PRESIDENT'S LETTER

Kathy Troll

Well, upon writing this, April is upon us and we are saying goodbye to all of our northern friends and neighbors. Safe travels as well as a wonderful summer to all. You will be missed.

We have many new residents and I am asking everyone to welcome them and bring them to Koffee Klatch for a free donut and coffee. Introduce them to Ed Lee so they may join our Social Club.

There are many great events planned for the coming Spring and Summer months. Please check the bulletin board for further information and sign-up sheets.

For information about donating rummage sale items, please contact Mark or Sandy Rasmussen.

Enjoy this beautiful weather in the best community around ... and don't forget to stop and smell the roses!!

Infinity is the lack of limitation

RETRACTION

Noreen Adams

My apologies for The April Edition, titled, "HAVE YOU NOTICED...". It was regarding a new park bench by the Bay, it was a new way that the Park has devised to encourage the residents to enjoy our unique location by the water.

Our own honest and outspoken Fred Smith, had the hutzpah (?) to point out the misprint to me. Gently, I might add.

The bench is in the works, just not a reality yet. I jumped the gun.

Criticism is widely different from condemnation. I believe there is always room for improvement, and as with all interaction both are received according to delivery, by anyone.

Fred is outspoken, honest. He has the Social Club and the neighborhood as his best interest at heart. It is an honor to have him as a board member.

JAPANESE GARDEN: RULES FOR PARK LIVING LOVE THEM OR LEAVE

Ed Lee

What is it about the Mobile Home Park living concept that causes so many people to violate the Park Rules. We have them for a reason.

To those who cannot or will not comprehend a simple tenet, I say: Rules are the foundation of the Mobile Home Park and designed to promote a degree of stability, comfort and accord in the community.

It is really quite simple to understand. If an individual does not want to conform and, for instance allows visiting children who are too young to go to the pool, club house or drive a golf cart without adult supervision, not taking care of their homes, renting to people who are too young to live in a 55+Park, walking a pet where it is prohibited or wishes to drive above the posted speed limits.... These people should live elsewhere where there are no rules.

To insist on exemptions for personal, selfish reasons is not acceptable to the majority who have no difficulty with the rules for living in a Mobile Home Park community.

For those who don't know the rules, the Park Manager has FREE copies in his office, all you have to do is ask for a copy of the "Rules for Park Living".

Struggling doesn't automatically make you a hero

Marilyn J. Bourg (1927-2013)

by Mel Moen

Marilyn left her mark . . . On her fence and on many hearts here in Japanese Gardens Mobile Home Park.

When we bought our mobile home, here in the park, whenever we met new people, they would ask which mobile home we had bought (where we were located, in the park). Then when we explained where we lived, several people said, “Oh, you bought Marilyn’s place.” There had been another owner, after Marilyn and before us, but everyone still thought of our home, and referred to it as “Marilyn’s place”.

Everyone had nothing but good things to say about Marilyn, and one thing that they all seem to agree upon, was that Marilyn was a "character". There was the story about her “boyfriend”! It seems that Marilyn and another lady in the park (her partner in mischief, Marge O'brien), got hold of a couple of male mannequins and dressed them up as their boyfriends. They would put them in the back seat of the car and ride around with them. In addition, they brought them to Club House Dances, as their “dates”!

Her most famous (or infamous) scheme, was the elephant ride. According to what I have been told by several people, here in the park, as well as her daughter . . . Marilyn loved and collected elephants. Marilyn had decided that she would ride an elephant in one of the Park’s Parades. She had checked into what would be required . . . what permits were needed . . . where could you rent an elephant (and it’s trainer) .

It is my understanding that she had this all set up to happen the following year, when she became ill. It is sad to say, but Marilyn passed before she could bring this dream to fruition.

On our (I’m sorry . . . I mean Marilyn’s) fence, there was a painting of two water birds. I was told that Marilyn had painted these birds.

In refurbishing the mobile home, it was time to replace that fence. One of the birds had been pretty damaged by time and weather, but I felt that the other bird wasn’t that bad. I told my spouse that we needed to save that bird. So when the old fence was torn down, I saved the boards that contained the painting of the remaining bird.

The boards were dried, to get as much moisture, as possible, out of them before we sealed them. They were then reassembled. The tops and bottoms of the boards were much

more damaged than the body of the boards, where the painting was. So, the tops and bottoms were trimmed off. The boards were then clear-coated. We did not fix or touch up the painting in any way. We felt it should be saved just the way we found it.

We got in touch with Marilyn’s daughter to verify the spelling of Marilyn’s name and the years of Marilyn’s birth and death. We then arranged for a plaque to be attached to the painting.

The painting now adorns the fence under Marilyn’s carport

BOWLING 2016

Gene Francoeur

The season is over with a great 22 weeks of bowling this year. We had 8 full teams that competed from the first week to the last week. We had our banquet this year at Mugs Sport Bar & Grill with a great attendance.

The prize money of \$1800 plus was given out to the teams and to the other various winning categories. The banquet was finished off with a NERF gun turkey shoot-off, to see who the top turkey was this year. Margo won the honors. Anyone interested to know what a NERF gun turkey shoot-off is, should come and join our bowling next year.

We elected a new president for the next year. Fred Smith was elected to be the President and Gene Francoeur will be the Treasurer. The projected startup date is the first week in November.

Snippets of Social Club By Laws; Revised November 14, 2015

Noreen

The purpose of the Social Club shall be as follows:

- a. To promote civic activity
- b. To promote entertainment and other social activities for the enjoyment of its members
- c. To create and maintain good fellowship and harmony throughout the community
- d. To do and perform all things necessary to accomplish the aforesaid purposes
- e. The Club Board of Directors shall make no recommendations that would be in conflict with these principles

TRANSLATION

- a. think of things for all the park residents to do
- b. party, party, party, party (and things to do for everyone, all year)
- c. like a man once said ... "...why can't we all just get along...?..."
- d. get along with your neighbors and have a good time doing it
- e. it's up to the Board to pull this off, keep the residents busy and happy
(yeah, good luck with that, no one can do it alone not even Board members)

Anybody out there want to be a Board member, or maybe help them out by volunteering to help with an activity?

Great pay, hours, and co-workers, not to mention the benefits... without the responsibility... just the fun...

Everybody wants a job like that, right?

Yep, I did it again. Now you're thinking about volunteering and pitching in.
Just call Board President, Kathy Troll. I'm sure she has a spot for you.

Also, discuss with her, the By-Laws Revision Committee, as discussed in the April Social Club General Meeting.

You can only rise above your own confusion

PAPER TOLE

Gene Francoeur

Elke and I finished the year on March 28th with a great group of tolers.
We even had 3 new tolers walk in on the last day and we gave them a crash course to get them on their way and hope they have fun with this craft.

Sorry there was no showing of all the toler's art work this year. Time was a premium this year and we will try to do better next year.

We will be starting our program again the first Monday of January, 2017.

Founded in 1916.

Caring Ever Since.

From our family to your family

Morton Plant Hospital got its start in 1914 when several local women asked railroad magnate Morton F. Plant to fund a hospital. He agreed, if the community would also make a substantial contribution. They took the challenge and the hospital opened in 1916. Throughout the years, the hospital served the community, and the community gave back, ensuring that generations of families would be able to count on the compassionate, quality care provided by Morton Plant Hospital.

One of the most noteworthy hospitals in the nation, Morton Plant Hospital was founded because a community cared. And 100 years later, one thing remains the same — our commitment to caring for your family.

The new Doyle Tower at Morton Plant Hospital, scheduled to be completed in 2016. Another example of how the community gave back.

LANGUAGES -- TRICK QUESTION - More than a Brain Teaser

Noreen

What is the oldest language of the world?
Latin, Sanskrit, Asian dialects, Chinese, Japanese, Greek, Jewish dialects, French, German, Spanish dialects, Irish, Norwegian?

Great discussion over coffee at Saturday morning Koffee Klatch, hmmm!!
Can't wait to hear your input, and to see you before you leave for the summer.

Definitely NOT the U.S. American melting pot, in its infancy stage.

One word can have five different meanings. I speak a few of those, New Joisey, New Yorrnk, fluent Bible Belt Hillbilleeze, of course Floridian, a little Cajun, Midwest cowboy/girl and the list goes on.

But the fact remains. We are all one, regardless of our roots.

Always remember, what I learned when I was eight years old. It got me into university, and out with two Masters degrees. Simple but true.

Conquer words and you conquer the world !!

On Easter Sunday, dinner was attended by 82 residents. The Social Club provided ham and rolls. So many delicious side dishes were provided by our guests. Don't look back, something might be gaining on you

MAYO CLINIC - DRINKING WATER

by Myrna Whitehead

This is indeed good information. A cardiologist determined that heart attacks can be triggered by dehydration. Now I carry a bottle of water wherever I go. Aspirin is also a good idea!

Good Thing To Know . From The Mayo Clinic.

How many folks do you know who say they don't want to drink anything before going to bed because they'll have to get up during the night ?

Heart Attack or Water - Drinking one glass of water before going to bed avoids stroke or heart attack . I did not know this .

Interesting...Something else I didn't know ... I asked my Doctor why people need to urinate so much at night time.

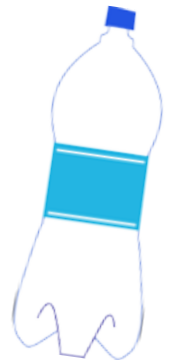

Answer from my Cardiac Doctor:

Gravity holds water in the lower part of your body when you are upright (legs swell). When you lie down and the lower body (legs and etc) seeks level with the kidneys, it is then that the kidneys remove the water because it is easier. I knew you need your minimum water to help flush the toxins out of your body, but this was news to me.

Correct time to drink water... Very Important From A Cardiac Specialist! Drinking water at a certain time maximizes its effectiveness on the body:

- 2 glasses of water after waking up - helps activate internal organs
- 1 glass of water 30 minutes before a meal - helps digestion
- 1 glass of water before taking a bath - helps lower blood pressure:
- 1 glass of water before going to bed - avoids stroke or heart attack:

I can also add to this... My Physician told me that water at bed time will also help prevent night time leg cramps. Your leg muscles are seeking hydration when they cramp and wake you up with a Charlie Horse.

All acts performed in the world, begin in the imagination.

Mayo Clinic on Aspirin -

Dr. Virend Somers is a Cardiologist from the Mayo Clinic who is the lead author of the report in the July 29, 2008 issue of the Journal of the American College of Cardiology. Most heart attacks occur in the day, generally between 6 A.M. and noon.

Having one during the night when the heart should be most at rest, means that something unusual happened. Dr.Somers and his colleagues have been working for a decade to show that sleep apnea is to blame.

1. If you take an aspirin or a baby aspirin once a day, take it at night.

The reason: Aspirin has a 24-hour "half-life"; therefore, if most heart attacks happen in the wee hours of the morning, the Aspirin would be strongest in your system.

2. Aspirin lasts a really long time in your medicine chest; for years.
(when it gets old, it smells like vinegar).

Please read on:

Bayer is making crystal aspirin to dissolve instantly on the tongue. They work much faster than the tablets.

Why keep Aspirin by your bedside? There are other symptoms of a heart attack, besides the pain on the left arm. One must also be aware of an intense pain on the chin, as well as nausea and lots of sweating; however, these symptoms may also occur less frequently.

Note: There may be NO pain in the chest during a heart attack.

The majority of people (about 60%) who had a heart attack during their sleep did not wake up. However, if it occurs, the chest pain may wake you up from your deep sleep. If that happens, immediately dissolve two aspirins in your mouth and swallow them with a bit of water.

Afterwards: - Call 911. - Unlock front door.

Phone a neighbor or a family member who lives very close by.

Say "heart attack!" - Say that you have taken 2 Aspirin. -

Take a seat on a chair or sofa near the front door, and wait for the medics arrival and please !!!! DO NOT LIE DOWN!

SAVE MONEY ON THAT ELECTRIC BILL

(Exchange rate or not, these help, when every penny counts)

Noreen

DUKE ENERGY saves you money. I know, hard to believe, right? Corporate savings to the customer is almost incomprehensible, especially after this past winter chill and spike in usage. Broiling summer and humidity are not far away, either. We all are interested in how to save money so we can spend it on something else more enjoyable. Here are a few pointers on programs, so you can be prepared for both seasons:

Just a hint... how about **\$1,000. USD on a new water heater replacement?** Now that I have your attention, here are a few more:

The Water Heater Repair and Replacement Plan: provides you with financial protection if a covered water heater emergency occurs on your property; increase to annual benefit from \$850. to \$1,000. and the removal of water heater parts. The monthly service fee is \$6.99 per month and will be reflected on your Duke bill. For further information contact Duke energy for the program details 877-444-774. For details of covered repairs, or emergency repair hotline 877-444-7731.

Updated Home Protection Plan Terms: This applies to your home wiring Repair Premium with an annual benefit limit of \$2,000. at the same price. If you have questions regarding the details of this program, contact 888-999-8856. This program covers such items as installing ceiling lights, installing ceiling fans, install and repair outside lights, repair kitchen lights, bathroom lights, check wiring in sockets and outlets and repair, check phone lines, check and repair fuse boxes. For information and details please call Duke energy.

Surge protection:(involves reimbursement) meter based suppressor to prevent lightning from destroying major appliances such as air conditioners, stoves, refrigerators, motors, pumps, lease contact Duke energy for detailed information...

Additionally, please discuss budget billing. It is based on your annual electric usage.

All this is for information only. Please contact Duke energy, to see how these programs will apply to your individual situation and whether or not it is something that will work for you. Of course each program has a small monthly fee. But, \$6.99 per month as opposed to \$1,000. out of your own pocket that is not reimbursable, well... you decide, It's worth a call, then you can say yes or no. Whatever suits your lifestyle, just some information resources 727-443-2641
