PARADISE ISLAND UPDATE

Pat Walker, Association Secretary

The dog days of summer arrived early this year and haven't left yet. Has it rained more than the norm or do I just forget from year-to-year? Seems that every time I want to go to the pool the sky opens up and pours down liquid sunshine to spoils my plans.....then the humidity starts and ruins the rest of the day. I know, I know – at least we're not shoveling snow. The good news is no threat of a hurricane – at least not yet.

July saw Helen Parkinson turn 104 – can you believe it, 104 years old, wow what a milestone! She has been a permanent resident since the 70s and remembers when the monthly lot rent including water/sewer/taxes/etc. was less than \$100. Of course, everything is relative; I'm not sure how much I earned in the 70s but it was a paltry sum I can assure you. Mary Feeney, Lillian Jones and I joined her caretakers in celebrating this auspicious occasion. Her caretakers always prepare her favorite birthday feast – turkey and all the trimmings. Truth be told, I think we enjoyed the party more than Helen who dozed off several times – but at 104 she's entitled to a little nap every now and then.

Does anyone know who made off with our bags of crushed aluminum cans? C'mon, the redemption value could not have been enough to merit this unauthorized act. As a result, our resident can crusher has relinquished this volunteer responsibility. The Association treasury will no longer be the recipient of the income unless someone else will step forward and agree to take over this job. If you are willing to do it, please contact me or Richard Crance.

On an upbeat note, don't forget to get your ticket to our annual Luau scheduled for Saturday, August 15. Pool time officially starts at 3PM with food being served at 5PM. See me (Lot #53, phone 733-3755) to purchase your ticket -- \$8/pp. All three parks are invited to join us for fun, food and fellowship. Flyer with details enclosed in the HAPPENINGS. We're planning a special event every month through year-end – September's event will be Pizza and Trivia.

Because of vacation schedules and the Independence Day holiday, we skipped both the monthly meeting and pot luck dinner in July. The August meeting and pot luck dinner will be on Saturday, August 1 – don't miss them. Bingo will be Thursday, August 20 at 7PM; monthly Hot Dog night is Saturday, August 22nd. Hope to see you there.

LAKE HAVEN TREASURE COVE HAPPENINGS!

*Written By an Anonymous Ghost Writer for Bob Scott,
President, Park 2 Association*

With so many winter residents gone for the summer, the attendances at our potluck and association dinners have dwindled. I remind everyone that there are no more monthly Potluck Dinners until October but Park 2 Association President Bob encourages all association members to support us and come out for the free association dinners on the 3rd Sunday of each month. Membership in the association is open to all residents in Park 2 (owners and renters) and the annual dues are only \$5.00 per person.

Our annual White Elephant Sale (garage sale) is nine months away but it's not too early to begin collecting items to sell. If you have small items that you no longer need or want, please save them for the sale. If you have larger items, like furniture, and someone who can move them for you, please call Bob Scott and he will meet you at our storage shed in Park One.

Here's a medical item. It was said about this time last year but needs repeating: If you have prescription medicines that you no longer need, please take them to the Sheriff's Dunedin Substation (737 Loudon Avenue) for proper disposal or get them to Bob Scott, Lot 277, to deliver to the station. Also, if you have used injection syringes that need to be disposed of, see Bob Scott, Lot 277, to learn where to get proper disposal containers. *Under no circumstances should the syringes be disposed of in the garbage that is left by the road for pick-up.*

President Bob also reminds everyone again that we have a wheelchair, canes, walkers, crutches and bed side toilet chairs to lend to anyone in the park who may need them. By the same token, please let Bob know if you have any of these items that you no longer need and would like to donate them to our supply.

Bob also says that if you have a ripped, torn or weather beaten American flag to please give it to him. Bob will take the flags to the Dunedin VFW to be destroyed in a dignified way.

Finally, everyone is reminded again that (1) before leaving the pool to put down the umbrella if you opened one (2) no glass items are allowed poolside and (3) put any trash you may have in the cans by the club house door. Please keep the pool side clean for the next user.

Pinochle continues to be played in Cub House 2 on Wednesdays at 6:45 p. m. Both experienced players and those wanting to learn the game are welcome.

I wanted to include in these writings other more positive items but there's not much going on in our park and it's August – it's just too darn hot!

It was definitely a sad time last month when we said goodbye to Marie Reiser, Lot 288, who moved to Lakeland to live with her daughter and son-in-law. Marie had been a Lake Haven resident since 1974 and through the years had faithfully supported and assisted with our activities including her own annual Kentucky Derby Day parties in the club house. Marie will be missed yet we wish her well.

Little-known facts about books and language

The world of books, reading, and words is full of surprises. Take a look at some of these stories about writers and other creative people (from the BuzzFeed website):

- Green Eggs & Ham. This Dr. Seuss classic was written on a bet. Publisher Bennett Cerf wagered \$50 that Ted Geisel couldn't write a children's book using fewer than 50 different words. Geisel won.
- Thomas Jefferson. The third U.S. president (and writer of the Declaration of Independence) invented more than 100 "American" words to distinguish U.S. writing from British usage—including the word "anglophobia."
- Gone with the Wind. Margaret Mitchell began work on her first (and only) novel after recovering from an auto accident. During her convalescence, she read so many books from the local library that her husband got tired of going back and forth—so she suggested she try writing a book of her own.
- Amazon. The first book sold on the now dominant website was Fluid Concepts and Creative Analogies, by Douglas Hofstadter. Its subject: whether machines could be taught to think like people.

Plan your vacation with these trends in mind

You may already have taken your summer vacation and are eagerly planning next year's. If so, you might want to consider these 2015 vacation data, according to the Summer Travel Guide from the travel insurance comparison website InsureMyTrip.com.

The five most popular vacation destinations were the U.K., France, Italy, the Caribbean, and the Netherlands. Planning ahead makes sense: The survey found that 82 percent of travelers booked their trips more than 30 days ahead of time, with 15 percent waiting until just a week or so before leaving to make their plans, and only 3 percent heading off at the spur of the moment.

Where will you stay? In the 2015 survey, 42 percent of vacationers chose hotels, 25 percent took a cruise, and 18 percent opted for vacation rentals. Only one in 10 survey participants said they bunked in with family or friends while traveling.

'Appointment TV' a thing of the past?

Not too long ago, the only way to watch your favorite show was to make sure you were home when the networks decided to broadcast it. Not so much anymore. Modern technology is taking hold of our viewing habits, according to the Digital Democracy Survey from Deloitte.

The study of more than 2,000 U.S. consumers age 14 and up found that 56 percent of viewers are streaming movies on their laptops, tablets, or other devices, and 53 percent stream television shows once a month. More than 42 percent of U.S. households use a video streaming service like Netflix to watch their shows and movies. Meanwhile, only 45 percent prefer to watch TV live.

Video streaming also makes binge-watching a thing, according to the survey: Sixty-eight percent of consumers report sometimes watching at least three episodes of a TV program in one sitting, and 31 percent of them do it once a week or more.

The body parts your body doesn't need

The human body is a marvelous machine, but like many devices, it contains some parts with no apparent function. According to the Mother Nature Network website, these physical attributes appear to have lost their original uses:

- Appendix. This tiny pouch in the abdomen near the larger and small intestines may have been necessary when early humans survived on a plant-based diet. Today it seems largely superfluous, aside from being a useful storage place for bacteria.
- Wisdom teeth. A leftover from when humans' jaws were larger, the extra molar no longer comfortably fits in most people's mouths and frequently has to be extracted in adulthood.
- Jacobsen's organ. In animals, including reptiles and amphibians, this organ in the nose detects pheromones emitted by potential mates. Although present in the human nose, it appears not to function in modern-day humans.
- Extra eyelid. Birds and reptiles have a nictitating membrane in their eyes that functions as a third eyelid. It's called the plica semilunaris, and apparently humans have them too, left over from earlier incarnations. It isn't entirely useless, though; it still helps to drain tears and remove foreign objects from the eye.

Get to sleep faster with these techniques

A good night's sleep is essential to good health. Sometimes dropping off to dreamland doesn't come easily, though. When sleep is elusive, try these tips to get the rest you need:

- Relax during the day. Don't wait until bedtime to calm yourself down. Get into the habit of relaxation throughout the day with meditation, progressive muscle relaxation, deep breathing, and other techniques. Your body will learn how to relax more quickly and easily when you get into bed.
- Develop a bedtime routine. Most of us can't automatically switch off at night. Make a deliberate effort to wind down at the end of the day by turning off the computer and TV, relaxing with a good book, taking a warm bath or shower, dimming the lights, and doing anything else that helps you detach from the day.
- Breathe yourself to sleep. In bed, try this breathing exercise: Inhale through your nose, filling your chest for about four seconds, then exhale through your mouth. Or try counting—not sheep, but your breaths: Inhale for four seconds, hold it for seven seconds, then breathe out for a count of eight. Both of these will ease your heart rate and blood pressure.

Disabled Parking Permit Holders: Are You Tired of Feeding Parking Meters?

By Ron Anderson

My wife and I enjoy visiting St. Petersburg, or occasionally Tampa, to go to a restaurant or whatever. We were told that as disabled parking permit holders we do not have to put money in parking meters. That's nice, but a prudent person will check out such a statement. Here is the straight story directly from the Florida statutes:

FS 316.1964 Exemption of vehicles transporting certain persons who have disabilities from payment of parking fees and penalties.—

(1) A state agency, county, municipality, or any agency thereof, may not exact any fee for parking on the public streets or highways or in any metered parking space from the driver of a vehicle that displays a disabled parking permit or a license plate ... if the vehicle is transporting the person who has a disability and to whom the disabled parking permit or license plate was issued.

(2) The driver of a vehicle that is parked as provided in subsection (1) may not be penalized for parking, except in clearly defined bus loading zones, fire zones, or access aisles adjacent to the parking spaces for persons who have disabilities, or in areas posted as "No Parking" zones or as emergency vehicle zones, or for parking in excess of the posted time limits.

(5) Notwithstanding subsection (1), when an on-street parking meter restricts the duration of time that a vehicle may be parked, a vehicle properly displaying a disabled parking permit is allowed a maximum of 4 hours at no charge; however, local governments may extend such time by local ordinance.

Tampa holds to the four hour limit but St Petersburg allows disabled parking all-day, but not overnight parking. Affected persons might wish to take a look at the cited Florida statute to see other limitations concerning parking when there is a street fair, or a convention, or whatever taking place.

Take precautions against the danger of a rough fall

Falls are a leading cause of injury in the workplace and at home. Stay safe—and protect your co-workers—by remembering these basic safety tips:

- Practice good housekeeping. Keep your eyes open for anything that might cause a fall: loose carpeting, spills, cords, boxes, and the like. Keep hallways clear and remove any hazards immediately.
- Be careful on stairs. Watch where you're going when walking up or down the stairs. Keep stair areas well lit, and don't stack objects on steps to move later. Use handrails and make sure they're secured properly.
- Use ladders safely. Pick the right ladder for the job. Don't climb on chairs or desks to reach something up high. Face the ladder when climbing up and down, and maintain three points of contact at all times. Don't climb on the top two steps, or stretch too far to reach an object. If necessary, move the ladder or get a better one.

Get more productivity out of every day

If you're like most of us, you have too much work to do in too little time. If you want to maximize every minute of your day, try these tips to increase your efficiency:

- Pick three goals for the day. Start your day (or plan it the night before) by identifying three high-priority goals to accomplish. Work on this first, without getting distracted by other tasks. If you finish them off, select three more important goals. You'll feel more productive and less overwhelmed.
- Make quick decisions. Agonizing over every decision wastes time and energy. Try to make every decision in 60 seconds or less. A one-minute deadline will result in speedy decisions that are just as likely to be good as those you spend hours on.
- Schedule thinking time. Spend a certain amount of time thinking about what you want to do every week. Make plans, do research, analyze successes and failures, and give yourself permission to go off on tangents. Often you'll get your best ideas when you let your mind roam.
- Make a “to-don't” list. Identify tasks that don't contribute anything of value or don't represent the best use of your time, and get them off your to-do list. Eliminate them or delegate them so you have more time to focus on your priorities.

Monthly Mania: It Pays (Up to \$100) To Patronize the Advertisers in Your Newsletter

14,492 manufactured home residents have won over \$124,374 since our contest began. It's simple to play ... when you patronize a current advertiser, ask for a Monthly Mania ticket (or a reasonable facsimile) and fill it out completely. Put the ticket in our Monthly Mania drop box in your community or mail your paid receipt to us at **Monthly Media • PO Box 1023 • Venice, FL 34284**. That's all you do. At the end of the month the Publishers will pick up the tickets and hold a drawing. If your ticket is drawn, we mail you a check.
