Spotlight on Kay and Mike Siudzinski Lot #190

by Pat Henderson Lot #266

Introducing Mike and Kay Siudzinski. Kay now serves on the IITS HOA board as Secretary and is a member of The Welcoming Committee for IITS. Mike has become involved in the Neighbors helping Neighbors program and assists with kitchen duties. When they moved into the community, they jumped right in to participate in activities and to play a part in the team that is in charge of the HOA.

Kay was born in Mt. Gilead Ohio, the 5th of 9! She is the "middle child" of a large Catholic family. Her father accepted a job in Kenton Ohio as a welder at International Car making cabooses, and that is where the family remained. Kay also attended Catholic schools, graduated from Kenton High School and attended Owens Community College in Findlay, Ohio.

Her career is in Human Resources and she is currently employed at WEDU-PBS TV station in Tampa. She has one daughter from a previous marriage.

Thanks to Kay, her employer has donated some nice gifts for our events to be used as door prizes.

Mike was born in Polonia (Little Poland) Buffalo NY, the 2nd of 5 boys. His maternal grandparents emigrated from Poland and his paternal great-grandparents were also Polish immigrants. His first 12 years were spent surrounded by a large loving Polish family. His father was a chief engineer for Iroquois Brewery and was transferred to Findlay, Ohio to take the same position at Old Dutch Beer. Mike attended Catholic schools and graduated from Findlay Ohio high school and he also attended the University of Findlay.

Mike's career was in Human Resources as a Director, retiring at 59. He has two children, Brian and Amanda from a previous marriage.

Mike and Kay met in 2002 at networking events, being in the same career field, and became friends. They did not start dating until 2006 when they were both single. They married September 4, 2009. They now enjoy a "blended" family that actually loves each other and gets along well. All of their children are married and still in Ohio. Together they have 5 grandchildren, including twin granddaughters who will be one year old in June.

The Siudzinskis enjoy traveling and have made several cross country trips on Route 66, making no reservations, just stopping wherever they might be. They made the decision to move to Florida after vacationing here and falling in love with the beaches. The decision was not an easy one, leaving the family in Ohio but they are fortunate to visit often and have had several visitors in the nine months they've lived here.

If you want to meet some folks who love to party and have fun, you need to get acquainted with Kay and Mike. They always seem to be smiling and are so positive and upbeat. It is easy to see why they fell in love. Come to some of our events or HOA meetings and share the fun.

Neighbor Helping Neighbor

submitted by Larry & Kris Taylor, Lot #296, 727-286-7740

The First Saturday of each month at 1PM we will pick up any donations of canned food, boxed food, soaps and paper goods. Just place your donated items by your mailbox in a plastic bag. Monetary contributions accepted also.

Thanks to all who gave last month's supplies and monies, it was greatly appreciated. If you know of someone who could use a little help, please let us know.

Thank You

Mens' Breakfast

Mamas Kitchen in Seminole was the restaurant of choice for May's gathering of the gentlemen of IITS. You may notice there is no apostrophe in Mamas. You did notice, didn't you??

When I first heard of Mamas Kitchen, being from the South, I envisioned good old down home country cooking. I could just see Mama in the back baking those biscuits and frying up the sausage. Not exactly. This is the story as printed on the front of the menu...Saint Mamas of Caesarea was a Christian martyr who died at age 15 up until that time preaching the Gospel. It does not indicate how he was martyred but Eastern tradition says he was stoned (Google search). Very interesting and proves you cannot assume everything.

The dining experience was pleasant-great service and well prepared food that would have made my Southern Mama proud! We had to drive a few additional minutes to enjoy our outing but since we carpool it was of no effect.

July's breakfast will be at Bob Evan's in Clearwater. Details will be at the Clubhouse or call Jerald at 256-490-8587

Wanted: Used Shoes and Clothing for Men and Women

Gerry Fisk collects clothing for Safe Haven which is located on 49th St. at the Warren County Jail. This is a homeless shelter where several hundred men and women reside and they are in need of any kind of clothing. Gerry will pick it up at your house or you can bring it to his house and leave

bags or boxed clothing in his carport. The shelter sorts clothing and distributes to those in need.

Ladies' Lincheon IITS Ladies Luncheon

By Sudie Borders

As the days get longer and hotter here at IITS who wants to cook?? Not the Island Belles! We gathered on Thursday May 18th to share a meal at "Our Place" on Main Street in Dunedin. 12 attended and we greatly missed those not able to be there.

The restaurant is of the "diner" variety with all the pluses of a homestyle atmosphere and none of the greasy spoon downside.

Upon arrival we were warmly greeted by the owner but quickly discovered they had not recorded our reservation. Staff quickly assembled our seating area so there was not much of a delay. Our waitresses took our drink orders and gave us ample time to choose our items from the generous selections on the menu. Wait time was reasonable and portions were ample as evidenced by the number of carryout containers requested.

The restaurant owner provided us with 2 meal certificates of \$10 each-what a blessing! So we had 3 drawings for door prizes. The gift certificates were won by Vicki Kizska and Helen Dennison. A beautiful set of herb planter markers, blue and in the shape of dolphins was won by Sharon Horr. These were donated by Jaci Salisbury. Now this is the 2nd month in a row Sharon has won so she has been banned from all future events. ..just kidding Sharon.

Great food, great fellowship and an establishment that appreciated our business-this is "Our Place"!! It is on my forever list of favorite places to eat and I will highly recommend it to family and friends.

In July the ladies will gather at "Chopsticks" in Countryside. It has a wonderful Oriental buffet with American choices as well...and best of all... sushi!!! The sign up sheet along with menus and directions are at the Clubhouse.

– usually the 3rd Tuesday at 7 pm. Please consider attending to see what we have planned for the residents of our community.

The activities committee recommended, and the HOA Board approved, setting aside the HOA portion of the 50/50 raffles to help defray the costs of future parties and special events. Use of these funds will be determined by the HOA and the Activities Director, with input from the Activities Committee

We need people to call bingo, and also take the money at the beginning of the game. The people who normally run the money portion and the game are not always able to do it every week, so we must have backups in place, especially in case of emergency. I encourage anyone who is willing to help to contact Ned Grove at Lot 77 and he will get you set up with the needed training.

We need volunteers to chair/assist with special events. There are no scheduled events for September, and nothing for Thanksgiving or Christmas Day. We have a tentative party for November, but that is all. When we don't have the parties, we lose the money that Cal Am sets aside for us for entertainment. We really need the help of our residents to help us come up with ideas for things you would like to see in the community, and help us bring those events to you.

We also send e-mails regarding activities meeting recaps, HOA business, etc. If you are not currently on our e-mail list, I encourage you to provide your e-mail information to Don Salisbury or anyone else on the board so you can be apprised of happenings within the community.

Health Concerns - Humor

After the examination, the doctor then said to the elderly man, “You appear to be in good health, do you have any medical concerns that you would like to discuss with me?”

“In fact I do,” said the man, “After I have sex with my wife for the first time, I am usually hot and sweaty. And then, after I have sex with my wife the second time, I am usually cold and chilly.”

“This is very interesting,” replied the doctor, “Let me do some research and get back to you.”

After examining the elderly lady, the doctor said, “Everything appears to be fine. Do you have any medical concerns that you would like to discuss with me?”

The lady replied that she had no questions or concerns.

The doctor then asked, “Your husband had an unusual concern. He claims that he is usually hot and sweaty after having sex with you, and then cold and chilly after the second time. Do you know why?”

“Oh, that old buzzard,” she replied, “That’s because the first time is usually in July and the second time in December.”

Kay Robinson, #204, died on 5/19. Kay came into the clubhouse to say goodbye to our Mah Jongg group on 3/28. She left for home (Canada) the next day. A few weeks later she was gone. The doctor said Kay had cancer everywhere and no hope for more than three weeks to live. For those of you who didn’t know her, she was a classy lady. She volunteered to help when asked and helped even when she wasn’t asked. She sang in our chorus and, at one time, directed them. She will be missed.

Wayne Cleveland, #183, had a hip replacement and is doing well enough to drive already and has completed his rehab. Good going Wayne.

Jean MacDonald, #304, had surgery for a double hernia. This was caused from a previous surgery. She expected to be released on June 7th after spending two weeks in the hospital.

Bob Meeker, #40, had fallen at home and broken his hip. After he completed his rehab, his daughter took him home to live with her. He had been a resident here for thirty years.

Rick Kiszka, #220, had surgery for a neck problem. He is back at home recuperating.

Josephine Story, #164, has passed away. She lived alone. Condolences were sent to her family.

MHP Rules – A Two Edged Sword

In Florida and elsewhere, property prices have risen to such a point that living in a mobile home park (MHP) is frequently a last and best option, especially for retirees. However, the arrangement, where the resident buys a house but depends on monthly lot rentals from the MHP operator, is a marriage of unequals. In any dispute, the resident is ill equipped to fight an

opponent with more experience and better access to legal defense.

Most states have laws to regulate MHP's. In Florida, State Law 723 partially mitigates this disparity, but it still exists.

When you sign a rental contract for a lot, you must be given both a copy of the rules and a prospectus for the unit you are purchasing. The prospectus is not a marketing document, it's required by law. The legally binding prospectus is the one in force when the house was first placed in the MHP. That document sets the boundaries of your lot, designates the overall layout of the park with common areas and access roads. It may specify fences, carports and other requirement that each house must meet. Those additions are "grandfathered in". The MHP operator is required to provide this prospectus, and if they do not, they must refund your payments and the purchase price of the house upon application by the new owner with 15 days of the purchase.

Along with the rental agreement is a set of rules. These rules bind the resident to certain behaviors and bind the MHP to certain provisions. The MHP cannot make up new rules, change the rules, and cannot enforce anything that is not set out either in the rules or in FS723. The MHP cannot threaten or evict you for failure to observe rules that are not in the set of rules you were given when you signed the rental agreement. The rules are a two-edged sword.

Protection under these rules requires the resident homeowner to take action. There is no automatic protection against an arbitrary or capricious MHP. That is the problem. Action always requires access to a hearing, a mediation, an arbitration or a court of law.

The Federation of Manufactured Home Owners of Florida, Inc. (FMO) was created to help residents who may have an actionable issue against their MHP, or who are facing unjust eviction. They can recommend qualified attorneys, give advice on how to proceed and represent common issues before the Florida legislature. They offer a range of articles and brochures on everything from proper tiedowns to training the officers of an HOA. No MHP resident can afford not to join the FMO for their modest fee of \$25 per year.

Larry North, FMO President and John Hisiro, District 2 (Pinellas) President are knowledgeable and helpful.

Pond Notes

Frogs in the Rain

The Florida monsoon season is here and the frogs are bellowing their nightly chorus at the south end of our pond. Frogs are underfoot, under the wheels of our cars, everywhere. How did they all arrive in only a few days? The answer is estivation.

Estivation, also spelled aestivation, is similar to hibernation. When a frog estivates, his heart rate and digestive system slow dramatically, allowing him to spend several months, and in some cases more than a year, without eating or moving. His fat stores provide energy. Unlike a human, the frog does not lose muscle tone or flexibility as a result of prolonged immobility. Frogs estivate to survive hot summer temperatures or periods of drought. Hibernation, on the

...continued on page 18

other hand, is a frog's means of surviving freezing winter temperatures.

Unlike hibernation, which is triggered by the season or number of daylight hours, estivation is triggered by the amount of available moisture, regardless of the time of year. When there isn't enough moisture for a frog to survive, the frog buries himself in the mud, sand or other shelter where his bodily functions slow down enough that he can survive until the next rain. As soon as moisture arrives, the frog emerges and his heart rate, breathing and digestion return to normal. He will return to estivation if conditions become too dry again.

So those frogs have been with us all winter, through that long dry spell, buried in the mud and sand of the pond. Now they have enough water to mate, lay eggs and in a few weeks tadpoles will swim in numbers large enough to attract wading birds. Four months later, there is new generation of frogs, hopping around and looking for mates.

The bufo, or cane toad, is an invasive species that is poisonous to dogs. If in doubt, catch one, freeze it and go to this site:

Island in the Sun Senior Prom

Submitted by Karen Custy #229

On Saturday, May 20th, we held our first ever Senior Prom. We had a great attendance of over 80 residents and friends who happily came out to see what a Senior Prom was all about.

We feasted on assorted sandwiches, sweets and cake and drank punch, soft drinks and other BYOB assorted drinks. We danced to the delightful music of Magic Mike Velez who was an amazing DJ, singer and participant in some of our line dances. Mike was a super sport about helping out with the crowning of the King and Queen of the Prom. Jamie Brogley was crowned the Queen of the Prom with Mark Ayres crowned the King. We had door prizes and 50/50 draws. A photo booth opportunity was set up in the back corner while guests had their pictures taken throughout the night. Although it was a first time event, everything went smoothly thanks to all the wonderful residents who stepped up to help and pitch in wherever needed. I just want to say to anyone who is thinking about chairing an event, you will never experience anything like it until you reap the rewards of seeing the fun we all have in our community when we give our support.

Solar Eclipse of 2017

Kenn Brody, lot 64

Like 2 million others, we'll be going to see the total eclipse of the Sun on August 21. In the South Carolina campground we had reserved since March, the total eclipse will start in mid afternoon and last about 2 minutes 30 seconds. Don't bother to make camping reservations, there are no more openings in the path of totality. There will not be another one in the US in our lifetimes.

There is something very special going on here. The Moon and Earth all orbit in the plane of the ecliptic, with the Sun at its center. The moon is 238,900 miles away and 2159 miles in diameter. The sun is 93,000,000 miles away and 864,576 miles in diameter. The remarkable thing is that with those exact distances and diameters the Moon exactly fits in the image of the Sun. During a total eclipse, and only in a total eclipse, you can see the atmosphere of the sun, the Corona, roiling out from the Sun in a pearly phosphorescence. No photograph does it justice.

The experience stirs something fundamental in people. First, the day darkens gradually as the Moon's penumbra washes over the landscape. From a high point of vantage you can see the shadow of totality approaching at 1000 miles per hour. Birds go to nest and the world becomes eerily still. Then the disk of the Sun disappears and the glowing strands of the corona, fed by thermonuclear fires at 10,000 degrees Celsius, writhe around the dark disk. You may see a solar prominence or a flare lance out like a Star Wars weapon. The temperature drops. Ever so slowly the sunlight leaks through crater rims on the Moon and shows us the famous "diamond ring" effect. Then the day begins after the short night and the startled birds take flight again.

The eclipse of 1917 was used to prove one prediction of Einstein's General Relativity. The gravitational field of the sun was seen to displace the apparent position of nearby stars exactly as predicted. The effect is known as gravitational lensing, and it is observed in every eclipse.

The penumbra is wide enough so you will see that much even in Florida (see the diagram).

Pray for clear weather!

Solar Eclipse Diagram

Just Look Up!

The Buzzard

If you put a buzzard in a pen that is 6 feet by 8 feet and is entirely open at the top, the bird, in spite of its ability to fly, will be an absolute prisoner.

The reason is that a buzzard always begins a flight from the ground with a run of 10 to 12 feet. Without space to run, as is its habit, it will not even attempt to fly, but will remain a prisoner for life in a small jail with no top.

The Bat

The ordinary bat that flies around at night, a remarkable nimble creature in the air, cannot take off from a level place.

If it is placed on the floor or flat ground, all it can do is shuffle about helplessly and, no doubt, painfully, until it reaches some slight elevation from which it can throw itself into the air. Then, at once, it takes off like a flash.

The Bumblebee

A bumblebee, if dropped into an open tumbler, will be there until it dies, unless it is taken out. It never sees the means of escape at the top, but persists in trying to find some way out through the sides near the bottom. It will seek a way where none exists, until it completely destroys itself.

People

In many ways, we are like the buzzard, the bat, and the bumblebee. We struggle about with all our problems and frustrations, never realizing that all we have to do is look up!

That's the answer, the escape route and the solution to any problem....

Just look up!

Sorrow looks back,

Worry looks around,

But faith looks up!

Live simply, love generously, care deeply, speak kindly,

And trust in our God, who loves us.

Sign up now to participate in our Island in the Sun Telephone Messaging Service!

Messages pertaining to activities or events are now being delivered to your telephone. This service is being provided free to IITS residents by the IITS HOA. Messages are being delivered to telephones throughout the US and Canada, on land lines or cell phones. This service is limited to one telephone number per lot.

For our part time residents, during your time away from IITS, you may forward the messages to another phone or discontinue receiving messages until your return.

Some of the features of the telephone messaging service include:

- US and Canadian numbers
- Special groups (i.e. Chorus, pool noodlers, etc.) can receive messages related to their members
- Polls/Counts

The telephone messaging service is being used to:

- Remind residents of HOA meetings
- Announce/Remind/Poll activities and events
- Communicate information to specific groups (Chorus, Shuffleboard, etc.)
- Announce safety concerns in the community and surrounding area
- Make you aware of the unfortunate loss of one of our neighbors
- Other uses as recommended and approved by the IITS HOA Board of Directors.

Please return this form to the box located in the Club house. If you are unable to return this form to the Mailbox, please call Denny Blank at 434-989-2280. The information requested below will be used strictly for the telephone messaging service and will not be shared with anyone else.
