From the IITS Media Editor:

March 16, 2020

Welcome to the March 2020 edition of your ‘Island in the Sun Sentinel’. I would really like to hear ideas of what you as residents would like to have included in the monthly media, or if there are any topics you would like to see on a monthly basis. Participation and submission of articles from you would be welcomed.

Calendar and monthly activities information is provided by the HOA and the activities committee. I will publish data as it is provided to me, but keep in mind that events are subject to change, and I encourage everyone to watch the sign board, sign up for the various FB sites, and the RoboCall phone messaging service.

Please submit articles to: iits.media.magazine@gmail.com or if you prefer to submit via handwritten articles, please place them on top of the chest by the slider door in the carport, or hand to Jim or me personally.

Thank you to those who continue to contribute articles for the monthly media!

March, 2020

Nominations for the next Board of Directors for the Clearwater Island in the Sun HOA Corp are now closed. The number of nominees is just equal to the number of seats open, so there will be no election. Instead, the new Board will be approved by acclamation of the existing Directors, as per the HOA Bylaws. Here are the nominees:

Scott Schewe
Cathy Ralston

Susan Grove
Nancy Erhardt

Tony Williams
Ken Brody

In addition, Bob Disney, the 2-Year Director, now automatically becomes the 1-Year Director.

On March 3, 2020, the current Board will poll the nominees, pass the motion to acclaim the new Board and resign their seats (except Disney). The new Board members shall then meet and choose their officers. They will immediately assume their seats and announce the officers.

In that same meeting, the appropriate new Board or their designated officers will appoint the following committees:

- Activities
- Negotiation
- Bylaws
- Liaison
- FMO

And such others as they may deem.

The Audit Committee, if they are ready, will present their findings.

The Parliamentarian, who is usually Bob Newman, will rule on any bylaws issues.

I have been actively serving this community in various capacities for four years. I will continue, and I’m pleased to serve.

BOCCE BALL – all players welcome

See ‘New Activities’ for more Bocce ball news!
Every Thursday morning at 10:00 IITS residents meet to play Bocce Ball at the court southwest of the clubhouse. All are welcome no matter knowledge level, previous experience or skill. It’s a flexible group of people that meet and January 30 was no exception; 10 people braved the cloudy, breezy 55-degree weather and teams were chosen. Since Dominic Picciotoli came out, traditional Italian rules are being used.

Results of this week’s game are as follows:

First Round:

Shirley Savage and Donna Weston-Stewart
Beat
Laural Ross and Scott Schewe

Bella Lukach and Nancy Bilcheck
Beat
Craig Stewart and Dominic Picciotoli

Second Round

Laural Ross and Scot Schewe
Beat
Craig Stewart and Debra Lindstrand

Note that the Bocce courts are available for play 24/7.

Wuhan Coronavirus and the 55+ population

Submitted by Ken Brody, #84

There is a lot of scary news about the Wuhan coronavirus. However, as usual the scary part is wrong and the real data is lacking. I spent a few days researching on the Web and on Quora with epidemiologists and virologists, looked at the data from the CDC and WHO and ran some numbers. I'll try to cut through the hype and present the facts:

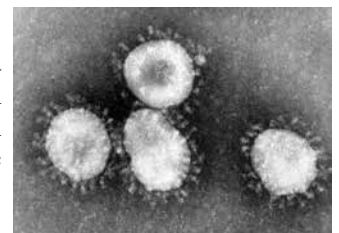

What is coronavirus?

It's the common cold virus, with yet another mutation. SARS and MERS were also coronavirus mutations. The virus looks like a tennis ball studded with darts.

How catchy is it?

Pretty catchy, but nowhere near as virulent as measles or chicken pox. R0, the measure of spread is about 2.4. That means every contagious person is likely to infect 2.4 others.

The average time between exposure and symptoms is 5 days, during which the person may be contagious. There is some disagreement about that. There is no question that a person with symptoms is contagious. The virion does not survive long in the air or on surfaces, but handshakes and airborne particles from coughs and sneezes are the usual means of transmission

continued on page 16

for coronavirus.

How dangerous is it?

In the total population the mortality rate is about 2%. That is 5 times lower than SARS and 10 times lower than MERS. However, it does infect the lungs and makes breathing difficult. It's a nasty cold.

In our 55+ community the rate of mortality is probably double, or 4%. That is based on the difference in 55+ mortality for the flu, for which I can find statistics. There are no official statistics for this yet.

Many more people will need to be put on ventilators. If breathing becomes labored when you have any cold, go to the hospital ASAP.

By far the most of us will not even notice it.

How long does it last?

Usually 5 days after first symptoms for people who have no other health problems. Breathing problems can appear at five days.

Should I wear a mask?

The only mask that works to filter out the tiny particles is one you will not want to wear at all. The usual green, blue or white facial masks have no effect on the particles, they pass right through. They do catch larger particles, like sneezes and coughs from the person who wears them. So, by all means, get some and try to get anyone with symptoms to wear one.

When you remove the mask, use a doggie bag or other intact plastic bag. Don't get the virus on your hands. Throw them away immediately. Don't leave them around.

What else can I do to avoid getting it?

Don't shake hands. Do a finger wave or an elbow tap.

Don't let sick people go to work, don't ride in the same car, don't hang around them more than necessary. If it's your mate, spouse or person you live with, do the best you can and prepare for further measures.

There is no vaccine, and it is not likely a vaccine will be created in time to have much effect on the spread this winter. Maybe by fall there will be a limited supply of a somewhat effective vaccine. The coronavirus mutates so fast that it is difficult to create a vaccine in the usual manner. However, once you recover from a particular strain you will have temporary immunity. You won't get the same strain twice.

What will happen now?

There are three outcomes for this kind of epidemic:

1. Everyone, or nearly everyone, globally, gets the virus and it stops because it runs out of susceptible hosts.
2. A vaccine is created and the spread is stopped before it become a global pandemic.
3. It mutates to milder form. It becomes just another annoying cold virus. This is what cold viri usually do.

The bottom line?

It isn't as important as so many other more dangerous things.

REMEMBRANCE CORNER - March

Dottie Newman Lot #46 724-6283 pcfriar64@yahoo.com or dlnewman823@gmail.com

Tom Rupe, #169, died after being hospitalized for about three weeks with pancreatic cancer. His family said he fought this disease fiercely, but the fight was too much, and he died from a heart attack. Tom was very active in the community, he was part of the media delivery team for several years, and was Rose Leduc's 2nd during the poker games held every week. He was an avid trivia player, and hosted trivia games in the clubhouse for several months.

Jo-Ann Bruce, #209, also passed away from cancer.

Nancy Barnes, #157, had surgery and came through with flying colors. She returned home the next day and is recuperating quite well.

Be safe and stay well!

NOTE: I do not participate on any social media (my choice), so I depend on friends, family and neighbors to alert me to a resident's passing or sickness so that an appropriate card can be sent. Please contact me the old fashioned way by calling me @ 724-6283 or the more up-to-date way of emailing @ pcfriar64@yahoo.com or dlnewman823@gmail.com.

LIP SYNC. Because of its popularity and recent success, many have asked that we have another Lip Synch soon. The Cal-Am entertainment funds are earmarked through April and many of our Canadian friends will be leaving in April/May. We will schedule this event upon their return.

MEMORIAL DAY REMEMBERANCE. It was suggested that the group do a remembrance for all those in the park who have passed away this year on Memorial Day. Details to come.

COMMUNITY INVOLVMENT EVENT

Paint Your Heart Out. Community outreach project, Saturday, March 21, 8:00 am. Paint Your Heart Out, Clearwater was formed 27 years ago and has painted more than 300 homes in Clearwater. The program is a community partnership comprised of the city of Clearwater, local businesses, community groups and concerned citizens. The one-day event helps disadvantaged homeowners and the elderly by having volunteers paint the exteriors of the Clearwater homes that have been selected. This is not an IITS or CalAm event. I am just looking for a 15-person volunteer team for this very worthy project. Picnic in Coachman Park following the completion of painting the houses, including lunch and prizes.

SHUFFLEBOARD – all players welcome

Every Monday and Friday afternoon at 1:00, rain or shine, IITS residents meet to play Shuffleboard at the courts outside the clubhouse. Shuffleboard is a very social activity, and all are welcome no matter knowledge level, previous experience, strength or skill. Teams of two are made up on the spot and, when there is an uneven number of players, a “round robin” format is used so that all attendees play.

On Mondays three games of eight rounds are played.

On Fridays, two games of 10 rounds are played and players are divided into one of two teams (yellow or white) by choosing precolored discs from a hat. Players contributes \$1 and, in true IITS style, the Friday game winners walk away with more money than they came with.

On January 31, Team White won. Teams were as follows:

White

Craig Stewart
Debra Lindstrand
Donna O’Donnell
Donna Weston-Stewart
Elaine Knowlson
Paul Ranck

Yellow

Elaine Ranck
Laural Ross
Marlene Wiles
Murray Ross
Ross Duncan
Scott Schewe

Note that the Shuffleboard courts are available for play 24/7 and are well lit. If you have any questions concerning Shuffleboard, please contact Paul and Elaine Ranck at Lot 134, phone (856) 371-9704 or email elainepaul5@yahoo.com .

Shuffleboard Fun Fact:

Shuffleboard was introduced to the US about 1913 at Daytona Beach, Florida and was so popular that it spread rapidly through the United States, particularly in retirement communities, with each community devising its own rules of play. The modern form of shuffleboard was defined at St. Petersburg, Florida, in 1924.(1) As evidenced by the 15 trophies on display in the clubhouse, in the early 1990’s and 2000’s, IITS Shuffleboarders were very active and competitive outside the park. Trophies on display indicate that there was a “Gulf League” and a “Tri Park League”. Check them out sometime!

PARK TELEPHONE BOOK

Bob and Dottie Newman, #46, 724-6283, pcfriar64@yahoo.com

NOTE: If you submitted your information to me to be listed in the 2020 Park Telephone Book you should receive a copy of the new phone book during the February/March.

Sign up now to participate in our Island in the Sun Telephone Messaging Service!

Messages pertaining to activities or events are now being delivered to your telephone. This service is being provided free to IITS residents by the IITS HOA. Messages are being delivered to telephones throughout the US and Canada, on landlines or cell phones. This service is limited to one telephone number per lot.

For our part time residents, during your time away from IITS, you may forward the messages to another phone or discontinue receiving messages until your return.

Some of the features of the telephone messaging service include:

- US and Canadian numbers
- Special groups (i.e. Chorus, pool noodlers, etc.) can receive messages related to their members
- Polls/Counts

The telephone messaging service is being used to:

- Remind residents of HOA meetings
- Announce/Remind/Poll activities and events
- Communicate information to specific groups (Chorus, Shuffleboard, etc.)
- Announce safety concerns in the community and surrounding area
- Make you aware of the unfortunate loss of one of our neighbors
