# PARADISE ISLAND UPDATE

*Pat Walker, Association Secretary*

---

**H**ow can it possibly be 2016 already??? The world is spinning way too fast; it needs to slow down a bit so I can get off and catch up. Didn't we graduate from school just a few years ago? Now here we are on Social Security (NOT AN ENTITLEMENT!) and Medicare – just doesn't seem possible. Nothing to do but enjoy it, so have a wonderful year – exercise, eat your veggies, stay healthy, and spend time with friends and family.

If you don't like change, evidently you should not move into Lake Haven; our new Park Manager, Arlene Smith, was just starting to get a handle on addressing park issues when she had to resign due to family health concerns. Thankfully Sharon, Richard and Rob are still with us and if ELS has not yet replaced Arlene, I'm certain a new manager is on their priority list. Hang in there, it should get better soon.

The year-end holidays were here and gone in a flash, and the Paradise Island Association officers want to extend thanks and appreciation to all who volunteered their time and talent to making them a fun time for all. Many residents pitched in with food items for the Thanksgiving food drive; we were able to deliver a large trunk load of food to the RCS Food Bank. I'm sure many needy families were grateful for your generosity.

Many hands made quick work of decorating the clubhouse and pool area. Carolyn made the wreaths; Judy, Kendra, Terri Jo, Irene, Carolyn, Lei and I decorated the tree and added finishing touches to the pool area after Paul, Ron and Richard hung the garland and lights. It made for a festive seasonal area and got us into a celebratory mood. Then came the Christmas Buffet with tables full of enticing and delicious items to satisfy our pallets; later we laughed and danced the night away thanks to the efforts of the Happy Days Band. Thank you, thank you, thank you to all who made the evening possible. Who's going to volunteer to coordinate it next year? C'mon now, you can do it so just step forward and give it your best – that's all we ask.

You know what January means. . . . .time to pay the piper. You will soon receive envelope(s) in your mail tube asking for payment of 2016 Association (renters & owners) and HOA (home owners only) dues. As explained in the cover memo attached to the envelopes, payment of dues helps to offset expenses for clubhouse supplies, pot luck dinners, special events and other social activities. Homeowners pay an additional \$5 per household to be voting members of the three-park Home Owners Association which is State commissioned to work with ELS on Prospectus issues and rent negotiations. It is very important that you join these groups as they are fundamental to ensuring we have ongoing social activities and that we are not forced to negotiate individually with ELS on rent increases and Prospectus violations. Without these structured State sanctioned organizations, everyone would be negotiating on their own. . . . . remember, there is power in numbers.

The members of the Hobby Club sincerely appreciate your support of their annual Art & Craft Sale; it was a great success. Thank you to everyone who came by to admire our handiwork and especially to those who made purchases. Your complimentary comments not only encourage us, but act as a stimulant to our creative juices. As we have said in the past, ladies from all three parks are welcome to join us. . . . it's all fun – we have an unspoken rule that no complaining is allowed. We're just there to learn new skills, perfect old skills, socialize, have fun. . . . and of course, nosh on goodies and coffee.

My sources tell me that Ladies Poker Night is gaining in popularity. From the raucous sounds of squealing and laughter emanating from the clubhouse, I'm not sure how much actual card playing goes on versus joke telling. You gals who like to play cards should plan on stopping by on Monday nights to determine exactly what is happening – who knows, you may just want to join them.

Most Important – the Annual Community Sale is Saturday, January 30. Here's what we need: saleable donations of household goods and lots of volunteers. Donations have to be collected, sorted, priced, displayed and sold. In addition, we need new items donated for the raffle baskets and baked goods for the bake sale counter. It takes many hands and willing hearts to pull this all together, so when afforded the opportunity to help out, please say yes. Many volunteers spend days (even weeks) donating their services; others can only spare a few hours, but whatever you can do to help will be immensely appreciated. Don't be shy, when you get the memo with more specific details, please sign up to help out. It's also provides a venue to get better acquainted with other residents since we work together as one team. We all benefit from the proceeds of this sale – it is the life blood required to keep activities going. Believe it or not, we actually have a great time even though it can be hard work. We especially need volunteers of the male persuasion to help – we women are tough but we can't do it all.

See you at the monthly Association Meeting on January 2nd – come for coffee and conversation, and to provide input. . . . we appreciate hearing from those with a fresh approach and creative ideas to make our Association even stronger. The January pot luck dinner will be a Chili Cook Off, sounds fun – I can hardly wait. Bring a potful of your favorite chili for the taste contest.

# LAKE HAVEN TREASURE COVE HAPPENINGS!

By Bob Baker, Treasurer, Park 2 Association

Another Christmas is now behind us and we'll soon have a new year:

If the old year didn't bring you joy, just leave it behind. Let's ring in the new year, with good things in mind!

Those of you who did not attend the Lake Haven Treasure Cove annual Christmas dinner last month missed a great meal catered by Banquet Masters. I could not be there this year but I hope those of you that were there enjoyed the dinner and that Banquet Masters did a great job for you as they always have.

Thanks to The Lake Haven Mobile Home Owners Association and to Equity Lifestyles Properties (ELS) for their financial contributions to our Christmas activities.

Let's also give a holly, jolly thank you to those residents who decorated around the pool and in the club house for Christmas. It is community minded people like these who do for the rest of us to enjoy.

Bills have been distributed for your annual association dues. All residents in Treasure Cove (those who own their homes and those who rent them) are eligible to join our Lake Haven Park 2 Association. Dues are just \$ 5.00 per person and entitle each member to enjoy our monthly pot luck dinners and association dinners prepared by the chefs in the club house kitchen and all the other association activities. Only coach and home owners may belong to the Lake Haven Mobile Home Owners Association and its dues are \$ 5.00 per lot. The deadline for payment of dues for 2016 is December 31, 2015.

I remind our bingo players that we no longer have bingo in our club house but you are welcome to play in Club House 1 at 7 pm every Thursday evening. Pinochle is played in our club house every Wednesday night at 6:45 p.m.

Although, through the years, we have had an occasional hurricane in the month of December, our hurricane season officially ended on November 30th. This year's hurricane season was again a non-event for us. We should be thankful for that but the next hurricane season will come all too soon beginning next June 1st and then we'll need to be alert and watchful once again.

By the time this is published most of our winter residents will be back with us again. It's good to see all of you again. You will notice some changes in the park: a new park manager and staff; our streets have been repaved; and ELS has promised to begin replacement of the water lines in our park in 2016.

# Founded in 1916.

Caring Ever Since.

## From our family to your family

Morton Plant Hospital got its start in 1914 when several local women asked railroad magnate Morton F. Plant to fund a hospital. He agreed, if the community would also make a substantial contribution. They took the challenge and the hospital opened in 1916. Throughout the years, the hospital served the community, and the community gave back, ensuring that generations of families would be able to count on the compassionate, quality care provided by Morton Plant Hospital.

One of the most noteworthy hospitals in the nation, Morton Plant Hospital was founded because a community cared. And 100 years later, one thing remains the same — our commitment to caring for your family.

*The new Doyle Tower at Morton Plant Hospital, scheduled to be completed in 2016. Another example of how the community gave back.*

Aren't We Fortunate?

Palm trees wave, are you listenin'?  
In our pools, water's glistenin',  
A beautiful sight, we're happy tonight  
Livin' in a FLORIDA Wonderland.

Gone away are the blizzards.  
Here to stay are the lizards,  
Warm sunny days, we like them always,  
Livin' in a FLORIDA Wonderland.

On the beach we'll have a picnic.  
Sand and seagulls in the sun.  
Christmas dinner is an old tradition,  
It's fish and shrimp by the ton.

Later on, we'll perspire,  
As temperatures rise, even higher,  
Warm sunny days, we like them always

The January Pot Luck will be held on Monday, January 6, at 6:00 PM. This has become one of the favorites and one of the most delicious of the Pot Lucks. The menu again is Soup and Salad, and Dessert. You can choose from eight different soups and an array of salads and desserts. Guests are welcome at \$5.00 each.

Wednesday, January 20, is the BIG event! The Annual Pizza Party and Dance will begin at 6:00 PM. **National Sugar Awareness Week, Jan. 18-22.** The average American consumes about three pounds of sugar each week, for a total of 3,550 pounds in his or her lifetime. During this week, take the challenge: Go five days without eating any sugar and see how much better you feel.

**National Certified Registered Nurse Anesthetists (CRNA) Week, Jan 24-30.** CRNAs provide more than 34 million anesthetics each year. This event helps patients, hospital administrators, health care professionals, policymakers, and others become more familiar with the CRNA credential and the exceptional nurses who have earned it.

## Giant lizards once roamed Australia

**M**ovies like *One Million Years B.C.* show humans battling dinosaurs, but T. Rex and other prehistoric creatures died out long before Raquel Welch's ancestors designed the first fur bikini. Still, recent discoveries suggest that prehistoric could have fought large reptiles, or at least co-existed with them at one time.

Scientists from the University of Queensland have dug up a small bone that they have determined could have come from a gigantic lizard that lived in Australia as recently as 50,000 years ago.

As reported on the eScience News website, the bone is only 1 centimeter long, but scientists are certain that it belonged to a huge creature that may be related to the Komodo Dragon or another species known as *Megalania Prisca*. *Megalania* once roamed eastern Australia, and reached a length of 11 to 16 feet. Its sharp, curved teeth would have been a ferocious challenge for early humans in the territory, but so far no evidence of any terrifying encounters have been unearthed.

## How much do you know about science?

**W**e rely on science and technology for many of the necessities and conveniences of modern life, but how well does the average U.S. citizen really understand science? A survey by the Pew Research Center sought the answer to that question. The survey asked a series of basic science questions and received these results:

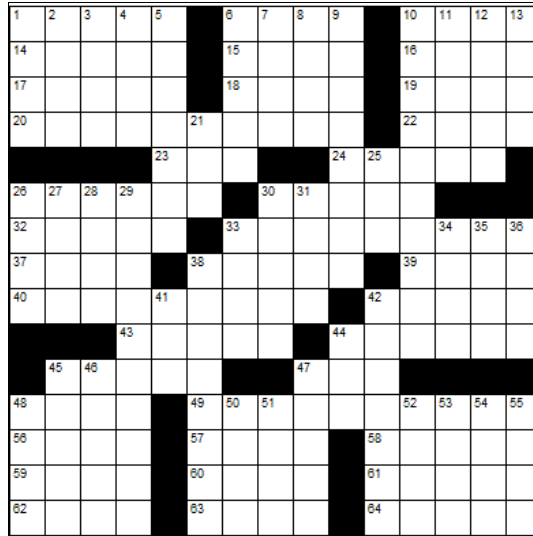

- The core of the Earth is our world's hottest layer: 86 percent answered this correctly.
- Uranium is needed to create nuclear energy and weapons: 82 percent.
- Comets comprise a core of ice and a tail of gases: 78 percent.
- Tides are created by the moon's gravity: 76 percent.
- The polio vaccine was developed by Dr. Jonas Salk: 74 percent.
- Astrology is different from astronomy: 73 percent.
- Cell phones use radio waves: 72 percent.
- A light-year is a measure of distance: 72 percent.
- Amplitude (height) determines the loudness of sound: 35 percent.
- Water boils at a lower temperature in Denver than in Los Angeles: 34 percent.

## Never too late to succeed

A poor boy named Harlan with only a sixth-grade education wouldn't have made anyone's list of the most likely to succeed. His first major success came when at the age of 39, when he was able to come up with the financing to open a small-town gas station and restaurant. He did pretty well, too—but only for a while.

With the onset of World War II, Harlan's once-solid customer base left the small town to enlist in the military or take factory jobs in the city. Still, he managed to hold on until a new interstate highway eliminated his drive-by trade. Then, after nearly 30 years in business, Harlan was forced to sell his dream to pay off his debts.

Broke and nearing 70, Harlan could have closed the curtain on his career ambitions. Instead, he took to the road, offering to share his pressure-cooking techniques with other restaurant owners if they'd agree to become his franchises. He sold only five in the first two years, but he stuck it out.

Four years later the self-proclaimed Colonel Sanders had sold more than 600 Kentucky Fried Chicken franchises. And by the time Harlan Sanders died at age 90, KFC was a worldwide brand.

## Is today's success holding you back?

Timanthes was a celebrated Greek artist of the 4th century B.C. As an aspiring young painter, Timanthes worked with a respected tutor to learn his craft. After several years, he produced what he believed was his masterpiece.

Delighted with his accomplishment, the young artist stopped striving to further his art. Instead, he devoted hours each day to gazing at his painting, mentally patting himself on the back for his achievement. Then one morning, when he arrived at the studio, he was horrified to find that someone had slathered paint across the canvas, destroying his work. The tutor eventually confessed that he'd done the deed.

"I did it for your own good," he explained. "The painting was holding you back." He urged the artist to try again: "See if you can do better."

Timanthes took his teacher's advice. His next effort, "The Sacrifice of Iphigenia," became his signature work and is regarded as one of the finest paintings of its time.

You should celebrate jobs done well. But don't get so caught up in yesterday's achievements that you forget tomorrow's challenges.

## Get to the root of problems

When you can't solve a seemingly impossible problem, do you just throw your hands high in frustration and walk away? Most of the time that's not an option. Try reframing the problem with these suggestions from Tina Seeling, author of *Inside Out: Get Ideas Out of Your Head and Into the World* (HarperOne):

- **Revise your question.** Turn the problem around by re-examining your real goal. Instead of "What new product will make lots of money?" ask, "What do our customers buy, and what do they avoid?" or "How can we offer more of what already works?"
- **Look for bad ideas.** You can unleash your creativity by flipping the process. Try to identify what doesn't work, what's failed in the past, or what would completely capsize any solution. You may be able to adapt a seemingly impractical solution, or eliminate a factor that's holding you back.
- **Question your assumptions.** Many of us fall into the trap of assuming that the answer we're seeking will look like solutions that have always worked. Take a close look at the problem, your organization, or your industry and identify practices that have never been questioned. Ask, "Why are we doing it this way?" You'll often find a new approach by going against the conventional wisdom.

## Play these roles when developing ideas

Thinking creatively requires different mindsets at different stages of your project. If you can shift gears yourself, do that; if not, bring in a colleague to help you sort through the issues. Focus on these key roles as spelled out by Walt Disney:

- **Dreamer.** Don't limit your vision at the outset. Let your mind roam widely as you explore concepts, ideas, and solutions. You don't have to be practical at this stage—just allow yourself to daydream as you think about what you want to achieve.
- **Realist.** Once you've got a plan or idea you want to put to work, start narrowing it down until it's doable. You may end up eliminating the less practical aspects, but if you keep your mind on the core idea, you'll come up with a plan that satisfies your goal while succeeding in the real world.
- **Critic.** Poke holes in your plan so you can patch them up effectively. Run a test or set up a pilot program before rolling your solution out completely. Don't think of obstacles as failures; use what you learn to make your idea viable.

## A bet's a bet

---

A gambler walked into a bar in a small town and loudly announced, “I hear the people in this town are a bunch of hard drinkers. Well, I’ll give \$500 to anybody in here who can drink 10 shots of Jack Daniels back to back.”

The room was quiet. No one took up the man’s offer, but one customer got up and walked out.

Thirty minutes later the same gentleman came back and found the gambler still sitting at the bar. “Is that bet still on?”

“It sure is!” The visitor promptly ordered 10 shots of Jack Daniels lined up across the bar.

The man picked up the first shot, drank it down, and proceeded to finish the rest of the shots one after another. The bar patrons cheered as he downed the last shot, and the gambler looked at him in amazement.

“Fair’s fair,” he said, counting out the \$500. “If you don’t mind my asking, why did you leave and come back?”

“Oh, I had to go to the bar down the street first to see if I could do it.”

## A valid question

---

A father and his 6-year-old son were visiting the zoo. Standing in front of the polar bear cage, the father began talking about how dangerous polar bears could be and how caretakers at the zoo took special care not to let them escape.

Suddenly the boy grew worried. “Daddy, if a polar bear gets out and eats you ...”

“Yes?” the father asked, touched by his son’s concern.

“Then what bus do I take to get home?”

## A winning tactic

Cynthia applied for a job at a debt collection agency, but she had no experience. The manager was impressed by her determination and energy, though, so he gave her the name of one long overdue account and told her she could have the job if she persuaded the account to pay up.

He didn't expect her to succeed, but two hours later Cynthia returned with a check. "That's amazing!" the manager said. "How did you do it?"

"Easy," Cynthia said. "I just told them that if they didn't cut me a check, I'd tell all their other creditors they paid us."

## Learn the ABCs of skin cancer

That dark spot on your skin may be a freckle—or it may be skin cancer. How can you tell? The American Academy of Dermatology takes an alphabetical approach to identifying potentially dangerous skin conditions:

- **A: Asymmetry.** Is the spot or mole generally circular, or does one side look different from the other?
- **B: Border.** Is the edge of the item uneven, notched, or blurry?
- **C: Color.** Does the object vary in color in different areas?
- **D: Diameter.** Is the area larger than a pencil eraser?
- **E: Evolving.** Has the object changed its size, shape, or color?

**Contact a dermatologist if you answer “yes” to any of these questions.**

## Just a rash? Check it out

A rash may be nothing to worry about, but sometimes it can be a sign of something serious. Doctors recommend you pay attention if a rash exhibits any of these symptoms:

- The rash spreads quickly across your body, which could indicate a major allergic reaction.
- You have a fever along with the rash. This could be a sign of a serious infection, so get to the hospital immediately.
- Your rash forms blisters or becomes painful.

The foundation of success in life is good health. That is the substratum fortune; it is also the basis of happiness. A person cannot accumulate a fortune very well when he is sick.
