward objects with a success rate of 99 percent.

The robot, DexNet 2.0, uses a process called deep learning to handle objects. The roboticists created a database of three-dimensional shapes using 6.7 million data points. A neural network learned ways to grasp, lift, and move irregularly shaped objects, and then was hooked up to a robotic arm with a 3D sensor. DexNet 2.0 studies an object placed in front of it and then chooses the right grasp to pick it up and move it.

DexNet 2.0’s success rate could be applied to industry, possibly revolutionizing manufacturing and supply chains.

**The scientist does not study nature because it is useful to do so.
He studies it because he takes pleasure in it, and he takes pleasure
in it because it is beautiful.**

—Henri Poincaré

What to eat? The choices can be confusing

Americans trying to eat healthy have lots of choices, but all those options can be confusing. The CNN website reports that 78 percent of respondents to a survey by the International Food Information Council Foundation said they're not sure what foods they should eat and which they should avoid.

The survey of slightly more than 1,000 American adults found that almost 60 percent named food that's "high in healthy components or nutrients" as one of their top three factors for choosing a "healthy" food, followed by food that's free from artificial ingredients, preservatives or additives (just more than 50 percent). Choices that are "part of an important food group that I need to build a healthy eating style" rounded out the list of foods health-conscious folks are looking for (nearly 50 percent).

The U.S. Food and Drug Administration considers food that can be marketed as "healthy" as having low levels of total and saturated fat, sodium, and cholesterol, and at least 10 percent of the daily requirements for vitamins, fiber, and other nutrients.

Millennial women take less vacation than men

Americans workers have a reputation for not taking all the vacation they have coming. Among them, millennial women seem to take the least: Only 44 percent used all their vacation time in 2016, according to a survey reported on the Mic website, compared with 51 percent of their male co-workers.

What's behind the gap? Thirty-seven percent of millennial women said they want to demonstrate full commitment to their jobs, but only 32 percent of men surveyed expressed the same feeling. Moreover, 35 percent of the women said they feel guilty about taking time off, compared with 25 percent of the men.

Overall, 53 percent of the 7,331 millennials surveyed left unused vacation days, with 55 percent of Gen Xers and 52 percent of Baby Boomers forfeiting vacation days.

Teens: Not glued to social media

Most of us imagine that today's teens do nothing but sit around with their smartphones texting each other, checking social media, posting images to Instagram, and the like. That stereotype, like most, isn't true. An Associated Press-NORC Center for Public Affairs Research survey of teens recently found that 58 percent voluntarily take breaks from social media for various reasons:

- Getting in the way of work or school: 8 percent
- Tired of conflict and drama: 24 percent
- Tired of keeping up: 20 percent

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

THOUSANDS manufactured home residents have won over **\$136,000** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). This month's cash winners are:

Mary Cook	\$100	Modern Pest Control, Inc.	Ruth Osborne	\$5	Enos Plumbing & Services, Inc.
