The President's Memos

From the HOA Presidents Desk

A Short History of Labor Day

Always the first Monday in September, Labor Day was the idea of Peter J. Maguire (although recent research has shown that it might have been his brother Matthew's idea), a labor union leader who in 1882 proposed a celebration honoring the American worker.

The date chosen was simply "convenient," according to Maguire, because it was midway between the Fourth of July and Thanksgiving.

Although the day's focus on organized labor has diminished over the years, the holiday has become a way to mark the end of the summer season—and the start of the school year.

Labor Day Dates: When Is Labor Day?

<u>Year</u>	<u>Labor Day</u>
2017	Monday, September 4
2018	Monday, September 3
2019	Monday, September 2

Thomas E. Watson

Editorial

Controversy is good for publications and Monthly Media is no exception. Therefore, we will be printing (edited!) submissions from both sides in the controversy over what we publish and how it is edited. I've invited one or two people on each side to contribute for the October issue.

Again, the discussion subject is:

1. What should we publish?
2. What editing is appropriate?

A discussion is not the same as a poll or a popularity contest. Please base your discussion on reasoned positions that are designed to sway people, pro or con.

I was approached to take the position of editor after some of the more experienced residents refused the job. At the time, I promised to improve the content and reduce the boring articles within the 5300-word limit imposed by the printer. Monthly media was a freebie that sat on people's tables until they accumulated, unread, and they were tossed out.

My goal is to turn this publication from a beer coaster into something you want to read.

Your turn!

Ken Brody, Editor

Spotlight On Kalen and Kari Hammann, Lot #53

I'm delighted to introduce you to two of our most interesting and unusual residents, the Hammanns.

Kari is a slender, elfin woman with a cloud of reddish auburn hair. Kalen (sounds like Colin) is the Elf Prince, a tall, slender figure with a pure white beard, lively eyes and a stately mein. This elven family has children, Lyrica in San Francisco and Shira in Chicago. Lyrica has 2 children and works for Facebook. Shira is expecting her first baby and

works as computer programmer.

Despite the customary trappings of IITS residents, the Hammanns share histories and predilections one might associate with a kinder, gentler elven culture. They met as students in Oberlin College, Ohio. Kari majored in music; Kalen, in political science. Kari played classical piano and Kalen plays “schmaltzy cocktail piano.” Kari taught in public schools and worked also as a technical editor and writer until the time she took on the role of motherhood. A dedicated mom, she wondered what kind of education was best for her young daughter. Her research brought her to the writings of Rudolf Steiner, an Austrian philosopher, social reformer, teacher, and founder of the Waldorf Education movement. The whole child (head, heart, and hands) is educated “toward freedom.” Lessons integrate intellect with creativity. Kari and Kalen are exemplars. https://en.wikipedia.org/wiki/Waldorf_education

At the time, the Hammanns lived in Gloucester, Massachusetts, where no Waldorf school existed. No problem. Kari was inspired, and founded and developed a new Waldorf school, The Cape Ann Waldorf School. It’s still going strong (and has changed its name to Moraine Farms Waldorf School).

Kari is now a practitioner of Functional Diagnostic Nutrition. She helps her clients learn and implement powerful self-care habits so they recover their innate health and vitality.

Kalen consulted worldwide for corporations and governments on another esoteric subject, cross-cultural team building. He was inspired by the work of Robert Fritz, “structural dynamics” (https://en.wikipedia.org/wiki/Robert_Fritz) and Peter Senge, “The Fifth Discipline” (https://en.wikipedia.org/wiki/Peter_Senge). His work involved both internet contact and much international travel. His seminars emphasized the creative process, fitting well with his and Kari’s personal philosophies. However, world events made travel less desirable in 2011 and consulting seminars dried up. He then began a small business coaching couples.

In between their various careers they also began a real estate business, buying and renovating over 40 old New England houses in mid-coast Maine.

Kari and Kalen came to Florida almost 7 years ago so that Kari could get assistance from the St. John – Clark clinic in reversing her long-standing scoliosis through natural, non-invasive therapies.

Just recently, Kalen, advised by Shira, his programmer daughter, began the process of educating himself as a web developer, taking courses in Javascript, Ruby on Rails, and PHP. It’s been eight months. Kalen is, in my opinion, an unusually quick study to have reached employable level in this brief time, but he is ready to work.

Kari and Kalen have had little time between pursuits for recreation, except for long walks and short jaunts to Safety Harbor, but they enjoy movies, nature, reading science fiction. (N.B. they were reading one of my novels, that’s how we met) and Ultimate Frisbee. Lyrica is a world class player in Ultimate Frisbee and hopes it will soon become an Olympic sport. Look it up!

Security Starts at Home

by Kenn Brody

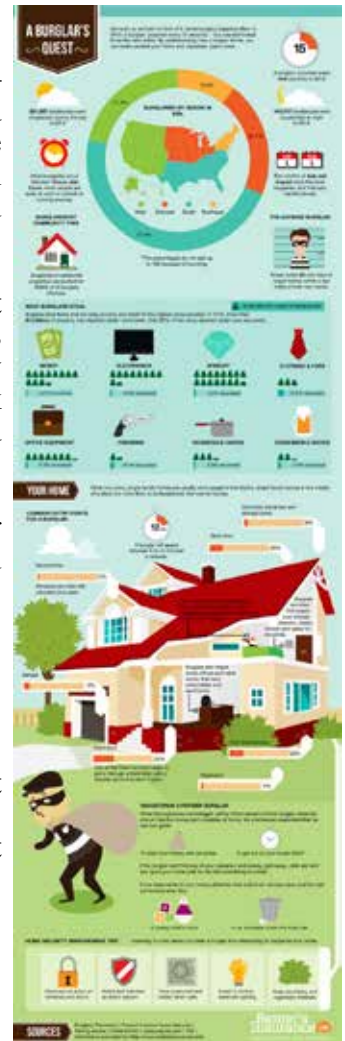

Given the burglary and thefts at IITS, we are all concerned about keeping our homes secure. Burglars and thieves are opportunists, not warriors. They take what looks easy. When a community looks like sparse pickings, they go elsewhere. Word gets around.

Security is primarily YOUR responsibility. The police will act to arrest criminals after the fact. No security gate will keep crooks from going over the fence in the dark behind your house where they cannot be seen from the street. No security patrol is going to check your back yard. The MHP isn't about to install razor wire around IITS either. This is our home, not a jailhouse.

IITS is private property. Pinellas police are not assigned regular patrols on private property. They will, however, respond to reported incidents.

Here's what YOU can do:

- a. LOCK YOUR CAR.
- b. MARK YOUR VALUABLES and take pictures of them for identification, especially serial numbers
- c. LOCK UP YOUR BIKES!
- d. Lock your doors at night, and make sure they are secure. Put a wooden pole in your sliding doors if they don't lock.
- e. Don't advertise valuables by leaving them in your car, carport or in an unsecured lanai.
- f. When you travel, make sure your friendly neighbor knows how to reach you and knows your house is empty.
- g. Ask the Post Office to hold or forward your mail when you are traveling.
- h. Put at least one light on a timer, so watchers will think someone is home.
- i. Pay attention when your dog barks. Learn what kind of a bark means "stranger".
- j. File a police report for every crime and make sure the police can identify the stolen items.
- k. Get personal property insurance with your house insurance policy. It's cheap!

Community Watch

Our Community Watch is Stan Baldwin.

Stan and his wife, Bonnie, live at Lot 256. He's a retired Army and Vietnam veteran. He patrols IITS in his silver truck, monitoring incidents and lending a helping hand when he can. He's a friendly guy and well known in the community.

Thanks, Stan, for helping keep our park safe.

Give him a wave as he drives by!

Neighbor Helping Neighbor

by Larry & Kris Taylor, Lot #296, 727-286-7740

The First Saturday of each month at 1PM we will pick up any donations of canned food, boxed food, soaps and paper goods.

Just place your donated items by your mailbox in a plastic bag.

Monetary contributions accepted also.

Thanks to all who gave last month's supplies and monies, it was greatly appreciated. If you know of someone who could use a little help, please let us know.

Thank You!

Men's Breakfast

by Jerald Cardin #145

What a great turnout for our breakfast July 20th at Flapjacks in Safety Harbor at the intersection of McMullen/Booth and S.R. 580. Nineteen hungry guys descended on this little gem of a restaurant and it will never be the same! All our men seemed to enjoy their selections-no negative comments noted. The service was good and I

(Jerald) made a new friend. As you may know I'm normally decked out in my team shirt - Auburn University. One of our servers was a Clemson gal...no 911 call was made. We all left fat, happy and full. Add this place on your list of "must try" !! Thanks to all new residents who joined in...make it a habit every 3d Thursday of the month!!

September's restaurant TBA. Look for the sign-up sheet with directions

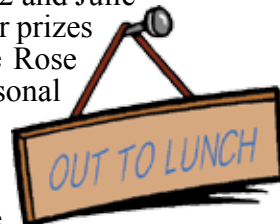

at the Clubhouse.

Ladies Luncheon

by Sudie Borders #145

The Island Belles Met July 20th at Chopsticks in Countryside-one of our favorites. What a great buffet of Asian and American Cuisine! Our number was small-10 in all but great in spirit. We welcomed two new gals to the fold-Ciel Gordon #182 and Julie

Bearce #134. Thanks ladies for being a part of our monthly event! Door prizes were donated this month by Vicki Kiszka and me. The winners were Rose Leduc and Linda Opaczewski. Winner Rose went home with a personal sized teapot complete with a box of tea. Lucky Linda won a year's supply of chopsticks(!) along with a bowl of ramen noodles. We expect lessons soon Linda. September's restaurant TBA- Look for the sign up sheet, directions and menu at the Clubhouse. And ladies.... lets beat the pants off the men! Did you see their numbers for July?

Pond Notes

Florida's Most Dangerous Creature by Kenn Brody, Lot 84

Sharks? Alligators? Coral snakes? Spiders? Are these the critters that worry you? Then ease your mind. All of them together don't account for more than a few dozen attacks a year in Florida and less than ten fatalities.

Mosquitoes kill about 150 people (145 in 2016) in Florida every year, and ten times more become seriously ill. Worldwide, no critter comes close to the mosquito for human carnage. Malaria alone kills over a million people a year. Not even war has that beat.

Of the 240 species of mosquito, the five listed here are the most common and dangerous in our locality:

- *Aedes Aegypti* – breeds in containers, carries dengue and chikungunya fever
- *Aedes Albopictus* – ditto
- Asian Tiger – ditto
- *Culex Nigripalpus* – breeds in ditches, pools, carries canine heartworm and West Nile encephalitis
- *Aedes Taeniorhynchus* – breeds in salt marshes, carries canine heartworm

Although dengue (old name: breakbone fever) and chik are the most common diseases, they also carry:

- Malaria, mostly in southern Florida
- Rift Valley Fever
- Yellow Fever
- Zika is common, but rarely fatal, except for microcephalus in human infants

These diseases infect the salivary glands of certain mosquitoes. The mosquitoes are involuntary carriers. The real villains are the viruses and parasites.

Only the female mosquito bites. She needs the proteins to make her eggs. Since mosquitoes only live a few months and biting tends to get her swatted, she may only get a blood meal once in her lifetime. The rest of their lives mosquitoes suck sugary plant juices. They have separate stomachs for blood and sugar. Each species is quite fussy about their prey, but except for armored turtles and alligators, nothing with blood, even caterpillars, is immune.

Mosquitoes fly around randomly until they sense exhaled carbon dioxide. Then they home in on heat and octenol. There are a few chemicals in sweat they can detect, and they seem to prefer people with type O blood, pregnant women, and hot, sweaty subjects. Once they find a suitable subject they poke around looking for a capillary or accessible blood supply. It may take a second or so. They don't dig in until they are ready.

The proboscis of the female mosquito is complicated. The outer sheath contains two tubes, one for injecting saliva, which has an anesthetic and a chemical that keeps blood from clotting, and the other tube for sucking blood. The tip of the sheath has chemical detectors and a pair of sharp digging tools. Once inserted, the sucking tube will wriggle around until it finds a blood supply. One good victim will fill the blood stomach, about 5 microliters. The female takes a few days to digest it and get ready to lay eggs.

Here is the big weakness of all mosquitoes: eggs hatch into larva and then pupa stages, and both of these are aquatic. Without water, there are no adults. Larva and pupa breathe through snorkels with their bodies underwater. Adults, strangely, cannot swim, they drown. Their aquatic stage lasts a few months and they are fish food during that time.

Genetically engineered mosquitoes are the single most effective way to control populations. Bug zappers and citronella candles do not work. Permethrin sprays on bushes where adults rest in the daytime are somewhat effective, but short-lasting.

DEET remains the best repellent, with picardin, oil of lemon eucalyptus (PMD), and IR3535 effective in concentration higher than 20% but they do not last long. Permethrin sprayed on clothing will kill the bugs, but the clothing alone is a pretty good protective. Bracelets do not work.

Eliminating standing water in containers is good advice, but many bromeliad plants hold water as well. Mosquito traps work, but only trap a small portion of the bugs. Remember, the bug that bit you has an ancestor that bit a dinosaur 200 million years ago. It has all that evolution to get very good at what it does.

Mosquitoes are exogenous parasites, intimately linked to human evolution. Our DNA has the remnants of the reverse transcription viruses they carry. That junk DNA makes us somewhat immune to random single site errors that might otherwise be fatal. Some of it can also be activated by an occasional mutation. The saliva of the mosquito has some strange effects on the immune system lasting for weeks that makes this reverse transcription easier.

GETTING PHYSICAL

by Chandra Wood

As an older adult, regular physical activity is one of the most important things you can do for your health. It can help prevent many of the health problems that seem to come with age. It also helps your muscles grow stronger so you can keep doing your day-to-day activities *without* becoming dependent on others.

Not doing any physical activity can be bad for you, no matter what your age or health condition. Keep in mind, some physical activity is better than none at all. Your health

...continued on page 18

benefits will also increase with the more physical activity that you do.

A study of frail, wheelchair-bound nursing home residents in their 80s and 90s who participated in a weight lifting program showed marked improvement in their strength and overall functional ability. Staying active also lowers your risk of heart disease or heart attack, lowers blood pressure, controls diabetes and helps you maintain a healthy weight level. Take advantage of the exercise machines we have in the clubhouse, enjoy pool noodle aerobics (Tues at 10am), participate in a game of pickle ball, or even just take a brisk walk around the community on regular basis. There are several community centers nearby – and those of an age to qualify for Silver Sneakers Program are able to enjoy fitness & exercise classes for free. Some of our residents drive the short distance to the turn around spot at the pedestrian walkway bridge along the Courtney Campbell Causeway. Time your walk either before the heat of the day or in the evening before sunset when things are starting to cool down. What's nice about this location is you can pause your walk and catch a glimpse of the dolphins, fish, and other marine animals that are quite often present.

What about those with a chronic medical condition? Won't physical activity make it worse?

Just the opposite... If you have a chronic condition affecting your muscles, joints, or bones, a lack of physical activity can make the condition worse, or at least make it more difficult to live with. Medical research shows that physical activity is both safe and beneficial for people with arthritis, osteoporosis, and other chronic conditions of bones and joints. Look for activities that are having low or zero impact (like restorative yoga, Pilates or barre fitness). It is wise to consult your doctor or physician prior to beginning any exercise regime

Physical activity can help us live independently for as long as possible. It's never too late to start.

Activities Report

Hello from Linda Walker and the IITS Activities Committee

Meeting Notes: Regularly scheduled meetings are held on the 1st Saturday of each month at 10 AM. Please consider attending to see what we have planned for the residents of our community. This month's meeting will be on **September 9th at 10 AM**, due to the Labor Day party on Saturday the 2nd.

As I look back, I realize that I have been Activities Director (AD) at IITS for just about a year. You may or may not remember Stann, who was the previous AD. I had volunteered as his co-chair, not realizing that he would resign abruptly (health and other issues), and leave me to find my way, since I became AD by default. Thanks to many people at IITS with more experience than I had (boy, was I naïve), I was able to find my way, and believe I have been at least partially successful in my new role! Balancing a full time career and an (almost) full time volunteer position has been difficult but fulfilling. When I say me, I actually mean both Jim and I, who has supported me totally in both my career and volunteer endeavors. “Linda - Jim,

can you build a photo booth for parties? – Jim - Sure”. I have had people say to me, ‘you are doing a great job, or at a specific event, thanking me for putting an event together. LET ME BE CLEAR: I am not the one responsible – it is all the volunteers who step up to chair and help with activities/events – kitchen committee, chair persons, set up/clean up, servers, ticket sellers and anyone else who volunteers for an event. It takes all of us to make this work! My role is to help where needed, by chairing events that do not have a sponsor, helping manage the calendar for the recurring and special events that happen each month, organizing meetings to plan future activities, and to document (with the help of others) the minutes of the activities meetings and distribute those minutes to the IITS population through e-mail.

The past 12 - 16 months have taught me A LOT about living in a 55+ community such as ours, the close proximity of neighbors and everything that entails. Jim and I love living here, it is the best move we have ever made, and we are happy to call IITS our home.

Tickets for events are available at the following houses: Bob Newman, Lot 46; Tom Watson, Lot 68; Ned Grove, Lot 77; and Bill Shiels. Lot 133. Tickets will also be available at other events, such as bingo, etc.

As a general rule, the cutoff date for tickets is two days before the event. For our Saturday events, which are the most common, the cutoff is at bingo on the Thursday before the event. Note that tickets are usually only required for paid events, and are necessary so the chair persons can determine how much to buy if it is a dinner or other food related event. Ticket sales are also used to determine whether an event is making money for the HOA, and whether the event is within the budget that was set when the event was being planned.

Monthly/Special Events at Island in the Sun: September - October 2017

(This listing does not include all recurring weekly/monthly events – the intent is to showcase those events that do not happen every month, or are ‘special’ events). For recurring events/activities, refer to the calendar in the centerfold of the media magazine.

September 2 – Labor Day party

5:30-7 PM – Dinner – ¼ rotisserie chicken, potatoes, Caesar salad, vegetable medley. Cake will be provided, but residents are welcome to bring additional desserts. In addition to great food, we will have a great band – Slick Side Band – this is a trio who plays music from all decades, and also takes requests. I have been assured they will keep everyone on their dancing throughout the evening.

October 27 – Golf Cart Parade 7 PM – More details to follow

October 28 – Halloween Party 7 PM, bring your own snacks, dessert will be provided.

Fall Events in our area

GeckoFest

Saturday, September 2, 2017

Explore the quiriness of Gulfport at the annual Geckofest over Labor Day Weekend. Browse great art, listen to live music and check out some street performers along Beach Blvd.

Clearwater Super Boat Races

Friday, September 29 - Sunday, Oct. 1, 2017

Get ready for 180 mph of fun! Head down to Clearwater Beach for a speed-tastic view of this year's Clearwater Super Boat National Championship & Festival!

Clearwater Jazz Holiday

Thursday, October 19 - Sunday, October 22, 2017

Bring your chairs and blankets and relax to the soothing sounds of jazz from world-class musicians complimented by beautiful waterfront settings. Stay tuned for this year's line up! Past performers have included blues legend Buddy Guy, Americana favorites like Sheryl Crow and The Avett Brothers, classic soul performer Gladys Knight and more!

Oldsmar Oktoberfest 2016

Friday, October 20, 2017 – Sunday, October 22, 2017

Walk through the doors of the Oktoberfest Village and be transported to a world of family fun, good times and good cheer! Authentic German food and beer will be served by friendly staff wearing traditional German attire!

Clearwater Chalk Festival

Friday, October 21, 2016 – Sunday, October 23, 2016

Watch beautiful art come to life at the Clearwater Chalk Art Festival on Clearwater Beach! A kid zone, arts & crafts vendors and more will be on site over the three days. Bring the whole family for some fun in the sun!

SHINE St. Pete Mural Festival

Thursday, October 5, 2017 – Saturday, October 14, 2017

This year's annual festival will showcase vibrant events and inspiring murals by artists from around the world, including Los Angeles, Ukraine and Miami. The new pieces will further enrich the city's public outdoor gallery, adding new styles-from colorful geometric patterns to delicately-rendered realism-all expertly painted on large walls and unexpected locations.

Ribfest

Friday, November 10 - Sunday, Nov. 12, 2017

Head to Vinoy Park in downtown St. Pete for this three-day festival where you'll enjoy live music from nationally touring bands, family-friendly activities, and the best barbeque ribs in the world.

Passages

I count among my treasured hours with you:
Betimes embarked upon a misty morn,
With wind-filled sails, on ruffled crests we flew,
Saw sunsets flame and fresh, blue days reborn.

I hoard the warm, unfettered, windy nights
We drew a silver wake across the moon,
Steered a sail among the starry lights
Renewed, and knew we need not turn back soon.

So far, so far, so far we've come. And why?
I marked our daily passage, noon to noon,
On charts that spirit makes and souls must buy.

For ocean's power doesn't heed man's whim.
Those mighty seas drive, roaring, by the mast.
In time we'll pass Pacific's curving limb
And furl our torn and ragged sails at last.

To paradise, and furl our sails at last.

C Kenn March 1990 rev 2011

Sign up now to participate in our Island in the Sun Telephone Messaging Service!

Messages pertaining to activities or events are now being delivered to your telephone. This service is being provided free to IITS residents by the IITS HOA. Messages are being delivered to telephones throughout the US and Canada, on land lines or cell phones. This service is limited to one telephone number per lot.

For our part time residents, during your time away from IITS, you may forward the messages to another phone or discontinue receiving messages until your return.

Some of the features of the telephone messaging service include:

- US and Canadian numbers
- Special groups (i.e. Chorus, pool noodlers, etc.) can receive messages related to their members
- Polls/Counts

The telephone messaging service is being used to:

- Remind residents of HOA meetings
- Announce/Remind/Poll activities and events
- Communicate information to specific groups (Chorus, Shuffleboard, etc.)
- Announce safety concerns in the community and surrounding area
- Make you aware of the unfortunate loss of one of our neighbors
- Other uses as recommended and approved by the IITS HOA Board of Directors.

Please return this form to the box located in the Club house. If you are unable to return this form to the Mailbox, please call Denny Blank at 434-989-2280. The information requested below will be used strictly for the telephone messaging service and will not be shared with anyone else.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

THOUSANDS manufactured home residents have won over **\$136,000** since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • 220 Bahama St. • Venice, FL 34285**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.

(Allow 4-6 weeks for mailing of check). This month's cash winners are:

Mary Cook	\$100	Modern Pest Control, Inc.	Ruth Osborne	\$5	Enos Plumbing & Services, Inc.
