FROM THE EDITOR

By Carolee Kingsbury

By the time you read this, I will be in Connecticut. We left the 19th of May. I found Bacon in the freezer the week before and we had lettuce and tomatoes and "BLT's. Boy did they taste good. Cleaning out the Ref. has it's advantages. June already. I am hoping the pool has opened. It is hard to predict what will be open after this is sent. It was nice to see so many out in their golf carts. You need to get some fresh air even if it is only sitting out on your patio. We even got to visit friends while sitting in our cart in their driveway. I was on my third puzzle when we left. It is nice that Steve has puzzles and books in his carport for us to take, use, and bring back. I am considering a paint by number picture. I haven't ordered one yet because I didn't know where we would be. With my luck I would have it sent here and we would be in Ct. I will have to be in quarantine for 2 weeks when I get home. I know I have a lot of yard work and that will keep me busy. If anyone is interested in doing an event, please remember I need the info for July by the 10th of June. The summer might be a good time to "get your feet wet" so to speak. Father's Day has been done with pizza. Add soda and a salad and you have a meal. Add Mothers (they missed Mother's Day) and make it a nice lunch at the bay. With not having the club house open it leaves only a few places to have an event and still be able to stay apart. I asked Steve and he thought it was a good idea to use the bullien board in the laundry for a sign up place. You may have to think of a rain date before hand just in case. Send me a line if you can for the next domei if you can do the 4th of July. August had a pot luck listed which will be hard if we are still not open. I know we have creative people living here. I'm sure someone can think of something !!! Well, I will be missing all of you up in CT. I don't have a golf cart to go visiting and we don't often see anyone sitting out. Have a safe summer and fall will be here before we know it. I am only a phone call away.

PRESIDENT'S LETTER

By Chris Green

Hello Everyone I sincerely hope that you are doing well. Stay updated on the crisis by listening to the experts - but don't over due on the news. It'll drive you crazy. On a more positive note: I have seen a lot more people walking and riding their bicycles with a smile on their faces throughout the day. A reminder that it will be OK. It's too bad that our activities have been cancelled - but better safe than sorry. Memorial Day will/ was celebrated thanks to the positive hopeful attitude of Vince and Rob. Bill is still visited a few times a day by "his bird, George" for a delish hot dog snack. Life goes on as Bill smiles. A Special THANK YOU to our crew and Pat for all you do for our community. Stay Safe, dear friends, Chris

There must be some creative people in the park that can find a way to put these events on if we don't have a clubhouse. Maybe on Father's Day have a Mother - Father Day luncheon at the bay since the mothers missed their day.

WHEN TREATING A HEART ATTACK OR STROKE, TIME IS OF THE ESSENCE. EVEN DURING THESE TIMES.

Don't hesitate when it comes to getting emergency treatment.

Even during a pandemic, you still need to be treated immediately if you have an emergency. Debating whether or not to risk going to an emergency room during a heart attack, stroke or other health emergency—waiting even a few extra minutes—could be harmful. That's why in all BayCare hospital emergency rooms, patients who have symptoms of COVID-19 are screened and treated in a separate area. This helps keep emergency room patients and our team members safe. So if it's an emergency, don't wait. **For more information:** [BayCareEmergency.org](https://www.baycareemergency.org)

RECIPIES

By Carolee Kingsbury Editor

Chicken Casserole

This recipe was given to me by my sister years ago.

- 6-8 chicken breasts skinless and boneless. *Enough to cover the bottom of a 9 by 13 cooking pan.*
- Cover chicken with swiss cheese slices. *She covered the chicken with 1 can of Campbells Chicken and rice soup with one can of water. (When she first served it to me it was the chicken and a side serving of peas. If you like to eat light then it would do. However, a man might like more).*
- Over the chicken, cheese and soup sprinkle a box of chicken stuffing mix and dot with butter.
- Cover with alum. foil and cook in a 400 degree oven for 30 min, or 45 min. if the breasts are thick.

I have used chicken fingers and then people can get smaller serving sizes. I have also used cream of chicken soup with a can of milk for a cream gravy. With the cream soup I have trouble getting the stuffing moist. Lately I have seen the recipe using a slow cooker where you put in chicken, "cheese", 1 cup chicken broth, mix the stuffing with cream of chicken soup and 1/2 cup water and pour over chicken and cook on slow for 7 hrs. I have not made it this way and would probably add the soup to the chicken and the broth to the stuffing. It is worth a try either way.

June Monthly

Adopt-A-Cat Month. American Humane celebrates Adopt-A-Cat Month each June—a month that marks the height of “kitten season,” when millions of kittens are born and often end up in animal shelters. Take home a new friend (or two) to ease your social isolation today.

National Camping Month. June is an excellent time to pack up your gear and experience nature—while practicing social distancing, of course. Gather family and friends, don’t forget the s’mores ingredients, and go camping! Nature is calling, and there are many ways to enjoy a weekend or even longer in the outdoors.

National Dairy Month. Dairy products contain nine essential nutrients, such as calcium and potassium, that can help you manage your weight and reduce your risk of high blood pressure, osteoporosis, and certain cancers. Whether it’s protein to help build and repair the muscle tissue of active bodies, or vitamin A to help maintain healthy skin, dairy products such as milk and yogurt are a natural nutrient powerhouse.

Oral Health Month. Don’t neglect your oral health during the pandemic. Leading by example—especially when it comes to salubrious habits like brushing and flossing—can make a big difference in the health and happiness of your entire family. This year’s theme: Share More Time, Share More Smiles.

Weekly

National Nursing Assistants Week, June 11–18. During this week, nursing assistants and direct-care workers educate the public, state, and federal government agencies, and, in particular, their elected officials about the nature of their vital work and what they need in order to do the job right.

Animal Rights Awareness Week, June 14–20. The goal is to help raise global awareness of animal rights by educating the public about animals’ basic needs. Animal rights awareness extends from individual pets to companion animals, farm animals, wildlife, and animals used for testing, experiments, and medical research.

National Mosquito Control Awareness Week, June 21–27. The current lockdowns in place to curtail the spread of coronavirus will probably not preclude essential mosquito control activities in the U.S. Despite emphasis on testing and treating COVID-19 patients, we can’t forget that other debilitating and potentially fatal diseases transmitted by mosquitoes could infect our citizens.

June Days

National Cancer Survivors Day, June 7. Thousands worldwide speak up to honor cancer survivors and to show the world that life after a cancer diagnosis can be fruitful, rewarding, and even inspiring.

World Oceans Day, June 8. For 2020, World Oceans Day is calling on world leaders to protect 30% of our blue planet by 2030. By safeguarding at least 30% of our ocean through a network of highly protected areas, we can help ensure a healthy home for all.

Flag Day, June 14. Fly Old Glory proudly!

Father's Day, June 21. Celebrate your father and all fathers everywhere.

World Rainforest Day, June 22. This global event celebrates this precious natural resource and encourages action to preserve it. Your efforts, together with those of others, will benefit rainforests and the climate worldwide.

Fun facts about your Father's Day gift

Father's Day is June 20 this year, and the 65 million fathers in the United States (give or take a few million) will bask in familial attention and be showered with gifts—mostly neckties.

The modern necktie evolved from the small, knotted neckerchiefs worn by Croatian mercenaries working for the French in the Thirty Years' War. The word cravat derives from a combination of the French "Croate" and the Croatians' own name for themselves, "Hrvati."

With the rise of the business class in the 19th century, demand grew for neckwear that was durable, comfortable, and easy to tie.

In 1926, a New York tie maker named Jesse Langsdorf developed a technique that improved the tie's elasticity, which allowed it to revert more easily to its original shape. The "Langsdorf" became the most popular form of necktie.

Since then, ties have widened as far as 4.5 inches and thinned to three inches (or skinnier) depending on the current style, but they seem to be here to stay.

Happy Father's Day

June Crossword

The patient mother

A woman walked in the grocery store with a three-year-old girl in the seat of her shopping cart. As they passed the cookie section, the little girl asked for cookies, and her mother told her no.

The little girl immediately began to whine and fuss. The mother said quietly, “Now, Monica, we just have half of the aisles left to go through; don’t be upset. It won’t be long.”

Soon they came to the candy aisle, and the little girl began to beg for candy. When her mother said she couldn’t have any, the little girl began to cry. The mother said, “There, there, Monica—only two more aisles to go, and then we’ll be checking out.”

When they got to the checkout, the little girl immediately started clamoring for gum, and she threw a loud tantrum when her mother refused. The mother patiently said, “Monica, we’ll be through this checkout lane in five minutes, and then you can go home and have a nice nap.”

A man followed them out to the parking lot and stopped the woman. “I couldn’t help noticing how patient you were with little Monica,” he said.

The mother laughed. “My little girl’s name is Tammy. I’m Monica.”

Smarter than you thought

At the bar, Joe made a bet with the man sitting next to him, Bill. Joe said, “Hey, idiot, every question I ask you that you don’t know the answer, you have to give me five dollars. And if you ask me a question and I can’t answer yours, I will give you \$100.”

Bill shrugged. “OK.”

Joe asked, “How many continents are there in the world?”

Bill wasn’t all that smart, so he didn’t know. He handed over a five-dollar bill. Then Bill said, “Now you tell me: What animal stands with four legs but sleeps with three?”

Joe thought long and hard, but in the end he gave up and handed over the \$100. Then he said, “By the way, what was the answer to your question?”

Bill shrugged and handed over five dollars.

Elephants never forget

An elephant drinking from a stream spotted a tortoise lounging on the shore. He grabbed it with his trunk and flung it into the jungle.

A passing zebra asked, “Why did you do that?”

“Forty years ago, that tortoise nipped my tail just for fun,” the elephant said.

“Wow, 40 years ago! How did you remember that?”

“I have turtle recall,” replied the elephant.

Laughter is a sunbeam of the soul.

Stay healthy while cooped up at home

You're probably worried about staying healthy and safe in self-isolation, no matter how long the pandemic lasts. Here's some advice from the Hackensack Meridian Health website for keeping illness at bay:

- **Maintain a clean environment at home.** Clean and disinfect doorknobs, light switches, remotes, and other surfaces you touch frequently once a day. If you must go out, wash your hands with soap for 20 seconds before and after you leave home.

- **Exercise.** Can't get to the gym? Find a workout video that will get your body moving. Walk around your house or apartment. Try bodyweight exercises like pushups, sit-ups, and wall squats.

- **Stick to a regular meal schedule.** Don't fall victim to the temptation to snack all day long. Eat breakfast, lunch, and dinner at the normal times, and plan healthy meals with lots of fruits and vegetables. Limit takeout food, which is convenient but can be loaded with fats and calories.

- **Stay hydrated.** Drink lots of water. This keeps your body in better shape to fight off infections and diseases. Avoid soda, or replace it with seltzer. Drink a glass of water before every meal to fill your stomach so you won't overeat.

Hot baths may aid your health

Want to relax during these days of tension and worry about COVID-19? A long, hot bath can relieve your stress—and maybe help your heart.

The Web MD website reports that a study of more than 30,000 adults in Japan found that a nice, steamy soak may reduce one's incidence of high blood pressure and stroke. "We found that frequent tub bathing was significantly associated with a lower risk of hypertension, suggesting that a beneficial effect of tub bathing on risk of [heart disease] may in part be due to a reduced risk of developing hypertension," said the study's lead scientist at Osaka University.

After accounting for other factors, the researchers found that taking a daily hot bath was associated with a 28% lower risk of heart disease and a 26% lower risk of stroke, compared with subjects who bathed only once or twice a week.

So relax in the tub, and try to take your mind off your worries. It's good for your body and soul.
