ONLY A GRANDMOTHER WOULD KNOW...

Thanks, Ruth Cote, for sharing this story.

A Cup of Tea made with cold water.

One day my Grandma was out, and my Grandpa was in charge of me. I was maybe 2 1/2 years old. Someone had given me a little 'tea set' as a gift, and it was one of my favorite toys.

Grandpa was in the living room engrossed in the evening news when I brought him a little cup of 'tea', which was just water. After several cups of tea and lots of praise for such yummy tea, my Grandma came home.

My Grandpa made her wait in the living room to watch me bring him a cup of tea, because it was 'just the cutest thing!' Grandma waited, and sure enough, here I came down the hall with a cup of tea for Grandpa, and she watched him drink it up.

Then she said, (as only a grandma would know), "Did it ever occur to you that the only place she can reach to get water is the toilet?"

Sky Diving Experience

by Tom Lenard

"Why would I jump out of a perfectly good airplane"?

It was on Thursday May 28, 2015 that I found myself along with my buddy, Rich Friedrich from Uncasville, Connecticut, climbing to 14,000 feet in a Caravan airplane.

This aircraft is specially designed with a transparent slide up/down door for safe exit and viewing as it ascends to the jump attitude. It was a relatively clear day and I could see Lake Okeechobee in the distance off to the east. Jump site is in Clewiston, FL Located just a few miles west of the lake.

First and before takeoff you sign your life away and acknowledge that you will not sue or hold the sky dive company or aircraft manufacturer, or pilot, or weather, or dive equipment manufacturer or any other possible cause of failure of injury and/or death. About 5 pages of initials and signatures.

Second is to view a 10/15 minute video that explains exactly what to expect from the jump itself. Also, what is expected of you as the jumper before, during, and after the jump. It is made very clear that there is a possibility of injury and/or death. I know I mentioned this in the above paragraph, but they emphasize it before you may change your mind. Next is to suit up in a jump suit and harness.

You enter the plane along with your instructor who sits directly behind you on an elongated bench. It is very easy to slide down as you approach the exit door. Hold on tight because you are ascending at about 40 to 45 degrees. At 8,000 feet the instructor tightens the harness once again and makes sure you have goggles on as tight as possible. The instructor again reviews what is expected of you. At 14,000 feet the plane levels off and the first jumper is gone. As it is your turn, 1-2-3-Jump. A ¼ second later you are in free fall until about 5,500 feet. At 120mph it takes about a minute before you open the chute. You can check your altimeter as often as you like.

The goggles press very tight to you face and you wish you can take them off. Wind blowing across your ears. The harness is cutting off the blood circulation to your thighs but you don't realize it so much because you are looking, up, down and all around. Keep your arms out in a spread eagle position and arch your legs and back between the instructor's legs. Enjoy the view!!!!

At 5,000 feet the instructor will take your right hand and places it on the golf ball type rip-cord handle. Pull out and the chute opens with a healthy jerk. The silent descend begins and it's like looking out of an airplane. The difference is you are not in the airplane, you are outside of the airplane, all else is the same but without a flight attendant to serve you. First is a right turn, then a left turn, then a second right turn and a stall or two in between. A turn puts you in a horizontal position looking straight down. I found this to be "Very Cool". A Stall is like just hanging in mid-air, that's because you are hanging in mid-air. Your body weight is being pulled down by

gravity and the parachute pulling in the opposite direction to keep you from falling too fast. As you go through the maneuvers you can feel the pain around both thighs from the harness. As you straighten up to an upright position and you think the pain will stop, it only gets worse. As you continue the turns you feel that maybe the opposite position will bring relief, but it doesn't. You go back and forward with the same hope of relief but it never comes and my thought was to get me to the ground so the pain will stop. I almost felt like I was going to see my breakfast again when I realized the sickening feeling was really coming from the harness being too tight. As this was a first time tandem jump the instructor lands with his legs extended and I in a semi sitting position. As his legs made contact with the ground I stood up on my legs and my legs buckled because that's when I realized I lost circulation in my thighs from the harness being so tight. I immediately realized this and stood up for a standing-up landing. "Thank God", no more pain in the thighs. Oh Yea, I almost forgot, we just completed jumping out of a perfectly good airplane.

I can say I did it!!! This experience is almost as exciting as beating someone to the closest parking spot at Publix. You want a "Rush"? Try crossing the intersection at Curlew and Alt#19 or going around someone on the right on I-75 because they are too stupid to keep to the right. A roller coaster ride is an excellent alternative to a sky dive. If you would like this experience you can call 1-800-533-6151, don't call me.

Exercise?

If walking is good for your health, the postman would be immortal. A whale swims all day, only eats fish, drinks water, but is still fat. A rabbit runs and hops and only lives 15 years, while A tortoise doesn't run and does mostly nothing, yet it lives for 150 years.

And you tell me to exercise?? I don't think so!

Condolences

It is with great sadness that I have to report of the passing of two of our Honeymoon neighbors. Ray Conley, lot 70, and Dennis Miller, lot 103 passed away in June. Please keep their families in your thoughts and prayers.

NEIGHBORHOOD "WATCH TALK"

The Honeymoon Park Neighborhood Watch Program membership continues to grow.

Residents have offered positive comments regarding the increased Sheriff patrols, educational seminars, notices, and crime awareness bulletins. Residents are encouraged to join the "Watch" by emailing [HYPERLINK "mailto:hmhpwatch@gmail.com"](mailto:hmhpwatch@gmail.com) hmhpwatch@gmail.com with their name and lot number. It's that easy!!!

Today's subject is Scammers posing as Utility employees. This is not new to the USA and Canada. However, Duke Energy has recently reported scamming has doubled in 2015 alone, with customers in five states having been targeted by scam artists claiming to represent Duke Energy.

Scammers are calling residents and impersonating Utility company staff, claiming to be collecting on late bills.

Scammers have falsified their caller ID information to make it appear as though the call is coming from the Utility.

Scammers are telling customers they have the ability to wipe out entire account balances for a cash fee.

Scammers have sent emails, appearing to be Utility Statements, instructing customers to click on a link to pay a bill.

Duke Energy offers the following advice to avoid becoming a scam victim:

- Never share your personal information, including birthday, Social Security number, banking or credit card account information.
- Never wire money to someone you don't know – regardless of the situation. Once you wire money, you cannot get it back.
- Do not accept offers from anyone, including those claiming to be Utility employees, to pay your bill or provide any other service for a fee.
- Don't assume the name and number on your caller ID are legitimate. Caller IDs can be spoofed.
- Do not click links or call numbers that appear in unexpected emails or texts – especially those asking for your account information. If you click on a link, your computer could become infected with malware, including viruses that can steal your information and ruin your computer.

Now that I'm older here's what I've discovered:

1. I started out with nothing, and I still have most of it.
2. My wild oats are mostly enjoyed with prunes and all-bran.
3. I finally got my head together, and now my body is falling apart.
4. Funny, I don't remember being absent-minded.
5. Funny, I don't remember being absent-minded.
6. If all is not lost, then where the heck is it?
7. It was a whole lot easier to get older, than to get wiser.
8. Some days, you're the top dog, some days you're the hydrant; the early bird gets the worm, but the second mouse gets the cheese.
9. I wish the buck really did stop here, I sure could use a few of them.
10. Kids in the back seat cause accidents.
11. Accidents in the back seat cause kids.
12. It's hard to make a comeback when you haven't been anywhere.
13. The world only beats a path to your door when you're in the bathroom.
14. If God wanted me to touch my toes, he'd have put them on my knees.
15. When I'm finally holding all the right cards, everyone wants to play chess.
16. It's not hard to meet expenses.... they're everywhere.
17. The only difference between a rut and a grave is the depth.
18. These days, I spend a lot of time thinking about the hereafter, I go somewhere to get something and then wonder what I'm "here after".
19. Funny, I don't remember being absent-minded.

Memorial Day Picnic

The Memorial Day picnic was held on Monday, May 25. About 54 people enjoyed the food and the company. Cooking at the grill were Richard Cote and Gill Gilliland. According to my sources, it was another great time at Honeymoon!

July Fourth BBQ

It was not just another BBQ at Honeymoon Park. It was 4th of July BBQ at Honeymoon Park 2015!!!!!!

Hot, 92 degrees; a lot of sun, a lot of heat and a lot more humidity!!!!

Everyone involved was arriving at the club house about noon. The inside staff set up chairs, tables and a long line of outstanding and delicious side dishes, desserts and condiments as people arrived. We expected something over 40 attendees. Friends, guests and park residents began to arrive a little before 1:00 P.M.

Pat, her granddaughter Caitlin, Iris and Darlene were the foundation for the inside staff. Several others pitched in as needed.

The head hamburger chef, Harry Lester, along with the head hot dog chef, Tom Lenard, began the grill prep work about noon. The grill cleaned, gas turned on, they were ready to try and figure out how to grill about 60 frozen Bubba burgers and about 3 dozen plus Ball Park hot dogs for the 1:00 start.

Rev. Bob Eggebeen began the event with a reminder and explanation of what the Declaration of Independence still stands for and the hardships that the signers endured afterwards including their death for standing up for their and all other patriots freedom. Next was the Pledge of Alliance followed with a prayer of thanks for food, military and our great country. Special thanks to Rev. Bob for keeping this 4th of July 2015 in perspective: One Nation, UNDER GOD, Indivisible and Liberty for All.

All totaled there were about 70 in attendance. In case you are wondering the burgers and dogs were done on time with a little left over. Plenty of food for all. Eddy headed up the trash patrol. Everyone pitched in for clean-up. A good time was had by all.

Happy 239th birthday USA!
God Bless America!!!

Rich Wants a day off!

So you want the day off. Let's take a look at what you are asking for.....

There are 365 days per year available for work.

There are 52 weeks per year in which you already have 2 days off per week, leaving 261 days available for work.

Since you spend 16 hours each day away from work, you have used up 170 days, leaving only 91 days available.

You spend 30 minutes each day on coffee break. That accounts for 23 days each year, leaving only 68 days available.

With a one hour lunch break each day, you have used up another 46 days. leaving only 22 days available for work.

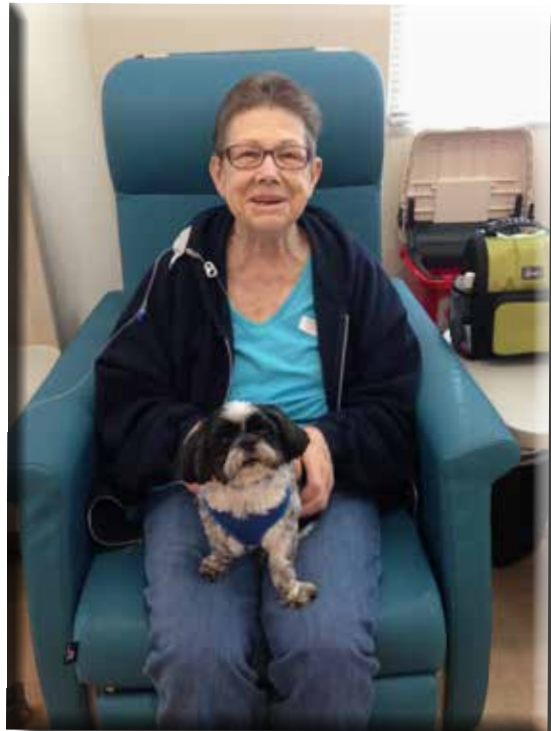

You normally spend 2 days per year on sick leave. This leaves you only 20 days available for work.

We are off for 5 holidays per year, so your available working time is down to 15 days.

We generously give you 14 days vacation per year which leaves only 1 day available for work and I'll be darned if you're going to take that day off!!!!!!

Sorry, Rich! Ruth isn't going to let you have that day off!

I have just learned that today, July 12th, Darlene Baker passed away. Prayers for Darlene's family, who were with her today.

Catholic Shampoo

Two nuns were shopping at a 7-11 store. As they passed by the beer cooler, one nun said to the other, "wouldn't a nice cool beer or two taste wonderful on a hot summer evening?"

The second nun answered, "indeed it would, sister, but i would not feel comfortable buying beer, since i am certain it would cause a scene at the checkout stand."

"I can handle that without a problem" the other nun replied, and she picked up a six-pack and headed for the check-out. The cashier had a surprised look on his face when the two nuns arrived with a six-pack of beer. "We use beer for washing our hair" the nun said, "back at our nunnery, we call it catholic shampoo".

Without blinking an eye, the cashier reached under the counter. Pulled out a package of pretzel sticks, and placed them in the bag with the beer. He then looked the nun straight in the eye, smiled, and said: "the curlers are on the house."

Thanks, Carolyn Carr, for sharing that story.

And now this from Betty Hoffman:

On June 27th Linda Shuttleworth, Sue Shuttleworth, Carol Thompson & I took a trip to Holmes County in Ohio to see the Amish & shop. We did a lot of shopping & sightseeing. We stayed in a very nice cabin for the night. We started shopping again after breakfast, then started back home. We all had a great time & hope to make another trip somewhere next summer.

Hope y'all are having a good summer!

Betty Hoffman

From the Editor's Desk

Susie Buckley

Iwant to thank Ann Scott for putting together this year's park directory. Also would like to thank Pat, Tom, Ruth, Betty and Carolyn for their contributions to the Gazette.

Keep those cards and letters coming! Ruth and Rich Cote, thanks for delivering the directories and newsletters throughout the summer.

Everybody stay safe and healthy! See you in the fall!
