## PARADISE ISLAND UPDATE

*Pat Walker, Association Secretary*

Welcome back to our seasonal friends – so looking forward to getting caught up with what’s happening in your lives. Upon reflection, it seems that you just left as the summer months passed so quickly; didn’t our mothers tell us that time passes faster as we age? Now that we are older, it’s a fact we can relate to. Hope you all had a wonderful respite away from the heat and humidity and are anxious to dive into park activities.

Welcome to new residents: Al & Dawn #49; Jennifer & Dorothy #55; Erin #59; Debby #64; Paul & Kathy #80; Bonnie & Deborah #81. Hope you are all starting to feel at home here in Paradise, we are so glad to have you as neighbors.

A quick shout out to Chuck Oller who manned the grill each month to keep Hot Dog Night an active event. He was also chief cook for both the July 4th and Labor Day cookouts and never once complained about the heat from the BBQ grill – what a trooper! Thanks a bunch, Chuck. Lei Crance headed the Luau committee and Carolyn Bailey made tacos for the September pot luck dinner. As you can tell, we ate well over the long, hot summer but we worked out in the pool (when it wasn’t raining, that is) to keep excess pounds at bay. Carolyn Bailey was also chef for Steak Night.....sorry the snowbirds missed it as it was excellent; plans for an encore performance in February 2018 for this Association-members only gala event are in the works.

The A/C unit went out in August but ELS acted quickly to replace it; unfortunately when there is even a small crowd, it doesn’t keep the clubhouse any cooler than the old unit. We have no plans to let that fact deter us from planning for an active season. The November pot luck dinner is postponed one week to 11/11 when Carolyn will once again treat us to a traditional Thanksgiving turkey dinner – you won’t want to miss this home cooked tasty treat. As always, sign up in the clubhouse and indicate the side dish you will bring to share.

The Hobby Club’s annual Arts & Craft Sale will also be held on November 11 in the clubhouse from 9AM-1PM. We invite everyone in Lake Haven to stop by to see the creative items the club members have made.....and, hopefully you will be moved to purchase a few unique items for yourself or for gifts. You won’t be disappointed.

The Hobby Club will also spearhead the annual Thanksgiving food drive for the Dunedin Cares Food Bank. Boxes will be available in Park #1 clubhouse from November 1st -15th . Please fill them to overflowing with non-perishable goods. The Hobby Club traditionally donates \$100 in food items from their craft sale proceeds. Donating will not only make your heart feel good, but the many needy families in the Dunedin area will be grateful. If you prefer to make a monetary donation, please give your check or gift card to either me or Lei Crance for delivery, or of course, you can deliver it personally to the food bank.

Help us get in the holiday spirit and create a festive ambience for Christmas events by participating in decorating the clubhouse and pool area on Saturday, November 25. Many hands make for less work and besides, it really is fun to get involved and to show off your decorating skills. For those participating, we plan a casual dinner of wings and subs that evening.

Speaking of Christmas, tickets are now available for the annual Christmas Party on Saturday, December 16; a flyer with all details will be distributed. This is our premiere annual event – fully catered with a delicious array of food, and dancing to the music of Ron & The Classics -- trust me, you want to be there. Tickets must be purchased by November 30.

And, finally it isn't too soon to start thinking about the annual Community Sale scheduled the last Saturday in January. We take donations of household goods in saleable condition – so start cleaning out cabinets, closets, and storage sheds. All items are resident donated and all revenue is deposited in the Association treasury to offset expenses for activities and events throughout the year. If you need to have items picked up, please call either me or Lei Crance.

See you at the November Association Meeting on Saturday, November 4, in the clubhouse. Come for coffee and donuts at 8:30AM, meeting starts at 9:00AM.

PLEASE CHECK YOUR MAIL TUBES FOR EVENT NOTICES AND REMINDERS

HAPPY THANKSGIVING

# Help for Severe Aortic Stenosis

Severe aortic stenosis is a narrowed aortic heart valve that doesn't open and close properly, reducing blood flow to the rest of the body.

Morton Plant Hospital is now enrolling eligible patients in the Medtronic Evolut R low-risk trial, which investigates the safety and effectiveness of a transcatheter aortic valve replacement (TAVR) system in patients with severe aortic stenosis who are at a low surgical mortality risk. TAVR is a minimally invasive alternative to open-heart surgery used to treat failing aortic heart valves in patients with severe aortic stenosis. Morton Plant Hospital was chosen as the first hospital in Tampa Bay to offer the TAVR procedure for patients with severe aortic stenosis who were at an intermediate or high surgical mortality risk. Our team has completed more than 700 TAVR procedures over the last five years.

To see if you or a loved one with severe aortic stenosis may be eligible for this trial, or for more information on the trial, call the Center for Advanced Valve and Structural Heart Care at Morton Plant Hospital at **(855) 44-VALVE (855-448-2583)** or visit **[MortonPlantValveTrial.org](http://MortonPlantValveTrial.org)**.

## Treasure Cove Goings-On

*Karen Bennis*

---

**W**elcome back snowbirds, you were missed. We are glad to have you back and hope your return will usher in cooler, more fall like temperatures. On behalf of Park 2, I would also like to extend a warm welcome to all new residents who have moved in over the past few months. We wish you many happy years in your new home and community.

For all those who enjoy an evening swim, you will be a little safer now in our pool. After many years, the pool light has been repaired! A big THANK YOU to all who made that happen. Also, ELS has purchased a new gas grill for our park. Dominick & Charlie, you should have a much easier time cooking those awesome burgers and dogs for our pool parties and cook-outs. If you have the opportunity, please stop by the office and thank our new manager, Karen White, for her efforts in getting this accomplished.

The following individuals have been appointed as interim Board Members, by Becky Love, Association President: Gail Cunningham-Giles, 1st VP; Charlie Parks, 2nd VP; Terri Salzburg, Treasurer; Karen Bennis, Secretary; Block Captains, Dominick Zona (Lots 201 - 234); Carolyn Pritchett (Lots 235 - 267); and Duke Vallery (Lots 268 - 302). These appointments will be voted on at the November Association Meeting.

On November 11 at 6:00 p.m. there will be a Thanksgiving potluck dinner, with turkey and all the trimmings. The turkey and pies for dessert will be provided by the Association, please sign up to bring a side dish, if you can. This event is open to all Park 2 residents. See your flyer for additional details or contact Gail (Lot 276).

December 13 is the date for Park 2 annual Christmas dinner. The caterer this year will be Delectables, located in Palm Harbor. A flyer with all the details has been distributed. Please note the deadline to purchase tickets on the flyer. We must give a head count and, unfortunately, tickets cannot be sold beyond that date.

The Hobby Club's annual Arts & Craft fair will be on 11/11 in Park 1 clubhouse. Stop by to see what the ladies have crafted throughout the year. You might just find that unique gift you won't find anywhere else!

**\*\*** Our next Association Meeting, which is open to all Park 2 residents, will be held on Monday, November 6, 2017 at 7:00 p.m. In addition to voting on the Board Appointees, we will talk about upcoming events and gather ideas for new activities. This is the forum to express your ideas, voice your opinion and be an active member of your community.

Please mark your calendar and make a plan to come out and participate in all Park 2 events. And don't forget to check your tube for information on upcoming events.

## November 2017 Happenings Lake Haven Park 3

---

October has come and gone and the Fall and Winter season is beginning to get into full swing. Many changes have taken place over the last few months. Karen White has joined the company as our new Property Manager. Karen is looking forward to attending a monthly meeting for each park and getting to know the residents. If you get a chance take a minute to welcome her to our community.

Here in Park 3 we will kick off the season starting the very first day of November with our monthly association meeting. This will give everyone a chance to visit with their neighbors and for the new residents a opportunity to begin to understand the social part of our community. Everyone should have received a calendar of events in The Happenings last month. If anyone was missed there is a copy in the clubhouse on the board and extra copies will be available as well as a list of advantages to membership at the meeting. We will begin to collecting the 2017-2018 dues for the upcoming season.

November 6th the first Pot Luck will be hosted by Mike & Linda Parker. The entrée will be St. Louis Style Ribs provided by the association. There will be a sign up sheet in the clubhouse. Each resident must sign up for the dinner. We ask that you bring your own place setting, a dish to share and your own beverage. Pot Lucks are a monthly community event with the entrée being free to members. Guests are welcome for just \$5.00.

November is very busy with a Pre-Christmas /Fall sale on the 18th and Thanksgiving dinner with all of the trimmings served on Thanksgiving Day. Information for these events will be in separate flyers and placed in your information tubes. The tubes are our number one means of communication. Please get in the habit of checking them often.

Water aerobics will continue throughout the winter weather permitting on Monday and Thursday from 9:30-10:30.

Please feel free to call should you have any questions.

## One minute a day may lead to stronger bones

**K**eeping your bones in good shape is vital to your health as you grow older, especially for women. Research reported on the Medical News Today website suggests that women may be able to keep their bones strong by running just one minute a day.

Examining data from more than 2,500 women, researchers found that women who participated in high-intensity, weight-bearing physical activity like running 60-120 seconds a day had 4 percent better bone health than women who took part in less than a minute of physical activity. Women who performed more than two minutes of exercise had 6 percent better bone health.

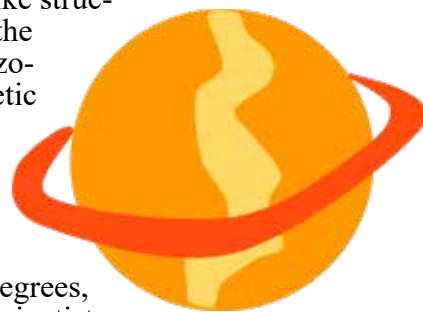

The researchers cautioned, though, that they can't be sure whether high-intensity exercise leads to better bone health, or whether people with better bone health tend to exercise more.

## New findings about the solar system intrigue scientists

**O**ur solar system is full of interesting places—maybe not to live or even visit, but locations where life might flourish under the right conditions, or may once have been present. Two recent examples from the Science News website:

• **Life on Titan?** Scientists have discovered that the atmosphere of Saturn's moon Titan contains vinyl cyanide—a molecule that forms membrane-like structures and could support life. Computer simulations suggest the molecule is capable of forming flexible bubbles known as azotosomes, that could serve as an outer shell “protecting” genetic material from biochemical reactions in the moon's frigid methane seas. No one knows whether azotosomes actually exist on Titan, though. A probe would have to check out the seas to detect them.

• **Water on Venus?** With a surface temperature of 460 degrees, Venus is too hot to support water or life as we know it, but scientists speculate it might not always have been so inhospitable. The second planet's slow rotation—116 Earth days for a single Venusian day—might have led to a gradual cloud buildup in its atmosphere some 750 million years ago, bringing surface temperatures down to approximately 15 degrees Celsius—enough for the formation of a shallow ocean. What happened to the oceans, or whether they even existed, isn't clear. Scientists speculate they may have boiled away or been absorbed into the planet's interior.

## If you are what you eat . . .

---

This information isn't for the squeamish, but you might want to know it anyway. According to an article on the Huffington Post website, insects are so ubiquitous that the FDA allows a certain amount of bugs and insect fragments in the food we eat. Insect control organization Terro released data on just how much you might be eating in a year:

|                              |                     |
|------------------------------|---------------------|
| • Coffee beans               | 136,080 (fragments) |
| • Wheat flour                | 91,650 (fragments)  |
| • Macaroni/noodle products   | 7,031 (fragments)   |
| • Chocolate                  | 5,988 (fragments)   |
| • Broccoli (frozen)          | 1,660               |
| • Peanut butter              | 408 (fragments)     |
| • Mushrooms                  | 254                 |
| • Berries (canned or frozen) | 84                  |
| • Brussel sprouts (frozen)   | 54                  |

## Relax with a nice warm bath

---

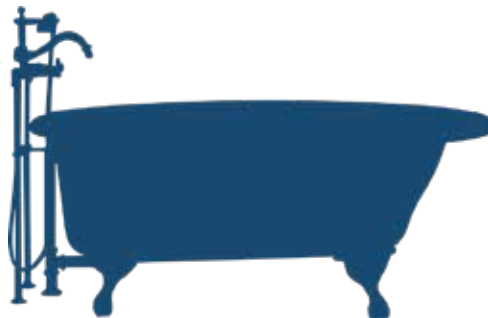

What's more relaxing than a long hot bath? Jacuzzi Luxury Bath commissioned a survey to explore Americans' bathing habits, and found that 38 percent of us take baths at least once a week. Frequent bathers take an average of 3.3 baths weekly for an average of 28 minutes. Among other results:

• **Timing.** The most popular times for taking a bath are weekend evenings and Monday mornings.

• **Demographics.** Bathing breaks down 50-50 between men and women. Younger people are more likely to be frequent bathers: 48 percent of people 25-44 said they bathe on a regular basis.

• **Benefits.** Women tend to take baths because it helps them relax, while men feel baths lead to better mental acuity. Bathers 18-44 said baths make them feel more alert.

• **Exercise.** Baths are popular for relieving soreness and fatigue caused by exercise. Forty-three percent of runner or joggers take a bath to recover after their workout, along with 34 percent who take exercise classes and 33 percent of weightlifters, followed by basketball players, bikers, and swimmers.

## Driverless cars coming to a street near you?

---

**D**riverless cars can't wait for self-driving cars, according to a survey by Bosch Mobility Solutions. Out of 1,000 U.S.-based new car buyers 18 years or older, 52 percent said they expect to own a self-driving vehicle within the next 10 years. Only 14 percent said they'd never buy a self-driving car, and 14 percent were undecided.

Although 72 percent of survey participants signaled worries about lack of control in a vehicle they don't drive themselves, 61 percent said they believe self-driving cars could lead to a decrease in traffic accidents, and 55 percent highlighted more free time and less stress as a benefit to driverless cars.

## Why kids stay home longer

---

**I**t's not just a stereotype: More and more young Americans are living with their parents, the U.S. Census Bureau reports. According to a recent study, one in three Americans age 18-34 were living in their parents' home in 2015—some 24 million people. In 1975, the figure was closer to one in five.

One reason: Young people are delaying marriage longer than their older counterparts did. Eighty percent of Americans were married by age 30 in 1975, but nowadays that 80 percent figure isn't reached until age 45.

Younger Americans are also dealing with high student loan debt, which makes staying at home a convenient way for them to pay bills and save to rent an apartment or buy a house.

## Coffee + nap = more energy

---

**W**ant to take a nap that will leave you refreshed and ready to go again? Try drinking a cup of coffee first.

It sounds counterintuitive, but that's the advice from the Health.com website. The reason why it works: The caffeine in a cup of coffee takes about 30 minutes to kick in. After a 30-minute nap, you'll wake up just as the caffeine takes effect.

Research backs the idea up. In 1997 the journal *Psychophysiology* reported that sleepy adults who drank 200 mg of caffeine (twice the amount in 8 ounces of brewed coffee) and then took a short nap performed better on a simulated driving test than people who got only the caffeine.

Keep your naps short—15-30 minutes—and take them at least six hours before your regular bedtime so the caffeine doesn't keep you up at night. If you're sensitive to caffeine, try green tea instead.

## Factors for avoiding dementia

---

Physicians estimate that cases of Alzheimer's disease and dementia could reach 141 million people by 2050, but a new study reported in *The Lancet* says that one-third of such cases could be prevented through better lifestyle management, including:

- Getting an education (staying in school until over age 15)
- Reducing high blood pressure, obesity, and diabetes
- Avoiding or treating hearing loss in mid-life
- Not smoking
- Physical exercise
- Reducing depression and social isolation later in life.

## Take good care of your bicycle helmet

---

Riding a bike is good exercise, but you must take care of your helmet if you want to protect your head in case of an accident. Consumer Reports offers this advice:

- Find the right fit. Your helmet should be snug enough to fit your head but not uncomfortably tight.

- Store it appropriately. Keep it somewhere cool and dry in your house or garage. Don't leave it in your car—the heat could degrade the foam or compromise the helmet's structure.

- Keep it clean. Use soap and water, not harsh detergents like ammonia or bleach, which can also damage a helmet's integrity.

- Watch for dents. Even a small dent can mean your helmet will offer less protection in a crash.

- Replace after an impact. Even if the damage seems minimal, get a new helmet after any crash.

**The hardest arithmetic to master is that which enables us to count our blessings.**
